Background: Capturing Kids' Hearts 1 is a two-day professional development held in Phoenix, Arizona. Capturing Kids' Hearts 1 teaches educators how to create high-achieving centers of learning by strengthening students' connectedness to each other through enhancing healthy bonds with their teachers and establishing collaborative agreements of acceptable behavior. This immersive, participatory experience helps teachers learn and practice skills they will use and model in their classrooms, like how to build a meaningful, productive relationship with every student and every colleague, and high payoff techniques for dealing with conflict, negative behavior, and disrespect issues.

Capturing Kids' Hearts would provide Mr. Rudolph Petris, a GATE Teacher at Golden Hill, an opportunity to develop and practice skills in team-building and creating a safe, effective environment for students. This professional development will provide tools to Mr. Petris that will allow him to engage and challenge students, to raise them to a higher level of performance. SUBJECT: **APPROVE CONTRACT BETWEEN FULLERTON SCHOOL DISTRICT AND MARZANO RESEARCH LABORATORY TO CONTINUE TO PROVIDE MARZANO HIGH RELIABILITY SCHOOLS SERVICES FROM APRIL 26, 2017 THROUGH JUNE 30, 2017**

Background: Fullerton School District has developed a comprehensive teacher-teaching model based on the research of the Marzano Research Laboratory. To continue the work and build the leadership skills of school leaders, Marzano Laboratory will provide professional development to all principals, assistant principals, and teacher leaders based on the Marzano High Reliability Schools™ framework. This framework, based on 40 years of educational research, defines five progressive levels of performance that a school must master to become a high reliability school—where all students learn the content and skills they need for success in college, careers, and beyond.

Rationale: The Fullerton School District will use Marzano's High Reliability Schools (HRS) framework as a strategic planning framework to help schools focus on specific, research-based conditions for continuous school improvement. The HRS overview workshop introduces participants to the three levels of the framework and the hierarchy in which they are organized. The three levels include Level 1: Safe and Collaborative Culture, Level 2: Effective Teaching in Every Classroom, and Level 3: Guaranteed and Viable Curriculum. The HRS professional development is considered by many in the educational professional field as the *Next Step in School Reform*. The HRS Professional Development integrates four decades of Dr. Marzano's work into one comprehensive school improvement framework. This is not a new program, but rather a framework that organizes existing findings on a wide variety of issues such as teacher and school leader development, instructional strategies, assessment and reporting, and much more within one model.

Funding: Cost is not to exceed \$6,750 and is to be paid from the Unrestricted General fund (#384).

Recommendation: Approve Contract between Fullerton School District and Marzano Research Laboratory to continue to provide Marzano High Reliability Schools Services from April 26, 2017 through June 30, 2017.

DISCUSSION/ACTION ITEM

DATE: April 25, 2017

TO: Robert Pletka, Ed.D., District Superintendent

FROM: Chad Hammitt, Ed.D., Assistant Superintendent, Personnel Services

SUBJECT: APPROVE GENERAL WAIVER RENEWAL REQUEST FOR EQUITY LENGTH OF TIME EFFECTIVE JULY 1, 2017 THROUGH JUNE 30, 2019

Background: Pursuant to *EC 37202*, transitional kindergarten (TK) programs operated by a district must be of equal length to any kindergarten programs operated by the same district, unless there is an approved State Board of Education waiver on file. By statute, the maximum school day in kindergarten is 4 hours (*EC 46110*). An exception to this statute allows schools that have adopted an early primary program (extended-day kindergarten) to exceed 4 hours (*EC 8973*). Furthermore, *EC 48000* states that a TK shall not be construed as a new program or higher level service. The number of required instructional minutes for TK is 36,000 minutes per year; the minimum length of instructional time that must be offered to constitute a school day is 180 minutes (*EC 46117* and *46201*).

In October 2017, the District submitted a request seeking a waiver retroactive back to school year 2015/2016. The State approved the request in a correspondence dated January 17, 2017. However, the two-year approval ends on June 28, 2017.

Rationale: The District continues to operate several full-day kindergarten programs; all but two TK programs are half day. The full day TK programs are at Pacific Drive and Raymond Schools. In order to avoid any Education Code penalty, the District is seeking a renewal to waive requirements under Education Code §37202.

Funding: Not applicable.

Recommendation: Approve General Waiver Renewal Request for Equity Length of Time effective July 1, 2017 through June 30, 2019.

Board Policy

Admission

BP 5111

Students

Board Adopted: June 10, 2005

Board Revised: February 7, 2010, December 8, 2015

The Board of Trustees encourages the enrollment and appropriate placement of all school-aged children in school. The Superintendent or designee shall inform parents/guardians of children entering a District school at any grade level about admission requirements and shall assist them with enrollment procedures.

Before enrolling any child in a District school, the Superintendent or designee shall verify the child's age, residency, immunization, and other applicable eligibility criteria specified in law, the accompanying administrative regulation, or other applicable Board policy or administrative regulation.

In the event the Superintendent or designee reasonably believes false or unreliable evidence of residency has been provided by a parent/guardian, the following procedures apply:

1. The Superintendent or designee shall identify circumstances upon which the District may initiate an investigation, which shall, at a minimum, require the District employee to be able to identify specific, articulable facts supporting the belief that the parent/guardian of the pupil has provided false or unreliable evidence for residency. Examples of such situations include, but are not limited to, altered documents; credible information from the property owner or neighbor that the student does not reside at the address provided; results of a home visit by a District employee indicating the student does not reside at the address provided; credible information from the student stating he/she does not reside at the address provided; and/or mail sent by the school returned from the address provided.
2. The Superintendent or designee may use reasonable investigatory methods, as appropriate, to determine residency. These methods may include, but are not limited to:
 - a. Review of documentation
 - b. Home visit by District personnel
 - c. Interview of student and parent/guardian
 - d. Contacting the landlord or neighbors regarding whether or not the student resides at the address provided
3. The Superintendent or designee may hire a private investigator if the investigatory methods described above are inconclusive to determine whether the pupil resides in the District.
4. For any investigation conducted pursuant to this policy, the District shall:
 - a. Prohibit the surreptitious photographing or video recording of pupils who are being investigated. For purposes of this policy, "surreptitious photographing or video recording" means the covert collection of photographic or video graphic images of persons or places subject to an investigation. For the purposes of this policy, the collection of images is not covert if the technology is used in an open and public view.
 - b. Require that the employees and contractors of the District engaged in the investigation must identify themselves truthfully as such to individuals contacted or interviewed during the course of the investigation.
5. If the District determines that the pupil does not meet the residency requirements for school attendance in the District, the District shall provide the parent/guardian with the basis for the determination. The parent/guardian may appeal this determination to the Assistant Superintendent of Personnel Services within 10 business days of determination. If an appeal is made, the burden shall be on the parent/guardian to show why the decision of the District

should be overruled.

The Superintendent or designee shall ensure that the enrollment of a homeless or foster child or a child of a military family is not delayed because of outstanding fees or fines owed to the child's last school or for his/her inability to produce previous academic, medical, or other records normally required for enrollment.

In addition, no child shall be denied enrollment in a District school solely on the basis of his/her arrest, adjudication by a juvenile court, formal or informal supervision by a probation officer, detention in a juvenile facility, enrollment in a juvenile court school, or other contact with the juvenile justice system.

The Superintendent or designee shall not inquire into or request documentation of a student's citizenship or immigration status, and shall not deny a student enrollment in a District school on the basis of the citizenship or immigration status of the student or his/her parents/guardians. Any information obtained about a student's or parent/guardian's citizenship or immigration status shall not be shared without parent/guardian consent or a lawful judicial order, in accordance with laws pertaining to the confidentiality of student records.

When enrolling in any District school, including a school in their attendance area, children whose parents/guardians reside within District boundaries shall be subject to the timelines established by the Board for open enrollment. Children whose parents/guardians do not reside within the District or who are not otherwise eligible for enrollment in the District may apply for interdistrict attendance in accordance with the timelines specified in applicable Board policies and administrative regulations.

The District's enrollment application shall include information about the health care options and enrollment assistance available to families within the District. The District shall not discriminate against any child for not having health care coverage and shall not use any information relating to a child's health care coverage or his/her interest in learning about health care coverage in any manner that would harm the child or his/her family. Joe Imbriano, community member, shared the same concerns as Mr. Levinson and expressed his concerns that children are not safe.

Fred Jung, Laguna Road School parent, asked the District to re-consider how flyers are being distributed at the Title 1 sites because many sites are going paperless with flyers. He said this does not benefit Title 1 schools because parents may not have the accessibility to electronically check for opportunities for their child such as signing up for a sport. Mr. Jung expressed his concerns that children who do not receive hard copy of flyers may be missing out and ultimately can affect their well-being.

Assistant Superintendent of Personnel Report

Dr. Chad Hammitt reported that Dr. Bob Pletka and Assistant Superintendent of Educational Services, Dr. Emy Flores are both in Cleveland, Ohio this evening representing the Fullerton School District with the honor of being selected as a member of the League of Innovative Schools. Dr. Hammitt read the following message on behalf of Dr. Pletka:

Dear teachers, support staff, principals, community, Board, and parents. We were selected and recognized by the League of Innovative Schools as one of the 88 most innovative school districts in the country. In 2008, Congress authorized the establishment of a not-for-profit independent, "National Center for Research in Advanced Information and Digital Technologies and the League of Innovative Schools." The bill was signed into law by President George W. Bush. The League was founded to spread educational innovation by identifying best practices from the most innovative districts in the country. Some examples of Fullerton's innovation include: our Arts focus schools, coding and robotics programs, response to intervention programs, dual immersion, and personalized learning just to name a few. Innovation is not about hardware or technology, it is about people with a spirit to adapt, overcome, and do all that is necessary for our children to succeed. I feel so fortunate to work with a group of innovative staff. I know how blessed I am to work with such a talented and resilient community with a unique combination of expertise and courage to do great things for our kids. I am grateful to our community. I know that what we have accomplished is unique to this community and this group of teachers, support staff, administrators, Board, and community. You are all the reason Fullerton was recognized by the League. My deep gratitude to you all.

We would like to congratulate the staff, students, and parents at Parks Junior High School which was recently named a California Gold Ribbon School by the California Department of Education. Today is California School Bus Driver Appreciation day. We would like to thank and honor the 26 Fullerton school bus drivers. Every school day in Fullerton our bus drivers transport over 900 students and this doesn't include the numerous fieldtrips, outdoor science school, and special events that our bus drivers support each day. Their work is crucial for ensuring our students can get to and from school and field trips each day and we are pleased to be able to honor them today.

Tonight on the Consent Agenda there are number of employees who will be attending out of state conferences and in most cases they will be attending as presenters. I would especially like to point out Fullerton's own Kyle Myers who was voted as the number one speaker at last year's "Ipadpalooza" event and has been invited back at no District expense to be a featured speaker.

Information from the Board of Trustees

Trustee Vazquez – She visited Woodcrest School at their Open House. She also visited Pacific Drive School and saw Response to Intervention in action along with their after school partnerships. She reminded everyone of some upcoming events: Kindercaminata on April 28 and Love Fullerton on April 29. She has received a couple of concerns from parents regarding bullying.

Trustee Thompson- no report.

Trustee Meyer- She thanked the numerous schools where she attended events in the last six weeks. She gave kudos to Lauralyn Eschner, Director of Educational Services, and her staff for a top-notch Art Auction event on April 22nd. We are in the home stretch for the remainder of the school year.

Trustee Berryman- She, too, commended Lauralyn Eschner for a very successful and fun Arts Auction. She thanked all the artists that donate their time and experience towards the Arts Auction. At Maple School, she helped distribute student awards and thanked staff for recognizing students' accomplishments. She shared that primary level students helped cheer on their upper grade classmates at Maple by singing a chant to encourage them for upcoming State testing. She is grateful for the increased parent engagement and a lot of parent academies such as School Smarts, Ten Commandments, technology courses, etc.

President Sugarman- She reminded everyone the junior high school band concert will be held on April 28 and the District's first student film festival will be held on April 29. She commended our FSD students that in some

cases compete with high school students. President Sugarman had an opportunity to meet with the Khan Academy who is expanding their program to something similar as FSD's Ipersonalize program.

Information from PTA, FETA, CSEA, FESMA

PTA Council – Vivien Moreno- She reported PTA's mission is that the well-being and safety of all children is protected regardless of their immigration status. She emphasized the importance of keeping student data protected and encrypted. She reminded of the importance of keeping student emergency cards up-to-date with current emergency contacts and that school personnel follow the wishes of parents. She stated that communication is a very important factor and a good idea is to provide additional staff development for teachers on how to support students that may be experiencing stress or anxiety.

FETA – Kristin Montoya- A great time was held at the Arts Auction. FETA is looking forward to the end of the year celebration in honor of teachers of the year, years of service, and retirees. Mrs. Montoya, Dr. Chad Hammitt, and Hilda Sugarman will be attending the California Labor-Management Initiative Symposium on May 3rd and the topic of the Symposium is "From Shortage to Solutions." She mentioned we are all heading to the finish line for the 2016/17 school year and looking forward reflecting on this school year.

CSEA – no report.

FESMA –Susan Mercado- She distributed ACSA's State Update and briefly discussed important topics relating to education. She reported sites are currently in the process of State testing.

Information Items:

Student Mental Health & Immigration Presentation

Dr. Chad Hammitt presented an in depth presentation regarding Student Mental Health and Immigration. Dr. Hammitt discussed the procedures relating to immigration at FSD. Topics presented included: Schools are "sensitive locations" and if Federal Agents arrive at a school. Schools only collect essential information for student registration, no student information is released without a court order, student immigration status is not released, monitor and support positive peer dynamics, all children have a right to attend a safe, high quality learning environment in educational settings that have sufficient resources, and immigration resources for Fullerton schools. Robin Gilligan, Director of Student Support Services, shared how FSD responds when students need mental health support. The District provides Mental Health Coordinator, school psychologists, Mental Health Interns and Social Work Interns. Mrs. Gilligan spoke about how the District responds to student needs and when teachers make a referral for counseling/mental health. A general script for staff has been provided by the District to read to all students that reads as follows: *Sometimes we have days that are great and sometimes we have days where we just may feel sad and need to talk to someone. Talking to an adult may help us with a problem or when we feel scared or sad. There are many adults at school you can talk to anytime. Teachers, principal, school psychologist, and counselors are all adults that you can go to for help. You can discuss anything that is bothering you with them. If at anytime you need to talk, please come see me before or after school, during class, or you can send me a note (or an email grades 4-8).*

Jon Radas, Fullerton Police Department Sergeant, discussed how the Fullerton Police Department (FPD) supports the Fullerton community. Sergeant Radas shared the primary job of the FPD is to provide public safety and not immigration enforcement. He wants everyone to be clear that FPD is not going to school sites to enforce immigration status and the FPD is holding parent informational meetings to alleviate any misinformation going around the community.

It was moved by Hilda Sugarman, seconded by Janny Meyer and carried 5-0 to extend the total time of public input for this topic of Student Mental Health and Immigration to 30 minutes.

Public Comments regarding Student Mental Health and Immigration

Leah Wissink, community member, showed her concern that this topic was placed for discussion at the Board meeting. She asked for clarification regarding vaccination paperwork that needs to be submitted during registration. She received input that the Board was not voting on a resolution relating to immigration.

Trinitee Manuel, community member, stated that many districts have been adopting a safe school policy so it can assist with nurturing the trust of the community. She feels it is important for the District to adopt a resolution that schools can be safe and documents can be readily available for families that have questions and that communication is important.

Veronica Moran, parent, stated parents are receiving wrong information and wants to know how the District will respond to staff that is providing the incorrect information. She is asking the Board to adopt a resolution for the security of all children. Trustee Thompson asked for what incorrect information is being provided and Mrs. Moran responded it was in general. Mrs. Moran shared the incorrect information was coming from the public and not staff.

Jonathan Pak, community member, shared that Korean community is impacted by the topic of immigration. He thanked the District for presenting this important topic and asked that a resolution be placed at an upcoming Board meeting. He is asking that the Board reinforce the message that all students are safe regardless of immigration status. He gathered 114 letters in support that a resolution be adopted.

Alma Chavez, parent, stated she does not want the District to pass that the District or City is a sanctuary location but instead adopt a resolution that all children are safe.

Dave Kay, community member, spoke briefly about the 1997 Immigration Reform and that a city can vote to deploy officers to enforce immigration. He shared President Trump stated that children of illegal immigrants will not be deported. He talked about his concerns with Democrat Kevin Leon and his irresponsibility with certain issues. President Sugarman asked Mr. Kay to maintain his comments to the topic at hand. Trustee Thompson formally objected that President Sugarman not interfere with Mr. Kay's comments.

The Board recessed at 8:36 p.m. and resumed Open Session at 8:45 p.m.

President Sugarman spoke about a false immigration flyer that was placed in the foyer at the District Office during the Board Meeting. Please be aware that the District has provided factual information regarding immigration that is available to parents and the community and on the District website in English, Spanish, and Korean. A Blackboard Connect Ed Message has also been delivered to parents to give them factual information regarding this subject and about the safety of students.

Barry Levinson, community member, showed his concern that this topic was placed for discussion at the Board meeting. He stated that rules exist relating to immigration and that adopting a resolution is not needed. Mr. Levinson shared his sentiments that classroom sizes are large and that the quality of education will reduce and cause more overcrowding in our schools.

Zonya Townsend, community member, spoke about her experience becoming a legal resident and that America is the greatest country. She shared we have to lead by example and thanked the Board for the information presented. She stated it is bad public policy to make exceptions and that there are laws regarding immigration.

Russell Maitland, union leader, spoke to the Board about representing hotel and restaurant workers that reside in Fullerton and have children attending schools in Fullerton. He stated that children easily get lost and FSD should support a policy to ensure families and students feel assured of their safety.

Susan Wright, community member, shared her experiences as a child and reported that people in general feel that they are not being respected. She wants all ethnicities to be honored. She fights for the rights of mental illness and to safeguard children.

Egleth Nuncci, parent, reported this topic is bringing a lot of emotion with people and we have to find a solution. She stated that when people are scared they react and that there is lots of misinformation on social media and television. She thanked FPD for responding to the needs of the community and helping provide peace of mind. She asked a resolution be passed to provide a safe environment and that immigration information forums be held to properly inform parents.

Joe Imbriano, community member, stated we are a nation of law and does not want to take a side on this topic. He shared his experiences from his family and that we do not need to declare our City an area of sanctuary and there is no concern with safety. He stated we have to follow laws and that it is not good practice for people to provide false identification.

Discussion from the Board of Trustees regarding Student Mental Health and Immigration
The following comments depict a synopsis of the discussion held by the Board of Trustees.

Trustee Thompson stated that with the information presented at tonight's Board meeting, it is evident the State government and FSD are abiding by the laws. Trustee Thompson stated we do not use schools as an immigration enforcement mechanism. Trustee Meyer stated that there has to be more clear communication to help clarify incorrect information with the community and that adopting a resolution is not the solution. Trustee Meyer stated it is more important to give a presentation and provide more information to parents. Trustee Vazquez asked for clarification on who is the appropriate primary and secondary point of contact if immigration enforcement were to arrive at a school site. She requested the Superintendent be the primary contact. Trustee Vazquez asked the District to have a plan for parents who have provided a copy of a birth certificate and would now like to sign an affidavit to put in their child's file in lieu of a birth certificate. Dr. Hammitt reported that social security numbers have never been collected for student registration and only the last four digits of social security numbers are collected for lunch applications and parents can opt out to not disclose the last four digits. The district verifies place of birth. Jay McPhail shared that student data is encrypted when the District creates student accounts and firewalled at the District level. Trustee Vazquez asked that more support be given in regards to student's mental health to help provide a safe learning environment. Dr. Hammitt expressed the importance of always working with student concerns at any level. Trustee Vazquez expressed that numerous parents feel anxiety about their child's birth certificate copy being in their student file. Trustee Vazquez shared that parents need peace of mind and that neighboring districts have or will be adopting a resolution that discusses student safety and immigration. Trustee Vazquez discussed ACSA's published procedures. President Sugarman inquired from Trustee Vazquez if she had informed people how they can be protected. President Sugarman reported that not sharing legal procedures can instill fear in the community and that the District is following laws that are very protective of students on our campuses. Trustee Vazquez is requesting specific procedures to ensure the safety of students. Trustee Berryman read a statement from the Orange County of Education regarding the requirements of verifying age. Trustee Berryman agrees that there is a legitimate concern from parents and that they are anxious. Trustee Berryman stated that at the time a copy of a birth certificate was collected, we were following the laws. Currently, the District is still following the law and is adopting a new procedure of accepting an affidavit in lieu of a birth certificate copy. Trustee Berryman stated we are listening to parents and figuring out what is in the best interest for students and their learning environment. Trustee Berryman stated that parents feel something is needed to respond to their anxiety. Trustee Berryman agrees that parents are receiving incorrect information and that it is important for the District to re-iterate and educate how we keep students safe and protect their privacy. Trustee Vazquez stated the anxiety may be stemming from a trust issue and that she would like a resolution that can publicly state that parents can trust the District and that keeping students safe is important. President Sugarman stated it is important for parents to have an emergency plan for their family during a crisis. She suggested the District create a flyer to parents with concise law and mail home. She stated that the communication sent home needs to state that the District protects all students and follows the law. President Sugarman stated we do not want students to feel anxiety. President Sugarman asked that Principals communicate to their parents that they can retrieve a copy of their child's birth certificate and complete an affidavit if they desire. She stated that there is a responsibility from both the District level and the parents. President Sugarman stated the Board has consensus to follow what is in the best interest of all students and some people feel passing a resolution may not be the answer. Trustee Berryman spoke about reaching a compromise between ideas of how to disseminate information to parents. President Sugarman stated that communication sent to parents needs to state the guidelines and procedures that we want all students to feel safe and have a right to an education. Trustee Thompson stated the District follows the law regardless of immigration status and that we educate all children.

Trustee Vazquez made a motion for adopting a resolution at the upcoming Board meeting. Trustee Vazquez asked for a second. Trustee Thompson said he would not support a resolution, Trustee Berryman said she was unsure because it most likely would not be approved, and Trustee Meyer seconded to add the topic to the upcoming agenda but not a resolution. Trustee Berryman then amended the motion to send home a flyer on behalf of the District/Board to clarify information for parents. Trustee Vazquez feels the flyer is not enough. It was then approved 4-1 (Trustee Vazquez opposed) to mail a flyer home to parents.

Trustee Berryman asked for an action plan for principals to disseminate the correct information to parents. Superintendent's Office to follow up with a flyer.

The Board tabled the District Survey Results: Youth Truth Presentation to an upcoming Board meeting.

CONSENT ITEM

DATE: May 9, 2017
TO: Robert Pletka, Ed.D., District Superintendent
FROM: Susan Hume, Assistant Superintendent, Business Services
SUBJECT: **ACCEPT GIFTS AND AUTHORIZE DISTRICT STAFF TO EXPRESS THE BOARD OF TRUSTEES' APPRECIATION TO ALL DONORS**

Background: According to Board Policy 3290(a), the Board of Trustees may accept any bequest, gift of money, or property on behalf of the District. Gifts must be deemed suitable for a purpose by the Board of Trustees and be used in an appropriate manner. However, it is the policy of the Board of Trustees to discourage all gifts which may directly or indirectly impair the Board of Trustees' commitment to providing equal educational opportunities to the students of the District. As indicated in the above-mentioned Board Policy, the District Superintendent approves gifts designated for a specific school for acceptance at that school. Descriptions of gifts presented for acceptance are included on the attachment. Gifts for specific dollar amounts are noted, non-monetary gifts are identified, and the donor is responsible for reporting the value to the Internal Revenue Service.

Rationale: The Board of Trustees of the Fullerton School District gratefully accepts monetary and non-monetary gifts from public and private entities. These gifts help reduce the costs of school materials, curriculum, and extracurricular student activities.

Funding: The funding received from gifts will be deposited in appropriate District funds.

Recommendation: Accept gifts and authorize District staff to express the Board of Trustees' appreciation to all donors.

AGREEMENT FOR SPECIAL SERVICES

I. PARTIES

This Agreement for Special Services (the “Agreement”) is made this 1st day of July, 2017, between the law firm of ATKINSON, ANDELSON, LOYA, RUUD & ROMO, a Professional Law Corporation, hereinafter referred to as the “Law Firm,” and FULLERTON SCHOOL DISTRICT, hereinafter referred to as “District.”

II. RECITALS; PURPOSE; MATTERS

The District desires to retain and engage the Law Firm to perform legal and, upon request, non-legal consultant services on the District’s behalf, and the Law Firm is willing to accept said engagement on the terms and conditions contained in this Agreement. The Law Firm agrees to provide such services to the District, including representation in administrative and court proceedings, as requested by the District. The place and time for such services are to be designated by the Superintendent of the District or designee.

III. TERMS AND CONDITIONS

A. The term of this Agreement shall be for three years commencing July 1, 2017, through June 30, 2020. For the period July 1, 2017, through June 30, 2020, the District hereby agrees to pay the Law Firm in connection with the above-referenced services as authorized at the following hourly rates:

	<u>July 1, 2017- June 30, 2018</u>	<u>July 1, 2018- June 30, 2019</u>	<u>July 1, 2019- June 30, 2020</u>
Senior Partners	\$270.00	\$280.00	\$290.00
Partners/Senior Counsel	\$255.00	\$265.00	\$275.00
Senior Associates	\$250.00	\$260.00	\$270.00
Associates	\$240.00	\$250.00	\$260.00
Electronic Technology Litigation Specialist	\$235.00	\$240.00	\$245.00
Non-Legal Consultants	\$200.00	\$200.00	\$200.00
Senior Paralegals/Law Clerks	\$170.00	\$180.00	\$190.00
Paralegals/Legal Assistants	\$160.00	\$170.00	\$180.00

The Law Firm shall bill in quarter-hour increments. A fixed rate may be established for specially identified projects, subject to prior approval by the District.

B. In addition, the District hereby agrees to pay a 5% per month administrative charge and based on monthly fees billed to cover related operational expenses incurred by the Law Firm. This administrative fee is in lieu of charging the District for Westlaw, photocopies,

automobile mileage, parking, facsimiles, telephone, document preparation, and postage. This does not include items listed in paragraph D below.

C. The Law Firm may charge the full hourly rate to more than one client for services provided concurrently during the same time period. For example, in the course of traveling to the District or while providing legal services at the District, it may be necessary for the Law Firm to provide billable services to other clients.

D. The Law Firm shall not be obligated to advance costs on behalf of the District; however, for purposes of convenience and in order to expedite matters, the Law Firm reserves the right to advance costs on behalf of the District with the Superintendent's or designee's prior approval in the event a particular cost item exceeds \$2,000.00 in amount, and without the prior approval of the District in the event a particular cost item totals \$2,000.00 or less. Typical cost advances include, but are not limited to, messenger fees, travel costs, bonds, witness fees, overnight delivery, deposition and court reporter fees, transcript costs, expert witness fees, investigative fees, etc. If the Law Firm retains, with authorization from the District, experts or consultants for the benefit of the District, rather than the District contracting directly with any expert or consultant, it is agreed that the District shall pay a five percent (5%) fee ("consultant processing fee") on such expert and consultant costs paid by the Law Firm in order to offset certain costs to the Law Firm resulting from administering and initially paying such expert and consultant fees on behalf of the District.

E. A detailed description of the attorney work performed and the costs advanced by the Law Firm will be prepared on a monthly basis as of the last day of the month and will be mailed to the District on or about the 15th of the following month. Payment of the full amount due, as reflected on the monthly statements, will be due to the Law Firm from the District by the 10th of each month, unless other arrangements are made. In the event there are retainer funds of the District in the Law Firm's Trust account at the time a monthly billing statement is prepared, funds will be transferred from the Law Firm's Trust Account to the Law Firm's General Account to the extent of the balance due on the monthly statement and a credit therefor will be reflected on the monthly statement. Any balance of fees or costs advanced remaining unpaid for a period of 30 days will be subject to a 1% per month service charge.

F. The District agrees to review the Law Firm's monthly statements promptly upon receipt and to notify the Law Firm, in writing, with respect to any disagreement with the monthly statement. Failure to communicate written disagreement with the Law Firm's monthly statement within thirty (30) days of the District's receipt thereof shall be deemed to signify the District's agreement that the monthly billing statement accurately reflects: (a) the legal services performed; and (b) the proper charge for those legal services.

G. The District agrees to fully cooperate with the Law Firm in connection with the Law Firm's representation of the District including, but not limited to, attending mandatory court hearings and other appearances and providing necessary information and documentation to enable the Law Firm to adequately represent the District.

H. The District has the right, at any time, and either with or without good cause, to discharge the Law Firm as the District's attorneys. In the event of such a discharge of the Law Firm by the District, however, any and all unpaid attorneys' fees and costs owing to the Law Firm from the District shall be immediately due and payable.

I. The Law Firm reserves the right to discontinue the performance of legal services on behalf of the District upon the occurrence of any one or more of the following events:

1. Upon order of Court requiring the Law Firm to discontinue the performance of said legal services;
2. Upon a determination by the Law Firm in the exercise of its reasonable and sole discretion, that state or federal legal ethical principles require it to discontinue legal services for the District;
3. Upon the failure of the District to perform any of the District's obligations hereunder with respect to the payment of the Law Firm's fees and costs advanced; or
4. Upon the failure of the District to perform any of the District's obligations hereunder with respect to cooperation with the Law Firm in connection with the Law Firm's representation of the District.

J. In the event that the Law Firm ceases to perform legal services for the District as hereinabove provided, the District agrees that it will promptly pay to the Law Firm any and all unpaid fees or costs advanced, and retrieve all of its files, signing a receipt therefor. Further, the District agrees that, with respect to any litigation where the Law Firm has made an appearance in Court on its behalf, the District will promptly execute an appropriate Substitution of Attorney form.

K. The Law Firm maintains errors and omissions insurance coverage applicable to the services to be rendered.

L. It is understood and agreed that the Law Firm, while engaged in carrying out and complying with any of the terms and conditions of this Agreement, is an independent contractor and is not an employee of the District.

II. SPECIALIZED LEGAL SERVICES

For specialized litigation and transactional services in the areas of construction, procurement, technology, prevailing wage, real property, intellectual property, CEQA, mitigation negotiations, school and college finance, tax, bankruptcy, copyright, trademark, non-profit organizations, immigration, and appellate law, the District agrees to pay the Law Firm at rates higher than the standard hourly rates for special projects or particular scopes of work. The Law Firm shall inform the District of the rates for specialized services and the Superintendent or designee shall agree to such rates in writing prior to any billings for specialized legal services by the Law Firm.

V. RELATED POST-INVESTIGATION SERVICES

If an attorney who conducted an investigation for the District is subsequently asked or required to prepare for and/or testify, including, without limitation, at deposition, trial, arbitration or any other proceeding, because of services rendered under this Agreement, and/or if the investigating attorney must respond to subpoenas or discovery or otherwise respond or perform services with respect to any

matter relating to or arising out of services performed for the District, the District agrees to pay the Law Firm for all time expended (including preparation time) at the investigating attorney's then current regular hourly rate and to reimburse the Law Firm for reasonable costs and expenses incurred.

VI. CONSENT TO JOINT REPRESENTATION

The District acknowledges that from time to time Law Firm may be asked to perform legal services on a matter affecting two or more public education local agencies. In such situations before proceeding with representation, Law Firm shall provide the District with a written disclosure of the relevant circumstances and of the actual and reasonably foreseeable adverse consequences to the District, and shall seek separate written consent to joint representation from all involved parties if permissible according to ethical principles applicable to attorneys. The District acknowledges that it is often in the best interest of the District for such representation to commence without undue delay which may result from waiting until a regularly-scheduled Board meeting. Therefore, the Governing Board of the District hereby delegates to the Superintendent or designee authority to consent to joint representation in the circumstances described in this paragraph, and to execute such written consent on behalf of the Board and District.

VII. SERVICES PERFORMED BY LAW FIRM-PROVIDED NON-LEGAL CONSULTANTS

The Law Firm has an affiliation with non-legal education consultants who are available to assist the District in areas including, but not limited to, personnel/business office audits, human resources/collective bargaining consultation, public/employee relations surveys and communications, media and public relations, budget analysis/support services, instructional coaching/counseling at school improvement sites, special education, student discipline, leadership coaching, board/superintendent relations and best practices, and interim management placement.

Because the Law Firm has a financial interest in the District's use of these affiliated non-legal consultants, the rules of the State Bar of California require that the District provide its informed written consent to this arrangement prior to utilizing these services. Execution of this Agreement shall be deemed "informed consent" for the purposes of this paragraph. The District is hereby advised that it may seek the advice of an independent attorney of its choice prior to providing such written consent.

Please also be advised that because the services of these non-legal consultants are provided to the District outside of the attorney-client relationship, communications with these non-legal consultants will not be protected from disclosure by the attorney-client privilege.

VIII. CONSENT TO LAW FIRM COMMUNICATION

As part of our commitment to client service, the Law Firm will send the District periodic alerts on case developments and legislative changes, and notices of Breakfast Briefings, conferences, and other training opportunities designed to help the District with daily legal concerns. The Law Firm will send those and other additional service notices to the District via regular mail and/or electronic mail at the email address which you designate or the email used in your daily communications with us. These email notices are a convenient way to keep the District administrators apprised of important legal

changes. By execution of this Agreement, the District and designated contact(s) consent to receive such communications by electronic mail subject to the right to unsubscribe at any time.

IX. BINDING ARBITRATION

If any dispute arises out of, or related to, a claimed breach of this Agreement, the professional services rendered by attorneys, or any other disagreement of any nature, type, or description, regardless of the facts or the legal theories which may be involved, including attorney malpractice, such dispute shall be resolved by binding arbitration by a single arbitrator. Each side will bear its own costs and attorney fees. The parties agree to waive their right to a jury and to an appeal.

X. DURATION

TO: Robert Pletka, Ed.D., District Superintendent
FROM: Emy Flores, Ed.D., Assistant Superintendent, Educational Services
SUBJECT: **APPROVE AGREEMENT BETWEEN FULLERTON SCHOOL DISTRICT AND WONDER MEDIA, LLC, FOR THE 2017/2018 SCHOOL YEAR**

Background: The Fullerton School District (FSD) recognizes the importance of challenging students and helping them to problem solve, collaborate, think critically and creatively while becoming creators of content. As such, FSD believes that students with this creative capacity and technical literacy will hold power in the future. The District would like to integrate professional level technologies into writing through professional level animation, which integrates a cross-curriculum writing and project-based learning tool. Wonder Media Story Maker teaches students a soup-to-nuts content production process that allows them to animate short stories with the touch of a finger. By making the animation process simple, Story Maker shifts the focus on the processes of research, planning, critical thinking, audience point of view, writing, storyboarding (pre-visualization) and teamwork while still producing quality educational animated stories relatively quickly. This coming year, every school within the school district will be equipped with the technologies, professional development, and on-going support, offered through Wonder Media Story Maker.

Rationale: The California State Standards discusses expectations for students as content creators. This includes writing and publishing written work that incorporates digital tools and media. Students are also expected to incorporate digital content into presentations as speakers. The Fullerton School District would like to use Wonder Media Story Maker, a top-tier professional level animation production, to write and animate short stories by engaging in research, planning, critical thinking, audience point of view, writing, storyboarding (pre-visualization) and teamwork.

Funding: Cost is not to exceed \$99,960 and is to be paid from the Unrestricted General fund.

Recommendation: Approve Agreement between Fullerton School District and Wonder Media, LLC, for the 2017/2018 school year.

PREPARED BY: Julie Graham, Principal, Beechwood School

SUBJECT: **APPROVE OUT-OF-STATE CONFERENCE ATTENDANCE FOR BEECHWOOD TEACHERS TO ATTEND THE TEACHERS COLLEGE READING AND WRITING PROJECT AT COLUMBIA UNIVERSITY, NEW YORK, JUNE 26-30, 2017**

Background: Beechwood School is proud of their partnership with the Cotsen Foundation for the ART of TEACHING. The foundation combines a number of components to produce powerful professional growth and development. Fellows observe great teachers to gain new vision and inspiration. They also set goals to grow in content knowledge and in pedagogy. The Cotsen fellows set goals in an area of strength, videotape themselves, reflect on what they see, attend conferences to learn even more, and participate monthly in an inquiry group with colleagues to study teaching more deeply. The foundation provides each mentor and fellow a number of substitute days in order to plan, visit other schools and attend conferences. In addition, each person receives a grant of \$1,000 to pay for conference expenses and to purchase professional books or classroom materials.

Fellows have chosen a focus area in Balanced Literacy, specifically in Reading Workshop. This pedagogy and Units of Study are developed and explicitly taught in summer institutes for educators and administrators every summer at Teachers College at Columbia University.

Rationale: Emily McDougall, Cotsen Mentor, Joy Arnold, and Blair Campbell, Cotsen Fellows, are using their allotted Cotsen funds to go deep in their area of study and understanding of balanced literacy and support their professional growth and student achievement goals in their classroom. Additionally, the Fellows will be able to collaborate with other non-Cotsen teachers and lead the work of Reading and Writing Workshop at Beechwood School and beyond.

FROM: Chad Hammitt, Ed.D., Assistant Superintendent, Personnel Services

SUBJECT: **APPROVE INTERNSHIP CONTRACT BETWEEN FULLERTON SCHOOL DISTRICT AND CHAPMAN UNIVERSITY EFFECTIVE AUGUST 1, 2017 THROUGH SEPTEMBER 1, 2022**

Background: Chapman University System is a fully accredited institution of higher education. The District has a long-standing partnership with Chapman University in support of their teacher preparation programs. At this time, Chapman University wishes to establish an agreement with the District to enable candidates in their Education Specialist Internship program the opportunity to work as a District employee should the opportunity ever arise.

Rationale: As the market for qualified Special Education educators lessens, the District has had to find alternatives to hiring energetic, enthusiastic and qualified candidates to join the Fullerton School District family. This Internship Agreement will provide such an alternative if recruitment pools are not successful.

Funding: No cost to Fullerton School District.

Recommendation: Approve Internship Contract between Fullerton School District and Chapman University effective August 1, 2017 through September 1, 2022.

Education Specialist Internship Credential

An Internship Credential authorizes the same service at the same level as the Preliminary Credential with some exceptions. The Internship Credential is only valid in one school district or consortium.

For this reason, interns must have a contract before a credential can be issued. Each intern candidate is to work under the direct and continuing supervision of a Chapman University Supervisor and District Support Provider for a combined minimum total of 144 hours and is provided with general support at the classroom level of the cooperating school. An additional combined total of 45 hours will be administered to interns in need of English Learner (EL) Support. Also, the Internship Credential shall be issued initially for a two-year period and may be renewed by the Commission. (Education Code: 44455). For renewals please see Education Code 44456.

The District will assign a District Support Provider to the intern to provide support throughout the year. The Support Provider will serve as an on-site guide, who observes the intern, and provides substantive feedback.

The District acknowledges that each intern under this Internship Contract Agreement shall be a paid employee of the District and thus covered under the District's insurance policies, including Workers' Compensation, to the extent available to other teachers. No intern shall be considered an employee or agent of Chapman University while performing services for the District.

Chapman University and Fullerton School District agree to all the conditions of this Internship Contract Agreement as outlined above, to be effective on August 1, 2017 and continuing until September 1, 2022. This agreement may be terminated and the provisions of this agreement may be altered, changed or amended by mutual consent of both parties upon sixty (60) days written notice.

APPENDIX A

Preconditions Established by State Law for Internship Programs

For initial and continuing accreditation by the Committee on Accreditation, participating districts and universities must adhere to the following requirements of state law:

- (1) **Bachelor's Degree Requirement.** Candidates admitted to internship programs must hold baccalaureate degrees or higher from a regionally accredited institution of higher education. (Reference: Education Code Section 44453).
- (2) **Supervision of Interns.** In an internship program, the participating district shall provide supervision of all interns. Salary payments for supervision of interns may be made out of district funds and may be met by reducing proportionately the salaries paid interns. Under this authorization no more than eight interns may be supervised by one staff member and the normal district salary paid each intern may be reduced by as much as, but no more than, one-eighth to pay the salary of the supervisor. In no event may an intern be paid less than the minimum salary required to be paid by the state to a regularly certificated teacher. (Reference: California Education Code Section 44462). Institutions will describe the procedures used in assigning supervisors and where applicable, the system used to pay for supervision.
- (3) **Assignment and Authorization.** To receive approval, the participating institution authorizes the candidates in an internship program to assume the functions that are authorized by the regular standard credential (Reference: Education Code Section 44454). The institution stipulates that the intern's services meet the instructional or service needs of the participating district(s). (Reference: Education Code Section 44458).
- (4) **Participating Districts.** Participating districts are public school districts or county offices of education. Submissions for approval must identify the specific districts involved and the specific credential involved. (Reference: Education Code Section 44321 and 44452).

Specific Preconditions Established by the Commission for Internship Programs

For initial and continuing accreditation, participating districts and universities must adhere to the following requirements established by the Commission on Teacher Credentialing.
Internship Contract Agreement

- (5) **Non-Displacement of Certificated Employees.** The institution and participating districts must certify that interns do not displace certificated employees in participating districts.
- (6) **Justification of Internship Program.** Programs that are developed to meet employment shortages must include a statement from the participating district(s) about the availability of qualified certificated persons holding the credential. Also, the local bargaining unit (teacher union) is encouraged to provide a written statement of support for the internship agreement.

APPENDIX B District State of Need

May 9, 2017

To Whom It May Concern:

California faces a critical shortage of teachers. Presently, the Commission on Teacher Credentialing estimates the shortage of credentialed teachers in California exceeds 30,000. In addition, the number of minority teachers and teachers trained to meet the needs of all our students is woefully deficient.

Our district or consortium reflects this critical shortage. The growing number of students in our district over the last few years has focused our attention on hiring additional teachers. Although we attend many recruitment fairs and hold district interviews, we have experienced difficulty finding enough teacher candidates to meet our staffing needs. We are seeking ways to hire qualified teachers and believe the Chapman Internship Program will provide a ready solution to this problem.

We look forward to working with the Chapman Intern Program and with Chapman Intern teachers. Hiring these Intern teachers will in no way displace teachers already employed in our district or consortium.

Sincerely,

Chad Hammitt, Ed.D.

Board Policy

Admission

BP 5111

Students

Board Adopted: June 10, 2005

Board Revised: February 7, 2010, December 8, 2015

The Board of Trustees encourages the enrollment and appropriate placement of all school-aged children in school. The Superintendent or designee shall inform parents/guardians of children entering a District school at any grade level about admission requirements and shall assist them with enrollment procedures.

Before enrolling any child in a District school, the Superintendent or designee shall verify the child's age, residency, immunization, and other applicable eligibility criteria specified in law, the accompanying administrative regulation, or other applicable Board policy or administrative regulation.

In the event the Superintendent or designee reasonably believes false or unreliable evidence of residency has been provided by a parent/guardian, the following procedures apply:

1. The Superintendent or designee shall identify circumstances upon which the District may initiate an investigation, which shall, at a minimum, require the District employee to be able to identify specific, articulable facts supporting the belief that the parent/guardian of the pupil has provided false or unreliable evidence for residency. Examples of such situations include, but are not limited to, altered documents; credible information from the property owner or neighbor that the student does not reside at the address provided; results of a home visit by a District employee indicating the student does not reside at the address provided; credible information from the student stating he/she does not reside at the address provided; and/or mail sent by the school returned from the address provided.
2. The Superintendent or designee may use reasonable investigatory methods, as appropriate, to determine residency. These methods may include, but are not limited to:
 - a. Review of documentation
 - b. Home visit by District personnel
 - c. Interview of student and parent/guardian
 - d. Contacting the landlord or neighbors regarding whether or not the student resides at the address provided
3. The Superintendent or designee may hire a private investigator if the investigatory methods described above are inconclusive to determine whether the pupil resides in the District.
4. For any investigation conducted pursuant to this policy, the District shall:
 - a. Prohibit the surreptitious photographing or video recording of pupils who are being investigated. For purposes of this policy, "surreptitious photographing or video recording" means the covert collection of photographic or video graphic images of persons or places subject to an investigation. For the purposes of this policy, the collection of images is not covert if the technology is used in an open and public view.
 - b. Require that the employees and contractors of the District engaged in the investigation must identify themselves truthfully as such to individuals contacted or interviewed during the course of the investigation.
5. If the District determines that the pupil does not meet the residency requirements for school attendance in the District, the District shall provide the parent/guardian with the basis for the determination. The parent/guardian may appeal this determination to the Assistant Superintendent of Personnel Services within 10 business days of determination. If an appeal is made, the burden shall be on the parent/guardian to show why the decision of the District

should be overruled.

The Superintendent or designee shall ensure that the enrollment of a homeless or foster child or a child of a military family is not delayed because of outstanding fees or fines owed to the child's last school or for his/her inability to produce previous academic, medical, or other records normally required for enrollment.

In addition, no child shall be denied enrollment in a District school solely on the basis of his/her arrest, adjudication by a juvenile court, formal or informal supervision by a probation officer, detention in a juvenile facility, enrollment in a juvenile court school, or other contact with the juvenile justice system.

The Superintendent or designee shall not inquire into or request documentation of a student's citizenship or immigration status, and shall not deny a student enrollment in a District school on the basis of the citizenship or immigration status of the student or his/her parents/guardians. Any information obtained about a student's or parent/guardian's citizenship or immigration status shall not be shared without parent/guardian consent or a lawful judicial order, in accordance with laws pertaining to the confidentiality of student records.

When enrolling in any District school, including a school in their attendance area, children whose parents/guardians reside within District boundaries shall be subject to the timelines established by the Board for open enrollment. Children whose parents/guardians do not reside within the District or who are not otherwise eligible for enrollment in the District may apply for interdistrict attendance in accordance with the timelines specified in applicable Board policies and administrative regulations.

The District's enrollment application shall include information about the health care options and enrollment assistance available to families within the District. The District shall not discriminate against any child for not having health care coverage and shall not use any information relating to a child's health care coverage or his/her interest in learning about health care coverage in any manner that would harm the child or his/her family. DISCUSSION/ACTION ITEM

DATE: May 9, 2017

TO: Robert Pletka, Ed.D., District Superintendent

FROM: Chad Hammitt, Ed.D., Assistant Superintendent, Personnel Services

SUBJECT: APPROVE DECLARATION OF NEED FOR FULLY QUALIFIED EDUCATORS FOR THE 2017/2018 SCHOOL YEAR

Background: As of 1996, a “Declaration of Need for Fully Qualified Educators” must be completed and adopted yearly based on the anticipated need for the subsequent school year. This Declaration must be Board adopted and submitted to the Commission on Teacher Credentialing before any alternate credentials may be processed.

The Fullerton School District has the following general needs that may be met through the emergency credential process:

- Classroom teachers to meet authorization for instruction to limited English proficient students per Williams Lawsuit in schools ranked in deciles 1-3.
- All core academic subject teachers to become NCLB compliant.
- Filling preschool, special education positions for which a specialist credential is required.
- Filling special education positions to allow these educators time to meet new requirements for special authorizations.
- Filling junior high positions for which qualified teachers are difficult to find, including but not limited to foreign language, science, math, English language learners.
- Obtaining certification for those teachers, who, because of scheduling needs, teach one or two periods outside their credentialed area, i.e., five periods of language arts and one period of physical education.
- Filling positions with teachers from out of state or private schools to allow these educators additional time to complete California credentialing requirements.

Rationale: The Board of Trustees is required to adopt the “Declaration of Need for Fully Qualified Educators” at a public meeting certifying that there may be an insufficient number of certificated persons who meet the District’s specific employment criteria for identified positions. The completed Declaration is filed with the Commission on Teacher Credentialing and permits the District to obtain short-term certifications as needed during the school year.

Funding: Not applicable.

Recommendation: Approve Declaration of Need for Fully Qualified Educators for the 2017/2018 school year.

SUBJECT: **PROVIDE DIRECTION TO STAFF ON THE PURCHASE OF LIVE VIDEO STREAMING AND BROADCAST SERVICES FROM SWAGIT PRODUCTIONS, LLC, FOR SCHOOL BOARD MEETINGS**

Background: The Fullerton School District's (FSD) Board of Trustees has inquired about live video streaming and broadcasting at all school Board meetings. Swagit Productions, LLC, is a hands-free solution that offers the most current advancements in video streaming technology. The Swagit Productions, LLC, system integrates with all document/agenda management solutions and also provides closed captioning. Funding: The estimated base cost is \$59,380 for equipment and installation, with an annual estimated minimum cost of \$10,800 for service at regularly-scheduled Board meetings. Additional costs would be incurred if live video streaming was implemented, additional meetings were added, or other services were required. Costs will be paid from the General Fund.

PREPARED BY: Chanjira Luu, Director, Classified Personnel Services

SUBJECT: **ADOPT RESOLUTION #16/17-14 ELIMINATING/REDUCING IDENTIFIED CLASSIFIED POSITIONS**

Background: The formal layoff process, which begins with Board of Trustees' adoption of a resolution, is a traditional process that allows for staffing flexibility as funding sources and/or job tasks are eliminated, reduced, or transferred. Although Education Code 45114 requires adherence to this formal resolution and classified employee notification process, employees identified for layoff are usually transferred into comparable open positions as they become available at the start of a new school year.

Education Code 45298 provides laid off employees with reemployment rights. If an employee is not placed in a comparable open position, he/she is given the opportunity to exercise bumping rights, if applicable, and/or be placed on a 39-month reemployment list. If the employee agrees to take a voluntary demotion or a voluntary reduction in assigned time in lieu of layoff or to remain in his/her present position rather than be reclassified or reassigned, an additional 24 months of reemployment rights is provided.

The Board of Trustees must approve a resolution of layoff prior to the implementation of staffing recommendations. Formal employee notification, bargaining unit negotiation on the effect of layoff and alternative placement, if applicable, will be made following Board of Trustees' approval. The positions identified for elimination and reduction are listed on the attached Resolution No. #16/17-14 Resolution for Eliminating/Reducing Identified Classified Positions.

Rationale: A proposed elimination/reduction in identified Classified positions require the Board of Trustees' approval.

Funding: Not applicable.

Recommendation: Adopt Resolution #16/17-14 eliminating/reducing identified Classified positions.

Clerk/Secretary

CONSENT ITEM

DATE: June 6, 2017
TO: Robert Pletka, Ed.D., District Superintendent
FROM: Susan Hume, Assistant Superintendent, Business Services
SUBJECT: **ACCEPT GIFTS AND AUTHORIZE DISTRICT STAFF TO EXPRESS THE BOARD OF TRUSTEES' APPRECIATION TO ALL DONORS**

Background: According to Board Policy 3290(a), the Board of Trustees may accept any bequest, gift of money, or property on behalf of the District. Gifts must be deemed suitable for a purpose by the Board of Trustees and be used in an appropriate manner. However, it is the policy of the Board of Trustees to discourage all gifts which may directly or indirectly impair the Board of Trustees' commitment to providing equal educational opportunities to the students of the District. As indicated in the above-mentioned Board Policy, the District Superintendent approves gifts designated for a specific school for acceptance at that school. Descriptions of gifts presented for acceptance are included on the attachment. Gifts for specific dollar amounts are noted, non-monetary gifts are identified, and the donor is responsible for reporting the value to the Internal Revenue Service.

Rationale: The Board of Trustees of the Fullerton School District gratefully accepts monetary and non-monetary gifts from public and private entities. These gifts help reduce the costs of school materials, curriculum, and extracurricular student activities.

Funding: The funding received from gifts will be deposited in appropriate District funds.

Recommendation: Accept gifts and authorize District staff to express the Board of Trustees' appreciation to all donors.

**RETAINER AGREEMENT
BETWEEN FULLERTON SCHOOL DISTRICT
AND THE LAW OFFICES OF MARGARET A. CHIDESTER & ASSOCIATES**

THIS AGREEMENT is made and entered into effective July 1, 2017 by and between the FULLERTON SCHOOL DISTRICT of Orange County, California, "District," and the LAW OFFICES OF MARGARET A. CHIDESTER & ASSOCIATES, "Attorneys."

W I T N E S S E T H

WHEREAS, the District desires to obtain from Attorneys certain legal services; and

WHEREAS, the governing board has determined that it is in the best interest of the District to appoint Attorneys to represent the District in the matters specified herein;

In consideration of these mutual promises, the parties agree as follows:

1. Services: The District retains Attorneys for the purpose of providing legal services pertaining to District business and related matters as may be specifically directed by the Governing Board and the Superintendent or designees, including, but not limited to, labor negotiations, employment, personnel, pupil personnel, investigation of complaints, instructional compliance, contractual, business, finance, transactional, real property, governance and litigation issues, or such other legal issues as may be specifically assigned by the Superintendent/designee.

Upon specific direction of the Board, the Superintendent, or designees, Attorneys will interpret relevant statutes, constitutional provisions and case law as deemed necessary by the District; prepare, review, and comment on legal documents in correspondence; render legal opinions as appropriate and requested; advise and represent the District in any court or

administrative proceeding, provide other legal advice and legal services as requested; work with the District staff and Board in the development of policy; and attend meetings as necessary and requested.

In rendering services, Attorneys shall comply with all federal, state, and local laws, regulations, and rulings to the extent that such laws are applicable to the Firm in its capacity as the District's legal representative.

2. Rates and Payment: The District shall not be required to pay in advance for any retained services. The District shall pay Attorneys for services at the rates set forth in Exhibit "A", attached and incorporated by this reference.

3. Costs: The District shall pay and reimburse Attorneys for any actual and necessary costs and expenses incurred in the course of providing services, including actual charges that Attorneys directly incur such as filing fees, reproduction of documents, messenger and delivery services, postage, travel expenses, mileage for travel at the fixed IRS rate, lodging, court reporting costs, hearing officer and arbitrator fees, and consultant services.

Attorneys will supply all necessary equipment, tools, supplies, offices, personnel, transportation, support services, and insurance required to perform legal services under this Agreement.

4. Statements: Attorneys shall present statements for services rendered during the preceding month. The District shall pay upon presentation or within forty-five (45) days thereafter. Invoices not paid within 45 days of the date issued may be assessed a late charge of 1.5% per month. Statement shall include (1) a detailed, confidential account of the legal matters, strategies, and work on behalf of the District, and (2) a summary invoice containing only amounts, dates, and general descriptions of legal

services provided that is suitable for the Superintendent to transmit to the District's accounts payable staff. These invoices shall be sent directly to the attention of the Superintendent unless we are otherwise directed in writing by the Superintendent or the governing Board.

5. **Conflicts:** The District acknowledges that Attorneys presently represent and in the future will represent other districts, charter schools, and education agencies that may, from time to time, have transactions with the District. The District consents to such continued and future representation without the need for any further consent from the District, provided that Attorneys shall promptly notify the District in writing of any direct conflict and of the District's options in such case.

Attorneys shall not represent any person or entity in any action against the District or in any investment matter before the District.

6. **Indemnification:** Except as provided below, the District will indemnify, defend and hold harmless Attorneys from and against all claims, suits or causes of action arising out of the services rendered herein. The District will provide legal representation for Attorneys in any litigation relating to such services if Attorneys are sued, deposed, or otherwise required to provide information or testimony concerning services provided under this contract. ***This provision does not apply to any actions resulting from Attorneys' negligence, willful and/or malicious conduct in the course of rendering services.***

The indemnity provisions of this section shall survive the expiration or termination of this Agreement.

7. **Electronic Communication, Confidentiality and Publicity:** The District authorizes Attorneys to communicate with the District and the District's representatives via electronic mail when such

communication is desirable for timely communications, efficiency of transmission, or to avoid the need for re-creating documents.

Attorneys shall make reasonable efforts to label electronic communications as confidential and privileged. The District acknowledges that electronic communications may be intercepted and that confidentiality cannot be guaranteed. If e-mail is intercepted or confidentiality is otherwise compromised, the District will hold Attorneys harmless for any resulting injury.

The District will not modify any document transmitted to the District electronically by Attorneys, except as expressly authorized by Attorneys.

Both parties agree not to knowingly transmit any materials to the other party in violation of the copyright of another or of any other applicable law.

Attorneys shall retain all confidential information in the strictest confidence and shall neither use it nor disclose it to anyone without prior written consent of the District. The District may seek to enjoin any unauthorized disclosure. Attorneys shall not issue public announcements concerning the District without the District's prior written consent.

8. Files and Ownership of Documents. When legal services conclude, or periodically as individual matters conclude, Attorneys will, upon the District's request, deliver closed files to the District at the District's cost, along with any funds or property of the District's in Attorneys' possession. SUBJECT: **APPROVE CONTRACT WITH ALL CITY MANAGEMENT SERVICES, INC., FOR THE COST OF A CROSSING GUARD FOR THE INTERSECTION OF HETEBRINK STREET AND HUTAIN STREET, EFFECTIVE JULY 1, 2017 THROUGH JUNE 30, 2018**

Background: The City of Fullerton's traffic engineers perform traffic studies when requested by the District for those intersections near schools that may warrant crossing guards.

A study performed in the spring of 2011 for the intersection of Hetebrink Street and Hutain Street showed that the intersection did not meet the City's established criteria for a crossing guard. However, District staff recommended that in the interest of student safety, the District bear the cost of a crossing guard at the intersection until such time as the City performed another traffic study. An additional study might warrant the placement of a crossing guard by the City (in which case the District would split the cost with the City).

The original contract was for a one-year period. Staff recommends extension of the contract for one additional year.

A copy of the contract is available for review in the Superintendent's Office.

Rationale: The agreement between the City of Fullerton and the Fullerton School District requires that the cost of a warranted crossing guard be borne by the City of Fullerton. In this case, as the intersection of Hetebrink and Hutain does not as yet meet the criterion for warrants, the District must bear the cost.

Funding: The current cost is not to exceed \$13,025 per year from the General Fund.

Recommendation: Approve contract with All City Management Services, Inc., for the cost of a crossing guard for the intersection of Hetebrink Street and Hutain Street, effective July 1, 2017 through June 30, 2018.

9. Contractor agrees to indemnify the District, its Officers, employees and agents against, and will hold and save each of them harmless from, any and all actions, claims for damages to persons or property, penalties, obligations or liabilities that may be asserted or claimed by any person, firm, entity, corporation, political subdivision or other organization arising out of the intentional or negligent acts, errors, or omissions of Contractor, its agents, employees, subcontractors, or invitee, provided for herein.
 - a) Contractor will defend any action or actions filed in connection with any of said claims, damages, penalties, obligations or liabilities and will pay all costs and expenses including attorney's fees incurred in connection herewith.
 - b) Contractor will promptly pay any judgment rendered against the District, its officers, agents or employees for any such claims, damages, penalties, obligations or liabilities.

10. Either party shall have the right to cancel this Agreement by giving sixty (60) days written notice to the other.
11. The Contractor shall not have the right to assign this Contract to any other person or firm except with the prior written consent of the District.

ALL CITY MANAGEMENT SERVICES

- 12. The District agrees to pay Contractor for services rendered pursuant to the Agreement the sum of Eighteen Dollars and Nine Cents (\$18.09) per hour of guard service provided. It is understood that the cost of providing Seven Hundred and Twenty (720) hours of service shall not exceed Thirteen Thousand, Twenty-Five Dollars (\$13,025.00).
- 13. Payment is due to Contractor within thirty (30) days of receipt of Contractor's properly prepared invoice.
- 14. Unforeseen Costs: The Contractor may exercise a price increase during the contract period as result of any legislative mandated increases in wages or benefits to State of California Employees. The Contractor shall provide the District 60 days' notice and justification of its request to adjust pricing based on any new wage or benefit laws. The District agrees to review and respond to said notice within 30 days of service.
- 15. In the event that this Agreement is extended beyond June 30, 2018 the compensation for services shall be established by mutual consent of the parties.

State RMTS Software Platform Fee

DISTRICT will be responsible for DISTRICT'S share of the State RMTS Software Platform Fee, which is based on the DISTRICT'S actual cost of utilizing the State RMTS Software Platform through a third party administrator selected by the Region 9 LEC for the Random Moment Time Study. SUPERINTENDENT will bill DISTRICT for DISTRICT'S share of the software platform fees. The DISTRICT'S share of the software platform fees may be included in the DISTRICT's claim for reimbursement based on actual costs paid.

Current third party administrator under contract with SUPERINTENDENT is Public Consulting Group Inc. (PCG). The original contract term was for a period of three years ending September 30, 2017 and has been extended one year to conclude September 30, 2018. RMTS Software Platform Fees are currently structured on a monthly participant rate based on an aggregate participant count statewide of all LECs utilizing the PCG RMTS system each quarter. Since the California Department of Health Care Services (DHCS) does not require a time study for quarter 1, the July-September quarter, these charges will be half the rate of the monthly fee and based on prior quarter participant count.

Quarter	Monthly Rate/Participant
Q1: July - September	\$0.27/participant/month
Q2: October – December	\$0.54/ participant/month
Q3: January – March	\$0.54/ participant/month

SUPERINTENDENT'S LEC Fee for Administrative Support

After SUPERINTENDENT has received reimbursement from the STATE for DISTRICT'S quarterly SMAA claim(s), SUPERINTENDENT will transfer to DISTRICT an amount equal to the Federal share of cost received as reimbursement for DISTRICT'S SMAA claim submitted by DISTRICT, less four and one-half percent (4.5%) fee per quarterly claim which will be used to support SUPERINTENDENT'S SMAA administration. The four and one-half percent (4.5%) LEC fee may be amended as necessary to support compliance with all Federal, STATE and SUPERINTENDENT'S program requirements.

Included in the LEC fee is the DISTRICT'S share of the STATE Participation Fee assessed to each LEC region, based on the STATE'S cost for administering the SMAA claiming process. Also, if needed, the

SUPERINTENDENT will assist the DISTRICT with the calculation or transmission of student data files to the DHCS for calculation of the Medi-Cal Eligibility Rate or “Data Match percentage”.

SUPERINTENDENT'S OPTIONAL SERVICES Fee

The following optional service is offered to support the administrative SMAA program. If the DISTRICT selects the optional service, an additional two percent (2.0%) will be in addition to the LEC Fee percentage but billed separately by the SUPERINTENDENT so that the DISTRICT may submit the optional service costs for claim reimbursement based on actual costs paid.

SUPERINTENDENT will create and provide to DISTRICT a fiscal workbook to assist in gathering and preparing the fiscal information required to complete the SMAA invoice claim. The Time Study Participant pool lists and RMTS results will be integrated with the fiscal workbook which will reduce data entry and support consistency of information. SUPERINTENDENT will prepare SMAA invoice claims in accordance with program guidelines approved by DHCS, based on information supplied by the DISTRICT for each fiscal quarter during the Term of the Agreement. DISTRICT will print, sign and submit final invoice claim to SUPERINTENDENT for final review, audit and submission to DHCS for processing.

SUPERINTENDENT will provide annual training to the DISTRICT SMAA Coordinator and relevant finance/business office staff.

Please indicate below, the DISTRICT’s response to the optional service being offered and return with the fully executed AGREEMENT.

DATE: June 6, 2017

TO: Bob Pletka, Ed.D., District Superintendent

FROM: Emy Flores, Ed.D., Assistant Superintendent, Educational Services

PREPARED BY: Robyn Clemente, Principal, Nicolas Junior High School

SUBJECT: **APPROVE LICENSE AND SERVICE AGREEMENT BETWEEN FULLERTON SCHOOL DISTRICT AND ADVANCEMENT VIA INDIVIDUAL DETERMINATION (AVID) TO PROVIDE SUPPORT AND TRAINING FOR THE IMPLEMENTATION AND EVALUATION OF THE AVID PROGRAM AT NICOLAS JUNIOR HIGH SCHOOL FROM JULY 1, 2017 TO JUNE 30, 2018**

Background: Advancement Via Individual Determination (AVID) is a college readiness system for elementary through higher education that is designed to increase schoolwide learning and performance. The AVID College Readiness System (ACRS) accelerates student learning, uses research based methods of effective instruction, provides meaningful and motivational professional learning, and acts as a catalyst for systemic reform and change. The AVID Agreement was administered through the OCDE and has shifted to the District. Nicolas Junior High School is the Fullerton School District school that will benefit from these services and has been participating in AVID for the past ten years.

Rationale: Although AVID serves all students, the AVID elective focuses on the least served students in the academic middle. The formula is that if the school raises expectations of the students and, with the AVID support system in place, they will rise to the challenge. AVID is partnered with the University PATHWAY financial aid program with Hope International University.

Funding: Cost is not to exceed \$4,318 for participating school site to be paid from the Nicolas JHS site budget (#302).

Recommendation: Approve License and Service Agreement between Fullerton School District and Advancement Via Individual Determination (AVID) to provide support and training for the implementation and evaluation of the AVID Program at Nicolas Junior High School from July 1, 2017 to June 30, 2018.

Article II. Period of Agreement

- 2.1 **Term:** The Term ("Term") of this Agreement shall be July 1, 2017 to June 30, 2018 unless earlier terminated as provided herein.

Article III. Licenses and Rights

- 3.1 Copyright License: Subject to Client's performance of all the provisions of this Agreement, AVID Center hereby grants to Client a non-transferable license, without the right to sublicense, to distribute, reproduce, and display the AVID Materials and AVID Methodologies solely to implement AVID Elementary and/or AVID Secondary, or AVID for Higher Education as ordered on Quote(s), during the period listed in the corresponding Exhibit, and for no other purpose.
- (a) Client may distribute, reproduce, and display the AVID Materials only to appropriate staff and students of the AVID Member Sites listed in Quote(s), for the sole purpose of implementing the specified AVID service or product at the AVID Member Sites and for no other purpose. Client will not permit any of the AVID Materials or AVID Methodologies to be used by anyone other than the AVID Member Sites.
- (b) Further, Client will only distribute, display, photocopy, reproduce or otherwise duplicate, those AVID Materials and AVID Methodologies corresponding to the specific AVID service or product listed for each AVID Member Site in Quote(s). [For example, if Quote(s) specifies both AVID Elementary and AVID Secondary membership at ABC School Site, but only specifies AVID Elementary membership at XYZ School Site, Client will not distribute, display, photocopy, reproduce, duplicate, or otherwise make available the AVID Secondary Materials and Methodologies to XYZ School Site.]
- (c) Client and any AVID Member Sites will not distribute, display, photocopy, reproduce or otherwise duplicate, all or any part of the AVID Materials or AVID Methodologies to anyone other than the AVID Member Sites without AVID Center's prior written consent.
- (d) Should Client wish to make any of the AVID Materials or AVID Methodologies accessible to its AVID Member Sites through the Internet, it will do so on a password-protected website, and it will ensure that only appropriate staff and students of the AVID Member Sites are allowed access to the website.
- (e) Should Client wish to make electronic versions of any of the AVID Materials or AVID Methodologies available for download by its AVID Member Sites, it will ensure that only appropriate staff and students of the AVID Member Sites are allowed access to those materials, and it will require that those staff and students agree not to distribute, reproduce, display, or transfer those materials to anyone other than appropriate staff and students of the AVID Member Sites before downloading those materials.
- (f) Client and any AVID Member Sites shall not modify or otherwise alter the AVID Materials or AVID Methodologies in any way, or create or distribute any derivative works of the AVID Methodologies or the AVID Materials in any way. Client also agrees not to use or adopt the AVID Methodologies or AVID Materials with respect to any educational or other program except solely to implement AVID under the provisions of this Agreement.
- (g) Client and any AVID Member Sites acknowledge that they do not have the right to sell, sublicense, transfer, or lease any of the AVID Materials or AVID Methodologies to any person or entity.

- 3.2 Trademark License: Subject to Client's performance of all the provisions of this Agreement, AVID Center hereby grants to Client during the Term a non-exclusive, non-transferable, indivisible license, without the right to sublicense, to use the AVID trademarks (collectively "AVID Trademarks"), (a) only as they are incorporated in the AVID Materials, and (b) only on advertising flyers and written promotional materials created by Client or the AVID Member Sites listed in Quote(s) in order to promote and implement AVID at those AVID Member Sites. Client agrees that it will use its best efforts to use the AVID Trademarks in a professional manner in order to preserve and enhance AVID Center's substantial goodwill associated with the AVID Trademarks. Client agrees that it or its AVID Member Sites will not use any of the AVID Trademarks as a corporate or business entity name, as a fictitious business name or as a trade name, and will not use any name in such capacity that is confusingly similar to the AVID Trademarks. Client further acknowledges and agrees that it and its AVID Member Sites cannot modify or otherwise alter any of the AVID Trademarks or use any other designs or logos in conjunction with its use of the AVID Trademarks. Client cannot use the AVID Trademarks for any educational or other program other than to implement AVID at the Member Sites listed in Quote(s) consistent with the above license. Client and its AVID Member Sites will always use the proprietary symbol ® immediately adjacent to the respective AVID Trademarks as noted above with respect to their use of the AVID Trademarks. If Client or its Member Sites desire to use or place the AVID Trademarks on any products, things, or other merchandising items in order to promote AVID, it must first seek and obtain permission from AVID Center by completing AVID Center's Request to Use AVID Center Trademark Form and complying with any of AVID Center's conditions for approval. Any such additional uses of the AVID Trademarks approved by AVID Center shall also be subject to the terms of this license and the other provisions of this Article III.
- 3.3 Rights Reserved: Notwithstanding anything to the contrary in this Agreement, all rights not specifically granted in this Agreement to Client shall be reserved and remain always with AVID Center.
- 3.4 Proprietary Rights: The parties agree that AVID Center shall solely own and have exclusive worldwide right, title and interest in and to the AVID Trademarks, AVID Materials and AVID Methodologies, to all modifications, enhancements and derivative works thereof, and to all United States and worldwide trademarks, service marks, trade names, trade dress, logos, copyrights, rights of authorship, moral rights, patents, know-how, trade secrets and all other intellectual and industrial property rights related thereto ("Intellectual Property Rights"). Client shall not challenge, contest or otherwise impair AVID Center's ownership of the AVID Trademarks, AVID Materials or AVID Methodologies, or any of AVID Center's applications or registrations thereof, or the validity or enforceability of AVID Center's Intellectual Property Rights related thereto. Client also agrees not to submit any applications or otherwise attempt to register for itself or others any of the AVID Trademarks, AVID Materials or AVID Methodologies.
- 3.5 Enforcement: The parties agree that except to the limited extent expressly set forth in Paragraphs 3.1 and 3.2 above, AVID Center will be irreparably harmed and money damages would be inadequate compensation to AVID Center in the event Client breaches any material provision of Article III. Accordingly, all of the provisions of this Agreement shall be specifically enforceable by injunctive and other relief against Client without the requirement to post a bond, in addition to any other remedies available to AVID Center, for Client's breach of any provision of this Agreement.

- 3.6 Proprietary Notices: Client agrees not to remove, alter or otherwise render illegible any trademark, copyright or other proprietary right notices or other identifying marks from the AVID Materials or any permitted copies thereof.
- 3.7 Infringement: Client agrees to notify AVID Center of any conduct or actions on the part of third parties of which it becomes aware that might be deemed an infringement or other violation of AVID Center's rights in the AVID Trademarks, AVID Materials or AVID Methodologies. In such an event, AVID Center shall have the sole right to bring an action for infringement or other appropriate action with respect thereto. AVID Center shall exclusively control the prosecution and settlement of any such action. Client agrees to fully cooperate with AVID Center in any such action and provide AVID Center with all information and assistance reasonably requested by AVID Center.
- 3.8 Compliance With Laws: Client agrees that the AVID Trademarks, AVID Materials and AVID Methodologies will be used in accordance with all applicable laws and regulations and in compliance with any regulatory or governmental agency that has jurisdiction over Client and its educational programs.
- 3.9 Sole Source: AVID Center affirms that it is the sole source of the AVID College Readiness System to which competition may be precluded due to the existence of a patent, copyright, secret process, or monopoly. AVID Center's sole source development includes intellectual property - copyrights and trademarks - in the AVID Materials, licensing for reproduction of student activity sheets associated with the curriculum, technical assistance, training to teachers and administrators, and coordination of the AVID College Readiness System through consultation, data collection, and certification processes.

Article IV. Compensation

- 4.1 Quotes--Invoicing and Payment: During the Term of this Agreement, Client may request Quote(s) for AVID services and/or products. Client indicates its acceptance of a Quote by signing the respective Quote or issuing a Purchase Order in the amount of the Quote. Should Client issue Purchase Order(s) for such Quote(s), the terms and conditions of this Agreement shall control for all Purchase Orders; no terms and conditions on Purchase Orders will apply to any part of this Agreement. AVID Center will invoice Client according to the terms listed in the accepted Quote(s).

Article V. Status of Parties

- 5.1 Independent Contractors: AVID Center and Client are independent contractors and their relationship is that of a licensor and licensee. This Agreement is not intended to create a relationship of employment, agency, partnership, joint venture, or similar arrangement between the parties. Neither party shall have any power or authority to bind or commit the other party in any respect, contractually or otherwise. In no event shall either party, or any of its respective officers, agents, or employees, be considered the officers, agents, or employees of the other party.

- 6.2 Client Warranty: Client warrants that it has obtained all necessary approvals and taken all necessary steps to enter into this Agreement. The person signing on behalf of Client warrants that he or she has the authority to enter into this Agreement on behalf of Client and to bind Client to perform all of its obligations under this Agreement.

Article VII. Termination

- 7.1 Termination for Cause: Subject to the last sentence of this Paragraph 7.1, either party has the right to terminate this Agreement at any time if the other party is in material breach of any warranty, term, condition or covenant of this Agreement and (i) fails to cure that breach within thirty (30) days of receiving notice from the non-breaching party which specifies such material breach and demands cure thereof, or (ii) fails to provide the non-breaching party assurance that the breach will be cured within a longer period of time which is acceptable to the non-breaching party. In the case of a breach by Client that is not cured as described above, AVID Center shall have the right to terminate Client's right to conduct all or part of an AVID product or service at one or more specific AVID Member Sites, by giving written notice to Client of the sites so terminated, without terminating this Agreement with respect to the other products or services at the particular AVID Member Site and/or other AVID Member Site(s) subject to this Agreement. Any termination under this Paragraph 7.1 will become effective automatically upon expiration of the cure period in the absence of a cure or mutually agreed-upon resolution. Notwithstanding the foregoing, any material breach by Client, which is further defined as a breach of any of the provisions of Article III, shall be deemed non-curable and AVID Center shall have the right to immediately terminate this Agreement upon such material breach by Client.
- 7.2 Termination Without Cause: Notwithstanding Paragraph 7.1 above, either party may terminate this Agreement upon thirty (30) days prior written notice to the other party.
- 7.3 Cessation of Use: Upon termination or expiration of this Agreement: (a) the licenses in Article III shall automatically terminate and revert to AVID Center, (b) Client shall thereafter immediately discontinue AVID in all of its school sites and cease using the AVID Materials, AVID Methodologies, or AVID Trademarks in any way, and (c) Client shall pay any unpaid balances to AVID Center and remain liable for its obligations or other actions that accrued or occurred prior to the termination date.
- 7.4 Cumulative Remedies: All rights and remedies conferred herein shall be cumulative and in addition to all of the rights and remedies available to each party at law, equity or otherwise. In addition, Paragraphs 3.3, 3.4, 3.5, 3.6, 4.1, and all of the provisions of Articles VII and VIII shall survive the termination or expiration of this Agreement.

Article VIII. General Provisions

- 8.1 **Governing Law and Venue:** If any action at law or in equity is brought to enforce or interpret the provisions of this Agreement, then (i) if AVID is the party initiating the action (e.g., as plaintiff), this Agreement shall be interpreted under the law of the State in which Client is located, the action shall be submitted to the exclusive jurisdiction of the applicable court in the city and State where Client is located and venue for the action shall be that city and State; and (ii) if Client is the party initiating that action (e.g., as plaintiff), this Agreement shall be interpreted under California law, the action shall be submitted to the exclusive jurisdiction of the applicable court in San Diego, California, and venue for the action shall be San Diego, California.

SUBJECT: **APPROVE/RATIFY ADDENDUM AGREEMENT FROM FRONTLINE EDUCATION FOR SUBSCRIPTION OF TIME AND ATTENDANCE MODULE TO BE ADDED TO EXISTING ABSENCE AND SUBSTITUTE MANAGEMENT MODULE EFFECTIVE FOR 2016-2017, 2017-2018, AND 2018-2019**

Background: Since 2008, the District has been using Absence Management, formerly AESOP, to facilitate and manage its daily substitute needs. This system is a functional module owned by Frontline Education and has provided the District with an efficient method to fill employee absences.

Background: Education Code Section 52062 requires that the Board of Trustees hold a public hearing for the proposed budget at the same meeting as the public hearing for the Local Control Accountability Plan (LCAP). The public hearing must take place in advance of and at a meeting separate from the Board meeting to adopt the LCAP and the budget. The LCAP will be presented for approval during the June 20, 2017 Board Meeting. A governing board of a school district shall hold at least one public hearing to solicit the recommendations and comments of members of the public regarding the specific actions and expenditures proposed to be included in the LCAP and annual update to the LCAP. The agenda for the hearing shall be posted at least 72 hours before the public hearing and shall include the location where the LCAP will be available for public inspection. The public hearing shall be held at the same meeting as the public hearing for the adoption of the district's budget for the subsequent fiscal year required under Education Code section 42127(a)(1).

Rationale: Education Code Section 52062 requires every school district to hold a public hearing for the LCAP prior to adoption. In addition to the established postings for a public meeting of the Board of Trustees, a notice was posted at school sites providing the date, time, and location of the LCAP public hearing. The proposed LCAP was posted on the District website and a copy was made available to the public for review in the Superintendent's Office.

SUBJECT: PROPOSED BUDGET FOR 2017-18 AND MULTI-YEAR FINANCIAL PROJECTIONS

The estimated ending balances for the 2016-17 fiscal year and our initial budget for the 2017-18 fiscal year are presented here for your review and approval. The District is required by Education Code 42127 to adopt a budget for all District funds for the subsequent fiscal year by June 30 of each year. At the same time, the District presents its estimated actual financial results for the current fiscal year. This memo provides a summary of the assumptions used in the preparation of the budget, as well as an analysis of current multi-year financial projections for the District.

2016-17 Estimated Unaudited Actuals

The estimated unaudited actuals consist of the District's current budget adjusted to reflect projected and known changes through the end of the fiscal year. These adjustments include:

- Updating the final estimated Local Control Funding Formula (LCFF) projection to our California Department of Finance projection.
There are no material changes to the LCFF estimate since the Second Interim reporting.
- Updating categorical revenue accounts to reflect actual grant and entitlement amounts as apportioned by the state and federal governments.
Various minor changes to categorical programs have been incorporated into the budget for the Estimated Actuals.
- Analysis and revision of General Fund expense accounts.
Fiscal staff have reviewed line item expenditure budgets, budget vs. actual, for all General Fund programs and accounts. Based upon this analysis, there are two material increases between the budget as presented at Second Interim and the Estimated Actuals.
 - Estimated Actuals adjusted to include an increase for the 2% on-schedule salary adjustment with the Fullerton Elementary Teachers Association (FETA) retroactive to July 1, 2016. This increase in expenditures was \$1,010,847.
 - Estimated Actuals also adjusted to shift one-time money of \$1,000,000 in books and supplies expenditures from one-time expense in 2016-17 to spend in 2017-18.
- All other 2016-17 budget amounts are not expected to be materially different from the Second Interim budget and thus are carried forward to the year-end projection.

Based upon a review of current actual financial data (as of month-end April 30, 2017) and the adjustments noted above, the District estimates final unaudited results in the Unrestricted General Fund reflect a reduction of (\$17) in the previously reported budgeted net income from Second Interim.

Based upon the assumptions listed above, the Estimated Actuals show a total net decrease to the fund balance of (\$7,059,278). This consists of a net decrease in the Unrestricted Fund of (\$858,696) combined with a net decrease in the Restricted Fund of (\$6,200,582). This deficit spending primarily reflects a spending down of prior year fund balance carryovers.

The estimated total ending General Fund balance at June 30, 2017, is \$30,653,972. The Unrestricted Ending Fund balance (Unassigned and Reserve for Economic Uncertainties) is estimated at \$29,458,291, which is 20.98% of total General Fund expenditures. (The state requirement is 3%.)

These projections constitute our best estimate at this time of how the District will finish the 2016-17 fiscal year. Final results will not be known until we close our books and prepare our year-end financial statements (J-200 Unaudited Actuals) in August. Results will be presented to the Board in early September.

2017-18 Budget

State Budget Outlook

On January 10, 2017, Governor Brown introduced his proposed 2017-18 state budget, beginning the legislative process for the upcoming fiscal year. On May 11, 2017, he released his May Revision to his January budget. The May Revision outlines the Governor's expectations for the budget, which the Legislature then has until June 15 to revise and pass.

Despite lagging state revenue expectations, the Governor has proposed in his May Revision an increase to education funding of nearly \$1.4 billion for the 2017-18 budget year. School districts will receive on average a 2.69% increase in their Local Control Funding Formula (LCFF) per pupil funding. Districts will also see a modest 1.56% COLA (Cost of Living Adjustment) on other categorical programs, including special education.

As the LCFF funding formula goes into its fifth year (of a planned eight-year implementation), districts will be at 97% of the target funding level. However, districts have not seen their purchasing power returned to pre-recession (2007-08) levels, which was one of the goals of LCFF. New dollars coming in are not offsetting increased costs projected for K-12 education, including increased STRS/PERS rates, health insurance increases, and other inflationary costs. Coupled with an eventual downturn in the economy, the financial future for K-12 education is not the same rosy picture it has been the last four years.

The Governor continues to take a conservative approach in the projection of state revenues, holding funds as long as possible before he pays out our Prop 98 guarantee. As he has the past several years, the Governor has proposed one-time discretionary funds be paid out to the districts as part of the Prop 98 obligation. However, the Governor is suggesting that the funds not be paid until May 2019, when an accurate settle-up can be made. As a result, school districts are not including these amounts in their financial projections.

At the time of this writing, the Legislature and the Governor are still in session, and the final budget had not yet been determined. The District budget presented here has been adjusted for the Governor's May Revision proposal for LCFF revenues, as well as the application of the COLA to state categorical programs. The Governor's proposal for one-time funding has not been reflected in this projection. The total budget will be reviewed and adjusted once the state passes its final budget, and then continually throughout the year as new information is received.

FSD 2017-18 Budget

When building its budget, the District utilizes the most up-to-date information and forecasts that it has received from the California Department of Education (CDE), and the Orange County Department of Education (OCDE). The District is required to present its proposed budget for the ensuing fiscal year twice before the June 30 statutory deadline for passage by the Board of Trustees. Given that the Legislature is not required to pass the state budget until June 15, the District will usually not be able to incorporate the effects of the state's June budget in its own June budget. Further revisions to update the District's budget will then be made after the Governor signs the state budget.

Revenue accounts are estimated based upon the CDE's and OCDE's projections, as well as the District's 2016-17 reported P-2 ADA. The District has estimated state LCFF revenue using the annual GAP funding percentages as projected by the Department of Finance for the May Revise. A COLA of 1.56% has been applied to other state programs, including Special Education. The District has not added any new state-funded programs to its budget. Due to the uncertainty on the Governor's proposed one-time discretionary funding, no revenues for this program have been added to the District's 2017-18 budget or out-year projections.

Expenditures are forecast taking into account all known and projected increases and decreases in expenditures, including changes due to our negotiated salary agreements, step and column, changes in staffing and benefits, changes in contracts and leases, and projected inflationary increases.

The District's budget is required by law to be reviewed and approved by OCDE. Our OCDE consultant reviews all of our detailed assumptions for both our 2017-18 budget and our three-year projection. A budget built on assumptions that cannot be verified and justified by OCDE will not be approved.

The following provides more details on the budget.

Revenues

The 2017-18 General Fund budget projects total revenues of \$127.9 million, for a net decrease (from 2016-17 estimated revenues) of (\$5.4 million). The majority of the net change is due to a projected decrease in the one-time mandated cost state revenue offset by increases to the LCFF. There is also a decrease in federal revenue of (\$1.6 million).

LCFF income is projected to increase due to an increase in the COLA of 1.56%, as well additional funding to move towards the LCFF goal. The 2017-18 target-gap funding rate is 43.97%. The unduplicated count percent decreased very slightly to 51.31%. This results in a per-ADA increase to LCFF funding of 2.49%.

This increase is offset by a decline in the District's apportionment earning ADA. The District P-2 ADA declined in fiscal 2016-17 by 138. The state allows a one-year "hold harmless"; this drop is reflected in the 2017-18 LCFF revenue.

Federal revenues are projected with decreases resulting from the exclusion of carryover balances and proposed cuts by the federal government. State categorical programs are budgeted with a 1.56% COLA.

Other revenues are based upon historical trends and estimated actuals.

Expenditures

For 2017-18, total General Fund expenditures are projected at \$131.4 million. The budget reflects routine annual increases required by step and column movement, rate increases for health insurance and for STRS and PERS retirement plans, and other cost of living increases. Other material discretionary increases to the budget include the addition of an additional level to the Dual Immersion Program, as well as additional aides for the increase in all-day kindergarten classes. See the attached list for more details.

Change in Fund Balance

Based upon these assumptions, the estimated total ending General Fund balance for the 2017-18 fiscal year shows a net decrease of (\$3,362,302) which is entirely from the reduction in the Unrestricted General Fund.

The estimated total ending General Fund balance for the 2017-18 fiscal year is \$27,291,670. The Unrestricted Ending Fund balance (Unassigned and Reserve for Economic Uncertainties) is estimated at \$27,182,557, which is 20.69% of total General Fund expenditures.

Three-Year Projection

The District is required to submit a three-year financial projection for the General Fund at the time of budget submission. However, unlike at First and Second Interim, the District is not required to certify the District’s financial status at this time. Detailed assumptions for the preparation of the three-year projection are attached.

The most significant factors in the projection are the state-funded LCFF and the District’s projected ADA.

LCFF: The District is utilizing the Department of Finance’s estimated COLAs and LCFF Funding Rate percentages as of the Governor’s May Revise budget proposal. The District is not projecting that its current 51.31% Unduplicated Percentage of enrollment will fluctuate by more than 1% for the subsequent two years of the projection.

ADA: The District is projecting no change to ADA in either the 2018-19 or 2019-20 fiscal years.

The District’s three-year projection shows Unrestricted General Fund ending fund balance amounts as follows:

	<u>Percent</u>	<u>Amount Above 3%</u>
June 30, 2018	20.69%	\$23,242,017
June 30, 2019	18.36%	\$20,660,401
June 30, 2020	15.28%	\$17,031,394

Required Disclosure under Education Code section 42127(a)(2)(b) regarding reasons for Ending Fund Balances above the state-recommended minimum level

Education Code section 42127(a)(2)(b) requires a statement of reason that substantiates the need for assigned and unassigned ending fund balances in excess of the minimum reserve standard for economic uncertainties for each fiscal year be identified in the budget.

The Board of Trustees of the Fullerton School District currently maintains a prudent reserve which provides for anticipated future expenditures for technology, instructional materials, and other necessary instructional expenditures. The District must also have funds available to mitigate the costs to the District of declining enrollment. Additionally, the reserve is maintained to provide for unplanned or emergency expenditures that might occur in the future. The District must also plan for future facilities needs. Finally, the District must also plan for future downturns in the state economy which could negatively affect the District’s budget.

Projected Unrestricted Ending Fund Balance:

	<u>Assigned</u>	<u>Unassigned</u>	<u>3% Minimum</u>	<u>Amount Above 3% Minimum</u>
June 30, 2018	\$0	\$27,182,557	\$3,940,540	\$23,242,017
June 30, 2019	\$0	\$24,694,871	\$4,034,470	\$20,660,401
June 30, 2020	\$0	\$21,191,386	\$4,104,844	\$17,031,394

OTHER FUNDS

Child Development Fund: The Child Development Fund records the financial activities from the following District programs: state-funded preschool, state-funded before- and after-school programs, parent-paid before- and after-school care, and tuition-based preschool. Financial results project an approximate break-even for the current fiscal year and a small spend-down of reserves for the budget year.

Cafeteria Fund: The Cafeteria Fund continues to operate in a strong financial position. Participation in the National and State School Lunch and Breakfast programs continues to rise. Financial results are projected to approximate break-even for both the current and budget fiscal years.

Deferred Maintenance Fund: The Deferred Maintenance Fund is projected to spend down reserves in both the current and budget years. The state suspended funding of the Deferred Maintenance program during the economic downturn and, with the advent of LCFF, has closed the program. The District plans to spend down the remaining reserves in this fund to complete required deferred maintenance projects.

Bond Building Fund: This fund accounts for amounts remaining from the District's former general obligation bonds proceeds. Certain capital expenditures which cannot be funded from the Deferred Maintenance, Developer Fee, or Special Reserve for Capital Outlay Funds are paid for from this fund. The District is in the process of closing out this fund also.

Capital Facilities Fund: The Capital Facilities Fund accounts for the collection and expenditure of developer fees. Approximately \$208,000 in fees was collected in 2016-17. Revenues for the budget year are projected and budgeted as cash is received. Expenditures from this fund are for capital projects related to growth in student enrollment.

Special Reserve Fund—Capital Outlay Projects: This fund records financial activity related to the Laptop Reserve and also revenues received from the City of Fullerton as pass-through payments from their Redevelopment Agency. Various capital projects for schools in the designated Redevelopment Areas are financed through this fund. In 2015-16 the District transferred money into this fund from the General Bond Building and Capital Facilities Funds to account for capital projects related to the State Proposition 39 Clean Energy Jobs Act plans, specifically, the Parks HVAC project. The majority of expenditures for this project was incurred in 2016-17.

Capital Projects Fund—Blended Components: This fund records the financial activity related to the District's two Community Facility Districts (CFDs). Revenues are taxes collected from homeowners, and expenditures are primarily payments to bond holders as well as administrative expenses related to the CFDs' operations. Various capital projects for schools in the CFD areas are financed through this fund.

Self-Insurance Fund: The Self-Insurance Fund consists of three sub-funds: Property and Liability, Workers' Compensation, and the Dental Self-Insurance Reserve.

The District is responsible for a \$5,000 deductible per claim for property damage, \$50,000 deductible per claim for liability, and \$1,000,000 per claim for Workers' Compensation. Excess insurance is purchased for amounts over the deductibles. Liabilities are projected and booked, and claims and claims expenses are paid through these two sub-funds. Excess insurance is also purchased from the funds.

The District funds the Property and Liability Fund by charging an allocated amount to the General Fund. The amount charged in 2016-17 provided sufficient funding. There was no need to increase the transfer amount for 2017-18.

Currently the District charges a 1.2% payroll tax on all payrolls to fund the Workers' Compensation Fund. This rate provided sufficient funding to cover costs of excess insurance, claims and claims expenses, and the reserve for Incurred But Not Recorded (IBNR) claims for 2016-17.

The Dental Self-Insurance Reserve maintains a balance to pay any tail claims incurred by the District from a former JPA self-insurance plan in which it participated. There is no activity projected in this reserve.

Provide methodology and assumptions used to estimate ADA, enrollment, revenues, expenditures, reserves and fund balance, and multiyear commitments (including cost-of-living adjustments).

Deviations from the standards must be explained and may affect the approval of the budget.

CRITERIA AND STANDARDS

1. CRITERION: Average Daily Attendance

STANDARD: Funded average daily attendance (ADA) has not been overestimated in 1) the first prior fiscal year OR in 2) two or more of the previous three fiscal years by more than the following percentage levels:

Percentage Level	District ADA		
3.0%	0	to	300
2.0%	301	to	1,000
1.0%	1,001	and	over

District ADA (Form A, Estimated P-2 ADA column, lines A4 and C4):

District's ADA Standard Percentage Level:

1A. Calculating the District's ADA Variances

DATA ENTRY: For the Third, Second, and First Prior Years, enter Estimated Funded ADA in the Original Budget Funded ADA column; enter district regular ADA and charter school ADA corresponding to financial data reported in the General Fund, only, for the Third, Second, and First Prior Years. All other data are extracted.

*Please note for FY 2014-15 original budget: Line C4 in Form A reflects total charter school ADA corresponding to financial data reported in funds 01, 09, and 62. Please adjust charter school ADA or explain accordingly.

4. CRITERION: LCFF Revenue

STANDARD: Projected local control funding formula (LCFF) revenue for any of the budget year or two subsequent fiscal years has not changed from the prior fiscal year by more than the change in population, plus the district's gap funding or cost-of-living adjustment (COLA)¹ and its economic recovery target payment, plus or minus one percent.

For basic aid districts, projected LCFF revenue has not changed from the prior fiscal year by more than the percent change in property tax revenues plus or minus one percent.

For districts funded by necessary small school formulas, projected LCFF revenue has not changed from the prior fiscal year amount by more than the district's gap funding or COLA¹ and its economic recovery target payment, plus or minus one percent.

¹Districts that are already at or above their LCFF target funding as described in Education Code Section 42238.03(d) receive no gap funding. These districts have a COLA applied to their LCFF target, but their year-over-year revenue increase might be less than the statutory COLA due to certain local factors and components of the funding formula.

DISCUSSION/ACTION ITEM

DATE: June 20, 2017

TO: Robert Pletka, Ed.D., District Superintendent

FROM: Emy Flores, Ed.D., Assistant Superintendent, Educational Services

SUBJECT: **ADOPT PROPOSED LOCAL CONTROL AND ACCOUNTABILITY PLAN (LCAP) FOR THREE SCHOOL YEARS 2017/2018, 2018/2019, 2019/2020 AND ANNUAL UPDATE FOR 2016/2017**

Background: On or before July 1, 2017, the governing board of each school district is required to adopt a Local Control Accountability Plan (LCAP) using a template adopted by the State Board of Education. A Local Control Accountability Plan (LCAP) adopted by a governing board of a school district shall be effective for a period of three years and shall be updated on or before July 1 of each year. The LCAP Stakeholders Committee met during the year to revise and update the Fullerton LCAP three-year plan and annual update. The committee is comprised of Fullerton School District staff, including certificated and classified, parents, and community members who provide valuable input and feedback into the District plan. The LCAP will be sent to the Orange County Department of Education for final approval by July 1, 2017.

Rationale: A public hearing for the proposed Local Control and Accountability Plan (LCAP) and a public hearing for the adoption of the District's budget were held at a regularly scheduled board meeting on June 6, 2017. In addition to the established postings for a public meeting of the Board of Trustees, a notice was posted at school sites providing the date, time, and location of the LCAP public hearing. The proposed LCAP was posted on the District website and a copy was made available to the public for review in the Superintendent's Office.

Funding: The LCAP provided guidance for developing the District budget.

Recommendation: Adopt proposed Local Control and Accountability Plan (LCAP) for three school years 2017/2018, 2018/2019, 2019/2020 and Annual Update for 2016/2017.

BOARD AGENDA ITEM #2b

DISCUSSION/ACTION ITEM

DATE: June 20, 2017
TO: Robert Pletka, Ed.D., District Superintendent
FROM: Susan Hume, Assistant Superintendent, Business Services
SUBJECT: PROPOSED 2017/2018 BUDGET—ALL FUNDS

Background: Education Code section 52062 requires that the Board of Trustees hold a public hearing for the proposed budget at the same meeting as the public hearing for the Local Control Accountability Plan (LCAP). The public hearing must take place in advance of and at a meeting separate from the Board meeting to adopt the LCAP and the budget. The proposed 2017/2018 budget for all District funds is presented for the Board's review.

The Board members are acting as three different entities when discussing the 2017/2018 budget: (1) as the legislative body of the Fullerton School District identified as District 22; (2) as the legislative body of Community Facilities District No. 2000-01 (Van Daele) identified as District 40; and (3) as the legislative body of Community Facilities District No. 2001-1 (Amerige Heights) identified as District 48.

Rationale: Education Code sections 42127 and 52062 require every school district to hold a public hearing for the LCAP and the budget prior to adoption.

Funding: The District is projecting the following General Fund Unrestricted Fund Balance reserves:

2017/2018	20.69%
2018/2019	18.36%
2019/2020	15.28%

Recommendation: Not Applicable.

SUBJECT: PROPOSED BUDGET FOR 2017-18 AND MULTI-YEAR FINANCIAL PROJECTIONS

The estimated ending balances for the 2016-17 fiscal year and our initial budget for the 2017-18 fiscal year are presented here for your review and approval. The District is required by Education Code 42127 to adopt a budget for all District funds for the subsequent fiscal year by June 30 of each year. At the same time, the District presents its estimated actual financial results for the current fiscal year. This memo provides a summary of the assumptions used in the preparation of the budget, as well as an analysis of current multi-year financial projections for the District.

2016-17 Estimated Unaudited Actuals

The estimated unaudited actuals consist of the District's current budget adjusted to reflect projected and known changes through the end of the fiscal year. These adjustments include:

- Updating the final estimated Local Control Funding Formula (LCFF) projection to our California Department of Finance projection.
There are no material changes to the LCFF estimate since the Second Interim reporting.
- Updating categorical revenue accounts to reflect actual grant and entitlement amounts as apportioned by the state and federal governments.
Various minor changes to categorical programs have been incorporated into the budget for the Estimated Actuals.
- Analysis and revision of General Fund expense accounts.
Fiscal staff have reviewed line item expenditure budgets, budget vs. actual, for all General Fund programs and accounts. Based upon this analysis, there are two material increases between the budget as presented at Second Interim and the Estimated Actuals.
 - Estimated Actuals adjusted to include an increase for the 2% on-schedule salary adjustment with the Fullerton Elementary Teachers Association (FETA) retroactive to July 1, 2016. This increase in expenditures was \$1,010,847.
 - Estimated Actuals also adjusted to shift one-time money of \$1,000,000 in books and supplies expenditures from one-time expense in 2016-17 to spend in 2017-18.
- All other 2016-17 budget amounts are not expected to be materially different from the Second Interim budget and thus are carried forward to the year-end projection.

Based upon a review of current actual financial data (as of month-end April 30, 2017) and the adjustments noted above, the District estimates final unaudited results in the Unrestricted General Fund reflect a reduction of (\$17) in the previously reported budgeted net income from Second Interim.

Based upon the assumptions listed above, the Estimated Actuals show a total net decrease to the fund balance of (\$7,059,278). This consists of a net decrease in the Unrestricted Fund of (\$858,696) combined with a net decrease in the Restricted Fund of (\$6,200,582). This deficit spending primarily reflects a spending down of prior year fund balance carryovers.

The estimated total ending General Fund balance at June 30, 2017, is \$30,653,972. The Unrestricted Ending Fund balance (Unassigned and Reserve for Economic Uncertainties) is estimated at \$29,458,291, which is 20.98% of total General Fund expenditures. (The state requirement is 3%.)

These projections constitute our best estimate at this time of how the District will finish the 2016-17 fiscal year. Final results will not be known until we close our books and prepare our year-end financial statements (J-200 Unaudited Actuals) in August. Results will be presented to the Board in early September.

2017-18 Budget

State Budget Outlook

On January 10, 2017, Governor Brown introduced his proposed 2017-18 state budget, beginning the legislative process for the upcoming fiscal year. On May 11, 2017, he released his May Revision to his January budget. The May Revision outlines the Governor's expectations for the budget, which the Legislature then has until June 15 to revise and pass.

Despite lagging state revenue expectations, the Governor has proposed in his May Revision an increase to education funding of nearly \$1.4 billion for the 2017-18 budget year. School districts will receive on average a 2.69% increase in their Local Control Funding Formula (LCFF) per pupil funding. Districts will also see a modest 1.56% COLA (Cost of Living Adjustment) on other categorical programs, including special education.

As the LCFF funding formula goes into its fifth year (of a planned eight-year implementation), districts will be at 97% of the target funding level. However, districts have not seen their purchasing power returned to pre-recession (2007-08) levels, which was one of the goals of LCFF. New dollars coming in are not offsetting increased costs projected for K-12 education, including increased STRS/PERS rates, health insurance increases, and other inflationary costs. Coupled with an eventual downturn in the economy, the financial future for K-12 education is not the same rosy picture it has been the last four years.

The Governor continues to take a conservative approach in the projection of state revenues, holding funds as long as possible before he pays out our Prop 98 guarantee. As he has the past several years, the Governor has proposed one-time discretionary funds be paid out to the districts as part of the Prop 98 obligation. However, the Governor is suggesting that the funds not be paid until May 2019, when an accurate settle-up can be made. As a result, school districts are not including these amounts in their financial projections.

At the time of this writing, the Legislature and the Governor are still in session, and the final budget had not yet been determined. The District budget presented here has been adjusted for the Governor's May Revision proposal for LCFF revenues, as well as the application of the COLA to state categorical programs. The Governor's proposal for one-time funding has not been reflected in this projection. The total budget will be reviewed and adjusted once the state passes its final budget, and then continually throughout the year as new information is received.

FSD 2017-18 Budget

When building its budget, the District utilizes the most up-to-date information and forecasts that it has received from the California Department of Education (CDE), and the Orange County Department of Education (OCDE). The District is required to present its proposed budget for the ensuing fiscal year twice before the June 30 statutory deadline for passage by the Board of Trustees. Given that the Legislature is not required to pass the state budget until June 15, the District will usually not be able to incorporate the effects of the state's June budget in its own June budget. Further revisions to update the District's budget will then be made after the Governor signs the state budget.

Revenue accounts are estimated based upon the CDE's and OCDE's projections, as well as the District's 2016-17 reported P-2 ADA. The District has estimated state LCFF revenue using the annual GAP funding percentages as projected by the Department of Finance for the May Revise. A COLA of 1.56% has been applied to other state programs, including Special Education. The District has not added any new state-funded programs to its budget. Due to the uncertainty on the Governor's proposed one-time discretionary funding, no revenues for this program have been added to the District's 2017-18 budget or out-year projections.

Expenditures are forecast taking into account all known and projected increases and decreases in expenditures, including changes due to our negotiated salary agreements, step and column, changes in staffing and benefits, changes in contracts and leases, and projected inflationary increases.

The District's budget is required by law to be reviewed and approved by OCDE. Our OCDE consultant reviews all of our detailed assumptions for both our 2017-18 budget and our three-year projection. A budget built on assumptions that cannot be verified and justified by OCDE will not be approved.

The following provides more details on the budget.

Revenues

The 2017-18 General Fund budget projects total revenues of \$127.9 million, for a net decrease (from 2016-17 estimated revenues) of (\$5.4 million). The majority of the net change is due to a projected decrease in the one-time mandated cost state revenue offset by increases to the LCFF. There is also a decrease in federal revenue of (\$1.6 million).

LCFF income is projected to increase due to an increase in the COLA of 1.56%, as well additional funding to move towards the LCFF goal. The 2017-18 target-gap funding rate is 43.97%. The unduplicated count percent decreased very slightly to 51.31%. This results in a per-ADA increase to LCFF funding of 2.49%.

This increase is offset by a decline in the District's apportionment earning ADA. The District P-2 ADA declined in fiscal 2016-17 by 138. The state allows a one-year "hold harmless"; this drop is reflected in the 2017-18 LCFF revenue.

Federal revenues are projected with decreases resulting from the exclusion of carryover balances and proposed cuts by the federal government. State categorical programs are budgeted with a 1.56% COLA.

Other revenues are based upon historical trends and estimated actuals.

Expenditures

For 2017-18, total General Fund expenditures are projected at \$131.4 million. The budget reflects routine annual increases required by step and column movement, rate increases for health insurance and for STRS and PERS retirement plans, and other cost of living increases. Other material discretionary increases to the budget include the addition of an additional level to the Dual Immersion Program, as well as additional aides for the increase in all-day kindergarten classes. See the attached list for more details.

Change in Fund Balance

Based upon these assumptions, the estimated total ending General Fund balance for the 2017-18 fiscal year shows a net decrease of (\$3,362,302) which is entirely from the reduction in the Unrestricted General Fund.

The estimated total ending General Fund balance for the 2017-18 fiscal year is \$27,291,670. The Unrestricted Ending Fund balance (Unassigned and Reserve for Economic Uncertainties) is estimated at \$27,182,557, which is 20.69% of total General Fund expenditures.

Three-Year Projection

The District is required to submit a three-year financial projection for the General Fund at the time of budget submission. However, unlike at First and Second Interim, the District is not required to certify the District’s financial status at this time. Detailed assumptions for the preparation of the three-year projection are attached.

The most significant factors in the projection are the state-funded LCFF and the District’s projected ADA.

LCFF: The District is utilizing the Department of Finance’s estimated COLAs and LCFF Funding Rate percentages as of the Governor’s May Revise budget proposal. The District is not projecting that its current 51.31% Unduplicated Percentage of enrollment will fluctuate by more than 1% for the subsequent two years of the projection.

ADA: The District is projecting no change to ADA in either the 2018-19 or 2019-20 fiscal years.

The District’s three-year projection shows Unrestricted General Fund ending fund balance amounts as follows:

	<u>Percent</u>	<u>Amount Above 3%</u>
June 30, 2018	20.69%	\$23,242,017

Required Disclosure under Education Code section 42127(a)(2)(b) regarding reasons for Ending Fund Balances above the state-recommended minimum level

Education Code section 42127(a)(2)(b) requires a statement of reason that substantiates the need for assigned and unassigned ending fund balances in excess of the minimum reserve standard for economic uncertainties for each fiscal year be identified in the budget.

The Board of Trustees of the Fullerton School District currently maintains a prudent reserve which provides for anticipated future expenditures for technology, instructional materials, and other necessary instructional expenditures. The District must also have funds available to mitigate the costs to the District of declining enrollment. Additionally, the reserve is maintained to provide for unplanned or emergency expenditures that might occur in the future. The District must also plan for future facilities needs. Finally, the District must also plan for future downturns in the state economy which could negatively affect the District’s budget.

OTHER FUNDS

Child Development Fund: The Child Development Fund records the financial activities from the following District programs: state-funded preschool, state-funded before- and after-school programs, parent-paid before- and after-school care, and tuition-based preschool. Financial results project an approximate break-even for the current fiscal year and a small spend-down of reserves for the budget year.

Cafeteria Fund: The Cafeteria Fund continues to operate in a strong financial position. Participation in the National and State School Lunch and Breakfast programs continues to rise. Financial results are projected to approximate break-even for both the current and budget fiscal years.

Deferred Maintenance Fund: The Deferred Maintenance Fund is projected to spend down reserves in both the current and budget years. The state suspended funding of the Deferred Maintenance program during the economic downturn and, with the advent of LCFF, has closed the program. The District plans to spend down the remaining reserves in this fund to complete required deferred maintenance projects.

Bond Building Fund: This fund accounts for amounts remaining from the District's former general obligation bonds proceeds. Certain capital expenditures which cannot be funded from the Deferred Maintenance, Developer Fee, or Special Reserve for Capital Outlay Funds are paid for from this fund. The District is in the process of closing out this fund also.

Capital Facilities Fund: The Capital Facilities Fund accounts for the collection and expenditure of developer fees. Approximately \$208,000 in fees was collected in 2016-17. Revenues for the budget year are projected and budgeted as cash is received. Expenditures from this fund are for capital projects related to growth in student enrollment.

Special Reserve Fund—Capital Outlay Projects: This fund records financial activity related to the Laptop Reserve and also revenues received from the City of Fullerton as pass-through payments from their Redevelopment Agency. Various capital projects for schools in the designated Redevelopment Areas are financed through this fund. In 2015-16 the District transferred money into this fund from the General Bond Building and Capital Facilities Funds to account for capital projects related to the State Proposition 39 Clean Energy Jobs Act plans, specifically, the Parks HVAC project. The majority of expenditures for this project was incurred in 2016-17.

Capital Projects Fund—Blended Components: This fund records the financial activity related to the District's two Community Facility Districts (CFDs). Revenues are taxes collected from homeowners, and expenditures are primarily payments to bond holders as well as administrative expenses related to the CFDs' operations. Various capital projects for schools in the CFD areas are financed through this fund.

Self-Insurance Fund: The Self-Insurance Fund consists of three sub-funds: Property and Liability, Workers' Compensation, and the Dental Self-Insurance Reserve.

The District is responsible for a \$5,000 deductible per claim for property damage, \$50,000 deductible per claim for liability, and \$1,000,000 per claim for Workers' Compensation. Excess insurance is purchased for amounts over the deductibles. Liabilities are projected and booked, and claims and claims expenses are paid through these two sub-funds. Excess insurance is also purchased from the funds.

The District funds the Property and Liability Fund by charging an allocated amount to the General Fund. The amount charged in 2016-17 provided sufficient funding. There was no need to increase the transfer amount for 2017-18.

Currently the District charges a 1.2% payroll tax on all payrolls to fund the Workers' Compensation Fund. This rate provided sufficient funding to cover costs of excess insurance, claims and claims expenses, and the reserve for Incurred But Not Recorded (IBNR) claims for 2016-17.

The Dental Self-Insurance Reserve maintains a balance to pay any tail claims incurred by the District from a former JPA self-insurance plan in which it participated. There is no activity projected in this reserve.

Provide methodology and assumptions used to estimate ADA, enrollment, revenues, expenditures, reserves and fund balance, and multiyear commitments (including cost-of-living adjustments).

Deviations from the standards must be explained and may affect the approval of the budget.

CRITERIA AND STANDARDS

1. CRITERION: Average Daily Attendance

STANDARD: Funded average daily attendance (ADA) has not been overestimated in 1) the first prior fiscal year OR in 2) two or more of the previous three fiscal years by more than the following percentage levels:

Percentage Level	District ADA		
3.0%	0	to	300
2.0%	301	to	1,000
1.0%	1,001	and	over

District ADA (Form A, Estimated P-2 ADA column, lines A4 and C4):

District's ADA Standard Percentage Level:

1A. Calculating the District's ADA Variances

DATA ENTRY: For the Third, Second, and First Prior Years, enter Estimated Funded ADA in the Original Budget Funded ADA column; enter district regular ADA and charter school ADA corresponding to financial data reported in the General Fund, only, for the Third, Second, and First Prior Years. All other data are extracted.

*Please note for FY 2014-15 original budget: Line C4 in Form A reflects total charter school ADA corresponding to financial data reported in funds 01, 09, and 62. Please adjust charter school ADA or explain accordingly.

4. CRITERION: LCFF Revenue

STANDARD: Projected local control funding formula (LCFF) revenue for any of the budget year or two subsequent fiscal years has not changed from the prior fiscal year by more than the change in population, plus the district's gap funding or cost-of-living adjustment (COLA)¹ and its economic recovery target payment, plus or minus one percent.

For basic aid districts, projected LCFF revenue has not changed from the prior fiscal year by more than the percent change in property tax revenues plus or minus one percent.

For districts funded by necessary small school formulas, projected LCFF revenue has not changed from the prior fiscal year amount by more than the district's gap funding or COLA¹ and its economic recovery target payment, plus or minus one percent.

¹Districts that are already at or above their LCFF target funding as described in Education Code Section 42238.03(d) receive no gap funding. These districts have a COLA applied to their LCFF target, but their year-over-year revenue increase might be less than the statutory COLA due to certain local factors and components of the funding formula.

PREPARED BY: Melissa Greenwood, Director, Business Services

SUBJECT: **ADOPT RESOLUTION #16/17-15 REGARDING THE EDUCATION PROTECTION ACCOUNT**

Background: Proposition 30 added Article XIII, Section 36, to the California Constitution. The new temporary tax revenues generated from Proposition 30 are deposited into a newly-created State account called the Education Protection Account (EPA). Funds will be distributed by the State to local districts on a quarterly basis in 2017/2018.

Rationale: Article XIII, Section 36, stipulates how the monies are to be spent. The Article also requires each school district to disclose how it will spend its share of the EPA in open session of a public meeting of the governing board.

Funding: The estimated District's share of the Education Protection Account for 2017/2018 is \$15,675,742. This amount offsets revenues previously received through the District's revenue limit. This is not new revenue to the District. The District will spend this funding on instruction (teacher salaries).

Recommendation: Adopt Resolution #16/17-15 regarding the Education Protection Account.

RECITALS

WHEREAS, Education Code section 35031 authorizes District to employ an Assistant Superintendent by contract for periods not to exceed four years;

WHEREAS, Education Code Sections 35032 and 45032 authorize the governing board of a school district at anytime during any school year to increase the salaries of persons employed by the District in positions of assistant superintendent and in positions requiring certification qualifications, with such increase to be effective on any date ordered by the governing board;

NOW THEREFORE, in consideration for the promises herein made, the parties agree to the following terms and Contract of Employment for Assistant Superintendent:

AGREEMENT

1. Assistant Superintendent shall be employed pursuant to this Contract for a term beginning July 1, 2017, to and including June 30, 2020.
2. Assistant Superintendent hereby agrees to devote his/her time, skills, labor and attention to his/her employment as directed by the Superintendent and as set forth in the job description which may be adopted or modified from time to time by the Board in accordance with the laws of the State of California and Board policy and regulations; provided, however, Assistant Superintendent may undertake outside activities consisting of consulting work, speaking engagements, writing, lecturing or other professional activities for consideration provided that they do not interfere with or conflict with the Assistant Superintendent’s performance of his/her duties under this Contract.

3. Effective July 1, 2017, Board shall pay Assistant Superintendent a salary of \$199,481.40 which salary shall be the basis for annual adjustments through a cost of living adjustment (“COLA”) or compensation adjustment that is equal to the adjustment as offered to other management team members of the District. The specific type of annual compensation adjustment relates solely to bonuses and COLA adjustments. If the Assistant Superintendent has earned a doctorate from an accredited institution of higher learning, he/she shall receive a stipend equivalent of two percent (2%) of his/her annual base salary. The Assistant Superintendent may direct that a portion of his/her salary be deducted from his/her salary and paid into a tax sheltered or tax deferred annuity program consistent with all applicable federal and state laws, rules and regulations.

4. Commencing with the 2017/2018 school year, Assistant Superintendent shall receive a \$4,000.00 contribution paid by District to a tax sheltered or tax deferred annuity program (“TSA”) of the Assistant Superintendent’s choice, by October 31st of each fiscal year consistent with all applicable federal and state laws, rules and regulations. The District’s payment to the TSA is not creditable compensation and shall not be reported to CalSTRS as creditable compensation. This contribution may be converted prospectively to salary at anytime at the discretion of the Assistant Superintendent, at which time it shall be considered creditable compensation and reported to CalSTRS as such beginning on the effective date of the restructure.

5. Assistant Superintendent also may qualify for a merit stipend up to three percent (3%) of the salary denoted in paragraph 3 above as determined by the Superintendent and based on Assistant Superintendent’s satisfactory progress/completion or superior progress/completion of goals and evaluation, with the understanding that the merit stipend will be determined no later than June 30th of each year and to be paid out as a one-time payment. However, for the merit stipend to be deemed credible compensation within the meaning of Education Code section 22119.2, the merit stipend must not be associated with the performance of any additional service, and it must be paid to all Assistant Superintendents, in the same dollar amount, same percentage of salary or same percentage of amount being distributed. Compensation meeting the requirements of this/her paragraph shall be reported to CalSTRS as creditable compensation.

6. The salary and compensation provided in paragraph 3 as well as benefits will be reviewed from time to time and may be adjusted or modified in order to provide a competitive

and attractive salary for Assistant Superintendent. The Board therefore retains the right to adjust the salary of the Assistant Superintendent over and above that provided for in paragraph 3 at any time during the term of this/her Contract to be effective upon the date established by the Board consistent with Education Code sections 35031, 35032 and 45032, provided that any such adjustment shall not reduce the annual salary below the figure established pursuant to paragraph 3 unless by written consent of the parties or unless a majority of all management employees have had a salary reduction, in which case the Assistant Superintendent's salary shall be reduced in an amount not to exceed, that of the majority of other management employees.

7. The Assistant Superintendent shall receive at District expense a comprehensive medical examination once every two years with a physician/medical group chosen by Assistant Superintendent. Immediately subsequent to the examination, the Assistant Superintendent shall provide to the Superintendent a confidential written service opinion.

8. Assistant Superintendent shall be required to render 223 days of full regular service to the District, with the exception of sick leave and other approved leave during each annual period covered by this Contract. This work year is in lieu of any vacation days which may be accrued during the term of this Contract. Any additional workdays must have the prior approval of the Superintendent and will be paid at Assistant Superintendent per diem rate.

9. On or prior to November 30th of each school year, the District Superintendent and the Assistant Superintendent will meet to establish Assistant Superintendent goals and objectives for the school year. These goals and objectives shall be reduced to writing and shall be among the criteria by which Assistant Superintendent is evaluated. The Assistant Superintendent's evaluation shall be completed each year no later than June 30th of that year and shall be in writing and shall be based upon the mutually established goals and objectives as well as any Board developed goals and objectives.

10. Assistant Superintendent shall be entitled to twelve (12) days of sick leave annually which shall be taken after consultation with and approval by the Superintendent. The District shall continue to recognize all existing accrued sick leave available to Assistant Superintendent prior to the effective date of this Contract and additional sick leave shall be accumulated as provided by State law and Board policy.

11. Assistant Superintendent shall be afforded health, welfare and fringe benefits of employment as provided to other management and employees of the District except as otherwise

set forth in this Contract. The Assistant Superintendent and one dependent shall receive at District expense group medical and dental insurance benefits available to active employees when the Assistant Superintendent is age 55 or older and has been employed by the District for at least five (5) years and retires from and remains retired from the District under STRS or PERS until the Assistant Superintendent becomes eligible for Medicare. District's paid benefits shall cease upon eligibility for Medicare, supplemental Medicare insurance shall be made available upon Medicare eligibility at no cost to the District.

12. Assistant Superintendent shall be provided with a smartphone, internet access from his/her home, and shall receive an allowance for a mobile device (iPad/tablet) or the equivalent to be purchased every three years all of which may at times be used for incidental personal use. District shall further pay the cost of membership in one State Professional Organization (e.g., ACSA) of the Assistant Superintendent's choice at District expense. None of these fringe benefits shall be characterized as credible compensation or reported to CalSTRS as such.

13. This Contract is subject to all applicable laws of the State of California, rules and regulations of the California State Board of Education, and rules and regulations of the Board, including but not limited to Government Code sections 53260 and 53261 which provide that if the Contract is terminated, the maximum cash settlement that Assistant Superintendent may receive shall be in an amount equal to the monthly salary of the Assistant Superintendent multiplied by the number of months left on the unexpired term of the Contract not to exceed eighteen (18) months, plus health benefits for an equivalent period of time or until Assistant Superintendent finds other employment whichever first occurs.

14. This Contract shall be effective July 1, 2017, and as of that date, replaces all prior existing agreements between the parties which shall be of no further force and effect except as recognized in this Contract.

15. In the event that the Board determines not to reemploy Assistant Superintendent at the expiration of the term of this Agreement, and in lieu of the notice provisions of Education Code section 35031, the Board will give Assistant Superintendent notice thereof at least six (6) months prior to the expiration of this Contract.

16. All salary and compensation that qualifies as creditable compensation under the Teacher's Retirement Law, Education Code section 22000, et seq., shall be reported to CalSTRS as such.

17. Provisions of Government Code Sections 53243-53243.4.

In the event that the District provides paid leave to Assistant Superintendent pending an investigation of a crime involving abuse of his/her office or position covered by Government Code section 53243.4, and should that investigation lead to a conviction, the Assistant Superintendent shall fully reimburse the District for any salary provided for that purpose.

In the event that the District provides funds for the legal criminal defense of the Assistant Superintendent pending an investigation of a crime involving abuse of his/her office or position covered by Government Code section 53243.4, and should that investigation lead to a conviction, the Assistant Superintendent shall fully reimburse the District for any funds provided for that purpose.

In the event that the District provides a cash settlement related to the termination of the Assistant Superintendent as defined in the terms of Section 15 of this Contract, and the Assistant Superintendent subsequently is convicted of a crime involving abuse of his/her office or position covered by Government Code section 53243.4, Assistant Superintendent shall fully reimburse the District for any funds provided for that purpose.

Written notice by District shall be deemed given when received by the other party, or no later than three days after the day of mailing, whichever is sooner.

10. Hold Harmless. Contractor agrees to and does hereby indemnify, hold harmless and defend the District and its governing board, officers, employees and agents from every claim or demand made and every liability, loss, damage or expense, of any nature whatsoever, which may be incurred by reason of:

Contractor shall provide prior written notice to the District thirty (30) days in advance of any non-renewal, cancellation, or modification of the required insurance. Failure to maintain the above mentioned insurance coverages shall be cause for termination of this Agreement.

12. Assignment. The obligations of the Contractor pursuant to this Agreement shall not be assigned by the Contractor.

13. Compliance With Applicable Laws. The Services completed herein must meet the approval of the District and shall be subject to the District's general right of inspection to secure the satisfactory completion thereof. SUBJECT: APPROVE CONTRACT WITH MARZANO RESEARCH LABORATORY TO PROVIDE FULLERTON SCHOOL DISTRICT WITH A HIGH RELIABILITY SCHOOLS (HRS) NETWORK FOR THE 2017/2018 SCHOOL YEAR

Background: Fullerton School District has developed a comprehensive teacher-teaching model based on the research of the Marzano Research Laboratory. To continue the work and build the leadership skills of school leaders, Marzano Laboratory has provided professional development to all principals, assistant principals, and teacher leaders based on the Marzano High Reliability Schools™ framework. This framework, based on 40 years of educational research, defines five progressive levels of performance that a school must master to become a high reliability school—where all students learn the content and skills they need for success in college, careers, and beyond.

Rationale: The Fullerton School District will use Marzano’s High Reliability Schools (HRS) framework as a strategic planning framework to help schools focus on specific, research-based conditions for continuous school improvement. The HRS overview workshop introduces participants to the three levels of the framework and the hierarchy in which they are organized. The three levels include Level 1: Safe and Collaborative Culture, Level 2: Effective Teaching in Every Classroom, and Level 3: Guaranteed and Viable Curriculum. The HRS professional development is considered by many in the educational professional field as the *Next Step in School Reform*. The HRS Professional Development integrates four decades of Dr. Marzano’s work into one comprehensive school improvement framework. This is not a new program, but rather a framework that organizes existing findings on a wide variety of issues such as teacher and school leader development, instructional strategies, assessment and reporting, and much more within one model.

Funding: Cost is not to exceed \$42,500 and is to be paid from the Unrestricted General Fund.

Recommendation: Approve Contract with Marzano Research Laboratory to provide Fullerton School District with a High Reliability Schools (HRS) Network for the 2017/2018 school year.

SUBJECT: APPROVE ORGANIZATIONAL MEMBERSHIPS FOR 2017/2018

Background: Each year the Board approves organizational memberships. These memberships provide opportunities for staff development and literature related to specific responsibility areas. Staff is requesting approval of the 2017/2018 organizational memberships listed on the attachment.

The Board will note that the annual membership costs are listed as “estimated.” Any unknown costs were increased by approximately 10% over the 2016/2017 expenditure level, even though staff does not expect the increases to be that high for the 2017/2018 year.

Rationale: Participation in organizational memberships provides additional opportunities for staff to increase knowledge and skills in specific job-related areas.

Funding: Costs will be paid from General Fund and Categorical Funds.

Recommendation: Approve organizational memberships for 2017/2018.

CONSENT ITEM

DATE: June 20, 2017

TO: Robert Pletka, Ed.D., District Superintendent

FROM: Susan Hume, Assistant Superintendent, Business Services

PREPARED BY: Michael Burns, Director, Nutrition Services

SUBJECT: **APPROVE DIETETIC STUDENTS TO INTERN IN THE NUTRITION SERVICES DEPARTMENT FOR THE 2017/2018 SCHOOL YEAR**

Background: Dietetic interns must have at least a Bachelor's degree to be accepted into a credentialed internship program. Interns have to complete at least 1,200 hours of supervised practice to be eligible for a registered examination for dietitians. Part of the 1,200 supervised practice hours are to be worked in school nutrition. Fullerton School District Nutrition Services has the opportunity to help interns meet their nutrition services hours. Depending on the University Program, intern rotations are four days a week and cover approximately two to ten weeks. The nutrition service rotation focuses on aspects of marketing, procurement, storage, preparation, delivery, service, USDA guidelines, school nutrition program regulations, and management of school food service operations. Interns practice the care and operation of equipment, sanitation and safety audits, HACCP Guidelines, menu planning, event organization, nutrition education, customer service, financial assignments, SOP, and management activities. The activities in this rotation include practical hands-on practice, as well as operations management to prepare for entry-level management responsibilities.

Rationale: Fullerton School District has the opportunity to educate future leaders in the dietetic profession by integrating what they learn in Nutrition Services into real-world practice. The Director may use intern activities to facilitate completion of learning outcomes that would benefit both the interns and the department.

Funding: No cost to Nutrition Services or the District.

Recommendation: Approve dietetic students to intern in the Nutrition Services Department for the 2017/2018 school year.

PREPARED BY: Michael Burns, Director, Nutrition Services

SUBJECT: APPROVE RENEWAL OF AGREEMENT BETWEEN FULLERTON SCHOOL DISTRICT AND FOOD FINDERS FOR THE 2017/2018 SCHOOL YEAR

Background: Nutrition Services prepares fresh meals on a daily basis to be delivered to all school sites in the District. Deliveries of food, beverages, and supplies are made regularly from the Nutrition Center for use in the School Breakfast Program, National School Lunch Program, and Child and Adult Care Food Program. Excess prepared and perishable foods are donated to Food Finders, Inc. This organization will pick up excess food every school day using their vehicles. All staff members who collect food maintain a current Food Handling Certificate.

Food Finders, Inc., was founded in 1989. This organization is a community-based food rescue organization that serves as a conduit for food and people in need. Their vision is to eliminate hunger and food waste while improving nutrition in food insecure communities. Their inspiration is to end food waste and form liaisons with local vendors working with shelters that could use good, wholesome food to feed needy and impoverished families, children, and elderly.

This agreement may be extended beyond the current year for one additional year if both parties agree to the terms. This will be the first renewal of the maximum two-year rollover. Either party may terminate this agreement upon five-days' prior written notice to the other party.

Rationale: The District is protected from civil and criminal liability for donating food to Food Finders under public law 104-210 known as the Bill Emerson Good Samaritan Food Donation Act.

Funding: Not Applicable.

Recommendation: Approve renewal of agreement between Fullerton School District and Food Finders for the 2017/2018 school year.

SUBJECT: **APPROVE PIGGYBACK BETWEEN FULLERTON SCHOOL DISTRICT AND HOLLANDIA DAIRY, INC., FROM VAL VERDE UNIFIED SCHOOL FOOD SERVICE AGENCY PIGGYBACKABLE BID NO. FS 15/16-02 FOR MILK, DAIRY FRUIT JUICES, AND ICE CREAM PRODUCTS**

Background: Public Contract Code section 20118 and California Ed Code section 17596 provide authority for the governing board of a school district to purchase from another public agency without going to bid if the board determines it to be in the best interest of said district to utilize a bid from another district.

This contract for services is for a one-year term of August 1, 2017 through July 31, 2018, with two, one-year renewal periods at the option of the Board of Trustees. Piggyback documentation is available for review in the Superintendent's office.

Rationale: Pursuant to section 20118 of the Public Contract Code, the Board of Trustees of the Fullerton School District determines it is in the best interest of the District to contract for services using the Val Verde Unified School Food Service Agency Bid No. FS 15/16-02.

Funding: Nutrition Services Fund.

Recommendation: Approve piggyback between Fullerton School District and Hollandia Dairy, Inc., from Val Verde Unified School Food Service Agency piggybackable Bid No. FS 15/16-02 for milk, dairy fruit juices, and ice cream products.

PREPARED BY: Michael Burns, Director, Nutrition Services

SUBJECT: APPROVE INCREASE IN SCHOOL LUNCH MEAL PRICES FOR THE 2017/2018 SCHOOL YEAR

Background: The Nutrition Services Department is a financial self-sustaining operation participating in the National School Lunch Program, School Breakfast Program, Child and Adult Care Food Program, and Seamless Summer Feeding Program.

School program regulation 7 CFR 210.14 (e) requires school food authorities participating in the National School Lunch Program to ensure sufficient funds are provided to the non-profit school food service account for meals served to students not eligible for free or reduced price meals. There are two ways to meet this requirement: (1) through the prices charged for "paid" meals and (2) through other non-federal sources provided to the nonprofit school food service account.

Currently, full price school lunch meal prices are \$2.70 for elementary students and \$2.85 for junior high students. These prices do not meet the minimum federal requirement. Therefore, it is recommended that these two prices be increased to \$2.85 and \$3.00, respectively, to meet the federal requirement. All other prices remain unchanged. The attached chart outlines all current and proposed meal prices. Lunch prices have remained unchanged since the 2015/2016 school year. Nutrition Services has surveyed surrounding districts to ensure that District prices are reasonable in comparison with other districts.

Nutrition Services annually provides approximately 1.1 million lunches per year to students. From this amount, 27% of those meals are purchased from students with "paid" meal benefits eligibility.

Rationale: For school year 2017/2018, school food authorities who charged less than \$2.86 (weighted average) for paid lunches in school year 2016/2017 are required to adjust their weighted average lunch price to avoid adding non-federal funds to the nonprofit school food service account.

State agencies are required to monitor that school food authorities are making accurate calculations and adjusting prices appropriately. Meal eligibility for school lunch is determined by household size and income based on a scale provided by the State.

Funding: Not applicable.

Recommendation: Approve increase in school lunch meal prices for the 2017/2018 school year.

PREPARED BY: Michael Burns, Director, Nutrition Services

SUBJECT: **APPROVE ROCKETSCAN SOFTWARE AND HARDWARE MAINTENANCE SERVICE AGREEMENT BETWEEN FULLERTON SCHOOL DISTRICT AND IMAGE ONE TECHNOLOGY SOLUTIONS BEGINNING SEPTEMBER 1, 2017 THROUGH AUGUST 31, 2020**

Background: Nutrition Services participates in the National School Lunch Program (NSLP) and the School Breakfast Program (SBP). State and federal funding received through these programs is based upon the eligibility of free, reduced-price, or full-paid meal counts. Eligibility for free and reduced-price meals is determined by processing meal applications submitted by parents/guardians throughout the school year by using strict guidelines issued by the USDA and the State. State officials conduct on-site audits of the applications and adherence to the guidelines. The District must remain in compliance with all guidelines in order to receive reimbursement for meals and operate programs.

In 2008, Nutrition Services purchased RocketScan software and hardware from Image One Technology Solutions to electronically process meal applications. The RocketScan software and hardware harvests student data from the meal applications. After scanning, the applications go through a validation process in RocketScan where information is verified and eligibility is determined.

The agreement with Image One Technology Solutions includes software maintenance support. In the event of a hardware failure, a replacement scanner will be shipped overnight in exchange for the failed machine. The agreement is for three years and can be terminated by either party with 30-days' written notice.

Rationale: Nutrition Services continues to process applications electronically. The benefits of using RocketScan are increased accuracy of benefit determinations, increased speed of application processing, and a significant reduction in the amount of paperwork necessary to the application process. The immediate service in the event of hardware failure also limits down-time and ensures the District will always be in compliance with application processing timelines.

Funding: Total cost of the three-year agreement is \$8,391.84 from the Nutrition Services Fund.

Recommendation: Approve RocketScan Software and Hardware Maintenance Service Agreement between Fullerton School District and Image One Technology Solutions beginning September 1, 2017 through August 31, 2020.

SUBJECT: **APPROVE CONTRACT WITH VENTURE PACIFIC INSURANCE COMPANY TO PROVIDE WORKERS' COMPENSATION EXCESS INSURANCE COVERAGE FOR 2017/2018**

Background: The current excess workers compensation insurance policy ends on June 30, 2017. For 2017/2018, the District is self-insured and purchased excess coverage for claims exceeding \$1,000,000 combined with a \$250,000 cash flow protection cap per claim. The policy in 2017/2018 protected the District to a limit of \$25,000,000. Staff recommends renewing excess workers' compensation coverage at the same levels as 2016/2017 at a total cost of \$86,833 for 2017/2018.

Rationale: Excess workers' compensation insurance protects the District in the event of a serious injury to an employee in amounts over the self-insured maximum amount.

Funding: A cost not to exceed \$86,833 from Workers' Compensation Fund (68).

Recommend: Approve contract with Venture Pacific Insurance to provide workers' compensation excess insurance coverage for 2017/2018.

SUBJECT: **APPROVE 2017/2018 MEMORANDUM OF UNDERSTANDING (MOU) BETWEEN FULLERTON SCHOOL DISTRICT AND ORANGE COUNTY SUPERINTENDENT OF SCHOOLS, ORANGE COUNTY DEPARTMENT OF EDUCATION (OCDE) FOR SPECIAL EDUCATION PROGRAMS AND PROCEDURES**

Background: The Orange County Department of Education within this Memorandum of Understanding outlines the parameters within which the school districts in the County may utilize the County special education programs and services to individuals with exceptional needs requiring intensive educational services, such as profoundly delayed students, behaviorally challenged students and hard of hearing students. The County provides programs to school districts when the District does not have an appropriate placement for the child. This agreement is effective for the period beginning July 1, 2017 and ending June 30, 2018. Program placements are jointly approved by the school district and the Orange County Department of Education. An explanation of the funding for placement and services is within the context of this MOU as well as scope of the program. Transportation of students is addressed in the context of the MOU. In addition, the Excess Cost actual credit/refund is included in the document.

Rationale: School districts on occasion do not have programs to serve students who require intensive educational services. Programs for the profoundly delayed or profoundly behaviorally challenged students may be recommended for placement in a County program. A number of years ago, a regional program for the hearing impaired was terminated as a regional program based upon the District not desiring to be the regional program. Due to this, OCDE took over the oral program for hearing impaired students at the elementary and Jr. High school level.

Funding: Funding for this program is provided through an Excess Cost determined by OCDE billed to districts monthly using Special Education Restricted General Fund.

Recommendation: Approve 2017/2018 Memorandum of Understanding (MOU) between Fullerton School District and Orange County Superintendent of Schools, Orange County Department of Education (OCDE) for Special Education programs and procedures.

Memorandum of Understanding Between
The Orange County Superintendent of Schools
And
“Fullerton School District”
2017-2018

The Orange County Superintendent of Schools, which operates the Division of Special Education Services within the Orange County Department of Education, hereinafter referred to as “OCDE” and the “Fullerton School District,” herein referred to as “District,” and collectively referred to herein as the “Parties,” mutually agree as follows (Agreement):

1. Basis of Agreement

Pursuant to the authority established in Education Code Sections 56195, 56195.1, 56195.3 and 56195.5, OCDE may provide for the education of individual pupils in special education programs who reside in other districts or counties. The OCDE Division of Special Education Services operates the OCDE Special Schools Program to provide special education programs and services to individuals with exceptional needs requiring intensive educational services, including a regional deaf and hard of hearing program.

2. Term of Agreement

This Agreement is effective for the period beginning July 1, 2017, and ending June 30, 2018.

3. Acknowledgment of Special Education Funding Formula

It is acknowledged that, in accordance with Part 30 of the Education Code, Chapter 7.2, Section 56836 et seq., the California State funding formula for special education programs, services and administration generates an entitlement based on the average daily attendance of pupils in the local education agencies that comprise a Special Education Local Plan Area (SELPA). It is further acknowledged that the SELPA base year calculations for special education funding under Assembly Bill 602 (AB 602) include a dollar amount that is transferred back to the SELPA of residence for pupils served in special education programs prior to implementation of AB 602. The Parties acknowledge that both the distribution of these special education funds and the District's fiscal responsibility for students served outside the SELPA of residence are determined by the Local Plan of the SELPA of residence.

4. Scope of Program and Referral Process to OCDE

OCDE shall conduct special education programs and services for those eligible pupils of the District referred by their Individualized Education Program (IEP) Teams when it is jointly determined by the District and OCDE that the pupil's educational needs as specified in the pupil's IEP can be appropriately met by the programs and services operated by OCDE. Prior to offering placement in any OCDE Special Schools Program, the District shall contact the appropriate OCDE Special Schools Principal to discuss a possible referral and the appropriateness of the OCDE Special Schools Program placement. If the referral seems appropriate, the District shall obtain from the parent authorization to release information to OCDE and submit an OCDE referral packet to the appropriate OCDE Special Schools Principal

as well as schedule a visitation with the parent. OCDE referral packets are available on-line at <http://www.ocde.us/sped/Pages/default.aspx>.

Upon review of the referral packet and site visit by parent, the OCDE Special Schools Principal and District representative will coordinate an IEP team meeting for purposes of discussing possible placement in an OCDE Special Schools Program. OCDE shall maintain and provide special education programs for District pupils during the 2017-2018 school year within the administrative parameters established by the Special Education Fiscal Advisory Committee. Class size ranges and student-adult ratios shall be maintained in a manner which allows OCDE to meet the programmatic, health and safety needs of the pupils.

5. Responsibility of School District of Residence

The District and OCDE acknowledge that the District, as the pupil's district of residence, maintains primary responsibility as the local education agency (LEA) to ensure the pupil receives a free appropriate public education. In the event a pupil participating in an OCDE Special Schools Program moves out of the District, the District shall immediately provide OCDE written notice of the pupil's change in residence, including the new school district of residence, if known. Similarly, OCDE shall immediately notify District in the event a parent reports a change in residence, including the new school district of residence, if known.

6. Annual and Triennial Reviews

The District shall be notified of annual reviews scheduled for its pupils participating in an OCDE Special Schools Program and may provide a representative who will participate in the development of the annual IEP. For initial placement, triennial review, recommendation for

home instruction, or a change in eligibility or services specified on the current IEP, a District representative who is authorized to approve or disapprove the allocation of specified District resources necessary for the implementation of the pupil's IEP shall attend the IEP team meeting. For pupils enrolled in an OCDE Special Schools Program who are participating in a general education program on the school site in the school district where the OCDE Special Schools Program is located ("Host District") OCDE will work with the Host District to provide a general education teacher at IEP team meetings. In the event the Host District is unable to provide a general education teacher for the IEP team meeting, the District agrees to provide a general education teacher unless otherwise waived in writing by the pupil's parent in accordance with the Individuals with Disabilities Education Act (IDEA) and State law. For all other pupils enrolled in an OCDE Special Schools Program, the District agrees to provide a general education teacher at IEP team meetings unless otherwise waived in writing by pupil's parent in accordance with the IDEA and State law. Subject to approval by the pupil's parents, the general education teacher and/or other IEP team participants may use alternative means of meeting participation, such as video conferences and conference calls.

Progress reports relating to goals and objectives in a pupil's IEP shall be sent by OCDE to parents per the pupil's IEP schedule for progress reporting and to the Director of Special Education of the District upon request. When requested by District or parent, an updated report shall be provided if there is no current progress report whenever a pupil is scheduled for an IEP review or when pupil's enrollment in OCDE is terminated.

7. Integration/Mainstreaming Opportunities

The Host District where OCDE Special Schools Programs operate often provide opportunities for pupils enrolled in an OCDE Special Schools Program to integrate with non-disabled typical peers during the school day. These opportunities are typically in non-core curriculum areas such as physical education, art, music, assemblies, recess and lunch. Some pupils enrolled in an OCDE Special Schools Program will participate in core curriculum activities for a portion of the school day in a program operated by the Host District, however, such pupils are supervised by OCDE staff at all times during such activities. In the event a pupil enrolled in an OCDE Special Schools Program is participating in core curriculum activities in a program operated by the Host District for more than 50% of the school day, the Host District will be reimbursed for any costs incurred resulting from such pupil's participation, upon OCDE's receipt of appropriate documentation of such costs.

8. Assessments/Independent Educational Evaluations

OCDE and District shall coordinate and collaborate in conducting assessments for pupils participating in an OCDE Special Schools Program. In the event OCDE staff is not available to conduct a requested assessment, OCDE shall notify the District and/or District's SELPA to assist in conducting such assessment(s). In the event a referral is made by a pupil's IEP team or a pupil's parent/guardian for an educationally related mental health services (ERMHS) assessment, OCDE shall immediately notify the District, and the District shall determine how to proceed with the requested ERMHS assessment.

In the event a request is made for an independent educational evaluation (IEE), OCDE shall immediately forward such request to the District and the District, in collaboration with OCDE,

shall determine how to respond to the request for an IEE. If the District receives a request for assessment or IEE for a student referred to or enrolled in an OCDE Special Schools Program, the District shall immediately notify OCDE of the request and collaborate with OCDE as to how to respond. OCDE and/or the District may also schedule an IEP team meeting to further discuss the requested IEE or assessment.

9. Pupil Count

A count shall be taken of the number of pupils enrolled in OCDE's Special Schools Program as of the first day of each calendar month, July 1, 2017 through June 1, 2018. A pupil shall be counted as "enrolled" in an OCDE Special Schools Program on the first day of attendance in the program or fourteen (14) days after the IEP team has met and an approved IEP has been executed for the pupil's educational placement in an OCDE Special Schools Program, whichever occurs sooner. Pupils continuing in an OCDE Special Schools Program from the previous school year shall be counted as "enrolled" on the first school day in September unless written notification of withdrawal is received from either the parent or district of residence. If a continuing pupil has not attended school by the eleventh (11th) day of the first school month, OCDE shall notify the district of residence and a determination shall be made regarding continuing enrollment. In the event either OCDE or District are informed that a pupil has been withdrawn by the parent from an OCDE Special Schools Program, each agency shall immediately notify the other of such withdrawal. Any pupil withdrawn by the parent from an OCDE Special Schools Program is no longer counted as "enrolled" or considered a continuing pupil for the following school year.

11. Funding

In consideration of the enrollment of pupils in special education programs conducted by OCDE, the SELPA and/or the school district transferring pupils to the regional programs operated by OCDE agree to pay the average cost per pupil based on expenditure categories and ratios reviewed by the Special Education Fiscal Advisory Committee and shall provide for program funding as follows:

a. The District shall be responsible for the Average Cost per Pupil in an OCDE Special Schools Program, including the Regional Deaf/Hard of Hearing Program, multiplied by the average number of pupils enrolled, minus Special Education Program income received by OCDE for the purpose of educating said pupils including, but not limited to Revenue Limit, AB 602 funds, and Federal I.D.E.A. Local Assistance Grant funds. The District shall be responsible for the Average Cost Per Pupil in the Regional Oral Deaf Program multiplied by the average number of pupils enrolled, minus Special Education Program income received by OCDE for the purpose of educating said pupils including, but not limited to Revenue Limit, AB 602 funds, and Federal I.D.E.A. Local Assistance Grant funds.

b. Special Circumstance Assistant (SCA). The District, as specified in its SELPA's Local Plan, shall be responsible for the full cost of additional personnel required for the benefit of and specified in the IEP for individual pupils who are residents of the District.

c. The following documents shall be used as a basis for all figures reported:

- (1) Various Program Cost Reports
- (2) State Form 01
- (3) In-House Accounting Reports

d. OCDE Special Schools Program income and expenditures shall be listed in accordance with The California School Accounting Manual Standardized Account Code Structure for Special Education as of April 19, 1999, with a summary page as shown in Appendix A, incorporated herein.

e. Indirect cost for Special Education Programs operated by OCDE shall be at the State approved rate not to exceed 7.5% of total Program expenditures.

f. OCDE shall bill the District on a monthly basis and forward invoices to the District's accounting department.

12. Related Services/Designated Instructional Services (DIS)/Supplementary Aids

OCDE provides the following related services as part of its Special Schools Programs: Speech-Language Pathology Services, Adapted Physical Education, Physical Therapy, Occupational Therapy, Health and Nursing, Specialized Physical Health Care, Vocational Counseling, Adult Transition, Assistive Technology/Alternative Augmentative Communication, Vision Training, Orientation and Mobility, Behavior Management/Intervention and

Psychological Counseling. In addition to the above, as part of its Regional D/HH Program and Regional Oral Deaf Program, OCDE provides Audiological services and Sign Language Interpreters. Any other related services or supplementary aids necessary for the pupil to benefit from the special education program, including but not limited to ERMHS, and low incident services and equipment, shall be provided by the District or as otherwise agreed to by OCDE and the District. Translator services at IEP team meetings and/or translation of documents shall be provided by the District or as otherwise agreed to by OCDE and the District. In addition, OCDE shall separately bill the District for the services provided by an SCA as required by the pupil's IEP.

13. Home Instruction

When a pupil is absent from school for more than ten (10) consecutive school days as a result of a medical condition and is expected to have an extended health related absence, the pupil's IEP team shall review the IEP and determine appropriate educational services. A District representative who is authorized by the District's Director of Special Education to approve or disapprove the allocation of specified District resources necessary for the implementation of the pupil's IEP shall participate in the IEP team meeting when considering a placement for home or hospital instruction. When recommending placement for home or hospital instruction, the IEP team shall consider documentation from the pupil's treating physician indicating the pupil's condition, verifying that the condition prevents the pupil from attending school and providing a projected date for the pupil's return to school. Any in-home instruction, including other related services, shall be provided by the District or as otherwise agreed to by OCDE and the District. In the event the pupil is hospitalized in a facility located outside of the District, it is the District's

responsibility to inform the parent that instruction will be provided in accordance with Education Code section 48207 and 48208. In either circumstance, it may be necessary to exit the pupil from OCDE in order for the District to provide the necessary in-home instruction or for the pupil to receive hospital instruction. In the event OCDE and the District agree that OCDE will provide in-home or hospital instruction to the pupil, OCDE shall separately bill the District for such services.

14. Transportation

a. Transportation by the Orange County Department of Education

The District shall provide transportation for its pupils participating in an OCDE Special Schools Program unless otherwise agreed between the District and OCDE. In the event OCDE agrees to transport a pupil, the District shall be responsible for the difference between the Direct and Direct Support Cost of home-to-school transportation as shown on the annual State Transportation Report plus one percent (1%) indirect support costs and the State transportation allocation received by the OCDE on a per pupil basis pursuant to Appendix B, incorporated herein. The District shall pay for the full cost of one-on-one transportation assistants as specified in the pupil's IEP. In the event OCDE is transporting five or more District pupils from one Special Schools Program site, the District shall provide OCDE written notice on or before December 1 of each year of any proposed changes in the number of students requiring OCDE transportation for the following school year. Absent appropriate notice from the District of any proposed change in transportation for the following school year, the District may be solely responsible for funding the costs related to such change in transportation. Similarly, OCDE shall

provide the District written notice on or before December 1 of each year of any proposed changes in OCDE's transportation services, not including cost projections, for the following school year.

b. Transportation by District

Districts transporting pupils to an OCDE Special Schools Program shall ensure that buses arrive at the school site with sufficient time to unload students prior to the beginning of the instructional day and to load them at the end of the instructional day. Delays requiring either overtime supervision or causing portions of the instructional program to be missed and subsequently made up may result in charges to the District for additional costs incurred by OCDE related to such delays.

15. Due Process and Complaints

OCDE and District agree to collaborate and fully cooperate in any due process proceeding involving a pupil currently attending or formerly enrolled in an OCDE Special Schools Program, including resolution sessions, mediations and hearings, as well as coordinating witness availability and producing documents regarding the pupil.

In the event OCDE is named as the sole LEA in a due process complaint, OCDE and District agree that District, as the pupil's school district of residence, is a necessary party to the due process proceedings.

OCDE and District shall also fully participate in the investigation and provision of documentation related to any complaint filed with the State of California, the Office for Civil Rights, or any other State and/or federal governmental body or agency.

16. Estimated Billing

The estimated billing for 2017-2018 will be based on actual information for 2016-2017 plus COLA as set forth in the most current State Budget plus any budgeting projections for step and column, and salary and benefit increases.

17. Final Accounting

An accounting accompanied by completed Appendices A and B with appropriate supporting documentation shall be sent to each District by September 15 of the following year. In addition, OCDE shall provide a quarterly expenditure report to the District's Director of Special Education. Corrections to prior year OCDE Special Schools Program costs resulting from adjustments to income or expenditure calculations shall be credited or billed to the District affected by the correction or adjustments.

18. Projected Enrollment/Facilities and Staffing Needs

In order to assist OCDE in planning for both facilities and staffing needs for its programs, each District shall submit to OCDE, in writing, on or before December 1 of each year, the projected number of pupils expected to be transferred to OCDE programs for special education and support services in the following school year. Absent a projection, the number of District pupils reported in the current year December 1 Federal Pupil Count shall be used for facilities, staffing and budget planning by OCDE for the following school year. In the event the District intends to withdraw five (5) or more pupils from a specific OCDE Special Schools Program site or enroll five (5) or more pupils in a specific OCDE Special Schools Program site for the following school year, the District shall notify OCDE in writing of such intention on or before

December 1 of each year. OCDE shall forward such written notice to the Special Education Fiscal Advisory Committee for its review and consideration. Absent appropriate notice from the District of any proposed change in enrollment in an OCDE Special Schools Program site for the following school year, the District may be solely responsible for funding the costs related to such change in enrollment.

If the District is a Host District for any OCDE Special Schools Program, the District shall submit to OCDE, in writing, on or before December 1 of each year, notice of any proposed facilities projects, including but not limited to modernization or new construction projects at the school site where the OCDE Special Schools Program is located, as well as any potential impact such projects may have on the operation of an OCDE Special Schools Program, including opportunities for integration with typical peers at the Host District school site. In the event any such project would require relocation of an OCDE Special Schools Program, the District shall provide OCDE with at least one (1) year prior written notice to allow OCDE sufficient time to plan accordingly. OCDE shall forward such written notice to the Special Education Fiscal Advisory Committee for its review and consideration.

In the event OCDE intends to close an OCDE Special Schools Program in which District pupils are enrolled, OCDE shall notify the District in writing of such intention on or before December 1 of each year.

19. Program Cost for 2017-2018

On or before fifteen (15) days after the release of the May revise each year, the Orange County Superintendent of Schools shall compute the projected Special Education Program Income and Special Education Program Expenditures for the following year with an Average

Cost per Pupil for pupils enrolled in OCDE Special Schools Programs based on the Projected Enrollment data, and provide it to District Student Services and Business Directors.

Notice is deemed to have been duly given and received upon (a) personal delivery; (b) as of the third business day after deposit in the United States Mail; or (c) the immediately succeeding business day after deposit with an overnight delivery service. CONSENT ITEM

DATE: June 20, 2017

TO: Robert Pletka, Ed.D., District Superintendent

FROM: Jay McPhail, Assistant Superintendent, Innovation and Instructional Support

SUBJECT: **APPROVE CONTRACT BETWEEN CLASSLINK AND FULLERTON SCHOOL DISTRICT FOR THE 2017/2018 SCHOOL YEAR**

Background: Fullerton School District (FSD) has deployed mobile devices to students district-wide. These devices allow students to do school work as well as access educational content both at school and at home. Many of the educational sites containing this content require separate user accounts. This requires students to have multiple user names and passwords for the various web sites and applications.

Rationale: Students having multiple usernames and passwords has caused some confusion particularly with the younger students. ClassLink software will allow students to have one login to access most of the web sites and applications they are required to use. Having only one username and password to access services will simplify their workflow. This should reduce the amount of technical support provided to both staff and students.

Funding: The total cost is not to exceed \$30,000 and will be paid from the Innovation and Instructional Support, budget 409.

Recommendation: Approve contract between ClassLink and Fullerton School District for the 2017/2018 school year.

5. Independent Contractor. Contractor, in the performance of the Services pursuant to this Agreement, shall be and act as an independent Contractor. Contractor understands and agrees that he/she and all of his/her employees shall not be considered officers, employees or agents of the District, and are not entitled to benefits of any kind or nature normally provided employees of the

The Contractor shall perform the Services in the manner of one who is a recognized specialist in the types of services to be performed. Time is of the essence in this Agreement. All deadlines set forth in the Agreement are binding and may be modified only by subsequent written agreement of the parties.

9. Termination. District may, at any time, with or without reason, terminate this Agreement and compensate Contractor only for Services satisfactorily rendered to the date of termination. If the cost to the District exceeds the cost of providing the service pursuant to this Agreement, the excess cost shall be charges to and collected from the Contractor. The foregoing provisions are in addition to and not a limitation of any other rights or remedies available to District. Written notice by District shall be deemed given when received by the other party, or no later than three days after the day of mailing, whichever is sooner.

10. Hold Harmless. Contractor agrees to and does hereby indemnify, hold harmless and defend the District and its governing board, officers, employees and agents from every claim or demand made and every liability, loss, damage or expense, of any nature whatsoever, which may be incurred by reason of:

11. Insurance. Contractor shall insure Contractor's activities in connection with the Services under this Agreement and agrees to carry insurance to ensure Contractor's ability to adhere to the indemnification requirements under this Agreement.

11.1 Contractor shall, at Contractor's sole cost and expense, maintain in full force and effect the following insurance coverage from a California licensed insurer with an A, VIII, or better rating from A.M. It should be expressly understood, however, that the coverage and limits referred to under a., b. and c. above shall not in any way limit the liability of the Contractor.

11.2 No later than five (5) days from execution of this Agreement by the District and Contractor, and prior to commencing the Services under this Agreement, Contractor shall provide District with certificates of insurance evidencing all coverages and endorsements required hereunder.

Contractor shall provide prior written notice to the District thirty (30) days in advance of any non-renewal, cancellation, or modification of the required insurance. The certificates of insurance providing the coverages referred to in clauses a and b above shall name District, its Governing Board, officers, and employees, as additional insureds with appropriate endorsements. In addition, the certificates of insurance shall include a provision stating "Such insurance as is afforded by this policy shall be primary, and any insurance

carried by District shall be excess and noncontributory.” Failure to maintain the above mentioned insurance coverages shall be cause for termination of this Agreement.

12. Assignment. The obligations of the Contractor pursuant to this Agreement shall not be assigned by the Contractor.

Contractor shall complete and submit to District any required documentation to verify compliance.

14. Permits/Licenses. Contractor and all Contractor’s employees or agents shall secure and maintain in force such permits and licenses as are required by law in connection with the furnishing of Services pursuant to this Agreement.

15. Employment With Public Agency. Contractor, if an employee of another public agency, agrees that Contractor will not receive salary or remuneration, other than vacation pay, as an employee of another public agency for the actual time in which Services are actually being performed pursuant to this Agreement.

16. Entire Agreement/Amendment. This Agreement and any exhibits attached hereto constitute the entire Agreement among the parties to it and supersedes any prior or contemporaneous understanding or Agreement with respect to the Services contemplated, and may be amended only by a written amendment executed by both parties to the Agreement. FROM: Jay McPhail, Assistant Superintendent, Innovation and Instructional Support

SUBJECT: **APPROVE CONTRACT BETWEEN FULLERTON SCHOOL DISTRICT AND POWERSCHOOL GROUP, LLC, FOR POWERSCHOOL SUPPORT, POWERSCHOOL LEARNING, AND POWERSCHOOL REGISTRATION FOR 2017/2018 SCHOOL YEAR**

Background: For the past 12 years Fullerton School District (FSD) has used PowerSchool for the student information system (SIS). The District pays support service and software upgrades for PowerSchool annually. The service agreement is ongoing with a yearly option to renew.

Teachers within FSD are using PowerSchool Learning to provide instruction, student discussion forums, differentiated instruction and student-created content, homework, practice exams, student blogs, and more.

Parents would be able to electronically enroll new students, as well as annually update student information. Data would continue to be stored in a cloud environment that allows for pre-populated forms to be automatically provided for parents to update or approve.

Rationale: For continuity of support and student data, FSD should continue to maintain the service and support agreement with PowerSchool Group, LLC, to support the PowerSchool SIS. PowerSchool Learning will provide FSD with the services to provide online learning environments and teacher web pages for the District. PowerSchool Registration will continue to give parents access to online registration and updating information.

Funding: Total cost is not to exceed \$177,102.75. A total of \$143,945.75 will be paid from the Innovation and Instructional Support, budget 409. A total of \$33,160 will be paid from Child Welfare and Attendance, budget 510.
