

Second Grade Home/Student Connect

Each week, students take home a "Homework Contract". This contract includes one page of practice in reading and one page in math, list of spelling words to practice, and the expectation for reading log is to read 20 minutes each night. Homework is due each Friday.

In addition, once a month, students are responsible for sharing a piece of writing that is prepared at home. Topics are theme-based by month. They have two/three weeks to prepare for their presentation.
