CONSENT ITEM

DATE: July 26, 2016
TO: Robert Pletka, Ed.D., District Superintendent
FROM: Susan Hume, Assistant Superintendent, Business Services
SUBJECT: **ACCEPT GIFTS AND AUTHORIZE DISTRICT STAFF TO EXPRESS THE BOARD OF TRUSTEES' APPRECIATION TO ALL DONORS**

Background: According to Board Policy 3290(a), the Board of Trustees may accept any bequest, gift of money, or property on behalf of the District. Gifts must be deemed suitable for a purpose by the Board of Trustees and be used in an appropriate manner. However, it is the policy of the Board of Trustees to discourage all gifts which may directly or indirectly impair the Board of Trustees' commitment to providing equal educational opportunities to the students of the District. As indicated in the above-mentioned Board Policy, the District Superintendent approves gifts designated for a specific school for acceptance at that school. Descriptions of gifts presented for acceptance are included on the attachment. Gifts for specific dollar amounts are noted, non-monetary gifts are identified, and the donor is responsible for reporting the value to the Internal Revenue Service.

Rationale: The Board of Trustees of the Fullerton School District gratefully accepts monetary and non-monetary gifts from public and private entities. These gifts help reduce the costs of school materials, curriculum, and extracurricular student activities.

Funding: The funding received from gifts will be deposited in appropriate District funds.

Recommendation: Accept gifts and authorize District staff to express the Board of Trustees' appreciation to all donors.

DATE: July 26, 2016

TO: Robert Pletka, Ed.D., District Superintendent

FROM: Susan Hume, Assistant Superintendent, Business Services

PREPARED BY: Debbie Vásquez, Manager, Transportation Services

SUBJECT: APPROVE CONTRACT WITH TRANSPORTATION CHARTER SERVICES TO PROVIDE TRANSPORTATION FOR FIELD TRIPS, EFFECTIVE JULY 27, 2016 THROUGH JUNE 30, 2017

Background: Occasionally, schools request transportation for field trips to be accomplished at times that conflict with home-to-school route schedules. In the past, the District has contracted with Transportation Charter Services to provide transportation for field trips in situations as previously described. Fullerton School District seeks to enter into a contract, effective July 27, 2016 through June 30, 2017, with Transportation Charters Services to provide field trip transportation on an as-needed basis.

The Fullerton School District's Transportation Department books field trips that the District's drivers cannot accomplish with the least expensive carrier that can perform the requested work.

Transportation Charter Services has met the insurance liability requirements of the District. Each bus provided by the contractor will pass a safety inspection by District mechanics prior to departure on a field trip in order to ensure the safety of the District's students.

Rationale: The District is committed to providing safe, efficient transportation services to its students. In times when the District's Transportation Department cannot provide such services, contracts such as this are required.

Funding: Funding is from the General Fund and School Site Funds, not to exceed \$20,000.

Recommendation: Approve contract with Transportation Charter Services to provide transportation for field trips, effective July 27, 2016 through June 30, 2017.

The foregoing provisions are in addition to and not a limitation of any other rights or remedies available to District. Written notice by District shall be deemed given when received by the other party, or no later than three days after the day of mailing, whichever is sooner.

10. Hold Harmless. In addition, the certificates of insurance shall include a provision stating "Such insurance as is afforded by this policy shall be primary, and any insurance carried by District shall be excess and noncontributory." Failure to maintain the above mentioned insurance coverages shall be cause for termination of this Agreement.

12. Assignment. The obligations of the Contractor pursuant to this Agreement shall not be assigned by the Contractor.

13. Compliance With Applicable Laws. The Services completed herein must meet the approval of the District and shall be subject to the District's general right of inspection to secure the satisfactory completion thereof. Board Policy

Volunteer Assistance

BP 1240

Community Relations
Board Adopted: November 16, 2010
Board Revised:

The Board of Trustees recognizes that volunteer assistance in schools can enrich the educational program, increase supervision of students, and contribute to school safety while strengthening the schools' relationships with the community. The Board encourages parents/guardians and other members of the community to share their time, knowledge, and abilities with students.

The Superintendent or designee shall develop and implement a plan for recruiting, screening, and placing volunteers, including strategies for reaching underrepresented groups of parents/guardians and community members. He/she may also recruit community members to serve as mentors to students and/or make appropriate referrals to community organizations.

The Board prohibits harassment of any volunteer on the basis of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex, gender, gender identity, gender expression, age, sexual orientation, or military and veteran status. (Government Code 12940)

As appropriate, the Superintendent or designee shall provide volunteers with information about school goals, programs, and practices and an orientation or other training related to their specific responsibilities. Employees who supervise volunteers shall ensure that volunteers are assigned meaningful responsibilities that utilize their skills and expertise and maximize their contribution to the educational program.

Volunteer maintenance work shall be limited to those projects that do not replace the normal maintenance duties of classified staff. The Board nevertheless encourages volunteers to work on short-term projects to the extent that they enhance the classroom or school, do not significantly increase maintenance workloads, and comply with employee-negotiated agreements.

~~Volunteer aides shall not be used to assist certificated staff in performing teaching or administrative responsibilities in place of regularly authorized classified employees who have been laid off. (Education Code 35021)~~

Volunteers shall act in accordance with District policies, regulations, and school rules. The Superintendent or designee shall be responsible for investigating and resolving complaints regarding volunteers.

The Board encourages principals to develop a means for recognizing the contributions of each school's volunteers.

The Superintendent or designee shall periodically report to the Board regarding the District's volunteer assistance program.

Workers' Compensation Insurance

The Board desires to provide a safe environment for volunteers and minimize the District's exposure to liability.

Upon the adoption of a resolution by the Board, volunteers shall be entitled to workers' compensation benefits for any injury sustained while engaged in the performance of service for the District (Labor Code 3364.5)

Qualifications

~~The Superintendent or designee shall establish procedures for determining whether volunteers possess the qualifications, if any, required by law and administrative regulation for the types of duties they will perform.~~

~~A volunteer who obtained both a Department of Justice and Federal Bureau of Investigation criminal background clearance through the District prior to July 9, 2010, shall have satisfied this requirement. (Education Code 49024)~~

~~Prior to assuming a volunteer position determined by the established procedures requiring background checks, a volunteer shall obtain both a Department of Justice and Federal Bureau of Investigation criminal background check through the District. (Education Code 49024)~~

~~A volunteer who possesses a current Activity Supervisor Clearance Certificate from the Commission on Teacher Credentialing, issues prior to July 9, 2010, shall have satisfied District requirements for the criminal background check. (Education Code 49024)~~

The Board of Trustees recognizes that technological resources can enhance employee performance by offering effective tools to assist in providing a quality instructional program, facilitating communications with parents/guardians, students, and the community, supporting District and school operations, and improving access to and exchange of information. The Board expects all employees to learn to use the available technological resources that will assist them in the performance of their job responsibilities. As needed, employees shall receive professional development in the appropriate use of these resources.

Employees shall be responsible for the appropriate use of technology and shall use the District's technological resources primarily for purposes related to their employment.

District technology includes, but is not limited to, computers, the District's computer network including services and wireless computer networking technology (wi-fi), the Internet, email, USB drives, wireless access points (routers), tablet computers, smartphones and smart devices, telephones, cellular telephones, personal digital assistants, pagers, MP3 players, wearable technology, any wireless communication device including emergency radios, and/or future technological innovations, whether accessed on or off site or through District-owned or personally owned equipment or devices.

~~Employees shall be notified that computer files and electronic communications, including email and voice mail, are not private. Technological resources shall not be used to transmit confidential information about students, employees, or District operations without authority.~~

Online/Internet Services

The Superintendent or designee shall ensure that all District computers with Internet access have a technology protection measure that prevents access to visual depictions that are obscene or child pornography and that the operation of such measures is enforced. The Superintendent or designee may disable the technology protection measure during use by an adult to enable access for bona fide research or other lawful purpose. (20 USC 6777; 47 USC 254)

The Superintendent or designee shall annually notify employees in writing that they have no reasonable expectation of privacy in the use of any equipment or other technological resources provided by or maintained by the District, including, but not limited to computer files, e-mail, text messages, instant messaging, and other electronic communications even when provided their own password. To ensure proper use, the Superintendent or designee may monitor employee usage of District technology at any time without advance notice or consent and for any reason allowed by law. ~~To ensure proper use, the Superintendent or designee may monitor employee usage of technological resources, including the accessing of e-mail and stored files. Monitoring may occur at any time without advance notice or consent. When passwords are used, they must be known to the Superintendent or designee so that he/she may have system access.~~

Employees shall be notified that records maintained on any personal device or messages sent or received on a personal device that is being used to conduct District business may be subject to disclosure, pursuant to a subpoena or other lawful request.

Employees shall report any security problem or misuse of District technology to the Superintendent or designee.

Inappropriate use of District technology may result in a cancellation of the employee's user privileges, disciplinary action, and/or legal action in accordance with law, Board policy, and administrative regulation.

The Superintendent or designee shall establish administrative regulations and an Acceptable Use Agreement, which outline employee obligations and responsibilities related to the use of District technology. He/she also may establish guidelines and limits on the use of technology resources. Inappropriate use may result in a cancellation of the employee's user privileges, disciplinary action, and/or legal action in accordance with law, Board policy, and administrative regulation.

To qualify for federal universal service discounts for Internet access, Internet services, or internal connections (E-rate discounts), districts are mandated by 47 USC 254 to adopt an Internal safety policy that includes, but is not limited to, provisions addressing access by minors to "inappropriate matter" on the Internet; see BP 6163.4 – Student Use of Technology.

Employees shall not use District technology to access, post, submit, publish, or display harmful or inappropriate matter that is threatening, obscene, disruptive, sexually explicit, or unethical or that promotes any activity prohibited by law, Board policy, or administrative regulations.

Harmful matter includes matter, taken as a whole, which to the average person, applying contemporary Statewide standards, appeals to the prurient interest and is matter which depicts or describes, in a patently offensive way, sexual conduct and which lacks serious literary, artistic, political, or scientific value for minors. (Penal Code 313)

The Superintendent or designee shall provide copies of related policies, regulations, and guidelines to all employees who use the District's technological resources. Employees shall be required to acknowledge in writing that they have read and understood the District's Acceptable Use Agreement.

Use of Cellular Phone or Mobile Communications Device

An employee shall not use a cellular phone or other mobile communications device for personal business while on duty, except in emergency situations and/or during scheduled work breaks.

SUBJECT: **ADOPT RESOLUTION #16/17-04 AUTHORIZING AND PROVIDING FOR THE LEVYING OF SPECIAL TAXES WITHIN COMMUNITY FACILITIES DISTRICT 2000-1 (DISTRICT 40, VAN DAELE)**

Background: On June 13, 2000, the Fullerton School District formed Community Facilities District (CFD) No. 2000-1 pursuant to the Mello-Roos Community Facilities Act of 1982, as amended, on 14.71 net acres of property owned by Fullerton 104/AFX, LTD., a California limited partnership of which Van Daele Development Corporation, a California corporation, was the general partner. CFD No. 2000-1 issued 2001 special tax bonds in the amount of \$1,195,000 on November 1, 2001.

With the formation of CFD No. 2000-1 and the issuance of special tax bonds, annual special taxes need to be levied on taxable property to pay interest and principal to the bondholders. Accordingly, please find attached Resolution #16/17-04, which authorizes and provides for the levying of special taxes in CFD No. 2000-1 for fiscal year 2016/2017. The special taxes were calculated and levied in accordance with the Rate and Method of Apportionment previously Board-approved.

Rationale: Annual authorization of the special tax levy is required by law.

Funding: Not applicable.

Recommendation: Adopt Resolution #16/17-04 authorizing and providing for the levying of special taxes within Community Facilities District 2000-1 (District 40, Van Daele).

SUBJECT: **ADOPT RESOLUTION #16/17-05 AUTHORIZING AND PROVIDING FOR THE LEVYING OF SPECIAL TAXES WITHIN COMMUNITY FACILITIES DISTRICT 2001-1 (DISTRICT 48, AMERIGE HEIGHTS)**

Background: On August 14, 2001, the Fullerton School District formed Community Facilities District (CFD) No. 2001-1 pursuant to the Mello-Roos Community Facilities Act of 1982, as amended on 106.72 net acres of property known as the Amerige Heights Project. With the formation of CFD No. 2001-1 and the issuance of special tax bonds, annual special taxes need to be levied on taxable property to pay interest and principal to the bondholders. Accordingly, please find attached Resolution #16/17-05, which authorizes and provides for the levying of special taxes in CFD No. 2001-1 for fiscal year 2016/2017. The special taxes were calculated and levied in accordance with the Rate and Method of Apportionment previously Board-approved.

Rationale: Annual authorization of the special tax levy is required by law.

Funding: Not applicable.

Persons wishing to address the Board are invited to complete and submit a "request to speak" slip to the Executive Assistant. These slips are available at the reception counter.

CONSENT ITEM

DATE: August 23, 2016
TO: Robert Pletka, Ed.D., District Superintendent
FROM: Susan Hume, Assistant Superintendent, Business Services
SUBJECT: ACCEPT GIFTS AND AUTHORIZE DISTRICT STAFF TO EXPRESS THE BOARD OF TRUSTEES' APPRECIATION TO ALL DONORS

Background: According to Board Policy 3290(a), the Board of Trustees may accept any bequest, gift of money, or property on behalf of the District. Gifts must be deemed suitable for a purpose by the Board of Trustees and be used in an appropriate manner. However, it is the policy of the Board of Trustees to discourage all gifts which may directly or indirectly impair the Board of Trustees' commitment to providing equal educational opportunities to the students of the District. As indicated in the above-mentioned Board Policy, the District Superintendent approves gifts designated for a specific school for acceptance at that school. Descriptions of gifts presented for acceptance are included on the attachment. Gifts for specific dollar amounts are noted, non-monetary gifts are identified, and the donor is responsible for reporting the value to the Internal Revenue Service.

Rationale: The Board of Trustees of the Fullerton School District gratefully accepts monetary and non-monetary gifts from public and private entities. These gifts help reduce the costs of school materials, curriculum, and extracurricular student activities.

Funding: The funding received from gifts will be deposited in appropriate District funds.

Recommendation: Accept gifts and authorize District staff to express the Board of Trustees' appreciation to all donors.

¹ The California Commission on Teacher Credentialing (CCTC) considers it a misassignment when a teacher lacks the proper subject-matter authorization, a proper teaching credential, or the appropriate authorization or credential to teach English Learners if one or more English Learners are assigned to the class. The Williams Settlement Legislation requires that county superintendents report to the CCTC the number of English Learner related misassignments involving classes in which 20% or more of the students are English Learners.

² English Language Learner (ELL) misassignments occur if the teacher was lacking the appropriate authorization and training to teach ELL and 20% or more of the students were English Language Learners.

³ A teacher vacancy occurs if 20 working days after school begins for the semester, a single designated teacher has still not been assigned to teach the class for the entire year or semester (Education Code 35186(h)(3) and California Code of Regulations Title 5 4600(b)).

SUBJECT: APPROVE REVISIONS TO CERTIFICATED PERSONNEL JOB DESCRIPTIONS

Background: Job descriptions assist in making sure your staff duties align with your company vision. They allow you to make informed hiring decisions by developing recruiting strategies that clearly outline to applicants their role and responsibilities. When conducting interviews, job descriptions should form the foundation for the development of interview questions. Job descriptions can also be used to determine areas in need of training and development when expectations or requirements are not being met. Having clear job descriptions also allows for a basis on which to develop compensation plans that ensure jobs are being compensated in ways that reflect their levels of responsibility and qualification in the organization.

Rationale: Changes to State mandates and implementation of new Standards has generated a need to modify the knowledge desired in potential candidates. Knowledge of Common Core Standards has been added to all teaching job descriptions. Job descriptions are available for review in the Superintendent's Office upon request and will be made available online once approved.

Funding: Not applicable.

Recommendation: Approve revisions to Certificated Personnel's job descriptions.

SUBJECT: APPROVE ADDENDUM TO INTERNSHIP CREDENTIAL PROGRAM AGREEMENT BETWEEN NATIONAL UNIVERSITY AND FULLERTON SCHOOL DISTRICT EFFECTIVE AUGUST 24, 2016

Background: National University is accredited to offer the following credential internship programs: Teacher Education, Special Education, Preliminary Administrative Services, Pupil Personnel Services – School Counseling, and Pupil Personnel Services – School Psychology. These internship programs provide an opportunity for qualified credential program candidates of National University to work as employees of record with Fullerton School District while completing their pre-service preparation.

In July 2015, the District entered into an agreement with National University to accept potential candidates in internship programs for possible employment. State regulations modified the level of program support required by educational institutions and hiring districts.

Rationale: Addendum to agreement ensures compliance with state regulations regarding support and supervision of interns.

Funding: Not applicable.

Recommendation: Approve Addendum to Internship Credential Program Agreement between National University and Fullerton School District effective August 24, 2016.

ADDENDUM TO EXISTING UNIVERSITY INTERNSHIP AGREEMENT
Teacher Education & Special Education Programs

This Addendum shall amend “Article 8, Clauses a, b & h” in the “INTERNSHIP CREDENTIAL PROGRAM AGREEMENT” with the below ““Article 8. Program Support Extended” between National University and _____.

Whereas state regulations effective January 1, 2014 mandate specific support and supervision minimums, the “Program Support” section of the existing University Internship Credential Program Agreement must be amended. Intern teachers should receive, at a minimum, 15 hours of support/mentoring and supervision per month at a rate of between two and four hours per week. A California public school year consists of approximately 36 instructional weeks or nine months; therefore, the minimum yearly number of support/mentoring and supervision hours have been set at 144 hours by the Commission (36 weeks times four hours per week).

“Article 8. Program Support Extended”

8.a. Site Support Provider (District) will mentor, coach and consult with interns on all areas of responsibility as a teacher of record by visiting the classroom to conduct real time observations with pre- and post-debriefing protocols to provide weekly course planning, modeling and coaching with attention to differentiated instruction for English Learners; assessment of language needs and progress; and support for language accessible instruction. A minimum of two hours of support / mentoring and supervision must be provided to an intern every five instructional days.

University Support Providers will provide guidance and mentorship frequently for all students including, but not limited to English Language Learners via virtual communication, in-classroom coaching and mentoring as deemed appropriate.

8.b Site Support Providers will hold a valid Clear or Life Credential, three years of successful teaching experience and hold a valid English Learner Authorization or CLAD Certificate issued pursuant to section 80015 or a valid bilingual authorization issued pursuant to section 80015.1. Interns without an English Language Authorization must receive a minimum of 45 hours of focused English Language instruction support each school year.

University Support Providers will have current knowledge in their subject-matter area; ability to model best practices in teaching, scholarship and service; working knowledge about diversity (abilities, culture, language, ethnic, gender); and understanding of academic standards, frameworks and accountability for public schools.

8.h. Employer will provide supervision and ongoing support for a minimum of 100 hours per school year. Interns without an English Language Authorization must receive focused English Language instruction support. (b)(5)(B) Requires the employer to identify and individual with EL authorization who will be immediately available to assist an intern teacher who does not yet hold EL authorization.

University Support Providers will provide supervision and ongoing support for a minimum of 44 hours per school year.

University Support Providers will monitor the completion of employer-provided support via an Intern Support Verification Form to verify the clockwork hours provided by Site Support Providers and/or employer support personnel. Forms must be turned in as part of the intern’s clinical practice course assignments.

8.i. National University begins intern support four times a year (September, November, February, April). Schools who hire/place interns outside these start dates are required to provide 100% of the state mandated support (4 hours per week of general support, and 1.25 hours of EL specific support if the intern does not hold EL authorization) until the next available start date (September, November, February, April) at which point the University Support provider will provide University support services as noted in article (8.h.).

By signing, National University and _____ agree to the addition of “Article 8, Clauses a, b & h” to the “INTERNSHIP CREDENTIAL PROGRAM AGREEMENT” between National University and _____.

This Agreement entered into this 15th day of June 2016, by and between the State of California acting through the Trustees of the California State University on behalf of CALIFORNIA STATE UNIVERSITY, FULLERTON, hereinafter called "UNIVERSITY" and FULLERTON SCHOOL DISTRICT, hereinafter referred to as "AGENCY".

WITNESSETH:

WHEREAS, the UNIVERSITY has established approved programs of special training for a Master's in Social Work, hereinafter referred to as "the Program"; and

WHEREAS, the Program requires facilities where students can obtain the learning experience required in the curriculum; and

WHEREAS, the AGENCY has the setting and equipment needed by Program trainees as part of their practical learning experience; and

WHEREAS, it is in the best interest of the AGENCY to enter into the Agreement as herein set forth.

NOW THEREFORE in consideration of the foregoing and of the mutual promises set forth herein, the UNIVERSITY and the AGENCY agree as follows:

1.0 RESPONSIBILITIES OF THE AGENCY

1.1 The AGENCY will provide assigned student(s) field practicum experience in accord with an individual learning contract developed in line with goals and objectives established by the UNIVERSITY. It is understood that in no case shall students replace regular staff.

1.2 The AGENCY will designate a qualified individual to coordinate each student's learning experience in the Program. That person will be known as the Field Instructor. The Field Instructor will hold a Master of Social Work degree and will have at least two years of post-masters experience. The Field Instructor will coordinate between responsible UNIVERSITY faculty and designated AGENCY personnel regarding the assignment of students to specific cases and experiences, including selected conferences, clinics, courses, and programs conducted under the aegis of the AGENCY. The Field Instructor will be responsible for and will control the quality of the social work services provided by the assigned student(s) and will provide at least one (1) hour of face-to-face individual supervision each week to each student. The AGENCY will designate and submit in writing to the UNIVERSITY the name and professional and academic credentials of the Field Instructor. 1.3 The AGENCY will permit, upon reasonable request, the inspection of facilities by organizations charged with responsibility for accreditation of the UNIVERSITY.

1.4 The AGENCY will recommend to the UNIVERSITY the withdrawal of a Program student if: (a) the achievement, progress, adjustment, or health of the student does not warrant continuation at the AGENCY, or (b) the behavior of the student fails to

conform to the applicable regulations or policies of the AGENCY.

1.5 The AGENCY reserves the right, exercisable in its discretion after consultation with the UNIVERSITY, to exclude any student from its premises in the event that such Student's conduct or state of health is deemed objectionable or detrimental to the proper administration of the AGENCY.

1.6 The AGENCY shall provide adequate workspace, supplies, and equipment necessary to fulfill the requirements of the learning contract.

1.7 The AGENCY shall provide necessary emergency care or first aid for injuries occurring at the AGENCY to a UNIVERSITY participant under this program and, except as herein provided, AGENCY will have no obligation to furnish medical or surgical care to any student.

As a State agency, the California State University, Office of the Chancellor, the Trustees, and its system of campuses are included in this self-insured program.

The Office of Risk Management in the Chancellor's Office administers the general liability, workers' compensation, property, and professional liability programs. The State Office of Risk and Insurance Management administers the motor vehicle liability program.

Under this form of insurance, the State and its employees (as defined in Section 810.2 of the Government Code) are insured for any tort liability that may develop through carrying out official activities, including state official operations on non-state owned property. Should and claims arise by reason of such operations or under an official

6.2 Student Insurance. The California State University Risk Management Authority maintains a Student Professional Liability Insurance Program (SPLIP).

Insureds include CSU students enrolled in required credited coursework in addition to employees, faculty and staff of the CSU. Affiliate institutions to whom the University is obligated by written agreement to provide such coverage are included as additional insureds.

Coverage includes General, Professional, & Educator’s Errors and Omissions Liability. Coverage limits are one million (\$1,000,000) each loss and three million (\$3,000,000) aggregate for all Covered Parties, and not per student.

6.3 AGENCY Insurance. AGENCY shall procure and maintain in force during the term of this Agreement, at its sole cost and expense, insurance in amounts that are reasonably necessary to protect it against liability arising from any and all negligent acts or incidents caused by its employees. Coverage under such professional and commercial general liability insurance shall be not less than one million dollars (\$1,000,000) for each occurrence and three million dollars (\$3,000,000) in the aggregate. Such coverage is to be obtained from a carrier rated A or better by AM Best or a qualified program of self-insurance. AGENCY shall also maintain and provide evidence of workers’ compensation and disability coverage for its employees as required by law. AGENCY shall provide University with evidence of the insurance coverage required by this paragraph, which shall provide for not less than thirty (30) days notice of cancellation to University. AGENCY shall promptly notify University of any cancellation, reduction, or other material change in the amount or scope of any coverage required hereunder.

It should be expressly understood, however, that the coverage required under this Section shall not in any way limit the liability of the UNIVERSITY.

7.0 INDEMNIFICATION.

7.1 The University agrees to defend all claims of loss, and indemnify and hold harmless the Agency and its officers, agents and employees from any and all liability for personal injury, damages, wrongful death or other losses and costs, including but not limited to reasonable attorney fees and defense costs, arising out of the negligent acts or omissions or willful misconduct of the University or its employees, officers, or volunteers in the performance of this Agreement.

The AGENCY and the UNIVERSITY agree that neither will discriminate against a beneficiary of services provided by the AGENCY in the performance of this Agreement or against any individual on the basis of race, color, religion, national origin, ancestry, disability, marital status, gender, gender identity, sexual orientation, age or veteran status.

9.0 TERM/TERMINATION

This term of this Agreement shall be effective upon execution and shall continue for five (5) years. Either party may terminate this Agreement upon thirty (30) days written notice by one party to the other, PROVIDED, HOWEVER, that in no event shall termination take effect with respect to currently enrolled students, who shall be permitted to complete their training for any semester in which termination would otherwise occur. The notice required under this clause shall be sent by certified registered mail.

10.0 INDEPENDENT CONTRACTOR STATUS

The parties hereby acknowledge that they are independent contractors. In no event shall this Agreement be construed as establishing a partnership, joint venture, or similar relationship between the parties hereto, and nothing herein contained shall be construed to authorize either party to act as agent for the other. The AGENCY and the UNIVERSITY shall be liable for their own debts, obligations, acts and omissions, including the payment of all required withholding, social security, and other taxes or benefits. No student shall look to AGENCY for any salaries, insurance, or other benefits.

11.0 CONFIDENTIALITY

The UNIVERSITY will require students to maintain the confidentiality of client information obtained during the field practicum experience at the AGENCY. All information obtained from clients, their records, or computerized data is to be held in confidence, and no copies of client records shall be made unless identifying information is first deleted and AGENCY permission is obtained. The UNIVERSITY shall prohibit students and supervising faculty members from identifying patients in papers, reports, or case studies without first obtaining permission of the AGENCY and the client, utilizing the confidentiality policies and procedures of the AGENCY.

12.0 NON-ASSIGNMENT AND SUBCONTRACTING

This Agreement shall not be assigned or transferred by a party without the written approval of the other party. This Agreement shall constitute the entire understanding between the parties with respect to the subject matter hereof and supersedes any and all prior understandings and agreement, oral and written relating hereto.

SUBJECT: **APPROVE LICENSE AND SERVICES AGREEMENT FOR THE PURCHASE OF REVIEW 360 SOFTWARE PROGRAM, INCLUDING IMPLEMENTATION SUPPORT AND TRAINING, FOR THE FULLERTON SCHOOL DISTRICT IN SUPPORT OF ITS MULTI-TIERED SYSTEMS OF SUPPORT PROGRAM**

Background: Fullerton School District has implemented its Multi-Tiered Systems of Support (MTSS) for students, which includes Response to Intervention (Rtl) for academic support, Positive Behavioral Intervention and Supports (PBIS) for behavioral support, and Mental Health for emotional and social support. Through implementation of MTSS, a need arose for universal screening, progress monitoring, and strategies for behavior and mental health of students. St. Jude Hospital decided to partner with Fullerton School District through a grant of \$57,792 supporting the District's MTSS Program at its eight (8) Title 1 elementary schools.

Review 360 is a universal screening progress monitoring software program that efficiently screens and identifies at-risk students. It also recommends ready-to-implement intervention strategies for behavior and provides comprehensive charts and reports regarding student progress.

Rationale: Approval of the License and Services Agreement for the purchase of Review 360 will enable the District's eight (8) Title 1 elementary schools to universally screen and monitor progress of students who are identified as needing additional support behaviorally, emotionally, and socially.

Funding: General Fund (01) not to exceed \$12,500.

Recommendation: Approve License and Services Agreement for the purchase of Review 360 software program, including implementation support and training, for the Fullerton School District in support of its Multi-Tiered Systems of Support Program.

Dear Kathy,

Based on the needs expressed at Fullerton School District, Review360 is proposing the use of the **Review360® RTI for Behavior solution** for its teachers, administrators, and students.

EXECUTIVE SUMMARY

Review360™ is honored to assist administrators and teachers at Fullerton School District to help address behavior challenges. As part of a comprehensive approach, the products and services that we provide in this proposal address the needs of students in general education in conjunction with universal screening and progress monitoring for behavior. We look forward to serving and working with your teachers and administrators to address student behavior in ways that are systemic and sustainable.

BACKGROUND INFORMATION

Review360™ was founded by experts in educational psychology to provide school districts with advanced, research-based solutions that help improve student behavior and academic achievement while meeting local, state and federal mandates.

Developed, tested and proven in urban school districts, the Review360™ solution is the only web-based, positive behavior management software system proven across multiple tiers of intervention. Review360™ - Pearson is dedicated to providing school districts with expertise and outstanding customer service in implementing Review360™ and maximizing its benefits to students, parents, teachers, schools and school districts.

Review360™ works with school districts to meet their behavioral intervention and management needs within the framework of an innovative positive behavioral support model. Through the flexible functionality of Review360™, the behavioral needs of the district can be addressed at all levels for all students including regular and special education students at Tier 1 and students requiring Tier 2 and Tier 3 behavioral

interventions including special education, within a multi-tiered model. Review360™ is specifically designed to match the core features of PBIS, which have been consistently demonstrated, by a variety of researchers who employed systematic and empirical methodologies, to establish PBIS as a scientifically based approach to improving student behavior. Specifically, Review360™ facilitates the following processes: (1) identifies specific behavioral objectives that include positive replacement behaviors and specific behavioral goals, (2) collects relevant student data from multiple sources, (3) generates daily reports, summary reports; and charts student data for the teachers, (4) applies practical strategies and tracks these implementation practices, and (5) generates various levels of reports that district administrators and teachers can use to track student progress.

Review360™ is designed to focus on all of a school district's positive behavioral support needs and is constructed to address a myriad of specific behaviors within each of the seven research identified behavior categories: Inattention-organization, hyperactivity-impulsivity, social deficiencies, defiance, aggression, academic problems, and self concept. The behavioral needs of the district are met by a universal behavioral assessment of students, by providing the web-based methodology that allows for the generation of individual student behavioral plans, by the tracking of incidents and discipline referrals, by supplying teachers and other school professionals with evidence-based interventions and strategies and by managing the application of positive behavioral strategies through the analysis and reporting of student progression down the pathway to behavioral improvement.

The founders of Review360™ - Pearson, who were both university professors in the College of Education at the University of Houston, recognized a need for a solution that would address the behavioral "side" of the well documented Response to Intervention "triangle." Their ensuing research and practical application of their findings in Houston Consolidated Independent School District resulted in a breakthrough solution, which they called Review360™.

The fundamental requirement of Review360™ was to be incredibly challenging. The solution had to embrace the complexity and variety of "systems" currently being used by Special Education professionals with the low incidence populations while at the same time creating an easy to use and easy to implement solution for general education classroom teachers that would begin to address Response to Intervention – Behavior (RTI-B).

This fundamental requirement would lead them to the development of the first "Expert System" for implementing a rich and robust solution across all three tiers of the RTI-B process. This expert system was christened Review360™ and would become the behavior coach for classroom teachers less experienced in dealing with common behavior issues in today's classrooms and simultaneously provide infinite flexibility for the rigors and demands of the most experienced special education administrators.

In addition, Review360™ would provide district level administrators with the same expert system approach to data, data analysis and reporting. So much so, that with the click of a single "button" Review360™ will generate a report that provides a total behavior profile of an individual student that is simple enough it can be shared with parents/guardians yet rigorous enough to withstand the challenges of advocates and litigation. Additionally, for the first time, there is a single report that can determine Extended School Year (ESY) eligibility by analyzing regression and recoupment over any number of sessions and breaks. These are just a few of the reports available to administrators.

Since 2001, Review360™ has worked tirelessly to design a solution that is sustainable and scalable by any district regardless of size. Over the last several years, districts such as Houston Independent School District, Dallas Independent School District and Mobile County Public School District in Alabama have all embraced Review360™. In fact, over 20 of the largest school districts in the country have implemented Review360™ and are committed to a full scale deployment – many are already fully implemented.

Review360™ RTI FOR BEHAVIOR SOLUTION

Both Response to Intervention (RtI) and Positive Behavior Interventions and Supports (PBIS) are grounded in practices that focus on establishing proactive systems to improve the quality of instruction and create appropriate behavioral supports and interventions for all students. *Review 360™ - RtI for Behavior Solution* employs these problem-solving models that aim to identify and address problem behaviors through the combination of **Universal Screening** and **Tiered Data**.

Universal Screening:

Approximately 1 out of 5 students have mental health issues varying from ADHD, Aggression, Defiance, Anti-Social Behaviors, Anxiety and Depression. However, only about 1% of those students is properly identified or qualified for specialized services. The systematic monitoring of universal screeners is used to assess student social-emotional functioning. By collecting ratings from direct observations, educators can compute local norms to determine which students are and are not at risk. By establishing a systematic framework that focuses on levels of assessment for detecting which students who are at-risk for emotional and behavioral problems, early identification and needed support can be administered resulting in improved short- and long-term outcomes for all students.

With the initiation of the *Review 360™ - RtI for Behavior Solution* districts have the ability to implement universal screening instruments for behavior and social skills utilizing the BESS and SSIS. Universal screening is an essential component of school-based prevention for the data-based decision-making within RTI models of service delivery.

Data collection and ratings of externalizing and internalizing behavior aggregates ratings of key behavioral indicators for access to proactively detect behaviorally and emotionally at-risk students.

Behavioral and Emotional Screening System (BASC™ - 3 BESS)

Assessing the behavioral and emotional functioning of children and adolescents can be an effective tool in promoting student success. Academic problems, along with problems associated with developing and maintaining positive relationships with others, can be the result of underlying behavioral and emotional deficits that, when caught early, can be corrected before negatively affecting a child or adolescent.

The BASC–2 Behavioral and Emotional Screening System is designed for use by schools, mental health clinics, pediatric clinics, communities, and researchers to screen for a variety of behavioral and emotional disorders that can lead to adjustment problems.

The BASC–2 Behavioral and Emotional Screening System offers a number of valuable features including:

- Assessment of a wide array of behaviors that represent both behavioral problems and strengths, including internalizing problems, externalizing problems, school problems, and adaptive skills.
- Meets universal screening guidelines within an RTI environment.
- Forms can be completed in approximately five minutes or less, without the need for specialized training.
- Positively and negatively worded items help avoid rater response sets that may affect the quality of the information being gathered.
- Validity indexes identify responses that may be overly negative or inconsistent.

The BASC–2 Behavioral and Emotional Screening System offers a reliable, quick, and systematic way to determine behavioral and emotional strengths and weaknesses of children and adolescents in preschool through high school. This comprehensive screening system consists of brief forms that can be completed by teachers, parents, or students, providing one of the most comprehensive and efficient tools available today.

Social Skills Improvement System (SSIS)

The Social Skills Improvement System addresses the need for an evidence-based, multi-tiered assessment and intervention system to help schools help students develop, improve and maintain important social skills. Designed by experienced scientist-practitioners Stephen Elliott, PhD and Frank Gresham, PhD, this tool can be used early in the school year to facilitate the universal screening of students at risk for academic or social

behavior difficulties, help plan interventions for improving these behaviors, and evaluate progress on targeted skills after intervention. The SSIS™ focuses on key skills that enable the academic success of students 3–19.

Tiered Data:

- Progress Monitoring from customizable Tiers 2 and 3 Objectives-Based Plans provide applicable and detailed information relevant to the teacher and/or student's needs.
- Data is aggregated to provide real-time access to reports and charts to gauge progress, assess needs and ensure an efficient delivery of services.

1. **Set-up / Implementation Support Services**

Set-up is the initial step in the project management of **Review360**. These activities ensure proper alignment to district processes and lay the groundwork for a successful implementation.

The Implementation Specialist is a seasoned educator whose goal is to develop a partnership with the district. This partnership is designed to provide the tools necessary for continual improvement and success of students and staff. The activities include:

- *The Kick-off Meeting* - This meeting is scheduled and conducted to introduce the Implementation Specialist to the district. During the Kick-off Meeting, the district's purchase(s) and service days are reviewed; the roles and responsibilities of the district and **Review360** are identified and clarified. The 5 Steps to Successful Implementation are discussed, and preliminary timelines for implementation activities are set. The Project Implementation Plan packet is completed and signed by district staff. Additionally, end users and training participants are determined and preliminary training dates and logistics are discussed.
- Remote Consultation and Implementation Monitoring
- Training Site Access

2. **Product Training**

The number of training days required for product training will vary from district to district dependent upon the number of plan types purchased and the number of end users to be trained. Webinar product training requires a 3 hour time block with a maximum of 25 users per training session. Onsite training is also available depending on need and has different time allotments (please see details provided by your account executive on the last page of this proposal if applicable). **Review360** trainers are qualified educators with multiple years of experience in the field of education.

- *Training Preparation* - The Implementation Specialist is involved in a series of activities prior to training; confirming training dates and times, establishing training accounts for projected participants, and verifying software specifications have been met prior to training.

Today's date: **August 12, 2016**
 This proposal expires 60 days from today's date.

Background: The California Multiple Award Schedules (CMAS) contracts are established using products, services, and prices from already existing competitively assessed and cost compared multiple award contracts. The foregoing provisions are in addition to and not a limitation of any other rights or remedies available to District.

Written notice by District shall be deemed given when received by the other party, or no later than three days after the day of mailing, whichever is sooner.

10. Hold Harmless. Contractor agrees to and does hereby indemnify, hold harmless and defend the District and its governing board, officers, employees and agents from every claim or demand made and every liability, loss, damage or expense, of any nature whatsoever, which may be incurred by reason of:

SUBJECT: **ADOPT RESOLUTION #16/17-06 PROCLAIMING OCTOBER 23-29, 2016, AS “RED RIBBON WEEK” FOR THE FULLERTON SCHOOL DISTRICT**

Background: “You Only Live Once. Be Drug Free” is the message of this year’s Red Ribbon Week. The choice of a drug-free lifestyle and respect for the memory of Drug Enforcement Agent Enrique Camarena has been at the heart of Red Ribbon Week since its inception in 1986, resulting in celebrations nationwide. This year, Red Ribbon Week again gives us the opportunity to demonstrate commitment to those values.

Students will receive red wristbands from the Orange County Sheriff’s Department. Each school site’s P.T.A. can select and purchase goods to reinforce the message, depending on the P.T.A.’s budgets and level of activities they want to provide. Schools usually calendar a week of Red Ribbon Week events and activities for this celebration. With the importance of this celebration in mind, the Board is asked to declare October 23-29, 2016, as Red Ribbon Week in the Fullerton School District.

Rationale: The “You Only Live Once. Be Drug Free” campaign is designed to inspire parents and other family influencers to connect with their children in ways that persuade them not to use drugs.

Funding: Not applicable.

Recommendation: Adopt Resolution #16/17-06 proclaiming October 23-29, 2016, as “Red Ribbon Week” for the Fullerton School District.

CONSENT ITEM

DATE: September 8, 2015
TO: Robert Pletka, Ed.D., District Superintendent
FROM: Mark Douglas, Interim Assistant Superintendent, Personnel Services
SUBJECT: **APPROVE/RATIFY INTERNSHIP AGREEMENT WITH BRANDMAN UNIVERSITY EFFECTIVE AUGUST 1, 2016 THROUGH JULY 30, 2019**

Background: Brandman University is an extension of the Chapman University System, and is a fully accredited institution of higher education. The District has a long-standing partnership with Chapman University and Brandman University in support of their teacher preparation programs. At this time, Brandman University wishes to establish an agreement with the District to enable candidates in various internship programs the opportunity to work as a District employee should the opportunity ever arise.

Rationale: As the market for qualified administrators lessen, the District has had to find alternatives to hiring energetic, enthusiastic and qualified candidates to join the Fullerton School District family. This Internship Agreement will provide such an alternative if recruitment pools are not successful.

Funding: No cost to Fullerton School District.

Recommendation: Approve/Ratify Internship Agreement with Brandman University effective August 1, 2016 through July 30, 2019.

PREPARED BY: Debbie Vásquez, Manager, Transportation Services

SUBJECT: APPROVE CONTRACT WITH PACIFIC COACHWAYS CHARTER SERVICES, INC., TO PROVIDE TRANSPORTATION FOR FIELD TRIPS, EFFECTIVE SEPTEMBER 6, 2016 THROUGH JUNE 30, 2017

Background: Occasionally, schools request transportation for field trips to be accomplished at times that conflict with home-to-school route schedules. In the past, the District has contracted with Pacific Coachways Charter Services, Inc., to provide transportation for field trips in situations as previously described. Fullerton School District seeks to enter into a contract, effective September 6, 2016 through June 30, 2017, with Pacific Coachways Charters Services, Inc., to provide field trip transportation on an as-needed basis.

The Fullerton School District Transportation Department books field trips that the District's drivers cannot accomplish with the least expensive carrier that can perform the requested work.

Pacific Coachways Charter Services, Inc., has met the insurance liability requirements of the District. Each bus provided by the contractor will pass a safety inspection by District mechanics prior to departure on a field trip in order to ensure the safety of the District's students.

Rationale: The District is committed to providing safe, efficient transportation services to its students. In times when the District's Transportation Department cannot provide such services, contracts such as this are required.

Funding: Funding is from the General Fund and School Site Funds, not to exceed \$15,000.

Recommendation: Approve contract with Pacific Coachways Charter Services, Inc., to provide transportation for field trips, effective September 6, 2016 through June 30, 2017.

SUBJECT: 2015-16 UNAUDITED ACTUALS REPORT

The Unaudited Actuals Report is one of three financial statements school districts are required to report to the State and provide to the public annually. Each report presents the actual results of financial operations for the year-to-date. The report presents information so that the District, County Office of Education, and State can review the District's fiscal viability for the current and two subsequent fiscal years. The three reports and the fiscal period reported are as follows:

<u>Report</u>	<u>Period Covered</u>	<u>Filing Date</u>
First Interim	July 1 – October 31	December 15
Second Interim	July 1 – January 31	March 15
Unaudited Actuals	July 1 – June 30	September 15

The Unaudited Actuals Report presents the final financial results for the fiscal year. The report presents detailed financial statements for each fund and account group of the District. Also included in the report is information concerning attendance, revenue limit, long-term debt, and other accounting and statistical information. The Unaudited Actuals Report provides the financial information that will be audited by our independent auditors, and that will be the basis of our annual Audit Report.

Report Format: The format for our annual financial reporting is dictated to us by the State. The State provides each district with a computer program to utilize their mandated format. The required format is very detailed; the actual report is over 100 pages long. For the purpose of this summary report, we have provided a comparative (prior year and current year) Statement of Revenue, Expenditures, and Changes in Fund Balance for each fund. This statement reports actual results of operations for the fiscal years ended June 30, 2015, and 2016.

District Funds: All District funds, except for ASBs, are reported on the Unaudited Actuals Report. The District operates the following funds:

General Fund: The main operating fund of the District. All activities that are not required to be recorded in another fund are reported here. The majority of the dollar transactions of the District are recorded in the General Fund.

Child Development Fund: Reports financial activity related to Federal, State, and parent-funded childcare programs run by the District.

Cafeteria Fund: Reports all financial activity from District Nutrition Services operations.

Deferred Maintenance Fund: Reports revenues received from the State Deferred Maintenance Program and expenditures made for District facilities major maintenance projects. the State has ceased to fund the Deferred Maintenance program, so this fund is being spent down in anticipation of closure.

Building Fund: Reports receipts from sales of capital facilities bonds and expenditures for facilities projects. The District has completed its bond program, so this fund is being spent down in anticipation of closure.

Capital Facilities Fund: Reports revenues received from developer fees and capital expenditures made necessary by growth in student enrollment.

Special Reserved Fund for Capital Outlay Projects: Used to record (1) funds reserved by the District to cover potential laptop program debt, and (2) receipt of redevelopment fees.

Capital Projects Fund-Blended Component Units: Reports revenues and expenditures from the District's two Community Facility Districts (CFDs): District No. 2000-1 (Van Daele, District 40) and District No. 2001-1 (Amerige Heights, District 48).

Bond Interest and Redemption Fund: Reports taxes collected and repayment of capital improvement bonds.

Self-Insurance Fund: The Self-Insurance Fund consists of three sub-funds: Dental, Property and Liability, and Workers' Compensation. These funds account for the financial activities of these self-insurance risks assumed by the District.

The District is required to use Governmental Accounting Standards, which means that funds are kept on a modified accrual basis. In general, this means that only current receivables and payables are accrued. Long-term assets and liabilities are accounted for separately in two account groups:

Long-Term Debt Group of Accounts: Records debt that entails a multi-year commitment.

Fixed Assets Group of Accounts: Records capitalized fixed assets (buildings, land, equipment) and associated depreciation.

Financial Summary: The total General Fund experienced a net increase in the ending Fund Balance for the year. Both the Unrestricted Fund and Restricted (Categorical) Fund experienced an excess of revenues over expenditures and other financing sources and uses for the year. Summary results were as follows:

Part I - General Administrative Share of Plant Services Costs

California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant services costs (maintenance and operations costs and facilities rents and leases costs) attributable to the general administrative offices. The calculation of the plant services costs attributed to general administration and included in the pool is standardized and automated using the percentage of salaries and benefits relating to general administration as proxy for the percentage of square footage occupied by general administration.

A. Salaries and Benefits - Other General Administration and Centralized Data Processing

- 1. Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702)
(Functions 7200-7700, goals 0000 and 9000) 4,064,121.16
- 2. Contracted general administrative positions not paid through payroll
 - a. Enter the costs, if any, of general administrative positions performing services ON SITE but paid through a contract, rather than through payroll, in functions 7200-7700, goals 0000 and 9000, Object 5800. _____
 - b. If an amount is entered on Line A2a, provide the title, duties, and approximate FTE of each general administrative position paid through a contract. Retain supporting documentation in case of audit.

B. Salaries and Benefits - All Other Activities

- 1. Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702)
(Functions 1000-6999, 7100-7180, & 8100-8400; Functions 7200-7700, all goals except 0000 & 9000) 104,514,592.16

C. Percentage of Plant Services Costs Attributable to General Administration

(Line A1 plus Line A2a, divided by Line B1; zero if negative) (See Part III, Lines A5 and A6) 3.89%

Part II - Adjustments for Employment Separation Costs

When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal or mass" separation costs.

Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter these costs on Line A for inclusion in the indirect cost pool.

Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.

A. Normal Separation Costs (optional)

Enter any normal separation costs paid on behalf of employees of restricted state or federal programs that were charged to an unrestricted resource (0000-1999) in funds 01, 09, and 62 with functions 1000-6999 or 8100-8400 rather than to the restricted program. These costs will be moved in Part III from base costs to the indirect cost pool. _____
Retain supporting documentation.

B. Abnormal or Mass Separation Costs (required)

Enter any abnormal or mass separation costs paid on behalf of general administrative positions charged to unrestricted resources (0000-1999) in funds 01, 09, and 62 with functions 7200-7700. These costs will be moved in Part III from the indirect cost pool to base costs. If none, enter zero. 0.00

Part IV - Carry-forward Adjustment

The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based.

Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.

A. Indirect costs incurred in the current year (Part III, Line A8)	<u>5,929,294.15</u>
B. Carry-forward adjustment from prior year(s)	
1. Carry-forward adjustment from the second prior year	<u>(5,224.88)</u>
2. Carry-forward adjustment amount deferred from prior year(s), if any	<u>0.00</u>
C. Carry-forward adjustment for under- or over-recovery in the current year	
1. Under-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus (approved indirect cost rate (4.38%) times Part III, Line B18); zero if negative	<u>306,356.10</u>
2. Over-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus the lesser of (approved indirect cost rate (4.38%) times Part III, Line B18) or (the highest rate used to recover costs from any program (4.38%) times Part III, Line B18); zero if positive	<u>0.00</u>
D. Preliminary carry-forward adjustment (Line C1 or C2)	<u>306,356.10</u>
E. Optional allocation of negative carry-forward adjustment over more than one year	
Where a negative carry-forward adjustment causes the proposed approved rate to fall below zero or would reduce the rate at which the LEA could recover indirect costs to such an extent that it would cause the LEA significant fiscal harm, the LEA may request that the carry-forward adjustment be allocated over more than one year. Where allocation of a negative carry-forward adjustment over more than one year does not resolve a negative rate, the CDE will work with the LEA on a case-by-case basis to establish an approved rate.	
Option 1. Preliminary proposed approved rate (Part III, Line D) if entire negative carry-forward adjustment is applied to the current year calculation:	<u>not applicable</u>
Option 2. Preliminary proposed approved rate (Part III, Line D) if one-half of negative carry-forward adjustment is applied to the current year calculation and the remainder is deferred to one or more future years:	<u>not applicable</u>
Option 3. Preliminary proposed approved rate (Part III, Line D) if one-third of negative carry-forward adjustment is applied to the current year calculation and the remainder is deferred to one or more future years:	<u>not applicable</u>
LEA request for Option 1, Option 2, or Option 3	<u>1</u>
F. Carry-forward adjustment used in Part III, Line A9 (Line D minus amount deferred if Option 2 or Option 3 is selected)	<u>306,356.10</u>

Approved indirect cost rate: 4.38%
Highest rate used in any program: 4.38%

SELPA: North Orange (MM)

This form is used to check maintenance of effort (MOE) for an LEA, whether the LEA is a member of a SELPA or is a single-LEA SELPA. If a member of a SELPA, submit this form together with the 2015-16 Expenditures by LEA (LE-CY) and the 2014-15 Expenditures by LEA (LE-PY) to the SELPA AU. If a single-LEA SELPA, submit the forms to the CDE.

Per the federal Subsequent Years Rule, in order to determine the required level of effort, the LEA must look back to the last fiscal year in which the LEA maintained effort using the same method by which it is currently establishing the compliance standard. To meet the requirement of the Subsequent Years Rule, the LMC-A worksheet has been revised to add Section 3.A.2 and Section 3.B.2. Section 3.A.2 and Section 3.B.2 allow the LEA to compare the 2015-16 expenditures to the most recent fiscal year the LEA met MOE using that method, which is the comparison year. To ensure the LEA is comparing 2015-16 expenditures to the appropriate comparison year, the LEA is required to complete the Subsequent Years Tracking (SYT) worksheet with their LMC-A worksheet. The SYT worksheet tracks the result for each of the four methods back to FY 2011-12, which is the baseline year for LEA MOE calculations established by the Office of Special Education Programs. The SYT worksheet is available at: <http://www.cde.ca.gov/sp/se/as/documents/subseqyrtrckwrksht.xls>.

There are four methods that the LEA can use to demonstrate the compliance standard. They are (1) combined state and local expenditures; (2) combined state and local expenditures on a per capita basis; (3) local expenditures only; and (4) local expenditures only on a per capita basis.

The LEA is only required to pass one of the tests to meet the MOE requirement. However, the LEA is required to show results for all four methods. These results are necessary both for historical purposes and for the possibility that the LEA may want, or need, to switch methods in future years.

SECTION 1 Exempt Reduction Under 34 CFR Section 300.204

If your LEA determines that a reduction in expenditures occurred as a result of one or more of the following conditions, you may calculate a reduction to the required MOE standard. Reductions may apply to combined state and local MOE standard, local only MOE standard, or both. If the LEA meets one of the conditions below, the LEA must complete and include the IDEA MOE Exemption Worksheet available at: <http://www.cde.ca.gov/sp/se/as/documents/leamoexempwrksht.xls>

1. Voluntary departure, by retirement or otherwise, or departure for just cause, of special education or related services personnel.
2. A decrease in the enrollment of children with disabilities.
3. The termination of the obligation of the agency to provide a program of special education to a particular child with a disability that is an exceptionally costly program, as determined by the SEA, because the child:
 - a. Has left the jurisdiction of the agency;
 - b. Has reached the age at which the obligation of the agency to provide free appropriate public education (FAPE) to the child has terminated; or
 - c. No longer needs the program of special education.
4. The termination of costly expenditures for long-term purchases, such as the acquisition of equipment or the construction of school facilities.
5. The assumption of cost by the high cost fund operated by the SEA under 34 CFR Sec. 300.704(c).

SECTION 2 Reduction to MOE Requirement Under IDEA, Section 613 (a)(2)(C) (34 CFR Sec. 300.205)

IMPORTANT NOTE: Only LEAs that have a "meets requirement" compliance determination and that are not found significantly disproportionate for the current year are eligible to use this option to reduce their MOE requirement.

Up to 50% of the increase in IDEA Part B Section 611 funding in current year compared with prior year may be used to reduce the required level of state and local expenditures. This option is available only if the LEA used or will use the freed up funds for activities authorized under the Elementary and Secondary Education Act (ESEA) of 1965. Also, the amount of Part B funds used for early intervening services (34 CFR 300.226(a)) will count toward the maximum amount by which the LEA may reduce its MOE requirement under this exception [P.L. 108-446].

Note: If your LEA exercises the authority under 34 CFR 300.205(a) to reduce the MOE requirement, the LEA must list the activities (which are authorized under the ESEA) paid with the freed up funds:

SELPA: North Orange (MM)

This form is used to check maintenance of effort (MOE) for an LEA, whether the LEA is a member of a SELPA or is a single-LEA SELPA. If a member of a SELPA, submit this form together with the 2016-17 Budget by LEA (LB-B) and the 2015-16 Expenditures by LEA (LE-B) to the SELPA AU. If a single-LEA SELPA, submit the forms to the CDE.

Per the federal Subsequent Years Rule, in order to determine the required level of effort, the LEA must look back to the last fiscal year in which the LEA maintained effort using the same method by which it is currently establishing the eligibility standard. To meet the requirement of the Subsequent Years Rule, the LMC-B worksheet has been revised to add Section 3.A.2 and Section 3.B.2. Section 3.A.2 and Section 3.B.2 allow the LEA to compare the 2016-17 budgeted expenditures to the most recent fiscal year the LEA met MOE using that method, which is the comparison year. To ensure the LEA is comparing 2016-17 budgeted expenditures to the appropriate comparison year, the LEA is required to complete the Subsequent Years Tracking (SYT) worksheet with their LMC-B worksheet. The SYT worksheet tracks the result for each of the four methods back to FY 2011-12, which is the baseline year for LEA MOE calculations established by the Office of Special Education Programs. The SYT worksheet is available at: <http://www.cde.ca.gov/sp/se/as/documents/subseqyrtrckwrksht.xls>.

There are four methods that the LEA can use to demonstrate the eligibility standard. They are (1) combined state and local expenditures; (2) combined state and local expenditures on a per capita basis; (3) local expenditures only; and (4) local expenditures only on a per capita basis.

The LEA is only required to pass one of the tests to meet the MOE requirement. However, the LEA is required to show results for all four methods. These results are necessary both for historical purposes and for the possibility that the LEA may want, or need, to switch methods in future years.

SECTION 1 Exempt Reduction Under 34 CFR Section 300.204

If your LEA determines that a reduction in expenditures occurred as a result of one or more of the following conditions, you may calculate a reduction to the required MOE standard. Reductions may apply to combined state and local MOE standard, local only MOE standard, or both. If the LEA meets one of the conditions below, the LEA must complete and include the IDEA MOE Exemption Worksheet available at: <http://www.cde.ca.gov/sp/se/as/documents/leamoeexempwrksht.xls>.

1. Voluntary departure, by retirement or otherwise, or departure for just cause, of special education or related services personnel.
2. A decrease in the enrollment of children with disabilities.
3. The termination of the obligation of the agency to provide a program of special education to a particular child with a disability that is an exceptionally costly program, as determined by the SEA, because the child:
 - a. Has left the jurisdiction of the agency;
 - b. Has reached the age at which the obligation of the agency to provide free appropriate public education (FAPE) to the child has terminated; or
 - c. No longer needs the program of special education.
4. The termination of costly expenditures for long-term purchases, such as the acquisition of equipment or the construction of school facilities.
5. The assumption of cost by the high cost fund operated by the SEA under 34 CFR Sec. 300.704(c).

SECTION 2 Reduction to MOE Requirement Under IDEA, Section 613 (a)(2)(C) (34 CFR Sec. 300.205)

IMPORTANT NOTE: Only LEAs that have a "meets requirement" compliance determination and that are not found significantly disproportionate for the current year are eligible to use this option to reduce their MOE requirement.

Up to 50% of the increase in IDEA Part B Section 611 funding in current year compared with prior year may be used to reduce the required level of state and local expenditures. This option is available only if the LEA used or will use the freed up funds for activities authorized under the Elementary and Secondary Education Act (ESEA) of 1965. Also, the amount of Part B funds used for early intervening services (34 CFR 300.226(a)) will count toward the maximum amount by which the LEA may reduce its MOE requirement under this exception [P.L. 108-446].

CONSENT ITEM

DATE: September 20, 2016

TO: Robert Pletka, Ed.D., District Superintendent

FROM: Susan Hume, Assistant Superintendent, Business Services

SUBJECT: **ACCEPT GIFTS AND AUTHORIZE DISTRICT STAFF TO EXPRESS THE BOARD OF TRUSTEES' APPRECIATION TO ALL DONORS**

Background: According to Board Policy 3290(a), the Board of Trustees may accept any bequest, gift of money, or property on behalf of the District. Gifts must be deemed suitable for a purpose by the Board of Trustees and be used in an appropriate manner. However, it is the policy of the Board of Trustees to discourage all gifts which may directly or indirectly impair the Board of Trustees' commitment to providing equal educational opportunities to the students of the District. As indicated in the above-mentioned Board Policy, the District Superintendent approves gifts designated for a specific school for acceptance at that school. Descriptions of gifts presented for acceptance are included on the attachment. Gifts for specific dollar amounts are noted, non-monetary gifts are identified, and the donor is responsible for reporting the value to the Internal Revenue Service.

Rationale: The Board of Trustees of the Fullerton School District gratefully accepts monetary and non-monetary gifts from public and private entities. These gifts help reduce the costs of school materials, curriculum, and extracurricular student activities.

Funding: The funding received from gifts will be deposited in appropriate District funds.

Recommendation: Accept gifts and authorize District staff to express the Board of Trustees' appreciation to all donors.

FULLERTON SCHOOL DISTRICT
RESOLUTION #16/17-09
PROCLAIMING OCTOBER 9-15, 2016 AS
“WEEK OF THE SCHOOL ADMINISTRATOR”

WHEREAS, Leadership Matters for California’s public education system and the more than 6 million students it serves; and

WHEREAS, School administrators are passionate, lifelong learners who believe in the value of quality public education, and

WHEREAS, The title “school administrator” is a broad term used to define many education leadership posts. Superintendents, assistant superintendents, principals, assistant principals, special education and adult education leaders, curriculum and assessment leaders, school business officials, classified educational leaders, and other school district employees are considered administrators; and

WHEREAS, providing quality service for student success is paramount for the profession; and

WHEREAS, Most school administrators began their careers as teachers. The average administrator has served in public education for more than a decade. Most of California’s superintendents have served in education for more than 20 years. Such experience is beneficial in their work to effectively and efficiently lead public educations and improve student achievement; and

WHEREAS, Public schools operate with lean management systems. Across the nation, public schools employ fewer managers and supervisors than most public and private sector industries including transportation, food service, manufacturing, utilities, construction, publishing and public administration; and

WHEREAS, School leaders depend on a network of support from school communities – fellow administrators, teachers, parents, students, businesses, community members, board trustees, colleges and universities, community and faith-based organizations, elected officials and district and county staff and resources – to promote ongoing student achievement and school success; and

WHEREAS, Research shows great schools are lead by great principals, and great districts are led by great superintendents. These site leaders are supported by extensive administrative networks throughout the State; and

WHEREAS, the State of California has declared the second full week of October as the “Week of the School Administrator” in Education Code 44015.1; and

WHEREAS, The future of California’s public education system depends upon the quality of its leadership;

NOW THEREFORE BE IT RESOLVED, by the Fullerton School District, that all school leaders be commended for the contributions they make to successful student achievement.

CONSENT ITEM

DATE: October 18, 2016
TO: Robert Pletka, Ed.D., District Superintendent
FROM: Susan Hume, Assistant Superintendent, Business Services
SUBJECT: **ACCEPT GIFTS AND AUTHORIZE DISTRICT STAFF TO EXPRESS THE BOARD OF TRUSTEES' APPRECIATION TO ALL DONORS**

Background: According to Board Policy 3290(a), the Board of Trustees may accept any bequest, gift of money, or property on behalf of the District. Gifts must be deemed suitable for a purpose by the Board of Trustees and be used in an appropriate manner. However, it is the policy of the Board of Trustees to discourage all gifts which may directly or indirectly impair the Board of Trustees' commitment to providing equal educational opportunities to the students of the District. As indicated in the above-mentioned Board Policy, the District Superintendent approves gifts designated for a specific school for acceptance at that school. Descriptions of gifts presented for acceptance are included on the attachment. Gifts for specific dollar amounts are noted, non-monetary gifts are identified, and the donor is responsible for reporting the value to the Internal Revenue Service.

Rationale: The Board of Trustees of the Fullerton School District gratefully accepts monetary and non-monetary gifts from public and private entities. These gifts help reduce the costs of school materials, curriculum, and extracurricular student activities.

Funding: The funding received from gifts will be deposited in appropriate District funds.

Recommendation: Accept gifts and authorize District staff to express the Board of Trustees' appreciation to all donors.

SUBJECT: APPROVE AGREEMENT FOR ELEMENTARY SCHOOL PHOTOGRAPHY SERVICES WITH GERARDY PHOTOGRAPHY

Background: On April 12, 2016, Cantrell Photography, Inc., Life Touch School Studios, Inc., and Studio 1 were approved by the Board as photography vendors for the District.

To ensure equality of the back-to-school elementary photography, the District established a standard that all photography vendors must meet in order to do business within the District. Three standard photography packages with fixed pricing were designed, and each vendor must include those packets within their other special offerings of photography packages. Additionally, each vendor must have a minimum of five years' experience in projects similar in size and scope, must comply with the fingerprinting requirements of Education Code 45125.1, and carry proper insurance required by the District. Gerardy Photography has submitted the proper documents and would like to be an approved vendor added to the list.

The contract period is for five years. The contract price is to be adjusted annually, not to exceed the average twelve-month change in Consumer Price Index. There will be no adjustment this year.

Rationale: By approving Gerardy Photography's agreement, the process is streamlined and standardized for the schools, and PTAs can make choices earlier in the year with any vendor on the approved list.

Funding: No impact.

Recommendation: Approve agreement for elementary school photography services with Gerardy Photography.

Background: The California Multiple Award Schedules (CMAS) contracts are established using products, services, and prices from already existing competitively assessed and cost compared multiple award contracts. The products, equipment, services, and prices are occasionally listed with the federal General Services Administration (GSA) multiple award schedule as well. California contract terms and conditions and procurement codes and policies are added to these products, equipment, services, and prices by the District as required.

This contract expires on December 31, 2018.

Rationale: Per the provisions of Public Contracts Code section 20118, the governing board may authorize by purchase order or contract the purchase of equipment, materials, or supplies without advertising for bids if the Board has determined it to be in the best interest of the District. Approval of this request will allow the District to utilize a cost-effective means of purchasing janitorial supplies as required throughout the District.

Funding: Purchasing will be funded from various programs and site budgets as appropriate.

SUBJECT: APPROVE AGREEMENT WITH TEAM INSPECTIONS TO PERFORM DUTIES AS INSPECTOR OF RECORD FOR DSA REQUIRED INSPECTIONS

Background: The District plans to enter into various construction projects. The services of the Division of the State Architect (DSA) certified inspectors are necessary to interface with the Division of the State Architect and Office of Public School Construction, provide supervision of contractors, and other tasks related to the completion of construction projects.

SUBJECT: **APPROVE SCHOOL SMARTS PARENT ENGAGEMENT PROGRAM AGREEMENT FOR 2016/2017**

Background: School Smarts is the California PTA parent engagement program. It is a model for creating meaningful and diverse parent involvement. It brings parents from diverse backgrounds together in support of their common interest: helping their children and schools succeed. School Smarts exposes a wide range of parents to the big picture of how the education system works, and empowers them to maximize the success of their own children and schools. This award-winning, research-based program is proven to foster parent engagement in schools, support parents as their children's first teachers, develop future parent leaders, and encourage parents to advocate for a complete education that includes the arts. The program is a seven-session, two-hour per week course at Richman, Woodcrest, and Nicolas Junior High schools, and is designed to engage approximately 25-30 parents at each site.

Rationale: Local Control and Accountability Plan (LCAP) Goal 4 focuses on increased parent/community involvement. Both State and federal programs require districts to utilize funding to support parents in the involvement in their school community.

Funding: Cost not to exceed \$15,150 to be paid from District Title I federal funds.

Recommendation: Approve School Smarts Parent Engagement Program Agreement for 2016/2017.

This Agreement is made this Nineteenth of October, 2016, and is by and between the California State PTA and Fullerton School District (“School District”).

RECITALS

WHEREAS, the School District, its school site(s) and the California State PTA share the common purposes of increasing parent and family involvement; promoting inclusiveness; equipping parents to engage in their own child’s education and at their school in meaningful ways; and in developing and supporting parent leaders; and

WHEREAS, to advance these shared purposes, the School District and California State PTA desire to enter into an agreement to provide the School Smarts Parent Engagement Program (the “Program”) at one or more school site(s) within the School District; and

WHEREAS, the Program includes a seven-session Parent Academy based on a curriculum developed by California State PTA leaders, parents and educators and is rooted in the National Standards for Family-School Partnerships; and

WHEREAS, the California State PTA represents itself able and willing to perform the services required by the School District and school site(s) to deliver the Program.

NOW, THEREFORE, for and in consideration of the promises hereinafter contained, the parties agree as follows:

1. TERM OF THE AGREEMENT

The Agreement shall become effective beginning October 19, 2016 and shall terminate on June 30, 2017, or upon completion of all the services described in **Appendix A**, “**Description of Program Services**,” attached hereto and incorporated by reference as though fully set forth herein.

Dear Dr. Pletka:

Per Education Code Section 1240, I am charged with the responsibility to conduct reviews of decile 1-3 schools based on the 2012 Academic Performance Index (API) to ensure compliance with Williams Settlement Legislation requirements.

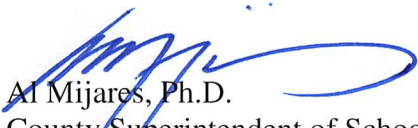

The enclosed report for fiscal year 2015-16 provides aggregate findings for the Fullerton School District in the areas of sufficiency of textbooks and instructional materials, maintenance of facilities, accuracy of data reported on School Accountability Report Cards (SARC), and compliance with teacher assignments.

This data has been submitted in previous quarterly reports. As required by Education Code Section 1240, it will also be shared with the Orange County Board of Education and the County of Orange Board of Supervisors.

Please share this annual report at a public meeting with your Board during the month of November as required by the Williams Settlement Legislation.

Your dedicated efforts and those of your school board members, administrative staff, and school site staff demonstrate professional commitment to improving student achievement and well-being. I am proud to acknowledge your district's exemplary service to the students, families, and community members of Orange County.

Sincerely,

³The California Commission on Teacher Credentialing (CCTC) considers it a misassignment when a teacher lacks the proper subject-matter authorization, a proper teaching credential, or the appropriate authorization or credential to teach English Learners if one or more English Learners are assigned to the class. The Williams Settlement Legislation requires that county superintendents report to the CCTC the number of English Learner related misassignments involving classes in which 20% or more of the students are English Learners.

⁴A teacher vacancy occurs if 20 working days after school begins for the semester, a single designated teacher has still not been assigned to teach the class for the entire year or semester [Education Code 35186(h)(3) and California Code of Regulations Title 5 4600(b)].

SUBJECT: APPROVE/RATIFY AGREEMENT #43342 BETWEEN FULLERTON SCHOOL DISTRICT (FSD) AND ORANGE COUNTY SUPERINTENDENT OF SCHOOLS, ORANGE COUNTY DEPARTMENT OF EDUCATION (OCDE) FOR POSITIVE BEHAVIORAL INTERVENTION AND SUPPORTS (PBIS) TRAINING PER THE PBIS SERVICE PLAN EFFECTIVE AUGUST 1, 2016 THROUGH JUNE 30, 2017

Background: Improving student academic and behavior outcomes is about ensuring all students have access to the most effective and accurately implemented instructional and behavioral practices and interventions possible. Positive Behavioral Intervention and Supports (PBIS) provide an operational framework for achieving these outcomes. More importantly, PBIS is not a curriculum, intervention, or practice, but rather it is a decision-making framework that guides selection, integration, and implementation of the best evidence-based academic and behavioral practices for improving important academic and behavior outcomes for all students.

Rationale: Participating schools are delegated into different tier/cohort groups and will benefit from PBIS trainings. School teams are comprised of teachers, support staff, and site administrators who will participate in the trainings. The PBIS tiered behavior system compliments the Response to Intervention (RtI) pyramid and is part of the Multi-Tiered Systems of Support (MTSS) framework for FSD. The participating schools are as follows:

DATE: October 18, 2016
TO: Robert Pletka, Ed.D., District Superintendent
FROM: Mark Douglas, Interim Assistant Superintendent, Personnel Services
PREPARED BY: Kathryn Ikola, Coordinator, Child Welfare and Attendance
SUBJECT: **APPROVE INDEPENDENT CONTRACTOR AGREEMENT BETWEEN FULLERTON SCHOOL DISTRICT AND LINDA FREDRICKSON FOR FACILITATION OF TRUANCY INTERVENTION GROUPS EFFECTIVE OCTOBER 21, 2016 THROUGH MAY 31, 2017**

Background: California State Senate passed AB 2616 requiring school districts to individually address the truancy issues of individual students. Students who are habitually truant have long-term costs not only for themselves, but also for their family, and school district. Truancy is clearly identified as one of the early warning signs that students potentially are headed for delinquent activity, social isolation, and educational failure.

Fullerton School District implemented a Truancy Prevention Program during the 2014/2015 school year. Ms. Linda Fredrickson, a Retired Juvenile Probation Officer and Certified Facilitator with The Parent Project, facilitated three group sessions for junior high students who were identified as chronic or habitual truants. Participating students were referred by the Child Welfare and Attendance Department and/or already involved in the School Attendance Review Board (SARB) process and participation was mandatory as part of compliance with the SARB behavior contracts.

Based on reports and data submitted by Ms. Fredrickson, assessment had been conducted regarding the effectiveness of the work. Junior high students who participated in a Truancy Intervention Group learned the importance of attending school, and data was collected that indicated an improvement in attendance for many of these students. It has been determined that there continues to be a need for truant junior high students to participate in a Truancy Intervention Group. Data and program effectiveness will continuously be monitored throughout the school year as the District continues to implement its Truancy Prevention Program.

Rationale: Entering into this Independent Contractor Agreement enables Fullerton School District to continue its Truancy Intervention Program as a requirement of AB 2616.

Funding: Cost not to exceed \$7,500 from the Unrestricted General Fund.

Recommendation: Approve Independent Contractor Agreement between Fullerton School District and Linda Fredrickson for facilitation of Truancy Intervention Groups effective October 21, 2016 through May 31, 2017.

In the event of such termination, the District may secure the required Services from another Contractor. If the cost to the District exceeds the cost of providing the service pursuant to this Agreement, the excess cost shall be charges to and collected from the Contractor. The foregoing provisions are in addition to and not a limitation of any other rights or remedies available to District. Written notice by District shall be deemed given when received by the other party, or no later than three days after the day of mailing, whichever is sooner.

8. Hold Harmless. Contractor agrees to and does hereby indemnify, hold harmless and defend the District and its governing board, officers, employees and agents from every claim or demand made and every liability, loss, damage or expense, of any nature whatsoever, which may be incurred by reason of:

Education for English Learners

Board Adopted: November 28, 2006

Board Revised: January 10, 2010

Board Revised:

Education for English Learners

The Fullerton School District intends to provide English learners with a challenging curriculum and instruction that develop proficiency in English as rapidly and effectively as possible in order to assist students accessing the full educational program and achieving the District's academic standards.

The district shall identify in its local control and accountability plan (LCAP) specific actions and services to enhance student engagement, academic achievement, and other outcomes for English learners.

English learners shall be provided English language development instruction targeted to their English proficiency level and aligned with the state content standards and curriculum framework. The District's program shall be based on sound instructional theory, ~~and shall be adequately supported so that English learners can achieve results at the same academic level as their English proficient peers in the regular course of study~~ **use standards-aligned instructional materials, and assist students in accessing the full educational program.**

The Board of Trustees encourages staff to exchange information with staff in other districts and the Orange County Office of Education about programs, options and strategies for English learners that succeed under various demographic conditions.

The Superintendent or designee shall ensure that all staff employed to teach English learners possess the appropriate authorization from the Commission on Teacher Credentialing.

~~The Superintendent or designee shall maintain procedures, which provide for the identification, assessment and placement of English learners and for their reclassification based on criteria adopted by the Board of Trustees and specified in Administrative Regulations.~~

The Superintendent or designee shall provide to teachers, administrators, and other school staff research-based professional development that is designed to improve the instruction and assessment of English learners and enhance staff's ability to understand and use curricula, assessment, and instructional strategies for English learners.

The Superintendent or designee shall encourage parent/guardian and community involvement in the development, implementation, and evaluation of English language development programs. In addition, to support students' English language development, the Superintendent or designee may provide an adult literacy training program that leads to English fluency for parents/guardians and community members.

~~To ensure that the District is using sound methods that effectively serve the needs of English learners, the Superintendent or designee shall annually examine program results, including reports of the~~

~~students' academic achievement and their progress towards proficiency in English, and the progress of students who have been reclassified as fluent English proficient. The Superintendent shall ensure that schools compile data on programs for English learners in order to help determine program effectiveness. The Superintendent or designee shall annually report these findings to the Fullerton School District Board of Trustees and shall also provide the Board of Trustees with regular reports from District or schoolwide English Learner Advisory Committees.~~

Identification and Assessment

The Superintendent or designee shall maintain procedures which provide for the accurate identification of English learners and an assessment of their proficiency and needs in the areas of listening, speaking, reading, and writing in English.

Once identified as an English learner, a student shall be annually assessed for language proficiency until he/she is reclassified based on criteria specified in the accompanying administrative regulation.

English learners' academic achievement in English language arts, mathematics, science, and any additional subject required by law shall be assessed using the California Assessment of Student Performance and Progress. As necessary, the test shall be administered with allowable testing variations in accordance with 5 CCR 853.5 and 853.7. English learners who are in their first 12 months of attending a school in the United States shall be exempted from taking the English language arts assessment to the extent allowed by federal law.

Type of Instruction **Placement of English Learners**

Students who are English learners shall be educated through "structured English immersion" (**also known as "sheltered English immersion"**), as defined in law and the accompanying administrative regulation, during a transition period not normally to exceed one year. "Nearly all" of the classroom instruction in the District's structured English immersion program shall be in English, ~~the structured English immersion program, classroom instruction shall be in English but with curriculum and presentation designed for students who are learning the language.~~

~~"Nearly all" is defined as to provide clarification, explanation, and support, as needed, and may be in a student's primary language as available. (Education Code 305, 306) for the purpose of determining the amount of instruction to be conducted in English, means that all classroom instruction shall be conducted in English except for clarification, explanation, and support as needed.~~

When an English learner has acquired a reasonable level of English proficiency as measured by any of the state-designated assessments approved by the California Department of Education, **any district assessments**, and by using other criteria developed by the District as outlined in the District Master Plan for English Learners, he/she shall be transferred from a structured English immersion classroom to an English language mainstream classroom in which the instruction is "overwhelmingly" in English.

An English learner has acquired a "reasonable level of English proficiency" when he/she has achieved the following:

1. **Scores of Early Advanced or Advanced overall level and in all subtests of English proficiency on the as measured by any of the state-designated assessments approved by the California Department of Education.**

2. ~~District English language arts multiple measure assessment scores in the “Proficient” or higher. **Teacher Evaluation of Curriculum Mastery on Classroom academic performance, which approximates that of a native English speaker.**~~
3. ~~California Standard Test (CST) scores in the mid Basic range or higher. **Score of mid “Standard Nearly Met” (varies by grade level) on CAASPP State Assessment Results - English Language Arts.**~~
4. **District Rubric score of 3 or higher on District writing Benchmark.**

The principal of each school shall be responsible for the enforcement of this policy at the site level.

Upon the request of his/her parent/guardian, a student shall be placed in an English mainstream classroom. (5 CCR 11301)

Parental Exception Waivers

At any time during the school year, the parent/guardian of an English learner may have his/her child moved into an English mainstream program.

When allowed by law, the parent/guardian of an English learner may submit a request that his/her child be exempted from placement in a structured English immersion program and instead be placed in a class where he/she is taught English and other subjects through bilingual education techniques or other generally recognized educational methodologies permitted by law.

Each waiver request shall be considered on its individual merits with deference given to the parent/guardian's preference for student placement.

A waiver request shall be granted in accordance with law unless the principal and educational staff have determined that an alternative program would not be better suited to the student's overall educational development.

~~Parent/guardian requests for waivers from Education Code 305 regarding placement in a structured English immersion program shall be granted in accordance with law and administrative regulations.~~

If the Superintendent or designee denies the waiver request, he/she shall provide a written justification to the parent/guardian describing the reasons for the denial. A parent/guardian may appeal the Superintendent's decision in writing to the Board of Trustees. The Board of Trustees may consider the matter at its next regular Board meeting. The Board of Trustees may decide not to hear the appeal, in which case the Superintendent's decision shall be final. If the Board of Trustees hears the appeal, the Superintendent shall send the Board of Trustee's decision to the parent/guardian within seven working days.

Program Evaluation

To evaluate the effectiveness of the district's educational program for English learners, the Superintendent or designee shall report to the Board, at least annually, regarding:

1. **Progress of English learners towards proficiency in English.**
2. **The number and percentage of English learners reclassified as fluent English proficient.**
3. **The number and percentage of English learners who are or are at risk of being**

classified as long-term English learners in accordance with Education Code 313.1.

4. The achievement of English learners on standards-based tests in core curricular areas.
5. Progress toward any other goals for English learners identified in the district's LCAP.
6. A comparison of current data with data from at least the previous year.

The Superintendent or designee also shall provide the Board with regular reports from any district or schoolwide English learner advisory committees.

ADMINISTRATIVE REPORT

DATE: October 18, 2016
TO: Robert Pletka, Ed.D., District Superintendent
FROM: Mark Douglas, Interim Assistant Superintendent, Personnel Services
PREPARED BY: Kathryn Ikola, Coordinator, Child Welfare and Attendance
SUBJECT: INTERDISTRICT TRANSFER REPORT

Background: Each year, families request interdistrict transfers from Fullerton School District to another school district for a variety of reasons. Tonight's report will focus upon the number of requests received for the current school year and reasons given for those requests. It will also compare the total requesting to leave the District vs. the total coming into the District.

Rationale: School districts are experiencing a decline in enrollment due to a decline in the school-age population. While Fullerton School District is experiencing a decline in student population, it accepts far more interdistrict transfers each year than those requesting to leave the District.

Funding: Not applicable.

Recommendation: Not applicable.

Community Relations

Board Adopted: August 19, 2009

Board Revised: November 14, 2012, May 21, 2013, September 9, 2014, May 10, 2016

The Board of Trustees recognizes that the District has the primary responsibility to ensure compliance with applicable state and federal laws and regulations governing educational programs. The District shall investigate and seek to resolve any complaints alleging failure to comply with such laws and/or alleging unlawful discrimination, harassment, intimidation, or bullying in accordance with the uniform complaint procedures (UCP).

The District's UCP shall be used to investigate and resolve the following complaints:

1. Allegations of noncompliance with requirements for the development and adoption of a school safety plan, and state and/or federal laws in adult education programs, consolidated categorical aid programs, migrant education, career technical and technical education and training programs, child care and development programs, child nutrition programs, and special education programs **and any other District-implemented program which is listed in Education Code 64000(a) (5 CCR 4610).**
2. Allegations of unlawful discrimination, harassment, intimidation, or bullying in District programs and activities based on actual or perceived characteristics of race or ethnicity, color, ancestry, nationality, national origin, ethnic group identification, age, religion, marital, **pregnancy**, or parental status, physical or mental disability, sex, sexual orientation, gender, gender identity, gender expression, or genetic information, or any other characteristic identified in Education Code 200 or 220, Penal Code 422.55, or Government Code 11135, or based on association with a person or group with one or more of these actual or perceived characteristics. **(5 CCR 4610)**
3. Any complaints alleging District noncompliance with the requirement to provide reasonable accommodation to a lactating student on school campus to express breast milk, breastfeed an infant child, or address other breastfeeding-related needs of the student. **(Education Code 222)**
4. Uniform complaint procedures shall also be used to address any complaint alleging the District's failure to comply with the prohibition against requiring students to pay fees, deposits, or other charges for participation in educational activities. **(5 CCR 4610)**
5. In addition, pursuant to Education Code section 52075, individuals may file a complaint under the District's Uniform Complaint Procedure alleging that the school district has not complied with the LCAP requirements in the Education Code. The complaint may be filed anonymously if the complainant is not satisfied with the decision of the school district, the individual may appeal the decision to the State Superintendent of Public Instruction. The State Superintendent of Public Instruction is required to issue a decision on the appeal within 60 days of the Superintendent of Public Instruction's receipt of the appeal.
6. Any complaint, by or on behalf of any student who is a foster youth, alleging District noncompliance with any legal requirement applicable to the student regarding placement decisions, the responsibilities of the District's educational liaison to the student, the award of credit for coursework satisfactorily completed in another school or district, school transfer, or the grant of an exemption from Board-imposed graduation requirements. **(Education Code 48853, 48853.5, 49069.5, 51225.1, 51225.2)**

7. Any complaint, by or on behalf of a homeless student as defined in 42 USC 11434a, alleging District noncompliance with any requirement applicable to the student regarding the award of credit for coursework satisfactorily completed in another school or district or the grant of an exemption from Board-imposed graduation requirements. **(Education Code 51225.1, 51225.2)**
8. **Any complaint alleging District noncompliance with the requirements of Education Code 51228.1 and 51228.2 that prohibit the assignment of a student to a course without educational content for more than one week in any semester or to a course the student has previously satisfactorily completed, without meeting specified conditions. (Education Code 51228.3)**
9. Any complaint alleging District noncompliance with the physical education instructional minutes requirement for students in elementary school. **(Education Code 51210, 51223)**
10. Any complaint alleging retaliation against a complainant or other participant in the complaint process or anyone who has acted to uncover or report a violation subject to this policy.
11. **Any other complaint as specified in a District policy.**

The Board recognizes that alternative dispute resolution (ADR) can, depending on the nature of the allegations, offer a process to reach a resolution to the complaint that is acceptable to all parties. ADR such as mediation may be offered to resolve complaints that involve more than one student and no adult. However, mediation shall not be offered or used to resolve any complaint involving sexual assault or where there is a reasonable risk that a party to the mediation would feel compelled to participate. The Superintendent or designee shall ensure that the use of ADR is consistent with State and federal laws and regulations.

~~If the District finds merit in the complaint or the Superintendent of Public Instruction finds merit in an appeal, the school district will provide a remedy to all affected pupils, parents, and guardians.~~

~~The Board prohibits any form of retaliation against any complainant in the complaint process. Participation in the complaint process shall not in any way affect the status, grades, or work assignments of the complainant.~~

~~The Board encourages the early, informal resolution of complaints at the site level whenever possible.~~

~~The Board recognizes that a neutral mediator can often suggest a compromise that is agreeable to all parties in a dispute. In accordance with the uniform complaint procedures, whenever all parties to a complaint agree to try resolving the problem through mediation, the Superintendent or designee shall initiate that process. The Superintendent or designee shall ensure that the results are consistent with state and federal laws and regulations.~~

In investigating complaints, the confidentiality of the parties involved and the integrity of the process shall be protected. As appropriate for any complaint alleging discrimination, harassment, intimidation, or bullying, the Superintendent or designee may keep the identity of a complainant confidential to the extent that the investigation of the complaint is not obstructed. The Superintendent or designee shall maintain records of all UCP complaints and the investigations of those complaints. All such records shall be destroyed in accordance with applicable state laws and District policy.

When an allegation that is not subject to the UCP is included in a UCP complaint, the District shall refer the non-UCP allegation to the appropriate staff or agency and shall investigate and, if appropriate, resolve the UCP-related allegation(s) through the District's UCP.

The Superintendent or designee shall provide training to District staff to ensure awareness and knowledge of current law and related requirements, including the steps and timelines specified in this policy and the accompanying administrative regulation.

Non-UCP Complaints

The following complaints shall not be subject to the District's UCP but shall be referred to the specified agency: (5 CCR 4611)

1. Any complaint alleging child abuse or neglect shall be referred to the County Department of Social Services, the County Protective Services Division, and the appropriate law enforcement agency.
2. Any complaint alleging health and safety violations by a child development program shall, for licensed facilities, be referred to Department of Social Services and shall, for licensing-exempt facilities, be referred to the appropriate Child Development regional administrator.
3. Any complaint alleging employment discrimination shall be sent to the California Department of Fair Employment and Housing and the compliance officer shall notify the complainant by first class mail of the transfer.
4. Any complaint alleging fraud shall be referred to the California Department of Education.

In addition, the District's Williams Uniform Complaint Procedures, AR 1312.4, shall be used to investigate and resolve any complaint related to sufficiency of textbooks or instructional materials, emergency or urgent facilities conditions that pose a threat to the health and safety of students or staff, or teacher vacancies and misassignments. - ~~1. Allegations of child abuse shall be referred to County Dept of Social Services (DSS), Protective Services Division or appropriate law enforcement agency.~~
- ~~2. Health and safety complaints regarding a Child Development Program shall be referred to Dept of Social Services for licensed facilities, and to the appropriate Child Development regional administrator for licensing-exempt facilities.~~
- ~~3. Employment discrimination complaints shall be sent to the State Dept of Fair Employment and Housing (DFEH).~~
- ~~4. Allegations of fraud shall be referred to the Legal, Audits and Compliance Branch in the California Department of Education (CDE).~~

~~The Responsibilities of Fullerton School District~~

~~The Fullerton School District has the primary responsibility to insure compliance with applicable State and federal laws and regulations. The District shall investigate complaints alleging failure to comply with applicable State and federal laws and regulations and/or alleging discrimination, harassment, intimidation, and bullying and seek to resolve those complaints in accordance with our UCP procedures.~~

~~The District UCP policies shall ensure that complainants are protected from retaliation and that the identity of a complainant alleging discrimination, harassment, intimidation, and bullying remain confidential as appropriate. The person responsible for receiving and investigating complaints and ensuring our compliance with State and federal laws and regulations is:~~

Name or title: Assistant Superintendent, Personnel Services

An appeal is a request made in writing to a level higher than the original reviewing level by an aggrieved party requesting reconsideration or a reinvestigation of the lower adjudicating body's decision.~~

~~The UCP Annual Notice shall also advise the recipient of any civil law remedies that may be available under State or federal discrimination, harassment, intimidation, and bullying laws, if applicable, and of the appeal pursuant to Education Code section 262.3. The UCP Annual Notice shall be in English and in the primary language, pursuant to section 48985 of the Education Code, or mode of communication of the recipient of the notice.~~

~~A copy of the UCP complaint policies and procedures document shall be available free of charge.~~

Filing a Complaint with the Fullerton School District

~~Except for Williams Complaints regarding instructional materials, emergency or urgent facilities conditions that pose a threat to the health or safety of pupils or staff, and teacher vacancies or misassignments, and complaints that allege discrimination, harassment, intimidation, and bullying, any individual, public agency or organization may file a written complaint with the District Superintendent or his or her designee alleging a matter which, if true, would constitute a violation by the District of federal or State law or regulation governing a program.~~

~~An investigation of alleged unlawful discrimination, harassment, intimidation, and bullying shall be initiated by filing a complaint no later than six months from the date the alleged discrimination, harassment, intimidation, or bullying occurred, or the date the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation, and bullying. The time for filing may be extended in writing by the District Superintendent or his or her designee, upon written request by the complainant setting forth the reasons for the extension. The period for filing may be extended by the Superintendent or his or her designee for good cause for a period not to exceed 90 calendar days following the expiration of the six-month time period. The Superintendent shall respond immediately upon a receipt of a request for extension.~~

~~The complaint shall be filed by one who alleges that he or she has personally suffered unlawful discrimination, harassment, intimidation, and bullying or by one who believes an individual or any~~

~~specific class of individuals has been subjected to discrimination, harassment, intimidation, and bullying prohibited by this part.~~

~~An investigation of a discrimination, harassment, intimidation, and bullying complaint shall be conducted in a manner that protects confidentiality of the parties and maintains the integrity of the process.~~

~~Except for Williams Complaints, within 60 calendar days from the date of the receipt of the complaint, the District shall conduct and complete an investigation of the complaint in accordance with this policy and prepare a written decision; also known as a final report. This time period may be extended by written agreement of the complainant.~~

~~The investigation shall include an opportunity for the complainant, or the complainant's representative, or both, to present the complaint(s) and evidence or information leading to evidence to support the allegations of non-compliance with State and federal laws and/or regulations.~~

~~Refusal by the complainant to provide the investigator with documents or other evidence related to the allegations in the complaint, or to otherwise fail or refuse to cooperate in the investigation or engage in any other obstruction of the investigation, may result in the dismissal of the complaint because of a lack of evidence to support the allegations.~~

~~Refusal by Fullerton School District to provide the investigator with access to records and/or other information related to the allegation in the complaint, or to otherwise fail or refuse to cooperate in the investigation or engage in any other obstruction of the investigation, may result in a finding based on evidence collected that a violation has occurred and may result in the imposition of a remedy in favor of the complainant.~~

~~The District shall issue a decision based on the evidence. The decision shall be in writing and sent to the complainant within 60 calendar days from receipt of the complaint by the District. The decision shall contain:~~

- ~~(i) the findings of fact based on the evidence gathered,~~
- ~~(ii) conclusion of law,~~
- ~~(iii) disposition of the complaint,~~
- ~~(iv) the rationale for such disposition,~~
- ~~(v) corrective actions, if any are warranted,~~
- ~~(vi) notice of the complainant's right to appeal the District's decision to the CDE, and~~
- ~~(vii) procedures to be followed for initiating an appeal to the CDE.~~

~~Nothing in this document shall prohibit anyone involved in the complaint from utilizing alternative methods to resolve the allegations, such as mediation. Nor are we prohibited from resolving complaints prior to the formal filing of a written complaint. Mediation is a problem solving activity whereby a third party assists the parties to the dispute in resolving the complaint.~~

Board Policy

Nondiscrimination in Employment

BP 4030

Personnel

Board Adopted: November 29, 2005

Board Revised: December 10, 2013, September 8, 2015

The Board of Trustees desires to provide District employees and job applicants a safe, positive environment where they are assured of full and equal employment access and opportunities, protection from harassment or intimidation, and freedom from any fear of reprisal or retribution for asserting their employment rights in accordance with law. The Board prohibits District employees from discriminating against or harassing any other District employee or job applicant on the basis of the person's actual or perceived race, religious creed, color, national origin, ancestry, age, marital status, pregnancy, physical or mental disability, medical condition, genetic information, military and veteran status, gender, gender identity, gender expression, sex, or sexual orientation, or association with a person or group with one or more of these actual or perceived characteristics.

The Board also prohibits discrimination against any employee or job applicant in compensation, terms, conditions, and other privileges of employment and the taking of any adverse employment action, including, but not limited to, termination or the denial of employment, promotion, job assignment, or training, against an employee or job applicant based on any of the categories listed above.

Prohibited discrimination on the basis of religious creed includes discrimination based on an employee's or job applicant's religious belief or observance, including his/her religious dress or grooming practices. In accordance with Government Code 12940, prohibited discrimination on the basis of religious creed also includes the District's failure or refusal to use reasonable means to accommodate an employee's or job applicant's religious belief, observance, or practice which conflicts with an employment requirement. However, the District shall not accommodate an employee's religious dress practice or religious grooming practice if it requires segregation of the individual from other employees or the public or if it would result in a violation of this policy or any law prohibiting discrimination.

Prohibited sex discrimination includes discrimination based on an employee's or job applicant's pregnancy, childbirth, breastfeeding, or any related medical condition.

Harassment consists of unwelcome verbal, physical, or visual conduct that is based on any of the prohibited categories of discrimination listed above and that is so severe or pervasive that it adversely affects an individual's employment opportunities, has the purpose or effect of unreasonably interfering with the individual's work performance, or creates an intimidating, hostile, or offensive work environment.

The Board also prohibits retaliation against any District employee or job applicant who opposes any discriminatory employment practice by the District or its employee, agent, or representative or who complains, testifies, assists, or in any way participates in the District's complaint procedures pursuant to this policy. No employee or job applicant who requests an accommodation for any protected characteristic listed in this policy shall be subjected to any punishment or sanction, regardless of whether the request was granted. (Government Code 12940)

Complaints concerning employment discrimination, harassment, or retaliation shall immediately be investigated in accordance with procedures specified in the accompanying administrative regulation.

Any supervisory or management employee who observes or has knowledge of an incident of prohibited discrimination or harassment shall report the incident to the Superintendent or designated District coordinator as soon as practical after the incident. All other employees are encouraged to report such incidents to their supervisor immediately. The District shall protect any employee who does report such incidents from retaliation.

The Superintendent or designee shall use all appropriate means to reinforce the District's nondiscrimination policy. He/she shall provide training and information to employees about how to recognize harassment and discrimination, how to respond appropriately, and components of the District's policies and regulations regarding discrimination. The Superintendent or designee shall regularly review the District's employment practices and, as necessary, shall take action to ensure District compliance with the nondiscrimination laws.

Any District employee who engages in prohibited discrimination, harassment, or retaliation or who aids, abets, incites, compels, or coerces another to engage or attempt to engage in such behavior in violation of this policy shall be subject to disciplinary action, up to and including dismissal.

~~The Board of Trustees prohibits unlawful discrimination against and/or harassment of District employees and job applicants on the basis of actual or perceived race, color, national origin, ancestry, religion, age, marital status, pregnancy, physical or mental disability, medical condition, genetic information, veteran status, gender, gender identity, gender expression, sex or sexual orientation at any District site and/or activity. The Board of Trustees also prohibits retaliation against any District employee or job applicant who complains, testifies or in any way participates in the District's complaint procedures instituted pursuant to this policy.~~

~~Prohibited discrimination consists of the taking of any adverse employment action against a person, including termination or denial of promotion, job assignment, or training, or in discriminating against the person in compensation, terms, conditions, or other privileges of employment based on any of the prohibited categories of discrimination listed above.~~

~~The prohibition against discrimination based on the religious creed of an employee or job applicant includes any discrimination based on the person's religious dress or grooming practices or any conflict between the person's religious belief, observance, or practice and an employment requirement. The prohibition against discrimination based on the sex of an employee or job applicant shall include any discrimination based on the person's pregnancy, childbirth, breastfeeding, or any related medical conditions. (Government Code 12926, 12940)~~

~~Harassment consists of any unwelcome verbal, physical, or visual conduct that is based on any of the prohibited categories of discrimination listed above and that is so severe or pervasive that it adversely affects an individual's employment opportunities, has the purpose or effect of unreasonably interfering with the individual's work performance, or creates an intimidating, hostile, or offensive work environment.~~

~~The Board also prohibits retaliation against any district employee or job applicant who complains, testifies, assists, or in any way participates in the District's complaint procedures instituted pursuant to this policy.~~

~~Any District employee who engages or participates in unlawful discrimination, or who aids, abets, incites, compels or coerces another to discriminate, is in violation of this policy and is subject to disciplinary action, up to and including dismissal.~~

~~Any District employee who observes or has knowledge of an incident of unlawful discrimination or harassment shall report the incident to the Principal, District administrator or Superintendent as soon as practical after the incident. Failure of a District employee to report discrimination or harassment may result in disciplinary action.~~

~~The Superintendent shall regularly publicize, within the District, the District's nondiscrimination policy and the availability of complaint procedures.~~

~~The District's policy and administrative regulation shall be posted in all schools and offices including staff lounges.~~

~~The Board of Trustees designates the following position(s) as Coordinator(s) for Nondiscrimination in Employment:~~

~~Employees wishing to file complaints with the DFEH and EEOC should contact the nondiscrimination coordinator for more information.~~

~~Any supervisory or management employee who observes or has knowledge of an incident of prohibited discrimination or harassment shall report the incident to the Coordinator or Superintendent.~~

School staff shall receive related professional development, including information about early warning signs of harassing/intimidating behaviors and effective prevention and intervention strategies.

Based on an assessment of bullying incidents at school, the Superintendent or designee may increase supervision and security in areas where bullying most often occurs, such as classrooms, playgrounds, hallways, restrooms, and or cafeterias.

Board Policy

Nondiscrimination/Harassment

BP 5145.3

Students

Approved: June 10, 2005

Revised: July 24, 2012

The Board of Trustees desires to provide a safe school environment that allows all students equal access and opportunities in the District's academic, extracurricular, and other educational support programs, services, and activities. The Board prohibits, at any District school or school activity, unlawful discrimination, including discriminatory harassment, intimidation, and bullying, targeted at any student by anyone, based on the student's actual or perceived race, color, ancestry, national origin, nationality, ethnicity, ethnic group identification, age, religion, marital or parental status, physical or mental disability, sex, sexual orientation, gender, gender identity, or gender expression or association with a person or group with one or more of these actual or perceived characteristics.

This policy shall apply to all acts related to school activity or to school attendance occurring within a District school, and to acts which occur off campus or outside of school-related or school-sponsored activities but which may have an impact or create a hostile environment at school.

Unlawful discrimination, including discriminatory harassment, intimidation, or bullying, may result from physical, verbal, nonverbal, or written conduct based on any of the categories listed above. Unlawful discrimination also includes the creation of a hostile environment through prohibited conduct that is so severe, persistent, or pervasive that it affects a student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; has the effect of substantially or unreasonably interfering with a student's academic performance; or otherwise adversely affects a student's educational opportunities.

Unlawful discrimination also includes disparate treatment of students based on one of the categories above with respect to the provision of opportunities to participate in school programs or activities or the provision or receipt of educational benefits or services.

The Board also prohibits any form of retaliation against any individual who reports or participates in the reporting of unlawful discrimination, files or participates in the filing of a complaint, or investigates or participates in the investigation of a complaint or report alleging unlawful discrimination. Retaliation complaints shall be investigated and resolved in the same manner as a discrimination complaint.

The Superintendent or designee shall facilitate students' access to the educational program by publicizing the District's nondiscrimination policy and related complaint procedures to students, parents/guardians, and employees. He/she shall provide training and information on the scope and use of the policy and complaint procedures and take other measures designed to increase the school community's understanding of the requirements of law related to discrimination. The Superintendent or designee shall regularly review the implementation of the District's nondiscrimination policies and practices and, as necessary, shall take action to remove any identified barrier to student access to or participation in the District's educational program. He/she shall report his/her findings and recommendations to the Board after each review.

Regardless of whether a complainant complies with the writing, timeline, and/or other formal filing requirements, all complaints alleging unlawful discrimination, including discriminatory

harassment, intimidation, or bullying, shall be investigated and prompt action taken to stop the discrimination, prevent recurrence, and address any continuing effect on students.

Students who engage in unlawful discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, in violation of law, Board policy, or administrative regulation shall be subject to appropriate consequence or discipline, which may include suspension or expulsion when the behavior is severe or pervasive as defined in Education Code 48900.4. Any employee who permits or engages in prohibited discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, shall be subject to disciplinary action, up to and including dismissal.

Record-Keeping

The Superintendent or designee shall maintain a record of all reported cases of unlawful discrimination, including discriminatory harassment, intimidation, or bullying, to enable the District to monitor, address, and prevent repetitive prohibited behavior in District schools.

~~District programs and activities shall be free from discrimination, including harassment with respect to the actual or perceived ethnic group identification, religion, gender, gender identity, gender expression, sex, marital status, parental status, color, race, ancestry, national origin, and physical or mental disability, age, physical attributes or sexual orientation; the perception of one or more such characteristics; or association with a person or group with one or more of these actual or perceived characteristics.~~

~~The Board of Trustees shall ensure equal opportunities for all students in admission and access to the educational program, guidance and counseling programs, athletic programs, testing procedures, and other activities. Eligibility for choral and cheerleading groups shall be determined solely on the basis of objective competencies. School staff and volunteers shall carefully guard against segregation, bias and stereotyping in instruction, guidance, and supervision.~~

~~The schools shall provide male and female students with separate sex education classes in order to protect student modesty. In physical education, when objective standards have an adverse effect on students because of their gender, race, ethnic group or disability, other standards shall be used to measure achievement and create comparable educational opportunities.~~

~~The Board prohibits unlawful discrimination, intimidation, harassment or bullying of any student by any employee, student or other person in the District. Staff shall be alert and immediately responsive to student conduct, which may interfere with another student's ability to participate in or benefit from school services, activities or privileges. In addition, the employee shall immediately intervene when safe to do so. (Education Code 234.1)~~

~~Prohibited discrimination, harassment, intimidation, or bullying includes physical, verbal, nonverbal, or written conduct based on one of the categories listed above that is so severe and pervasive that it affects a student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; has the effect of substantially or unreasonably interfering with a student's academic performance; or otherwise adversely affects a student's educational opportunities.~~

~~The Board also prohibits any form of retaliation against any student who files a complaint or report regarding an incident of discrimination, harassment, intimidation, or bullying.~~

~~The Superintendent or designee shall provide age appropriate training and information to students, parents/guardians, and employees regarding discrimination, harassment, intimidation, and bullying, including but not limited to, the District's nondiscrimination policy, what constitutes prohibited behavior, how to report incidents, and to whom such reports should be made.~~

~~In providing instruction, guidance, supervision, or other services to District students, employees and volunteers shall carefully guard against segregating or stereotyping students.~~

~~The principal or designee shall develop a plan to provide students with appropriate accommodations when necessary for their protection from threatened or potentially harassing or discriminatory behavior.~~

~~Students who harass, intimidate, or bully other students shall be subject to appropriate discipline, up to and including counseling, suspension, and/or expulsion. An employee who permits or engages in harassment, intimidation, or bullying may be subject to disciplinary action, up to and including dismissal.~~

~~Any student who feels that he/she is being harassed, intimidated, or bullied should immediately contact the Coordinator, the principal, or any other staff member. In addition, any student who observes any such incident should report the incident to the Coordinator or principal, whether or not the victim files a complaint.~~

~~Upon receiving a complaint of discrimination, harassment, intimidation, or bullying, the Coordinator shall immediately investigate the complaint in accordance with the site level grievance procedures specified in AR 5145.7—Sexual Harassment.~~

~~Within 30 days of receiving the District's report, the complainant may appeal to the Board if he/she disagrees with the resolution of the complaint. The Board shall make a decision at its next regular meeting and its decision shall be final.~~

Once notified, the principal or compliance officer shall take the steps to investigate and address the allegation, as specified in the accompanying administrative regulation.

Complaints regarding sexual harassment shall be investigated and resolved in accordance with law and District procedures specified in AR 1312.3-Uniform Complaint Procedures. Principals are responsible for notifying students and parents/guardians that complaints of sexual harassment can be filed under AR 1312.3 and where to obtain a copy of the procedures.

Complaint Process and Disciplinary Actions

Sexual harassment complaints by and against students shall be investigated and resolved in accordance with law and District procedures specified in AR 1312.3 – Uniform Complaint Procedures. FROM: Susan Hume, Assistant Superintendent, Business Services
SUBJECT: **ACCEPT GIFTS AND AUTHORIZE DISTRICT STAFF TO EXPRESS THE BOARD OF TRUSTEES' APPRECIATION TO ALL DONORS**

Background: According to Board Policy 3290(a), the Board of Trustees may accept any bequest, gift of money, or property on behalf of the District. Gifts must be deemed suitable for a purpose by the Board of Trustees and be used in an appropriate manner. However, it is the policy of the Board of Trustees to discourage all gifts which may directly or indirectly impair the Board of Trustees' commitment to providing equal educational opportunities to the students of the District. As indicated in the above-mentioned Board Policy, the District Superintendent approves gifts designated for a specific school for acceptance at that school. Descriptions of gifts presented for acceptance are included on the attachment. Gifts for specific dollar amounts are noted, non-monetary gifts are identified, and the donor is responsible for reporting the value to the Internal Revenue Service.

Rationale: The Board of Trustees of the Fullerton School District gratefully accepts monetary and non-monetary gifts from public and private entities. These gifts help reduce the costs of school materials, curriculum, and extracurricular student activities.

Funding: The funding received from gifts will be deposited in appropriate District funds.

Recommendation: Accept gifts and authorize District staff to express the Board of Trustees' appreciation to all donors.
