Dear Mark,

As per our meeting and your preliminary estimates, eFileFolders will pick up and **Scan approximately 4352 Active, Inactive and benefits Fullerton School District's Employee Paper Personnel Files.** (See pricing on page 3) Once the active paper files are scanned, the Personnel Department will be trained to manage and maintain eFileFolders for each employee going forward!

2. Files will be scanned at a resolution of 300 dpi for 100% legibility Guarantee!
3. Scanned files will be indexed per file folder: (i.e. Employee First and Last Name and Employee)
4. Scanned files will be available in 2 locations
 - a. In eFileFolders software
 - b. External Backup Hard Drive
5. After scanning, the active documents can be returned back to the district in inventoried boxes for temporary storage and then for the eventual destruction.

Prep Personnel – Individuals who will be responsible to prepare the documents for scanning.

Scanning Technicians – Individuals who operate the scanners and are in charge of the physical scanning of documents. They also review the images prior to the batch moving to the index stations.

Data Entry Operators – Individuals who will perform data entry to index/name the documents.

Quality Assurance Specialist(s) – the QA specialist will review the batches and works with the prep, scanning and data entry personal to ensure that the images and data meet the high standards established for the project.

Quality Assurance Plan:

- eFileFolders has an established quality control plan to ensure that its customers' documents are processed correctly and that image quality and data entry accuracy meets or exceeds its customer's expectations. The following measures will be put into place to ensure maximum image quality, data accuracy and overall project success.

TO: Robert Pletka, Ed.D., District Superintendent
FROM: Susan Hume, Assistant Superintendent, Business Services
PREPARED BY: Mike McAdam, Supervisor, Purchasing & Warehouse
SUBJECT: DESIGNATE THE SUPERINTENDENT TO ISSUE REQUEST FOR PROPOSALS (RFP) FOR THE EQUIPMENT/TECHNOLOGY PURCHASES THAT QUALIFY UNDER PUBLIC CONTRACT CODE 20118.2

Background: California Public Contracting Code 20118.2 allows school districts to issue a Request for Proposals (RFP) to establish the award of contracts for technology, telecommunications, related equipment, software, and services provided that the Board finds that the procurement qualifies. The award of a contract selected by the RFP will still require Board approval after the selection process. The Board action would designate the Superintendent to determine if a procurement qualifies under 20118.2 to be issued as an RFP.

Rationale: The RFP selection process allows a school district to specify weighted criteria in addition to price that will be used to select the products and services that best meet the needs of the school district.

Funding: There is no cost to the District.

Recommendation: Designate the Superintendent to issue Request for Proposals (RFP) for the equipment/technology purchases that qualify under Public Contract Code 20118.2.

SUBJECT: **DECLARE LISTED ITEMS AS SURPLUS, NOT SUITABLE FOR SCHOOL PURPOSES, AND AUTHORIZE DISTRICT STAFF TO DISPOSE OF ITEMS AT A PUBLIC AUCTION OR BY OTHER MEANS AS ALLOWED IN EDUCATION CODE SECTIONS 17545-17555**

Background: Over a period of time, the various sites accumulate instructional materials, supplies, and equipment, which have become obsolete, unserviceable, unrepairable, or otherwise not suitable for school use. Some of these items may be salvaged or sold, thus providing the District with some recovery of residual value.

Education Code sections 17545-17555 and Board Policy 3270 provide for the sale of District items. A list of items to be declared surplus is below, and the items will be disposed of by public sale or, if no reasonable bids are received, by private sale for salvage. All items are subject to reallocation within the District prior to sale or disposal.

1979—Dodge Van—B21JPX176562
1984—Chevy C70—1GBL7D1G2EV103740
1983—Ford C700—1FDNC70H4DVA15505

1992—Ford Van—1FTDE14F3DHA02727
1987—Dodge Truck—1B6MD3414HS509670

Rationale: By approving this request the Board will be authorizing the District to properly dispose of the surplus property, allow a private auction firm to execute a public auction to maximize District return, and authorize disposal by other means if such property is not sold.

Funding: Additional local income is anticipated.

Recommendation: Declare listed items as surplus, not suitable for school purposes, and authorize District staff to dispose of items at a public auction or by other means as allowed in Education Code sections 17545-17555.

MEMORANDUM of UNDERSTANDING BETWEEN
ANAHEIM ELEMENTARY SCHOOL DISTRICT
AND
FULLERTON SCHOOL DISTRICT

WHEREAS, Education Code sections 56195 et seq. authorize school districts to provide special education services to students in other districts by organizing Special Education Local Plan Areas (SELPA) and by developing local plans;

WHEREAS, these statutory provisions authorize school districts to provide for a governing structure and any necessary administrative support to implement the local plans, including a system for determining the responsibility of participating agencies for the education of each special education student;

WHEREAS, Education Code section 56195.5 authorizes districts and SELPA to enter into contracts between school districts to provide for the education of special education students who may reside in other districts;

NOW, THEREFORE, it is hereby agreed by and between the Anaheim Elementary School District (hereinafter referred to as the “Provider District”) and the Fullerton School District (hereinafter referred to as the “Sending District”) as follows:

1. Basis of Agreement

Pursuant to the authority established in Education Code sections 56195, 56195.1, 56195.3 and 56195.5, the Provider District may provide for the education of individual pupils in special education programs who reside in other districts or counties. Education Code section 46600 shall apply to inter-district attendance agreements for programs conducted pursuant to this part.

2. Term of Agreement

This Agreement is effective for the period beginning July 1, 2016, through June 30, 2017.

3. Acknowledgment

It is acknowledged that, in accordance with Part 30 of the Education Code, Chapter 7.2, the California State funding formula for special education programs, services and administration generates an entitlement based on the average daily attendance of pupils in the local education agencies that comprise a SELPA.

4. Scope

The Provider shall conduct special education program and services for those eligible pupils of the Sending District referred by their Individual Education Program (IEP) Teams when it is jointly determined by the Sending District and the Provider District that the pupils' educational needs as specified in the IEP can be appropriately met by the programs operated by the Provider District. The Provider District shall maintain and provide special education programs for Sending District pupils during the 2016-17 school year within the administrative parameters established by the Provider District's SELPA. Class size ranges and student-adult ratios shall be maintained in a manner which allows the Provider District to meet the programmatic, health and safety needs of the pupils.

5. Annual and Triennial Reviews

The Sending District shall be notified of annual reviews and may provide a representative who will participate in the development of the IEP. For initial placement, triennial review, or a change in services specified on the current IEP, a Sending District representative who is authorized to approve or disapprove the allocation of specified Sending District resources necessary for the implementation of the IEP shall attend the IEP Meeting. Assessments will be performed by the Provider District, unless the Sending District requests otherwise.

6. Pupil Count

A count shall be taken of the number of pupils enrolled in the programs as of the first day of each calendar month, July, 2016 through June, 2017. A pupil shall be counted as "enrolled" on the first day of attendance in the program or fourteen (14) days after the IEP Team has met and an approved IEP has been executed for the educational placement in the Special Schools Program, whichever occurs sooner. Pupils continuing in the programs from the previous school year shall be counted as "enrolled" on the first school day in September unless written notification of withdrawal is received from either the parent or Sending District. If a continuing pupil has not attended school by the eleventh day of the first school month, the Provider District shall notify the Sending District and a determination shall be made regarding continuing enrollment.

7. Definitions

a. "District Provided Programs" are the special education classes and support services operated by Provider District on behalf of SELPAs and districts in Orange County for special education students residing in their SELPA and district.

b. "Special Education Program Income" shall be defined as the sum of all State and Federal funds generated by or on behalf of pupils transferred to programs operated by the Provider District under this Agreement.

c. "Special Education Program Expenditures" shall include Direct Costs, Direct Support Costs and Indirect Cost of Special Schools Programs.

d. "Average Cost Per Pupil" shall refer to the Special Education Program Expenditures attributable to the program divided by the average number of pupils enrolled during the year.

e. "Average Number of Pupils" shall refer to the total of the number of pupils counted on the first school day of each calendar month divided by the number of calendar months in the period specified.

8. Funding

In consideration of the enrollment of pupils in special education programs conducted by the Provider District, the SELPA and/or the Sending District transferring pupils to the programs operated by the Provider District agree to pay the Provider District the cost of services based on the schedule attached hereto as Exhibit A.

9. Transportation

The Sending District transporting pupils to the Provider District shall ensure that buses arrive at the school site with sufficient time to unload students prior to the beginning of the instructional day and to load them at the end of the instructional day. Delays requiring either overtime supervision or causing portions of the instructional program to be missed and subsequently made up may result in charges to the Sending District for additional costs incurred by the Provider District.

10. Final Accounting

A final accounting accompanied by completed forms and invoices with appropriate supporting documentation will be sent by the Provider District to Sending District by October 15 of the following year. Corrections to prior year Special Education Program costs resulting from adjustments to income or expenditure calculations shall be credited or billed to the Sending District affected by the correction or adjustments. In the event the Provider District fails to send a final accounting to the Sending District by October 31 of the following year, the Sending District shall not be liable for our Special Education program costs associated with the student involved.

11. Projected Enrollment

In order to assist the Provider District in planning for both housing and staffing needs for the programs, Sending District shall submit to the Provider District, in writing, on or before February 15 of each year, the projected number of pupils expected to be transferred to the programs for special education and support services in the following school year. Absent a projection, the number of Sending District pupils reported in the current year December 1 Federal Pupil Count shall be used for staffing and budget planning for the following school year.

12. Program Cost

13. No Waiver

The failure of the Provider District in any one or more instances to insist upon strict performance of any of the terms of this Agreement or to exercise any option herein conferred shall not be construed as a waiver or relinquishment to any extent of the right to assert or rely upon such terms or option on any future occasion.

14. Hold Harmless

To the extent permitted by law, and except for the acts or omissions or employees, agents and officers of the Sending District, the Provider District hereby agrees to hold harmless, indemnify and defend the Sending District and its officers, agents and employees from all claims, demands, liabilities, losses, damages, or expenses of any nature whatsoever arising from or connected with the Provider District's performance of services during the term of this Agreement.

To the extent permitted by law, and except for the acts or omissions of employees, agents and officers of Provider District, the Sending District hereby agrees to hold harmless, indemnify and defend Provider District and its governing board and their officers, agents and employees from all claims, demands, liabilities, losses, damages, or expenses of any nature whatsoever arising directly or indirectly from or connected with the performance of services other than for operations of Provider District during the term of this Agreement.

Education for English Learners

Board Adopted: November 28, 2006

Board Revised: January 10, 2010

Board Revised:

Education for English Learners

The Fullerton School District intends to provide English learners with a challenging curriculum and instruction that develop proficiency in English as rapidly and effectively as possible in order to assist students accessing the full educational program and achieving the District's academic standards.

The District shall identify in its local control and accountability plan (LCAP) specific actions and services to enhance student engagement, academic achievement, and other outcomes for English learners.

English learners shall be provided English language development instruction targeted to their English proficiency level and aligned with the state content standards and curriculum framework. The District's program shall be based on sound instructional theory, ~~and shall be adequately supported so that English learners can achieve results at the same academic level as their English proficient peers in the regular course of study~~ **use standards-aligned instructional materials, and assist students in accessing the full educational program.**

The Board of Trustees encourages staff to exchange information with staff in other Districts and the Orange County Department of Education about programs, options and strategies for English learners that succeed under various demographic conditions.

The Superintendent or designee shall ensure that all staff employed to teach English learners possess the appropriate authorization from the Commission on Teacher Credentialing.

~~The Superintendent or designee shall maintain procedures, which provide for the identification, assessment and placement of English learners and for their reclassification based on criteria adopted by the Board of Trustees and specified in Administrative Regulations.~~

The Superintendent or designee shall provide to teachers, administrators, and other school staff research-based professional development that is designed to improve the instruction and assessment of English learners and enhance staff's ability to understand and use curricula, assessment, and instructional strategies for English learners.

The Superintendent or designee shall encourage parent/guardian and community involvement in the development, implementation, and evaluation of English language development programs. In addition, to support students' English language development, the Superintendent or designee may provide an adult literacy training program that leads to English fluency for parents/guardians and community members.

~~To ensure that the District is using sound methods that effectively serve the needs of English learners, the Superintendent or designee shall annually examine program results, including reports of the students' academic achievement and their progress towards proficiency in English, and the progress of students who have been reclassified as fluent English proficient. The Superintendent shall ensure~~

~~that schools compile data on programs for English learners in order to help determine program effectiveness. The Superintendent or designee shall annually report these findings to the Fullerton School District Board of Trustees and shall also provide the Board of Trustees with regular reports from District or schoolwide English Learner Advisory Committees.~~

Identification and Assessment

The Superintendent or designee shall maintain procedures which provide for the accurate identification of English learners and an assessment of their proficiency and needs in the areas of listening, speaking, reading, and writing in English.

Once identified as an English learner, a student shall be annually assessed for language proficiency until he/she is reclassified based on criteria specified in the accompanying administrative regulation.

English learners' academic achievement in English language arts, mathematics, science, and any additional subject required by law shall be assessed using the California Assessment of Student Performance and Progress. As necessary, the test shall be administered with allowable testing variations in accordance with 5 CCR 853.5 and 853.7. English learners who are in their first 12 months of attending a school in the United States shall be exempted from taking the English language arts assessment to the extent allowed by federal law.

Type of Instruction **Placement of English Learners**

Students who are English learners shall be educated through “structured English immersion” **(also known as "sheltered English immersion")**, as defined in law and the accompanying administrative regulation, during a transition period not normally to exceed one year. “Nearly all” of the classroom instruction in the District’s structured English immersion program shall be in English, ~~the structured English immersion program, classroom instruction shall be in English~~ but with curriculum and presentation designed for students who are learning the language.

~~“Nearly all” is defined as to provide clarification, explanation, and support, as needed, and may be in a student’s primary language as available. (Education Code 305, 306)~~ **for the purpose of determining the amount of instruction to be conducted in English, means that all classroom instruction shall be conducted in English except for clarification, explanation, and support as needed.**

When an English learner has acquired a reasonable level of English proficiency as measured by any of the state-designated assessments approved by the California Department of Education, **any District assessments**, and by using other criteria developed by the District as outlined in the District Master Plan for English Learners, he/she shall be transferred from a structured English immersion classroom to an English language mainstream classroom in which the instruction is "overwhelmingly" in English.

An English learner has acquired a “reasonable level of English proficiency” when he/she has achieved the following:

1. **Scores of Early Advanced or Advanced overall level and in all subtests of English proficiency on the as measured by any of the state-designated assessments approved by the California Department of Education.**
2. ~~District English language arts multiple measure assessment scores in the “Proficient” or higher.~~ **Teacher Evaluation of Curriculum Mastery on Classroom academic performance, which approximates that of a native English speaker.**

3. ~~California Standard Test (CST) scores in the mid-Basic range or higher. Score of mid “Standard Nearly Met” (varies by grade level) on CAASPP State Assessment Results - English Language Arts.~~
4. **District Rubric score of 3 or higher on District writing Benchmark.**

The principal of each school shall be responsible for the enforcement of this policy at the site level.

Upon the request of his/her parent/guardian, a student shall be placed in an English mainstream classroom. (5 CCR 11301)

Parental Exception Waivers

At any time during the school year, the parent/guardian of an English learner may have his/her child moved into an English mainstream program.

When allowed by law, the parent/guardian of an English learner may submit a request that his/her child be exempted from placement in a structured English immersion program and instead be placed in a class where he/she is taught English and other subjects through bilingual education techniques or other generally recognized educational methodologies permitted by law.

Each waiver request shall be considered on its individual merits with deference given to the parent/guardian's preference for student placement.

A waiver request shall be granted in accordance with law unless the principal and educational staff have determined that an alternative program would not be better suited to the student's overall educational development.

~~Parent/guardian requests for waivers from Education Code 305 regarding placement in a structured English immersion program shall be granted in accordance with law and administrative regulations.~~

If the Superintendent or designee denies the waiver request, he/she shall provide a written justification to the parent/guardian describing the reasons for the denial. A parent/guardian may appeal the Superintendent's decision in writing to the Board of Trustees. The Board of Trustees may consider the matter at its next regular Board meeting. The Board of Trustees may decide not to hear the appeal, in which case the Superintendent's decision shall be final. If the Board of Trustees hears the appeal, the Superintendent shall send the Board of Trustees' decision to the parent/guardian within seven working days.

Program Evaluation

To evaluate the effectiveness of the District's educational program for English learners, the Superintendent or designee shall report to the Board, at least annually, regarding:

1. **Progress of English learners towards proficiency in English.**
2. **The number and percentage of English learners reclassified as fluent English proficient.**
3. **The number and percentage of English learners who are or are at risk of being classified as long-term English learners in accordance with Education Code 313.1.**
4. **The achievement of English learners on standards-based tests in core curricular areas.**

5. **Progress toward any other goals for English learners identified in the District's LCAP.**
6. **A comparison of current data with data from at least the previous year.**

The Superintendent or designee also shall provide the Board with regular reports from any District or schoolwide English learner advisory committees.

The Board of Trustees recognizes that the District has the primary responsibility to ensure compliance with applicable state and federal laws and regulations governing educational programs. The District shall investigate and seek to resolve any complaints alleging failure to comply with such laws and/or alleging unlawful discrimination, harassment, intimidation, or bullying in accordance with the uniform complaint procedures (UCP).

The District's UCP shall be used to investigate and resolve the following complaints:

1. Allegations of noncompliance with requirements for the development and adoption of a school safety plan, and state and/or federal laws in adult education programs, consolidated categorical aid programs, migrant education, career technical and technical education and training programs, child care and development programs, child nutrition programs, and special education programs **and any other District-implemented program which is listed in Education Code 64000(a) (5 CCR 4610).**
2. Allegations of unlawful discrimination, harassment, intimidation, or bullying in District programs and activities based on actual or perceived characteristics of race or ethnicity, color, ancestry, nationality, national origin, ethnic group identification, age, religion, marital, **pregnancy**, or parental status, physical or mental disability, sex, sexual orientation, gender, gender identity, gender expression, or genetic information, or any other characteristic identified in Education Code 200 or 220, Penal Code 422.55, or Government Code 11135, or based on association with a person or group with one or more of these actual or perceived characteristics. **(5 CCR 4610)**
3. Any complaints alleging District noncompliance with the requirement to provide reasonable accommodation to a lactating student on school campus to express breast milk, breastfeed an infant child, or address other breastfeeding-related needs of the student. **(Education Code 222)**
4. Uniform complaint procedures shall also be used to address any complaint alleging the District's failure to comply with the prohibition against requiring students to pay fees, deposits, or other charges for participation in educational activities. **(5 CCR 4610)**
5. In addition, pursuant to Education Code section 52075, individuals may file a complaint under the District's Uniform Complaint Procedure alleging that the school district has not complied with the LCAP requirements in the Education Code. The complaint may be filed anonymously if the complainant is not satisfied with the decision of the school district, the individual may appeal the decision to the State Superintendent of Public Instruction. The State Superintendent of Public Instruction is required to issue a decision on the appeal within 60 days of the Superintendent of Public Instruction's receipt of the appeal.
6. Any complaint, by or on behalf of any student who is a foster youth, alleging District noncompliance with any legal requirement applicable to the student regarding placement decisions, the responsibilities of the District's educational liaison to the student, the award of credit for coursework satisfactorily completed in another school or district, school transfer, or the grant of an exemption from Board-imposed graduation requirements. **(Education Code 48853, 48853.5, 49069.5, 51225.1, 51225.2)**

7. Any complaint, by or on behalf of a homeless student as defined in 42 USC 11434a, alleging District noncompliance with any requirement applicable to the student regarding the award of credit for coursework satisfactorily completed in another school or district or the grant of an exemption from Board-imposed graduation requirements. **(Education Code 51225.1, 51225.2)**
- 8. Any complaint alleging District noncompliance with the requirements of Education Code 51228.1 and 51228.2 that prohibit the assignment of a student to a course without educational content for more than one week in any semester or to a course the student has previously satisfactorily completed, without meeting specified conditions. (Education Code 51228.3)**
9. Any complaint alleging District noncompliance with the physical education instructional minutes requirement for students in elementary school. **(Education Code 51210, 51223)**
10. Any complaint alleging retaliation against a complainant or other participant in the complaint process or anyone who has acted to uncover or report a violation subject to this policy.
- 11. Any other complaint as specified in a District policy.**

The Board recognizes that alternative dispute resolution (ADR) can, depending on the nature of the allegations, offer a process to reach a resolution to the complaint that is acceptable to all parties. ADR such as mediation may be offered to resolve complaints that involve more than one student and no adult. However, mediation shall not be offered or used to resolve any complaint involving sexual assault or where there is a reasonable risk that a party to the mediation would feel compelled to participate. The Superintendent or designee shall ensure that the use of ADR is consistent with State and federal laws and regulations.

~~If the District finds merit in the complaint or the Superintendent of Public Instruction finds merit in an appeal, the school district will provide a remedy to all affected pupils, parents, and guardians.~~

~~The Board prohibits any form of retaliation against any complainant in the complaint process. Participation in the complaint process shall not in any way affect the status, grades, or work assignments of the complainant.~~

~~The Board encourages the early, informal resolution of complaints at the site level whenever possible.~~

~~The Board recognizes that a neutral mediator can often suggest a compromise that is agreeable to all parties in a dispute. In accordance with the uniform complaint procedures, whenever all parties to a complaint agree to try resolving the problem through mediation, the Superintendent or designee shall initiate that process. The Superintendent or designee shall ensure that the results are consistent with state and federal laws and regulations.~~

In investigating complaints, the confidentiality of the parties involved and the integrity of the process shall be protected. As appropriate for any complaint alleging discrimination, harassment, intimidation, or bullying, the Superintendent or designee may keep the identity of a complainant confidential to the extent that the investigation of the complaint is not obstructed. The Superintendent or designee shall maintain records of all UCP complaints and the investigations of those complaints. All such records shall be destroyed in accordance with applicable state laws and District policy.

When an allegation that is not subject to the UCP is included in a UCP complaint, the District shall refer the non-UCP allegation to the appropriate staff or agency and shall investigate and, if appropriate, resolve the UCP-related allegation(s) through the District's UCP.

The Superintendent or designee shall provide training to District staff to ensure awareness and knowledge of current law and related requirements, including the steps and timelines specified in this policy and the accompanying administrative regulation.

Non-UCP Complaints

The following complaints shall not be subject to the District's UCP but shall be referred to the specified agency: (5 CCR 4611)

1. Any complaint alleging child abuse or neglect shall be referred to the County Department of Social Services, the County Protective Services Division, and the appropriate law enforcement agency.
2. Any complaint alleging health and safety violations by a child development program shall, for licensed facilities, be referred to Department of Social Services and shall, for licensing-exempt facilities, be referred to the appropriate Child Development regional administrator.
3. Any complaint alleging employment discrimination shall be sent to the California Department of Fair Employment and Housing and the compliance officer shall notify the complainant by first class mail of the transfer.
4. Any complaint alleging fraud shall be referred to the California Department of Education.

In addition, the District's Williams Uniform Complaint Procedures, AR 1312.4, shall be used to investigate and resolve any complaint related to sufficiency of textbooks or instructional materials, emergency or urgent facilities conditions that pose a threat to the health and safety of students or staff, or teacher vacancies and misassignments. - ~~2. Health and safety complaints regarding a Child Development Program shall be referred to Dept of Social Services for licensed facilities, and to the appropriate Child Development regional administrator for licensing-exempt facilities.~~
- ~~3. Employment discrimination complaints shall be sent to the State Dept of Fair Employment and Housing (DFEH).~~

~~The District UCP policies shall ensure that complainants are protected from retaliation and that the identity of a complainant alleging discrimination, harassment, intimidation, and bullying remain confidential as appropriate. The person responsible for receiving and investigating complaints and ensuring our compliance with State and federal laws and regulations is:~~

Filing a Complaint with the Fullerton School District

~~Except for Williams Complaints regarding instructional materials, emergency or urgent facilities conditions that pose a threat to the health or safety of pupils or staff, and teacher vacancies or misassignments, and complaints that allege discrimination, harassment, intimidation, and bullying, any individual, public agency or organization may file a written complaint with the District Superintendent or his or her designee alleging a matter which, if true, would constitute a violation by the District of federal or State law or regulation governing a program.~~

~~An investigation of alleged unlawful discrimination, harassment, intimidation, and bullying shall be initiated by filing a complaint no later than six months from the date the alleged discrimination, harassment, intimidation, or bullying occurred, or the date the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation, and bullying. The time for filing may be extended in writing by the District Superintendent or his or her designee, upon written request by the complainant setting forth the reasons for the extension. The period for filing may be extended by the Superintendent or his or her designee for good cause for a period not to exceed 90 calendar days following the expiration of the six-month time period. The Superintendent shall respond immediately upon a receipt of a request for extension.~~

~~The complaint shall be filed by one who alleges that he or she has personally suffered unlawful discrimination, harassment, intimidation, and bullying or by one who believes an individual or any~~

~~specific class of individuals has been subjected to discrimination, harassment, intimidation, and bullying prohibited by this part.~~

~~An investigation of a discrimination, harassment, intimidation, and bullying complaint shall be conducted in a manner that protects confidentiality of the parties and maintains the integrity of the process.~~

~~Except for Williams Complaints, within 60 calendar days from the date of the receipt of the complaint, the District shall conduct and complete an investigation of the complaint in accordance with this policy and prepare a written decision; also known as a final report. This time period may be extended by written agreement of the complainant.~~

~~The investigation shall include an opportunity for the complainant, or the complainant's representative, or both, to present the complaint(s) and evidence or information leading to evidence to support the allegations of non-compliance with State and federal laws and/or regulations.~~

~~Refusal by the complainant to provide the investigator with documents or other evidence related to the allegations in the complaint, or to otherwise fail or refuse to cooperate in the investigation or engage in any other obstruction of the investigation, may result in the dismissal of the complaint because of a lack of evidence to support the allegations.~~

~~Refusal by Fullerton School District to provide the investigator with access to records and/or other information related to the allegation in the complaint, or to otherwise fail or refuse to cooperate in the investigation or engage in any other obstruction of the investigation, may result in a finding based on evidence collected that a violation has occurred and may result in the imposition of a remedy in favor of the complainant.~~

~~The District shall issue a decision based on the evidence. The decision shall be in writing and sent to the complainant within 60 calendar days from receipt of the complaint by the District. The decision shall contain:~~

- ~~(i) the findings of fact based on the evidence gathered,~~
- ~~(ii) conclusion of law,~~
- ~~(iii) disposition of the complaint,~~
- ~~(iv) the rationale for such disposition,~~
- ~~(v) corrective actions, if any are warranted,~~
- ~~(vi) notice of the complainant's right to appeal the District's decision to the CDE, and~~
- ~~(vii) procedures to be followed for initiating an appeal to the CDE.~~

~~Nothing in this document shall prohibit anyone involved in the complaint from utilizing alternative methods to resolve the allegations, such as mediation. Nor are we prohibited from resolving complaints prior to the formal filing of a written complaint. Mediation is a problem solving activity whereby a third party assists the parties to the dispute in resolving the complaint.~~

Board Policy

Nondiscrimination in Employment

BP 4030

Personnel

Board Adopted: November 29, 2005

Board Revised: December 10, 2013, September 8, 2015

The Board of Trustees desires to provide District employees and job applicants a safe, positive environment where they are assured of full and equal employment access and opportunities, protection from harassment or intimidation, and freedom from any fear of reprisal or retribution for asserting their employment rights in accordance with law. The Board prohibits District employees from discriminating against or harassing any other District employee or job applicant on the basis of the person's actual or perceived race, religious creed, color, national origin, ancestry, age, marital status, pregnancy, physical or mental disability, medical condition, genetic information, military and veteran status, gender, gender identity, gender expression, sex, or sexual orientation, or association with a person or group with one or more of these actual or perceived characteristics.

The Board also prohibits discrimination against any employee or job applicant in compensation, terms, conditions, and other privileges of employment and the taking of any adverse employment action, including, but not limited to, termination or the denial of employment, promotion, job assignment, or training, against an employee or job applicant based on any of the categories listed above.

Prohibited discrimination on the basis of religious creed includes discrimination based on an employee's or job applicant's religious belief or observance, including his/her religious dress or grooming practices. In accordance with Government Code 12940, prohibited discrimination on the basis of religious creed also includes the District's failure or refusal to use reasonable means to accommodate an employee's or job applicant's religious belief, observance, or practice which conflicts with an employment requirement. However, the District shall not accommodate an employee's religious dress practice or religious grooming practice if it requires segregation of the individual from other employees or the public or if it would result in a violation of this policy or any law prohibiting discrimination.

Prohibited sex discrimination includes discrimination based on an employee's or job applicant's pregnancy, childbirth, breastfeeding, or any related medical condition.

Harassment consists of unwelcome verbal, physical, or visual conduct that is based on any of the prohibited categories of discrimination listed above and that is so severe or pervasive that it adversely affects an individual's employment opportunities, has the purpose or effect of unreasonably interfering with the individual's work performance, or creates an intimidating, hostile, or offensive work environment.

The Board also prohibits retaliation against any District employee or job applicant who opposes any discriminatory employment practice by the District or its employee, agent, or representative or who complains, testifies, assists, or in any way participates in the District's complaint procedures pursuant to this policy. No employee or job applicant who requests an accommodation for any protected characteristic listed in this policy shall be subjected to any punishment or sanction, regardless of whether the request was granted. (Government Code 12940)

Complaints concerning employment discrimination, harassment, or retaliation shall immediately be investigated in accordance with procedures specified in the accompanying administrative regulation.

Any supervisory or management employee who observes or has knowledge of an incident of prohibited discrimination or harassment shall report the incident to the Superintendent or designated District coordinator as soon as practical after the incident. All other employees are encouraged to report such incidents to their supervisor immediately. The District shall protect any employee who does report such incidents from retaliation.

The Superintendent or designee shall use all appropriate means to reinforce the District's nondiscrimination policy. He/she shall provide training and information to employees about how to recognize harassment and discrimination, how to respond appropriately, and components of the District's policies and regulations regarding discrimination. The Superintendent or designee shall regularly review the District's employment practices and, as necessary, shall take action to ensure District compliance with the nondiscrimination laws.

Any District employee who engages in prohibited discrimination, harassment, or retaliation or who aids, abets, incites, compels, or coerces another to engage or attempt to engage in such behavior in violation of this policy shall be subject to disciplinary action, up to and including dismissal.

~~The Board of Trustees prohibits unlawful discrimination against and/or harassment of District employees and job applicants on the basis of actual or perceived race, color, national origin, ancestry, religion, age, marital status, pregnancy, physical or mental disability, medical condition, genetic information, veteran status, gender, gender identity, gender expression, sex or sexual orientation at any District site and/or activity. The Board of Trustees also prohibits retaliation against any District employee or job applicant who complains, testifies or in any way participates in the District's complaint procedures instituted pursuant to this policy.~~

~~Prohibited discrimination consists of the taking of any adverse employment action against a person, including termination or denial of promotion, job assignment, or training, or in discriminating against the person in compensation, terms, conditions, or other privileges of employment based on any of the prohibited categories of discrimination listed above.~~

~~The prohibition against discrimination based on the religious creed of an employee or job applicant includes any discrimination based on the person's religious dress or grooming practices or any conflict between the person's religious belief, observance, or practice and an employment requirement. The prohibition against discrimination based on the sex of an employee or job applicant shall include any discrimination based on the person's pregnancy, childbirth, breastfeeding, or any related medical conditions. (Government Code 12926, 12940)~~

~~Harassment consists of any unwelcome verbal, physical, or visual conduct that is based on any of the prohibited categories of discrimination listed above and that is so severe or pervasive that it adversely affects an individual's employment opportunities, has the purpose or effect of unreasonably interfering with the individual's work performance, or creates an intimidating, hostile, or offensive work environment.~~

~~The Board also prohibits retaliation against any district employee or job applicant who complains, testifies, assists, or in any way participates in the District's complaint procedures instituted pursuant to this policy.~~

~~Any District employee who engages or participates in unlawful discrimination, or who aids, abets, incites, compels or coerces another to discriminate, is in violation of this policy and is subject to disciplinary action, up to and including dismissal.~~

~~Any District employee who observes or has knowledge of an incident of unlawful discrimination or harassment shall report the incident to the Principal, District administrator or Superintendent as soon as practical after the incident. Failure of a District employee to report discrimination or harassment may result in disciplinary action.~~

~~The Superintendent shall regularly publicize, within the District, the District's nondiscrimination policy and the availability of complaint procedures.~~

~~The District's policy and administrative regulation shall be posted in all schools and offices including staff lounges.~~

Cyberbullying includes the **creation or** transmission of harassing communications, direct threats, or other harmful texts, sounds, or images on the Internet, social media, or other technologies using a telephone, computer, or any wireless communication device on school premises, or off campus in a manner that causes or is likely to cause a substantial disruption of a school activity or school attendance. Cyberbullying also includes breaking into another person's electronic account and assuming that person's identity in order to damage or victimize that person's reputation.

To the extent possible, District and school strategies shall focus on prevention of bullying by establishing clear rules for student conduct and **implementing** strategies to establish a positive, collaborative school climate. Students shall be informed, through student handbooks and other appropriate means, of District and school rules related to bullying, mechanisms available for reporting incidents or threats, and the consequences for ~~perpetrators of~~ **engaging in** bullying.

The District may provide students with instruction, in the classroom or other educational settings, that promotes effective communication and conflict resolution skills, social skills, character/values education, respect for cultural and individual differences, self-esteem development, assertiveness skills, and appropriate online behavior.

School staff shall receive related professional development, including information about early warning signs of harassing/intimidating behaviors and effective prevention and intervention strategies.

Based on an assessment of bullying incidents at school, the Superintendent or designee may increase supervision and security in areas where bullying most often occurs, such as classrooms, playgrounds, hallways, restrooms, and or cafeterias.

Intervention

Students are encouraged to notify school staff when they are being bullied or suspect that another student is being victimized. In addition, the Superintendent or designee shall develop means for students to report threats or incidents confidentially and anonymously.

School staff who witness bullying shall immediately intervene to stop the incident when it is safe to do so. (Education Code 234.1)

When appropriate based on the severity or pervasiveness of the bullying, the Superintendent or designee shall notify the parents/guardians of victims and perpetrators and may contact law enforcement.

The Superintendent, principal, or principal's designee may refer a victim, witness, perpetrator, or other student affected by an act of bullying to a school counselor, school psychologist, social worker, child welfare attendance personnel, school nurse, or other school support service personnel for case management, counseling, and/or participation in a restorative justice program as appropriate. (Education Code 48900.9)

~~As appropriate, the Superintendent or designee shall notify the parents/guardians of victims and perpetrators. He/she also may involve school counselors, mental health counselors, and/or law enforcement.~~

In addition, any school employee who observes an incident of bullying involving a student shall report his/her observation to the principal or District compliance officer, whether or not the alleged victim files a complaint. When a report has been filed with a principal, the principal shall notify the District compliance officer identified in AR 1312.3-Uniform Complaint Procedures.

When the circumstances involve cyberbullying, individuals with information about the activity shall be encouraged to save and print any electronic or digital messages that they feel constitute cyberbullying and to notify a teacher, the principal, or other employee so that the matter may be investigated. When a student uses a social networking site or service to bully or harass another student, the Superintendent or designee may file a request with the networking site or service to suspend the privileges of the student and to have the material removed.

When a report of bullying is submitted, the principal or District compliance officer shall inform the student or parent/guardian of the right to file a formal written complaint in accordance with AR 1312.3. Board Policy

Nondiscrimination/Harassment

BP 5145.3

Students

Approved: June 10, 2005

Revised: July 24, 2012

The Board of Trustees desires to provide a safe school environment that allows all students equal access and opportunities in the District's academic, extracurricular, and other educational support programs, services, and activities. The Board prohibits, at any District school or school activity, unlawful discrimination, including discriminatory harassment, intimidation, and bullying, targeted at any student by anyone, based on the student's actual or perceived race, color, ancestry, national origin, nationality, ethnicity, ethnic group identification, age, religion, marital or parental status, physical or mental disability, sex, sexual orientation, gender, gender identity, or gender expression or association with a person or group with one or more of these actual or perceived characteristics.

This policy shall apply to all acts related to school activity or to school attendance occurring within a District school, and to acts which occur off campus or outside of school-related or school-sponsored activities but which may have an impact or create a hostile environment at school.

Unlawful discrimination, including discriminatory harassment, intimidation, or bullying, may result from physical, verbal, nonverbal, or written conduct based on any of the categories listed above. Unlawful discrimination also includes the creation of a hostile environment through prohibited conduct that is so severe, persistent, or pervasive that it affects a student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; has the effect of substantially or unreasonably interfering with a student's academic performance; or otherwise adversely affects a student's educational opportunities.

Unlawful discrimination also includes disparate treatment of students based on one of the categories above with respect to the provision of opportunities to participate in school programs or activities or the provision or receipt of educational benefits or services.

The Board also prohibits any form of retaliation against any individual who reports or participates in the reporting of unlawful discrimination, files or participates in the filing of a complaint, or investigates or participates in the investigation of a complaint or report alleging unlawful discrimination. Retaliation complaints shall be investigated and resolved in the same manner as a discrimination complaint.

The Superintendent or designee shall facilitate students' access to the educational program by publicizing the District's nondiscrimination policy and related complaint procedures to students, parents/guardians, and employees. He/she shall provide training and information on the scope and use of the policy and complaint procedures and take other measures designed to increase the school community's understanding of the requirements of law related to discrimination. The Superintendent or designee shall regularly review the implementation of the District's nondiscrimination policies and practices and, as necessary, shall take action to remove any identified barrier to student access to or participation in the District's educational program. He/she shall report his/her findings and recommendations to the Board after each review.

Regardless of whether a complainant complies with the writing, timeline, and/or other formal filing requirements, all complaints alleging unlawful discrimination, including discriminatory

harassment, intimidation, or bullying, shall be investigated and prompt action taken to stop the discrimination, prevent recurrence, and address any continuing effect on students.

Students who engage in unlawful discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, in violation of law, Board policy, or administrative regulation shall be subject to appropriate consequence or discipline, which may include suspension or expulsion when the behavior is severe or pervasive as defined in Education Code 48900.4. Any employee who permits or engages in prohibited discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, shall be subject to disciplinary action, up to and including dismissal.

Record-Keeping

The Superintendent or designee shall maintain a record of all reported cases of unlawful discrimination, including discriminatory harassment, intimidation, or bullying, to enable the District to monitor, address, and prevent repetitive prohibited behavior in District schools.

~~District programs and activities shall be free from discrimination, including harassment with respect to the actual or perceived ethnic group identification, religion, gender, gender identity, gender expression, sex, marital status, parental status, color, race, ancestry, national origin, and physical or mental disability, age, physical attributes or sexual orientation; the perception of one or more such characteristics; or association with a person or group with one or more of these actual or perceived characteristics.~~

~~The Board of Trustees shall ensure equal opportunities for all students in admission and access to the educational program, guidance and counseling programs, athletic programs, testing procedures, and other activities. Eligibility for choral and cheerleading groups shall be determined solely on the basis of objective competencies. School staff and volunteers shall carefully guard against segregation, bias and stereotyping in instruction, guidance, and supervision.~~

~~The schools shall provide male and female students with separate sex education classes in order to protect student modesty. In physical education, when objective standards have an adverse effect on students because of their gender, race, ethnic group or disability, other standards shall be used to measure achievement and create comparable educational opportunities.~~

~~The Board prohibits unlawful discrimination, intimidation, harassment or bullying of any student by any employee, student or other person in the District. Staff shall be alert and immediately responsive to student conduct, which may interfere with another student's ability to participate in or benefit from school services, activities or privileges. In addition, the employee shall immediately intervene when safe to do so. (Education Code 234.1)~~

~~Prohibited discrimination, harassment, intimidation, or bullying includes physical, verbal, nonverbal, or written conduct based on one of the categories listed above that is so severe and pervasive that it affects a student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; has the effect of substantially or unreasonably interfering with a student's academic performance; or otherwise adversely affects a student's educational opportunities.~~

~~The Board also prohibits any form of retaliation against any student who files a complaint or report regarding an incident of discrimination, harassment, intimidation, or bullying.~~

~~The Superintendent or designee shall provide age appropriate training and information to students, parents/guardians, and employees regarding discrimination, harassment, intimidation, and bullying, including but not limited to, the District's nondiscrimination policy, what constitutes prohibited behavior, how to report incidents, and to whom such reports should be made.~~

~~In providing instruction, guidance, supervision, or other services to District students, employees and volunteers shall carefully guard against segregating or stereotyping students.~~

~~The principal or designee shall develop a plan to provide students with appropriate accommodations when necessary for their protection from threatened or potentially harassing or discriminatory behavior.~~

~~Any student who feels that he/she is being harassed, intimidated, or bullied should immediately contact the Coordinator, the principal, or any other staff member. In addition, any student who observes any such incident should report the incident to the Coordinator or principal, whether or not the victim files a complaint.~~

~~Upon receiving a complaint of discrimination, harassment, intimidation, or bullying, the Coordinator shall immediately investigate the complaint in accordance with the site level grievance procedures specified in AR 5145.7—Sexual Harassment.~~

~~Within 30 days of receiving the District's report, the complainant may appeal to the Board if he/she disagrees with the resolution of the complaint. The Board shall make a decision at its next regular meeting and its decision shall be final.~~

~~The Superintendent or designee shall ensure that the student handbook clearly describes the District's nondiscrimination policy, procedures for filing a complaint regarding discrimination, harassment, intimidation, or bullying, and the resources that are available to students who feel that they have been the victim of any such behavior. The District's policy shall also be posted on the District web site or any other location that is easily accessible to students.~~

CONSENT ITEM

DATE: December 13, 2016
TO: Robert Pletka, Ed.D., District Superintendent
FROM: Susan Hume, Assistant Superintendent, Business Services
SUBJECT: **ACCEPT GIFTS AND AUTHORIZE DISTRICT STAFF TO EXPRESS THE BOARD OF TRUSTEES' APPRECIATION TO ALL DONORS**

Background: According to Board Policy 3290(a), the Board of Trustees may accept any bequest, gift of money, or property on behalf of the District. Gifts must be deemed suitable for a purpose by the Board of Trustees and be used in an appropriate manner. However, it is the policy of the Board of Trustees to discourage all gifts which may directly or indirectly impair the Board of Trustees' commitment to providing equal educational opportunities to the students of the District. As indicated in the above-mentioned Board Policy, the District Superintendent approves gifts designated for a specific school for acceptance at that school. Descriptions of gifts presented for acceptance are included on the attachment. Gifts for specific dollar amounts are noted, non-monetary gifts are identified, and the donor is responsible for reporting the value to the Internal Revenue Service.

Rationale: The Board of Trustees of the Fullerton School District gratefully accepts monetary and non-monetary gifts from public and private entities. These gifts help reduce the costs of school materials, curriculum, and extracurricular student activities.

Funding: The funding received from gifts will be deposited in appropriate District funds.

Recommendation: Accept gifts and authorize District staff to express the Board of Trustees' appreciation to all donors.

Parent EMPOWERMENT through Technology (PE+T)

for

Fullerton School District

The Parent EMPOWERMENT through Technology (PE+T) program streamlines key elements to parent involvement, with cultural relevance at its center. When parents lack appropriate tools to fully engage in the health and education of their family, they tend to step out of their role. A balanced use of online information and tools can lead to parent empowerment and engagement on all levels. Parents gain critical research skills with PE+T training. PE+T gives parents the power of information—giving them the opportunity to make well-educated choices that benefit their entire family.

1. Organizational Background and History

Community Union, Inc.(Established 1993)

Mission: Setup, sustain and expand education and economic opportunities in low-income communities via community-based computer and Internet training.

Community Union, Inc. is a corporation based in Los Angeles, California. Community Union (CU) provides training from community technology centers located in low-income neighborhoods throughout California.

In 1993, while Mr. Larry A. Ortega was attending law school at Western State University School of Law, Fullerton, CA, he founded CU. CU first launched their courses working with children, but quickly realized that training parents in technology was key to impacting the digital divide, student achievement and graduation rates. A year after its inception, CU launched courses to serve parents in English, Korean, and Spanish.

Community Union, in cooperation with the One Million NIU (New Internet Users) Coalition, have successfully negotiated the opening of community-based technology training centers in over 30 cities, helping more than 25,000 parents, youth and senior citizens improve their quality of life through access and training to Internet resources. College students and NIU graduating parents enter and complete the Train the Trainer Program and become NIU Trainers for new sessions. Trainers have found the NIU experience to be a great career launching-pad as they move into professional endeavors.

2. Why Parent EMPOWERMENT through Technology?

A majority of low-income parents want to improve the quality of life for their family. However, many lack the skills required to engage in their education and health in a way that leads to improvement. This lack of improvement is more evident among parents with lower incomes and educational attainment, as well as among first generation immigrants who are English learners.

The Parent EMPOWERMENT through Technology program presents an opportunity to make a focused effort to help parents engage in their family's health and education via the Internet. There are a wide array of websites and on-line content in English, Korean and Spanish that help parents positively effect change in their family. CU has taught low-income parents how to access and use on-line resources for over 22 years and in our expert opinion, significantly improves the quality of life of graduates and their families.

3. Target Population

Maximum of 37 low-income parents who have children attending Pacific Drive will be enrolled in PE+T (**Exhibit C**), and will attend courses per **Exhibit B**.

4. Proposed Methodologies

Community Union believes it is a moral and economic imperative that we empower parents with research skills in education and health via technology training. A parent that can navigate the Internet to find reliable information is better equipped to make sound decisions for their family.

Parents will attend class once per week, for three hours each day, for 6 weeks for a total of 20 hours of PE+T-Module I see **Exhibit B**.

PE+T Modules I & II *outcomes* for parents:

- 1) Development of Internet on-line resource navigation skills using key websites, addressing both health and education needs,
- 2) Development of a full-color multipage e-tools Resource Guide in PowerPoint that contains the following information:
 - a. A healthy food pyramid,
 - b. A through G requirements (UC/CSU college entry requisites),
 - c. Local Fullerton Unified resources available on-line,
 - d. Internet safety,
 - e. Detailed benefits of common fruits, vegetables, superfoods, supplements and organics,
 - f. Local farmer's markets and,
 - g. Healthy recipes.

- 3) Improved public speaking skills and advocacy strategies that will assist them in ensuring their family has access to health and education resources.

PE+T not only provides the foundational understanding needed by parents such as A-G requirements, education resources, college options, etc., but because the parents will have on-going access to on-line resources, they will be empowered to forever engage and advocate for the improved health and quality education for their family.

5. Project Goals, Operation and Evaluation:

PE+T's task-list, see **Exhibit C** below, is a list of exercises parents will complete during each 20 hour Module. PE+T takes parents through step by step on how-to use a computer, access the Internet and develop computer and Internet navigation skills while building an e-tools Resource Guide in PowerPoint, using health focused, college, school district and Internet safety websites. Manuals, exercises and instruction are available in English, Korean, Spanish and Mandarin Chinese.

Module I:

- A-1 – Develop a Vision Statement: Parents develop a 'vision' statement articulating desired goals and outcomes from the course, and beginning E-mail navigation, parents set up email address,
- A-2 – Introduction to Word, parents learn basic functions, typing skills, and development of a formal communication letter,
- A-3 – Introduction to PowerPoint, parents are introduced to the tool to be used to build e-tools Resource Guide,
- A-4 – Beginning Internet Navigation: Parents build research project using on-line resources to obtain information about education, health, and Internet safety.
- e-tools Resource Guide Completion: Parents compile exercises and PowerPoint slides completed during the course into a clear-covered portfolio that will be called their e-tools Resource Guide and will serve as evidence of skills learned and will be used to assist parents to better engage in their family's health and education.
- Simultaneously, this same portfolio will be used to enhance employment endeavors.

Module II:

- A-1 – Develop a Vision Statement II: Parents develop a 'vision' statement articulating desired HEALTH goals and outcomes from the course, and a refresher on Internet/E-mail navigation,
- A-2 – Refresher on Word, parents are reminded of basic functions, typing skills, and develop a formal communication letter,
- A-3 – Refresher on PowerPoint, parents are reminded of to the tool to be used to build e-health Tools Resource Guide,

- A-4 – Intermediate Internet Navigation: Parents build research project using on-line resources to obtain information about healthy living.
- e-health Tools Resource Guide Completion: Parents compile exercises and PowerPoint slides completed during the course into a clear-covered portfolio that will be called their e-health Tools Resource Guide and will serve as evidence of skills learned and will be used to assist parents to better engage in their family's health.

Evaluation:

- Paramount to the proposed project is the evaluation of program effectiveness.
- Quantitative methods such as pre and post surveys will be used. Also, graduating participant's focus group interviews will create feedback that will be used to create qualitative data to fine-tune PE+T,

In summary, after the completion of the PE+T program the following Major Goals will be accomplished:

1. Parents gain increased Internet navigation knowledge for the purpose of improving the quality of life for their family,
2. Parents will develop an e-tools Resource Guide and/or an e-health Tools Resource Guide to ensure they have key information to better engage in the health and education goals of their family,
3. Parent leaders emerge and become sustainable resources for other parents through a parent alumni advocate network.

6. Funding, Roles and Responsibilities

SUBJECT: **APPROVE THE DISTRICT'S FIRST INTERIM FINANCIAL REPORT WITH A POSITIVE CERTIFICATION. PER STATE GUIDELINES, A POSITIVE CERTIFICATION INDICATES THAT, BASED UPON CURRENT PROJECTIONS, THE DISTRICT WILL MEET ITS FINANCIAL OBLIGATIONS FOR THE CURRENT AND SUBSEQUENT TWO FISCAL YEARS**

Background: The First Interim Report is one of three financial reports that school districts are required to report to the State and provide to the public annually. The report presents the results of actual financial operations through October 31 and the projected budget for the fiscal year for all District funds. A three-year projection for the General Fund is also included. The complete First Interim Report in the required State format, along with a descriptive narrative and comparative financial projections, is included for the Board's review.

Rationale: The District is required by Education Code to submit periodic financial reports to its oversight bodies. In order to judge a District's financial stability, these reports also include a three-year projection for the General Fund. The District is required to certify its financial outlook as Positive, Qualified, or Negative.

Funding: The District is showing in excess of the 3% required General Fund Unrestricted Reserve as of June 30, 2019.

Recommendation: Approve the District's First Interim Financial Report with a Positive Certification. Per State guidelines, a Positive Certification indicates that, based upon current projections, the District will meet its financial obligations for the current and subsequent two fiscal years.

The following reports are provided in this document:

- First Interim Budget Projections (showing the Original Adopted Budget and the revised First Interim Budget)
- First Interim State Report (SACS format)
- Multi-year Projections
- State Criteria and Standards

Year-to-date financial statements reflect actual financial results from the District's accounting system which is maintained through OCDE on the Bi-Tech accounting system. For the First and Second Interim Reports, results are on a cash basis (no accruals are booked). Accruals are recorded for the year-end financial statements.

Current year budgets and multi-year projections are based on information provided by OCDE, the California Department of Education, School Services of California, and other relevant professional sources. A summary of the various factors used is attached at the end of this memo. Additional discussion is provided below.

Current Year Budget

At First Interim, the District updates its original 2016-17 budget (adopted by the Board of Trustees on June 21, 2016) to reflect current financial projections.

There are three material changes to the budget reflected in the First Interim: a decrease in the estimated amount of Mandate Reimbursement one-time funding to be received, a decrease in salaries due to a reduction in staff, and an increase in various line item budgets due to additions to the budget since June.

Mandated Cost Reimbursement Revenues: In the final adopted budget the Legislature for the third year in a row approved a one-time appropriation for a payment to be made to all districts meant to buy down prior year mandated cost claims owed to the districts. The District had estimated this amount based on factors known at budget preparation time. After passage of the final State budget the new estimated amount for FSD is \$2,818,988. This is \$314,000 less than our original estimate.

Salaries: The original budget was prepared on the assumption of no change in full-time-equivalent (FTE) teachers. Due to decreases in enrollment, the District is currently operating with ten less FTE than fall 2015. This resulted in a budget adjustment decrease of \$1.2 million.

Adds to budget: The District has added positions since original budget adoption, including two new Teachers on Special Assignment (TOSA), community liaisons, and aides, as well as reclassified some positions to higher salaries. In addition, the District has had to account for other additional costs in its budget. These changes amounted to \$585,000.

Routine First Interim Budget Adjustments: In addition to the non-routine items noted above, the District reviews all of its accounts and has adjusted its First Interim budget projections to reflect the following:

- Based upon current enrollment data, the District may adjust its revenue accounts that are based on Average Data Attendance (ADA). If start-of-school enrollment is materially different from budget projections, revenues will be recalculated based upon updated ADA projections. Second-month enrollment totaled 13,347—175 less than second-month enrollment for the 2015-16 school year. In the case of declining enrollment, the State “holds harmless” a District for the first year, allowing the District to claim the (higher) prior-year ADA for apportionment funding. Therefore, the District is still using 2015-16 Second Period ADA of 13,383 in its enrollment projection in the First Interim budget. The effect of the 2016-17 declining enrollment is reflected in the 2017-18 projection (Discussed further below).
- Categorical revenue accounts updated to most recent grant/entitlement letters and other information received from the State and federal governments. Corresponding expenditure accounts are also adjusted accordingly. Indirect costs are updated to reflect changes in total estimated expenditures.
- Other income accounts analyzed and adjusted to reflect year-to-date receipts and estimated year-end amounts.
- Revenues and expenditures of programs that encroach on the General Fund updated to current projections and encroachment accounts adjusted accordingly.
- Salary and benefit accounts adjusted to reflect updated staffing levels and changes to benefit costs, including health insurance costs.
- All expenditure accounts analyzed and adjusted to reflect year-to-date expenditures and estimated expenditures to finish the year.

LCFF: The District projected its LCFF revenue for the June budget based upon factors published in the Governor’s May Revise. The final budget approved by the Legislature in late June was not materially different from the Governor’s proposal. Therefore, the change to the District’s projected LCFF revenue budget for the current year is not material.

At the original adopted budget, the District projected an Unrestricted General Fund net loss for the 2016-17 fiscal year of (\$2,452,038). After all of the above adjustments, the 2016-17 updated First Interim budget reflects a net decrease of (\$2,172,080).

The revised ending unrestricted fund balance is projected at \$28,270,534, or 20.07% of the General Fund expenditures. This amount is \$24,044,853 above the State-required 3% reserve.

Multi-Year Projections

The most important element of the First Interim Report is the three-year projection for the General Fund. In this forecast, the District projects its financial prognosis for the current and subsequent two years. The purpose of the projection is to report to its stakeholders on the continued fiscal viability of the District. The projection provides the rationale for the District's choice of certification options (Positive, Qualified, or Negative) on its Certification of Financial Condition.

Please refer to the attached summary for details of the significant variables and assumptions used in the preparation of the District's three-year projection.

The following discusses the most significant items in the three-year projection:

LCFF: The District is utilizing the Department of Finance's estimated COLAs and LCFF Funding Rate percentages. At the time of this writing, those estimates had not been adjusted for the effect, if any, of the passage of Proposition 55 on the State's LEA funding in future years.

Fullerton School District is reporting a 51.91% Unduplicated Percentage of enrollment for 2016-17 through 2018-19 based on a rolling three-year average.

ADA: Based upon the 2016-17 drop in enrollment, the District is projecting a decrease in apportionment earning ADA of 132 in 2017-18. There is currently no change projected for 2018-19.

Mandated Cost Reimbursement One-time Revenues: One-time revenues and related expenditures are adjusted for in the three-year projection. No additional one-time revenues are projected after the 2016-17 budget year.

Employee Compensation: Normal ongoing step and column increases are included in the three-year projection. The effect of the 1% bonus paid July 1, 2016, is subtracted from the 2017-18 projection. Also in 2017-18, the budget projection includes \$1,320,000 for projected increases in STRS and PERS rates to be paid by the District. An additional \$1,340,000 is added in 2018-19.

Budget Additions: \$338,000 in additional costs for the Dual Immersion program have been added to the 2017-18 projection. No other budget augmentations, other than routine inflationary increases, have been added.

Items Not Yet Accounted for in Three-year Projection

Negotiated Increase to Employee Compensation: The District has reached agreement with the California School Employees Association (CSEA) bargaining unit for a 2% ongoing salary increase retroactive to July 1, 2016. At the time of this writing this increase had not been ratified by the unit or the Board of Trustees of the District. Therefore, it has not been added into the projection. The cost of this raise will be \$355,422.

Ending Fund Balances

Taking into account all of these changes to the three-year projection, the District projects net decreases in the current and subsequent fiscal years in the Unrestricted General Fund. The projected Unrestricted General Fund ending fund balance percentages are as follows:

June 30, 2017	20.1%
June 30, 2018	19.4%
June 30, 2019	16.0%

Required Disclosure under Education Code section 42127(a)(2)(b) regarding reasons for Ending Fund Balances above the State-recommended minimum level

Education Code section 42127(a)(2)(b) requires a statement of reason that substantiates the need for assigned and unassigned ending fund balances in excess of the minimum reserve standard for economic uncertainties for each fiscal year be identified in the budget.

The Board of Trustees of the Fullerton School District currently maintains a prudent reserve which provides for anticipated future expenditures for technology, instructional materials, and other necessary instructional expenditures. The District must also have funds available to mitigate the costs of declining enrollment to the District. Additionally, the reserve is maintained to provide for unplanned or emergency expenditures that might occur in the future. The District must also plan for future facilities needs. Finally, the District must plan for future downturns in the State economy which could negatively affect the District's budget.

Projected Unrestricted Ending Fund Balance:

	<u>Assigned</u>	<u>Unassigned</u>	<u>3% Minimum</u>	<u>Amount Above 3% Minimum</u>
June 30, 2017	\$954,373	\$28,270,534	\$4,225,681	\$24,044,853
June 30, 2018	\$0	\$26,278,794	\$4,069,457	\$22,209,337
June 30, 2019	\$0	\$22,141,273	\$4,158,193	\$17,983,080

Certification

Based upon current projections and budget assumptions regarding State funding and the District's financial condition, the District is certifying with a Positive Certification. Per State guidelines, a Positive Certification indicates that, based upon current projections, the school district **will** meet its financial obligations for the current fiscal year and subsequent two fiscal years.

Conclusion

The First Interim Report is an important document in the District's ongoing communications to its stakeholders. The report and certification provide accountability and evidence of stewardship to our community.

S8. Status of Labor Agreements

Analyze the status of employee labor agreements. Identify new labor agreements that have been ratified since budget adoption, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues and explain how these commitments will be funded in future fiscal years.

If salary and benefit negotiations are not finalized, upon settlement with certificated or classified staff:

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards and may provide written comments to the president of the district governing board and superintendent.

Fullerton School District
1401 W. Valencia Drive
Fullerton, CA 92833

We are pleased to confirm our understanding of the services we are to provide Fullerton School District for the fiscal years ended June 30, 2017 through 2019, with options for 2019-20 and 2020-21. We will audit the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information, including the related notes to the financial statements, which collectively comprise the basic financial statements of Fullerton School District as of and for the fiscal years ended June 30, 2017 through 2019. Accounting standards generally accepted in the United States of America provide for certain required supplementary information (RSI), such as management's discussion and analysis (MD&A), to supplement the District's basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. As part of our engagement, we will apply certain limited procedures to the District's RSI in accordance with auditing standards generally accepted in the United States of America. These limited procedures will consist of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We will not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance. The following RSI is required by generally accepted accounting principles and will be subjected to certain limited procedures, but will not be audited:

- Management's Discussion and Analysis
- Budgetary Comparison Schedule(s)
- Schedule of Funding Progress
- Ten-Year Schedule of Proportionate Share of Net Pension Liability
- Ten-Year Schedule of Pension Plan Contributions

We have also been engaged to report on supplementary information other than RSI that accompanies the District's financial statements. We will subject the following supplementary information to the auditing procedures applied in our audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America and will provide an opinion on it in relation to the financial statements as a whole:

- Schedule of Expenditures of Federal Awards
- Other schedules and/or information as required by the State Controller's Office.

Audit Objectives

The objective of our audit is the expression of an opinion about whether your basic financial statements are fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles and to report on the fairness of the supplementary information referred to in the second paragraph when considered in relation to the financial statements as a whole. The objective also includes reporting on:

- Internal control related to the financial statements and compliance with the provisions of laws, regulations, contracts, and grants agreements, noncompliance with which could have a material effect on the financial statements in accordance with *Government Auditing Standards*.
- Internal control related to major programs and an opinion (or disclaimer of opinion) on compliance with laws, regulations, and the provisions of contracts or grant agreements that could have a direct and material effect on each major program in accordance with Title 2 U.S Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance).

The reports on internal control and compliance will each include a paragraph that states that the purpose of the report is solely to describe (1) the scope of testing of internal control over financial reporting and compliance and the result of that testing and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance, (2) the scope of testing internal control over compliance for major programs and major program compliance and the result of that testing and to provide an opinion on compliance but not to provide an opinion on the effectiveness of internal control over compliance, and (3) that the report is an integral part of an audit performed in accordance with Government Auditing Standards in considering internal control over financial reporting and compliance and Uniform Guidance in considering internal control over compliance and major program compliance. The paragraph will also state that the report is not suitable for any other purpose.

Our audit will be conducted in accordance with auditing standards generally accepted in the United States of America; the standards for financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; the provisions of the Uniform Guidance; and the *Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting* issued by the Education Audit Appeals Panel, and will include tests of accounting records, a determination of major program(s) in accordance with the Uniform Guidance, and other procedures we consider necessary to enable us to express such opinions and to render the required reports. We cannot provide assurance that unmodified opinions will be expressed. Circumstances may arise in which it is necessary for us to modify our opinions or add emphasis-of-matter or other-matter paragraphs. If our opinions on the financial statements or the Single Audit compliance opinions are other than unmodified, we will discuss the reasons with you in advance. If, for any reason, we are unable to complete the audit or are unable to form or have not formed opinions, we may decline to express opinions or to issue a report as a result of this engagement.

Management Responsibilities

Management is responsible for the basic financial statements, schedule of expenditures of federal awards, and all accompanying information as well as all representations contained therein. Your responsibilities also include identifying significant vendor relationships in which the vendor has responsibility for program compliance and for the accuracy and completeness of that information. Your responsibilities include adjusting the financial statements to correct material misstatements and confirming to us in the written representation letter that the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements taken as a whole.

You are responsible for the design and implementation of programs and controls to prevent and detect fraud, and for informing us about all known or suspected fraud affecting the government involving (1) management, (2) employees who have significant roles in internal control, and (3) others where the fraud could have a material effect on the financial statements. Your responsibilities include informing us of your knowledge of any allegations of fraud or suspected fraud affecting the government received in communications from employees, former employees, grantors, regulators, or others. In addition, you are responsible for identifying and ensuring that the entity complies with applicable laws, regulations, contracts, agreements, and grants. Additionally, as required by the Uniform Guidance, it is management's responsibility to follow up and take corrective action on reported audit findings and to prepare a summary schedule of prior audit findings and a corrective action plan.

You are responsible for preparation of the schedule of expenditures of federal awards in conformity with The Uniform Guidance. You agree to include our report on the schedule of expenditures of federal awards in any document that contains and indicates that we have reported on the schedule of expenditures of federal awards. You also agree to include the audited financial statements with any presentation of the schedule of expenditures of federal awards that includes our report thereon. Your responsibilities include acknowledging to us in the written representation letter that (1) you are responsible for presentation of the schedule of expenditures of federal awards in accordance with the Uniform Guidance; (2) that you believe the schedule of expenditures of federal awards, including its form and content, is fairly presented in accordance with the Uniform Guidance; (3) that the methods of measurement or presentation have not changed from those used in the prior period (or, if they have changed, the reasons for such changes); and (4) you have disclosed to us any significant assumptions or interpretations underlying the measurement or presentation of the schedule of expenditures of federal awards.

You are also responsible for the preparation of the other supplementary information, which we have been engaged to report on, in conformity with U.S. generally accepted accounting principles. You agree to include our report on the supplementary information in any document that contains and indicates that we have reported on the supplementary information. You also agree to include the audited financial statements with any presentation of the supplementary information that includes our report thereon. Your responsibilities include acknowledging to us in the written representation letter that (1) you are responsible for presentation of the supplementary information in accordance with GAAP; (2) that you believe the supplementary information, including its form and content, is fairly presented in accordance with GAAP; (3) that the methods of measurement or presentation have not changed from those used in the prior period (or, if they have changed, the reasons for such changes); and (4) you have disclosed to us any significant assumptions or interpretations underlying the measurement or presentation of the supplementary information.

Management is responsible for establishing and maintaining a process for tracking the status of audit findings and recommendations. Management is also responsible for identifying for us previous financial audits, attestation engagements, performance audits, or other studies related to the objectives discussed in the Audit Objectives section of this letter. This responsibility includes relaying to us corrective actions taken to address significant findings and recommendations resulting from those audits, attestation engagements, performance audits, or studies. You are also responsible for providing management's views on our current findings, conclusions, and recommendations, as well as your planned corrective actions, for the report, and for the timing and format for providing that information.

Audit Procedures - General

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; therefore, our audit will involve judgment about the number of transactions to be examined and the areas to be tested. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We will plan and perform the audit to obtain reasonable rather than absolute assurance about whether the financial statements are free of material misstatement, whether from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations that are attributable to the entity or to acts by management or employees acting on behalf of the entity. Because the determination of abuse is subjective, Government Auditing Standards do not expect auditors to provide reasonable assurance of detecting abuse.

Because of the inherent limitations of an audit, combined with the inherent limitations of internal control, and because we will not perform a detailed examination of all transactions, there is a risk that material misstatements or noncompliance may exist and not be detected by us, even though the audit is properly planned and performed in accordance with U.S. generally accepted auditing standards and Government Auditing Standards. In addition, an audit is not designed to detect immaterial misstatements or violations of laws or governmental regulations that do not have a direct and material effect on the financial statements or major programs. However, we will inform the appropriate level of management of any material errors, any fraudulent financial reporting, or misappropriation of assets that come to our attention. We will also inform the appropriate level of management of any violations of laws or governmental regulations that come to our attention, unless clearly inconsequential, and of any material abuse that comes to our attention. We will include such matters in the reports required for a Single Audit. Our responsibility as auditors is limited to the period covered by our audit and does not extend to any later periods for which we are not engaged as auditors.

Our procedures will include tests of documentary evidence supporting the transactions recorded in the accounts, and may include tests of the physical existence of inventories, and direct confirmation of receivables and certain other assets and liabilities by correspondence with selected individuals, funding sources, creditors, and financial institutions. We will request written representations from your attorneys as part of the engagement, and they may bill you for responding to this inquiry. At the conclusion of our audit, we will require certain written representations from you about the financial statements and related matters.

Audit Procedures – Internal Control

Our audit will include obtaining an understanding of the District and its environment, including internal control, sufficient to assess the risks of material misstatement of the financial statements and to design the nature, timing, and extent of further audit procedures. Tests of controls may be performed to test the effectiveness of certain controls that we consider relevant to preventing and detecting errors and fraud that are material to the financial statements and to preventing and detecting misstatements resulting from illegal acts and other noncompliance matters that have a direct and material effect on the financial statements. Our tests, if performed, will be less in scope than would be necessary to render an opinion on internal control and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to *Government Auditing Standards*.

As required by the Uniform Guidance, we will perform tests of controls over compliance to evaluate the effectiveness of the design and operation of controls that we consider relevant to preventing or detecting material noncompliance with compliance requirements applicable to each major federal award program. However, our tests will be less in scope than would be necessary to render an opinion on those controls and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to the Uniform Guidance.

An audit is not designed to provide assurance on internal control or to identify significant deficiencies or material weaknesses. However, during the audit, we will communicate to management and those charged with governance internal control related matters that are required to be communicated under AICPA professional standards, *Government Auditing Standards*, and the Uniform Guidance.

Audit Procedures – Compliance

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we will perform tests of Fullerton School District's compliance with provisions of applicable laws, regulations, contracts, and agreements, including grant agreements. However, the objective of those procedures will not be to provide an opinion on overall compliance and we will not express such an opinion in our report on compliance issued pursuant to *Government Auditing Standards*.

The Uniform Guidance requires that we also plan and perform the audit to obtain reasonable assurance about whether the auditee has complied with applicable laws and regulations and the provisions of contracts and grant agreements applicable to major programs. Our procedures will consist of tests of transactions and other applicable procedures described in the *Compliance Supplement* for the types of compliance requirements that could have a direct and material effect on each of the District's major programs. The purpose of these procedures will be to express an opinion on the District's compliance with requirements applicable to each of its major programs in our report on compliance issued pursuant to the Uniform Guidance.

Engagement Administration, Fees, and Other

The audit may commence by February 1 of each year, and will be completed and filed by December 15. A presentation to the Board will be made by January 31 of the following year. At the conclusion of the engagement, we will complete the appropriate sections of the Data Collection Form that summarizes our audit findings. It is management's responsibility to submit the reporting package (including financial statements, schedule of expenditures of federal awards, summary schedule of prior audit findings, auditors' reports, and corrective action plan) along with the Data Collection Form to the federal audit clearinghouse. We will coordinate with you the electronic submission and certification. If applicable, we will provide copies of our report for you to include with the reporting package you will submit to pass-through entities. The Data Collection Form and the reporting package must be submitted within the earlier of 30 days after receipt of the auditors' reports or nine months after the end of the audit period, unless a longer period is agreed to in advance by the cognizant or oversight agency for audits.

The audit documentation for this engagement is the property of Nigro & Nigro and constitutes confidential information. However, pursuant to authority given by law or regulation, we may be requested to make certain audit documentation available to the State Controller's Office or its designee, a federal agency providing direct or indirect funding, or the U.S. Government Accountability Office for purposes of a quality review of the audit, to resolve audit findings, or to carry out oversight responsibilities. We will notify you of any such request. If requested, access to such audit documentation will be provided under the supervision of Nigro & Nigro personnel. Furthermore, upon request, we may provide copies of selected audit documentation to the aforementioned parties. These parties may intend, or decide, to distribute the copies or information contained therein to others, including other governmental agencies.

The audit documentation for this engagement will be retained for a minimum of seven years after the report release date or for any additional period requested by the State Controller's Office. If we are aware that a federal awarding agency, pass-through entity, or auditee is contesting an audit finding, we will contact the party contesting the audit finding for guidance prior to destroying the audit documentation.

The maximum annual fee for auditing services under the terms of this agreement shall be as follows:

2016-2017 Fiscal Year Audit:	\$46,000
2017-2018 Fiscal Year Audit:	\$47,160
2018-2019 Fiscal Year Audit:	\$48,400

with the exception that any auditing services provided for (1) significant changes in District audit requirements as stated in GASB standards, *Government Auditing Standards* or the Audit Guide issued by the Education Audit Appeals Panel, or (2) any changes in the number of funds or accounts maintained by the District during the period under this agreement, shall be in addition to the above maximum fee. In addition to such payment for auditing services, the auditor shall be reimbursed for such mileage as may be necessary, at the standard IRS rate. Our invoices for these fees will be rendered each month as work progresses and are payable upon presentation. In accordance with our firm policies, work may be suspended if your account becomes 90 days or more overdue and may not be resumed until your account is paid in full. In accordance with Education Code Section 14505 as amended, ten percent (10%) of the audit fee shall be withheld pending certification of the audit report by the Office of the State Controller and fifty percent (50%) of the audit fee shall be withheld for any subsequent year of a multi-year contract if the prior year's audit report was not certified as conforming to the reporting

provisions of the Audit Guide. This audit contract is null and void if the firm is declared ineligible to audit K-12 school districts pursuant to subdivision (c) of Education Code Section 41020.5. The amount withheld is not payable unless payment is ordered by the California Board of Accountancy or the audit report for that subsequent year is certified by the Controller as conforming to reporting provisions of subdivision (a) of Section 14503. The above fee is based on anticipated cooperation from your personnel and the assumption that unexpected circumstances will not be encountered during the audit. If significant additional time is necessary, we will discuss it with you and arrive at a new fee estimate before incurring additional costs.

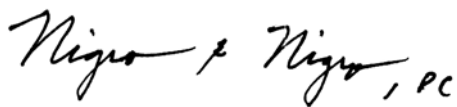

If a dispute arises among the parties hereto, the parties agree to first try in good faith to settle the dispute by mediation administered by the American Arbitration Association under its Rules for Professional Accounting and Related Services Disputes before resorting to litigation. The costs of any mediation proceeding shall be shared equally by all parties.

Client and accountant both agree that any dispute over fees charged by the accountant to the client will be submitted for resolution by arbitration in accordance with the Rules for Professional Accounting and Related Services Disputes of the American Arbitration Association. Such arbitration shall be binding and final. IN AGREEING TO ARBITRATION, WE BOTH ACKNOWLEDGE THAT, IN THE EVENT OF A DISPUTE OVER FEES CHARGED BY THE ACCOUNTANT, EACH OF US IS GIVING UP THE RIGHT TO HAVE THE DISPUTE DECIDED IN A COURT OF LAW BEFORE A JUDGE OR JURY AND INSTEAD WE ARE ACCEPTING THE USE OF ARBITRATION FOR RESOLUTION.

The first period to be audited shall be for the fiscal year ended June 30, 2016, and is subject to extension for up to four additional fiscal years, if agreeable to the auditors and the District. If the agreement is extended, the fees for 2019-20 and 2020-21 shall remain at \$48,400. The agreement may be cancelled annually if notified by the client or auditor by February 1 of each year. Additional extensions beyond 2021 may be secured on a year by year basis, subject to the agreement of the District and the auditor.

The estimated cost of the project, including soft costs and contingency, is in excess of the current bid limit. Therefore, the District went out to bid for the contract.

SUBJECT: APPROVE/RATIFY INTERNSHIP AGREEMENT WITH BRANDMAN UNIVERSITY EFFECTIVE JANUARY 18, 2017 THROUGH JULY 30, 2019

Background: Brandman University is an extension of the Chapman University System, and is a fully accredited institution of higher education. The District has a long-standing partnership with Chapman University and Brandman University in support of their teacher preparation programs. At this time, Brandman University wishes to establish an agreement with the District to enable candidates in various internship programs the opportunity to work as a District employee should the opportunity ever arise.

Rationale: As the market for qualified administrators lessens, the District has had to find alternatives to hiring energetic, enthusiastic and qualified candidates to join the Fullerton School District family. This Internship Agreement will provide such an alternative if recruitment pools are not successful.

Funding: No cost to Fullerton School District.

NOW THEREFORE, in consideration for the promises herein made, the parties agree to the following terms and Contract of Employment for Assistant Superintendent:

AGREEMENT

The specific type of annual compensation adjustment relates solely to bonuses and COLA adjustments. Assistant Superintendent has earned a doctorate from an accredited institution of higher learning. However, for the merit stipend to be deemed credible compensation within the meaning of Education Code section 22119.2, the merit stipend must not be associated with the performance of any additional service, and it must be paid to all Assistant Superintendents, in the same dollar amount, same percentage of salary or same percentage of amount being distributed. Compensation meeting the requirements of this paragraph shall be reported to CalSTRS as creditable compensation.

6. The salary and compensation provided in paragraph 3 as well as benefits will be reviewed from time to time and may be adjusted or modified in order to provide a competitive

None of these fringe benefits shall be characterized as credible compensation or reported to CalSTRS as such.

13. This Contract is subject to all applicable laws of the State of California, rules and regulations of the California State Board of Education, and rules and regulations of the Board, including but not limited to Government Code sections 53260 and 53261 which provide that if the Contract is terminated, the maximum cash settlement that Assistant Superintendent may receive shall be in an amount equal to the monthly salary of the Assistant Superintendent multiplied by the number of months left on the unexpired term of the Contract not to exceed eighteen (18) months, plus health benefits for an equivalent period of time or until Assistant Superintendent finds other employment whichever first occurs.

14. This Contract shall be effective February 6, 2017, and as of that date, replaces all prior existing agreements between the parties which shall be of no further force and effect except as recognized in this Contract.

15. In the event that the Board determines not to reemploy Assistant Superintendent at the expiration of the term of this Agreement, and in lieu of the notice provisions of Education Code section 35031, the Board will give Assistant Superintendent notice thereof at least six (6) months prior to the expiration of this Contract.

Board Policy
Married/Pregnant/Parenting Students**

BP 5146

Students

Board Adopted:

The Board of Trustees recognizes that early marriage, pregnancy, or parenting and related responsibilities may disrupt a student's education and increase the chance of a student dropping out of school. The Board, therefore, desires to support married, pregnant, and parenting students to continue their education, attain strong academic and parenting skills, and promote the healthy development of their children.

The District shall not discriminate against any student on the basis of the student's marital status, pregnancy, childbirth, false pregnancy, termination of pregnancy, or related recovery. (Education Code 230; 34 CFR 106.40)

For school-related purposes, a student under the age of 18 years who enters into a valid marriage shall have all the rights and privileges of students who are 18 years old, even if the marriage has been dissolved.

Education and Support Services for Pregnant and Parenting Students

Pregnant and parenting students shall retain the right to participate in any comprehensive school or educational alternative program. The classroom setting shall be the preferred instructional strategy unless an alternative is necessary to meet the needs of the student and/or his/her child.

Any education program or activity that is offered separately to pregnant students, including any class or extracurricular activity, shall be equal to that offered to other District students. A student's participation in such programs shall be voluntary. (5 CCR 4950)

As required for other students with physical or emotional conditions or temporary disabilities, the Superintendent or designee may require a student, based on pregnancy, childbirth, false pregnancy, termination of pregnancy, or related recovery, to obtain certification from a physician indicating that the student is physically and emotionally able to participate in an educational program or activity. (34 CFR 106.40)

To the extent feasible, educational and related support services shall be provided, either through the District or in collaboration with community agencies and organizations, to meet the needs of pregnant and parenting students and their children. Such services may include, but are not limited to:

1. Child care and development services for the children of parenting students on or near school site(s) during the school day and during school-sponsored activities
2. Parenting education and life skills instruction
3. Special school nutrition supplements for pregnant and lactating students pursuant to Education Code 49553, 42 USC 1786, and 7 CFR 246.1-246.28
4. Health care services, including prenatal care
5. Tobacco, alcohol, and/or drug prevention and intervention services
6. Academic and personal counseling
7. Supplemental instruction to assist students in achieving grade-level academic standards and progressing toward graduation

As appropriate, teachers, administrators, and/or other personnel who work with pregnant and parenting students shall receive related professional development.

Absences

Pregnant or parenting students may be excused for absences related to confidential medical appointments in accordance with BP/AR 5113 - Absences and Excuses.

The Superintendent or designee shall grant a student a leave of absence due to pregnancy, childbirth, false pregnancy, termination of pregnancy, and related recovery for as long as it is deemed medically necessary by a physician. At the conclusion of the leave, the student shall be reinstated to the status held when the leave began. (34 CFR 106.40)

A parenting student may request exemption from attendance because of personal services that must be rendered to a dependent.

Reasonable Accommodations

When necessary, the District shall provide reasonable accommodations to pregnant and parenting students to enable them to access the educational program.

A pregnant student shall have access to any services available to other students with temporary disabilities or medical conditions. (34 CFR 106.40)

The school shall provide reasonable accommodations to any lactating student to express breast milk, breastfeed an infant child, or address other needs related to breastfeeding. A student shall not incur an academic penalty for using any of these reasonable accommodations, and shall be provided the opportunity to make up any work missed due to such use. Reasonable accommodations include, but are not limited to: (Education Code 222)

- 1. Access to a private and secure room, other than a restroom, to express breast milk or breastfeed an infant child**
- 2. Permission to bring onto a school campus a breast pump and any other equipment used to express breast milk**
- 3. Access to a power source for a breast pump or any other equipment used to express breast milk**
- 4. Access to a place to store expressed breast milk safely**
- 5. A reasonable amount of time to accommodate the student's need to express breast milk or breastfeed an infant child**

Complaints

Any complaint of discrimination on the basis of pregnancy or marital or parental status shall be addressed through the District's uniform complaint procedures in accordance with 5 CCR 4600-4687 and BP/AR 1312.3 - Uniform Complaint Procedures.

Any complaint alleging District noncompliance with the requirements to provide reasonable accommodations for lactating students also may be filed in accordance with the District's procedures in AR 1312.3 - Uniform Complaint Procedures. A complainant who is not satisfied with the District's decision may appeal the decision to the California Department of Education (CDE). If the District or the CDE finds merit in an appeal, the District shall provide a remedy to the affected student. (Education Code 222; 5 CCR 4600-4687)

Program Evaluation

The Superintendent or designee shall periodically report to the Board regarding the effectiveness of District strategies to support married, pregnant, and parenting students, which may include data on participation rates in District programs and services, academic achievement, school attendance, graduation rate, and/or student feedback on District programs and services.

TO: Robert Pletka, Ed.D., District Superintendent

FROM: Susan Hume, Assistant Superintendent, Business Services

SUBJECT: **ACCEPT GIFTS AND AUTHORIZE DISTRICT STAFF TO EXPRESS THE BOARD OF TRUSTEES' APPRECIATION TO ALL DONORS**

Background: According to Board Policy 3290(a), the Board of Trustees may accept any bequest, gift of money, or property on behalf of the District. Gifts must be deemed suitable for a purpose by the Board of Trustees and be used in an appropriate manner. However, it is the policy of the Board of Trustees to discourage all gifts which may directly or indirectly impair the Board of Trustees' commitment to providing equal educational opportunities to the students of the District. As indicated in the above-mentioned Board Policy, the District Superintendent approves gifts designated for a specific school for acceptance at that school. Descriptions of gifts presented for acceptance are included on the attachment. Gifts for specific dollar amounts are noted, non-monetary gifts are identified, and the donor is responsible for reporting the value to the Internal Revenue Service.

Rationale: The Board of Trustees of the Fullerton School District gratefully accepts monetary and non-monetary gifts from public and private entities. These gifts help reduce the costs of school materials, curriculum, and extracurricular student activities.

Funding: The funding received from gifts will be deposited in appropriate District funds.

Recommendation: Accept gifts and authorize District staff to express the Board of Trustees' appreciation to all donors.

SUBJECT: **APPROVE/RATIFY 2016/2017 AGREEMENT #43592 FOR PROVISION OF ORANGE COUNTY FRIDAY NIGHT LIVE PARTNERSHIP SERVICES (OCFNLPS) PROGRAM AT LAGUNA ROAD SCHOOL AND NICOLAS JR. HIGH SCHOOL EFFECTIVE SEPTEMBER 1, 2016**

Background: Friday Night Live Partnership Mission Statement: To build partnerships for positive and healthy youth development, which engages youth as active leaders and resources in their communities.

The Orange County Friday Night Live Partnership Services (OCFNLPS) takes the form of a partnership service program on school campuses and in community-based organizations. The voluntary program provides support and opportunities for young people to develop meaningful skills while addressing alcohol, tobacco, and other drug and violence issues at their schools and in their communities.

Each partnership service program consists of a group of young people, along with an adult advisor, who work together to make positive changes in their schools and communities. OCFNLPS staff provide technical assistance, leadership training, and support for chapter development. Students meet during the lunch break.

Laguna Road School and Nicolas Jr. High School have offered a Friday Night Live Partnership Services program since the program was developed several years ago. The Orange County Department of Education, as part of an agreement with the County of Orange, wishes to contract with Fullerton School District, Laguna Road School and Nicolas Jr. High School. Orange County Department of Education is offering a total of \$2,000 in stipends. The two staff members at Laguna Road School and Nicolas Jr. High School who serve as advisors to the program will receive the stipends upon presentation of satisfactory documentation. The staff members' names are:

<u>Laguna Road School:</u>		<u>Nicolas Jr. High School</u>	
Pam Penner	\$500	Linda Wingfield	\$500
Bonnie Winthrop	\$500	Jeannette Nunez	\$500

Rationale: Students at Laguna Road School and Nicolas Jr. High School have benefited from the many opportunities for school service, student leadership, and social interactions, which are features of the program. This program also fulfills a requirement of our District's Safe School Plan.

Funding: A \$2,000 stipend reimbursement will be received from Orange County Department of Education.

Recommendation: Approve/Ratify 2016/2017 Agreement #43592 for Provision of Orange County Friday Night Live Partnership Services (OCFNLPS) Program at Laguna Road School and Nicolas Jr. High School effective September 1, 2016.

SUBJECT: AWARD CONTRACT FOR PARKS JUNIOR HIGH SCHOOL, BUILDING A, SUSPENDED CEILING, FSD-16-17-RD-05, TO HORIZONS CONSTRUCTION

Background: In accordance with the California Contract Code, advertisement for this project was published in a newspaper of general circulation. Seven contractors submitted bids on February 2, 2017. The successful low bidder was Horizons Construction with a bid of \$332,000.

Rationale: The suspended ceiling grid and acoustical tile at Parks Junior High School were removed because they contained asbestos. The ceiling grid and acoustical tiles now need to be replaced with new material. As part of this project, work is to include but not limited to a new suspended ceiling grid and acoustical tile.

Pursuant to Public Contract Code section 20111(b), the current bid threshold for public agency construction contracts is \$15,000. The estimated cost of the project, including soft costs and contingency, is in excess of the current bid limit. Therefore, the District went out to bid for the contract.

Funding: The contract amount is \$332,000 to be paid from the Special Reserve Fund for Capital Outlay Projects.

Magnolia School District renewed with CDW Government LLC, for an additional year; this will be year three of five options to renew at the District's discretion. A vigorous language and literacy program for dual language learners develops a strong foundation for kindergarten readiness. Susan Harris MacKay, Director of Teaching and Learning, and Matt Karlsen, Associate Director of Teaching and Learning, of Portland Children’s Museum, Opal School, will be presenting Story Workshop to Child Development Services preschool teachers.

Funding: Cost not to exceed \$3,100 is to be paid from Child Development budget #340.

CONSENT ITEM

DATE: February 21, 2017

TO: Robert Pletka, Ed.D., District Superintendent

FROM: Jay McPhail, Assistant Superintendent of Innovation and Instructional Support

SUBJECT: **APPROVE THREE-YEAR CONTRACT WITH TIME WARNER CABLE (SPECTRUM) TO PROVIDE A 10GBPS FIBER OPTIC CIRCUIT TO EACH SCHOOL IN THE FULLERTON SCHOOL DISTRICT EFFECTIVE JULY 1, 2017 THROUGH JUNE 30, 2020**

Background: Fullerton School District contracts with Time Warner Cable (Spectrum) for connectivity between the District Office and all school sites. The current connection is a 1 Gig fiber circuits. These data connections are currently providing much of the educational content to students during the day as well as providing connectivity to teaching and support staff. With the continued addition of mobile devices, online learning resources, and online content, these current data lines at their current data rates will soon become inadequate.

Rationale: The Fullerton School District needs to maintain quality Internet connectivity. This will support teaching and learning with high-speed access to utilize educational content and resources using mobile devices.

Funding: The estimated monthly cost, less the E-Rate and California Teleconnect Fund discounts, is \$11,040. This contract is completely dependent on E-Rate funding approval by the Universal Services Administrative Co. Schools and Library Division.

Recommendation: Approve three-year contract with Time Warner Cable (Spectrum) to provide a 10Gbps fiber optic circuit to each school in the Fullerton School District effective July 1, 2017 through June 30, 2020.

Special Terms

E-RATE FUNDING CONTINGENCY. Customer may submit this Service Order and the Agreement to the Schools and Libraries Division of the Universal Service Administrative Company, (i.e., the entity appointed by the Federal Communications Commission to administer the Universal Service Program with respect to Schools and Libraries (“E-Rate”) funding) as part of any application seeking a federal subsidy or funding.

Customer is responsible for notifying Spectrum of its election of either the Service Provider Invoice (“SPI”) or Billed Entity Applicant Reimbursement (“BEAR”) discount method by May 15th prior to the applicable funding year. Customer must complete and return an “E-Rate Discount Election Form” to Spectrum prior to such date, or Customer will be deemed to have chosen the BEAR discount method for the funding year.

Upon Spectrum’s receipt of appropriate notice that Customer is an approved E-Rate program participant for a Service, Spectrum will invoice Customer for the Service in accordance with E-Rate guidelines and/or rules. If Spectrum invoices Customer for a Service pursuant to any E-Rate program rates, discounts or credits in advance of receiving such notice and Customer’s request for E-Rate program funding is denied, limited or reduced, Spectrum will invoice Customer and Customer will pay the difference between such invoiced amount(s) and the actual amount of the charges for the Service as described in this Service Order. Notwithstanding anything herein to the contrary, Customer’s obligations under this Service Order shall remain in full force and effect in the event Customer withdraws or is removed from the E-Rate program, receives E-Rate program funding that is less than Customer’s requested funding amount, or is denied E-Rate program funding for any Service described in this Service Order. For the avoidance of doubt, Customer is solely responsible for all charges for Services, as described in this Service Order, that were installed prior to the E-rate program funding year start date.

Spectrum will make commercially reasonable efforts to allow Customer to upgrade Service(s) at one or more of the above Service Locations, based on the pricing and bandwidth options provided in Table 1 below, without extending the Contract Term, upon 30 days written request to Spectrum. Customer understands that such upgrade(s) may require additional Monthly Recurring Charges and/or Non-Recurring Charges that will be determined, and presented to Customer, at the time of the upgrade request. Should Customer downgrade the Service(s) at any of the Service Locations in this Order below the originally contracted rate, Customer will be subject to Early Termination Fees (ETFs), as described in the Commercial Terms of Service.

SUBJECT: **APPROVE THE USE OF CALIFORNIA MULTIPLE AWARD SCHEDULE (CMAS) CONTRACT NUMBER 3-13-70-2346H (GIGAKOM) FOR THE PURCHASE AND INSTALLATION OF WIRELESS ACCESS POINTS**

Background: The District wants to purchase wireless access points with E-Rate matching funds for all elementary school sites. The current wireless access points do not currently talk the latest wireless access protocol 802.11ac.

Rationale: The current wireless access points do not support the 802.11ac standard that was approved by Institute of Electrical and Electronics Engineers Standards Association (IEEE-SA) in January of 2014. Currently, the new devices that are being purchased all use the new 802.11ac standard. If the devices purchased henceforth are allowed to take advantage of the 802.11ac protocol they will be able to better stream HD video and have quicker access to personal cloud services. The purchase of the equipment is contingent upon approval of E-Rate funding.

Funding: The total cost is \$268,140.44 with 60% being paid for by E-Rate. The remaining \$107,256.18 would be paid from the Unrestricted General Fund.

Recommendation: Approve the use of California Multiple Award Schedule (CMAS) contract number 3-13-70-2346H (GigaKOM) for the purchase and installation of wireless access points.

The current wireless access points do not currently talk the latest wireless access protocol 802.11ac. Board Policy

Married/Pregnant/Parenting Students

BP 5146

Students

Board Adopted:

The Board of Trustees recognizes that early marriage, pregnancy, or parenting and related responsibilities may disrupt a student's education and increase the chance of a student dropping out of school. The Board, therefore, desires to support married, pregnant, and parenting students to continue their education, attain strong academic and parenting skills, and promote the healthy development of their children.

The District shall not discriminate against any student on the basis of the student's marital status, pregnancy, childbirth, false pregnancy, termination of pregnancy, or related recovery. (Education Code 230; 34 CFR 106.40)

For school-related purposes, a student under the age of 18 years who enters into a valid marriage shall have all the rights and privileges of students who are 18 years old, even if the marriage has been dissolved.

Education and Support Services for Pregnant and Parenting Students

Pregnant and parenting students shall retain the right to participate in any comprehensive school or educational alternative program. The classroom setting shall be the preferred instructional strategy unless an alternative is necessary to meet the needs of the student and/or his/her child.

Any education program or activity that is offered separately to pregnant students, including any class or extracurricular activity, shall be equal to that offered to other District students. A student's participation in such programs shall be voluntary. (5 CCR 4950)

As required for other students with physical or emotional conditions or temporary disabilities, the Superintendent or designee may require a student, based on pregnancy, childbirth, false pregnancy, termination of pregnancy, or related recovery, to obtain certification from a physician indicating that the student is physically and emotionally able to participate in an educational program or activity. (34 CFR 106.40)

To the extent feasible, educational and related support services shall be provided, either through the District or in collaboration with community agencies and organizations, to meet the needs of pregnant and parenting students and their children. Such services may include, but are not limited to:

1. Child care and development services for the children of parenting students on or near school site(s) during the school day and during school-sponsored activities
2. Parenting education and life skills instruction
3. Special school nutrition supplements for pregnant and lactating students pursuant to Education Code 49553, 42 USC 1786, and 7 CFR 246.1-246.28
4. Health care services, including prenatal care
5. Tobacco, alcohol, and/or drug prevention and intervention services
6. Academic and personal counseling
7. Supplemental instruction to assist students in achieving grade-level academic standards and progressing toward graduation

As appropriate, teachers, administrators, and/or other personnel who work with pregnant and parenting students shall receive related professional development.

Absences

Pregnant or parenting students may be excused for absences related to confidential medical appointments in accordance with BP/AR 5113 - Absences and Excuses.

The Superintendent or designee shall grant a student a leave of absence due to pregnancy, childbirth, false pregnancy, termination of pregnancy, and related recovery for as long as it is deemed medically necessary by a physician. At the conclusion of the leave, the student shall be reinstated to the status held when the leave began. (34 CFR 106.40)

A parenting student may request exemption from attendance because of personal services that must be rendered to a dependent.

Reasonable Accommodations

When necessary, the District shall provide reasonable accommodations to pregnant and parenting students to enable them to access the educational program.

A pregnant student shall have access to any services available to other students with temporary disabilities or medical conditions. (34 CFR 106.40)

The school shall provide reasonable accommodations to any lactating student to express breast milk, breastfeed an infant child, or address other needs related to breastfeeding. A student shall not incur an academic penalty for using any of these reasonable accommodations, and shall be provided the opportunity to make up any work missed due to such use. Reasonable accommodations include, but are not limited to: (Education Code 222)

- 1. Access to a private and secure room, other than a restroom, to express breast milk or breastfeed an infant child**
- 2. Permission to bring onto a school campus a breast pump and any other equipment used to express breast milk**
- 3. Access to a power source for a breast pump or any other equipment used to express breast milk**
- 4. Access to a place to store expressed breast milk safely**
- 5. A reasonable amount of time to accommodate the student's need to express breast milk or breastfeed an infant child**

Complaints

Any complaint of discrimination on the basis of pregnancy or marital or parental status shall be addressed through the District's uniform complaint procedures in accordance with 5 CCR 4600-4687 and BP/AR 1312.3 - Uniform Complaint Procedures.

Any complaint alleging District noncompliance with the requirements to provide reasonable accommodations for lactating students also may be filed in accordance with the District's procedures in AR 1312.3 - Uniform Complaint Procedures. A complainant who is not satisfied with the District's decision may appeal the decision to the California Department of Education (CDE). Resolution No. #16/17-11

- A.** The District Superintendent has recommended to this Board that those programs and services performed by certificated employees and shown in Exhibit "A" attached hereto and incorporated herein by reference be reduced and eliminated, effective at the end of the 2016-2017 school year.

- B.** The Board finds it is in the best interests of the District and the welfare of the schools and pupils thereof to reduce and eliminate the programs and services shown in Exhibit "A", and as a result to reduce the number of certificated staff; effective at the end of the 2016-2017 school year.

NOW, THEREFORE, THE BOARD RESOLVES THAT:

- 1. The above recitals are true and correct.

- 2. The programs and services described in Exhibit "A" attached to this Resolution are reduced and eliminated, starting with the 2017-2018 school year in accordance with the recommendations of the Superintendent.

- 3. The Superintendent is directed to determine which employees' services will not be required for the 2017-2018 school year as a result of this reduction and elimination in programs and services and to take all steps necessary under the law not to employ those certificated employees of the District, because of the reduction and elimination of these programs and services.

- 4. The Board has determined that there exists specific needs for personnel and that there are certificated employees who have special training and experience necessary to teach particular courses of study and/or to provide particular services, as provided in Education Code Section 44955, and other applicable law; which others with more seniority do not possess. Therefore, it is the opinion of this Governing Board that it is in the best interests of this District, the students thereof, and the District's programs for special education to skip and retain employees who possess special education credentials and who are serving in special education positions.

5. “Competency” for purposes of Education Code Sections 44955 and 44957 shall necessarily include possession of a valid credential, the appropriate EL authorization, and compliance with and/or Highly Qualified Status in the relevant subject matter area. Elementary teachers must have experience in performing duties in a secondary position of at least one complete school year within the last five (5) years to bump into a secondary position and secondary teachers must have experience of at least one complete school year within the last five (5) years performing duties in an elementary position to bump into a elementary position. A secondary teacher must have at least one complete school year teaching the subject matter or performing the particular service within the past ten (10) years to bump into a secondary position in that subject matter or service. An elementary teacher must have at least one complete school year teaching at a grade level within the past ten (10) years to bump into an elementary position at that grade level.
6. Additionally, the Superintendent or designee is authorized and directed to take such other action as may be necessary as a result of this action, pursuant to applicable provisions of law and District policy and procedures, including but not limited to affording laid off employees those re-employment rights to which they are entitled by law.

Students

Board Adopted:

The Board of Trustees recognizes that suicide is a major cause of death among youth and should be taken seriously. In order to attempt to reduce suicidal behavior and its impact on students and families, the Superintendent or designee shall develop preventive strategies and intervention procedures.

The Superintendent or designee may involve school health professionals, school counselors, administrators, other staff, parents/guardians, students, local health agencies and professionals, and community organizations in planning, implementing, and evaluating the District's strategies for suicide prevention and intervention.

Prevention and Instruction

Suicide prevention strategies may include, but not be limited to, efforts to promote a positive school climate that enhances students' feelings of connectedness with the school and is characterized by caring staff and harmonious interrelationships among students.

The District's comprehensive health education program shall promote the healthy mental, emotional, and social development of students including, but not limited to the development of problem-solving skills, coping skills, and self-esteem. Suicide prevention instruction shall be incorporated into the health education curriculum in the secondary grades. Such instruction shall be aligned with State content standards and shall be designed to help students analyze signs of depression and self-destructive behaviors, including potential suicide, and to identify suicide prevention strategies.

The Superintendent or designee may offer parents/guardians education or information which describes the severity of the youth suicide problem, the District's suicide prevention curriculum, risk factors and warning signs of suicide, basic steps for helping suicidal youth, and/or school and community resources that can help youth in crisis.

Staff Development

Suicide prevention training for staff shall be designed to help staff identify and respond to students at risk of suicide. The training shall be offered under the direction of a District counselor/psychologist and/or in cooperation with one or more community mental health agencies and may include information on:

1. Research identifying risk factors, such as previous suicide attempt(s), history of depression or mental illness, substance use problems, family history of suicide or violence, feelings of isolation, interpersonal conflicts, a recent severe stressor or loss, family instability, and other factors
2. Warning signs that may indicate suicidal intentions, including changes in students' appearance, personality, or behavior
3. Research-based instructional strategies for teaching the suicide prevention curriculum and promoting mental and emotional health
4. School and community resources and services

5. District procedures for intervening when a student attempts, threatens, or discloses the desire to commit suicide

Intervention

Whenever a staff member suspects or has knowledge of a student's suicidal intentions, he/she shall promptly notify the principal or school counselor/psychologist. The principal or school counselor/psychologist shall then notify the student's parents/guardians as soon as possible and may refer the student to mental health resources in the school or community.

Students shall be encouraged to notify a teacher, principal, school counselor/psychologist, or other adult when they are experiencing thoughts of suicide or when they suspect or have knowledge of another student's suicidal intentions.

The Superintendent or designee shall establish crisis intervention procedures to ensure student safety and appropriate communications in the event that a suicide occurs or an attempt is made on campus or at a school-sponsored activity.

Dr. Chad Hammitt (Assistant Superintendent of Personnel Services) shared with the Board and audience that each of the junior high schools are refining their focus. The elective changes are being made at Ladera Vista JHS of the Arts and Nicolas JHS. Ladera Vista will be providing a new two-period course aligned with their Arts focus called "Arts, Culture, and Gastronomy." Nicolas has adopted a Science, Technology, Engineering, and Math (STEM) focus and the Foods courses do not fit into the five STEM elective pathways being offered by the site. Additionally, Nicolas provides a very robust AVID program which provides a pathway to scholarships at Hope University. If the Foods classes are not eliminated, then the AVID program cannot be offered to students. The AVID classes are very popular and are at full enrollment with a waiting list. Currently, the Foods classes have a low number of requests and the classes have low enrollment. Parks JHS continues with the Foods class.

Leslie Corsini, Food teacher at Nicolas JHS, shared her thoughts and experiences about the foods program at Nicolas JHS. She stated that culinary arts is about embracing the "teaching of the whole child" and asked the Board to reconsider not eliminating any foods classes.

President Sugarman recessed the Board Meeting at 9:18 p.m. and resumed the Board Meeting at 9:24 p.m.

Robyn Clemente stated that Nicolas JHS is looking into offering an alternative for Foods to students after school and/or through Saturday School. The classroom at Nicolas JHS will be refurbished but maintained to offer some functions of Foods to students.

Trustee Thompson stated he agrees with the value of culinary arts but is supporting administration with refining the programs at the junior high schools; Trustee Meyer is supporting the idea that each junior focus on their own vision; Trustee Vazquez supports the vision of refining each of the junior high's but will not be supporting because she would like to offer students different opportunities; Trustee Berryman shared she agrees with offering more strands to students with focusing on something that engages students and reducing transfers. Trustee Berryman looks forward to transforming Nicolas JHS and not losing students and stated parent choice is important. President Sugarman stated that curriculum is a "living and changing" thing and that our world has evolved and is supporting refining the focus of each of the junior high schools. It was then moved by Janny Meyer, seconded by Chris Thompson and carried 4-1 (Trustee Vazquez opposed) to adopt Resolution #16/17-11 to prepare for the Certificated Personnel layoff process for the 2017/2018 school year.

CONSENT ITEM

DATE: March 7, 2017
TO: Robert Pletka, Ed.D., District Superintendent
FROM: Susan Hume, Assistant Superintendent, Business Services
SUBJECT: **ACCEPT GIFTS AND AUTHORIZE DISTRICT STAFF TO EXPRESS THE BOARD OF TRUSTEES' APPRECIATION TO ALL DONORS**

Background: According to Board Policy 3290(a), the Board of Trustees may accept any bequest, gift of money, or property on behalf of the District. Gifts must be deemed suitable for a purpose by the Board of Trustees and be used in an appropriate manner. However, it is the policy of the Board of Trustees to discourage all gifts which may directly or indirectly impair the Board of Trustees' commitment to providing equal educational opportunities to the students of the District. As indicated in the above-mentioned Board Policy, the District Superintendent approves gifts designated for a specific school for acceptance at that school. Descriptions of gifts presented for acceptance are included on the attachment. Gifts for specific dollar amounts are noted, non-monetary gifts are identified, and the donor is responsible for reporting the value to the Internal Revenue Service.

Rationale: The Board of Trustees of the Fullerton School District gratefully accepts monetary and non-monetary gifts from public and private entities. These gifts help reduce the costs of school materials, curriculum, and extracurricular student activities.

Funding: The funding received from gifts will be deposited in appropriate District funds.

Recommendation: Accept gifts and authorize District staff to express the Board of Trustees' appreciation to all donors.

In the event of such termination, the District may secure the required Services from another Contractor. If the cost to the District exceeds the cost of providing the service pursuant to this Agreement, the excess cost shall be charges to and collected from the Contractor. The foregoing provisions are in addition to and not a limitation of any other rights or remedies available to District. Written notice by District shall be deemed given when received by the other party, or no later than three days after the day of mailing, whichever is sooner.

10. Hold Harmless. Contractor agrees to and does hereby indemnify, hold harmless and defend the District and its governing board, officers, employees and agents from every claim or demand made and every liability, loss, damage or expense, of any nature whatsoever, which may be incurred by reason of:

Contractor shall provide prior written notice to the District thirty (30) days in advance of any non-renewal, cancellation, or modification of the required insurance. The certificates of insurance providing the coverages referred to in clauses a and b above shall name District, its Governing Board, officers, and employees, as additional insureds with appropriate endorsements. In addition, the certificates of insurance shall include a provision stating "Such insurance as is afforded by this policy shall be primary, and any insurance carried by District shall be excess and noncontributory." Failure to maintain the above mentioned insurance coverages shall be cause for termination of this Agreement.

12. Assignment. The obligations of the Contractor pursuant to this Agreement shall not be assigned by the Contractor.

13. Compliance With Applicable Laws. The Services completed herein must meet the approval of the District and shall be subject to the District's general right of inspection to secure the satisfactory completion thereof. Contractor shall complete and submit to District any required documentation to verify compliance.

14. Permits/Licenses. Contractor and all Contractor's employees or agents shall secure and maintain in force such permits and licenses as are required by law in connection with the furnishing of Services pursuant to this Agreement.

15. Employment With Public Agency. Contractor, if an employee of another public agency, agrees that Contractor will not receive salary or remuneration, other than vacation pay, as an employee of another public agency for the actual time in which Services are actually being performed pursuant to this Agreement.

16. Entire Agreement/Amendment. This Agreement and any exhibits attached hereto constitute the entire Agreement among the parties to it and supersedes any prior or contemporaneous understanding or Agreement with respect to the Services contemplated, and may be amended only by a written amendment executed by both parties to the Agreement. 18. Non Waiver. The failure of District or Contractor to seek redress for violation of, or to insist upon, the strict performance of any term or condition of this Agreement, shall not be deemed a waiver by that party of such term or condition, or prevent a subsequent similar act from again constituting a violation of such term or condition.

Parent EMPOWERMENT through Technology (PE+T)

for

Fullerton School District

The Parent EMPOWERMENT through Technology (PE+T) program streamlines key elements to parent involvement, with cultural relevance at its center. When parents lack appropriate tools to fully engage in the health and education of their family, they tend to step out of their role. A balanced use of online information and tools can lead to parent empowerment and engagement on all levels. Parents gain critical research skills with PE+T training. PE+T gives parents the power of information—giving them the opportunity to make well-educated choices that benefit their entire family.

1. Organizational Background and History

Community Union, Inc.(Established 1993)

Mission: Setup, sustain and expand education and economic opportunities in low-income communities via community-based computer and Internet training.

Community Union, Inc. is a corporation based in Los Angeles, California. Community Union (CU) provides training from community technology centers located in low-income neighborhoods throughout California.

In 1993, while Mr. Larry A. Ortega was attending law school at Western State University School of Law, Fullerton, CA, he founded CU. CU first launched their courses working with children, but quickly realized that training parents in technology was key to impacting the digital divide, student achievement and graduation rates. A year after its inception, CU launched courses to serve parents in English, Korean, and Spanish.

Community Union, in cooperation with the One Million NIU (New Internet Users) Coalition, have successfully negotiated the opening of community-based technology training centers in over 30 cities, helping more than 25,000 parents, youth and senior citizens improve their quality of life through access and training to Internet resources. College students and NIU graduating parents enter and complete the Train the Trainer Program and become NIU Trainers for new sessions. Trainers have found the NIU experience to be a great career launching-pad as they move into professional endeavors.

2. Why Parent EMPOWERMENT through Technology?

A majority of low-income parents want to improve the quality of life for their family. However, many lack the skills required to engage in their education and health in a way that leads to improvement. This lack of improvement is more evident among parents with lower incomes and educational attainment, as well as among first generation immigrants who are English learners.

The Parent EMPOWERMENT through Technology program presents an opportunity to make a focused effort to help parents engage in their family's health and education via the Internet. There are a wide array of websites and on-line content in English, Korean and Spanish that help parents positively effect change in their family. CU has taught low-income parents how to access and use on-line resources for over 22 years and in our expert opinion, significantly improves the quality of life of graduates and their families.

3. Target Population

Maximum of 35 low-income parents who have children attending Richman will be enrolled in PE+T (**Exhibit C**), and will attend courses per **Exhibit B**.

4. Proposed Methodologies

Community Union believes it is a moral and economic imperative that we empower parents with research skills in education and health via technology training. A parent that can navigate the Internet to find reliable information is better equipped to make sound decisions for their family.

Parents will attend class twice per week, for two hours each day, for 5 weeks for a total of 20 hours of PE+T-Module I see **Exhibit B**.

PE+T Modules I & II *outcomes* for parents:

- 1) Development of Internet on-line resource navigation skills using key websites, addressing both health and education needs,
- 2) Development of a full-color multipage e-tools Resource Guide in PowerPoint that contains the following information:
 - a. A healthy food pyramid,
 - b. A through G requirements (UC/CSU college entry requisites),
 - c. Local Fullerton Unified resources available on-line,
 - d. Internet safety,
 - e. Detailed benefits of common fruits, vegetables, superfoods, supplements and organics,
 - f. Local farmer's markets and,
 - g. Healthy recipes.

- 3) Improved public speaking skills and advocacy strategies that will assist them in ensuring their family has access to health and education resources.

PE+T not only provides the foundational understanding needed by parents such as A-G requirements, education resources, college options, etc., but because the parents will have on-going access to on-line resources, they will be empowered to forever engage and advocate for the improved health and quality education for their family.

5. Project Goals, Operation and Evaluation:

PE+T's task-list, see **Exhibit C** below, is a list of exercises parents will complete during each 20 hour Module. PE+T takes parents through step by step on how-to use a computer, access the Internet and develop computer and Internet navigation skills while building an e-tools Resource Guide in PowerPoint, using health focused, college, school district and Internet safety websites. Manuals, exercises and instruction are available in English, Korean, Spanish and Mandarin Chinese.

Module I:

- A-1 – Develop a Vision Statement: Parents develop a 'vision' statement articulating desired goals and outcomes from the course, and beginning E-mail navigation, parents set up email address,
- A-2 – Introduction to Word, parents learn basic functions, typing skills, and development of a formal communication letter,
- A-3 –Introduction to PowerPoint, parents are introduced to the tool to be used to build e-tools Resource Guide,
- A-4 – Beginning Internet Navigation: Parents build research project using on-line resources to obtain information about education, health, and Internet safety.
- e-tools Resource Guide Completion: Parents compile exercises and PowerPoint slides completed during the course into a clear-covered portfolio that will be called their e-tools Resource Guide and will serve as evidence of skills learned and will be used to assist parents to better engage in their family's health and education.
- Simultaneously, this same portfolio will be used to enhance employment endeavors.

Module II:

- A-1 – Develop a Vision Statement II: Parents develop a 'vision' statement articulating desired HEALTH goals and outcomes from the course, and a refresher on Internet/E-mail navigation,
- A-2 – Refresher on Word, parents are reminded of basic functions, typing skills, and develop a formal communication letter,
- A-3 – Refresher on PowerPoint, parents are reminded of to the tool to be used to build e-health Tools Resource Guide,

- A-4 – Intermediate Internet Navigation: Parents build research project using on-line resources to obtain information about healthy living.
- e-health Tools Resource Guide Completion: Parents compile exercises and PowerPoint slides completed during the course into a clear-covered portfolio that will be called their e-health Tools Resource Guide and will serve as evidence of skills learned and will be used to assist parents to better engage in their family's health.

Evaluation:

- Paramount to the proposed project is the evaluation of program effectiveness.
- Quantitative methods such as pre and post surveys will be used. Also, graduating participant's focus group interviews will create feedback that will be used to create qualitative data to fine-tune PE+T,

In summary, after the completion of the PE+T program the following Major Goals will be accomplished:

1. Parents gain increased Internet navigation knowledge for the purpose of improving the quality of life for their family,
2. Parents will develop an e-tools Resource Guide and/or an e-health Tools Resource Guide to ensure they have key information to better engage in the health and education goals of their family,
3. Parent leaders emerge and become sustainable resources for other parents through a parent alumni advocate network.

SUBJECT: REJECT BID OF SS&K CONTRACTORS AND AWARD CONTRACT FOR PARKS JUNIOR HIGH SCHOOL, BUILDING A, SUSPENDED CEILING, RE-BID FSD 16-17-RD-05, TO DBMC, INC.

Background: In accordance with the California Contract Code, advertisement for this project was published in a newspaper of general circulation. Seven contractors submitted bids on February 2, 2017. The contract was awarded to apparent low bidder Horizons Construction at the February 21, 2017, Board meeting. Due to a mathematical error, Horizons Construction requested and was granted bid relief. The District needs to award the contract to the next qualified low bidder.

Rationale: Seven contractors submitted bids ranging from \$332,000 to \$531,469. As noted above, subsequent to bid opening and award of contract, low bidder number one (Horizons Construction) requested and was granted bid relief. When contacted, low bidder number two (SS&K Contractors), in compliance with Public Contract Code section 5100, also requested to withdraw their bid due to mathematical errors. The District therefore will award the contract to low bidder number three, DBMC, Inc.

Pursuant to Public Contract Code section 20111(b), the current bid threshold for public agency construction contracts is \$15,000. The estimated cost of the project, including soft costs and contingency, is in excess of the current bid limit. Therefore, the District went out to bid for the contract.

Funding: The contract amount is \$359,700 to be paid from the Special Reserve Fund for Capital Outlay Projects.

Recommendation: Reject Bid of SS&K Contractors and Award Contract for Parks Junior High School, Building A, Suspended Ceiling, Re-Bid FSD-16-17-RD-05, to DBMC, Inc.

Board Policy

Suicide Prevention

BP 5141.52

Students

Board Adopted:

The Board of Trustees recognizes that suicide is a major cause of death among youth and should be taken seriously. In order to attempt to reduce suicidal behavior and its impact on students and families, the Superintendent or designee shall develop preventive strategies and intervention procedures.

The Superintendent or designee may involve school health professionals, school counselors, administrators, other staff, parents/guardians, students, local health agencies and professionals, and community organizations in planning, implementing, and evaluating the District's strategies for suicide prevention and intervention.

Prevention and Instruction

Suicide prevention strategies may include, but not be limited to, efforts to promote a positive school climate that enhances students' feelings of connectedness with the school and is characterized by caring staff and harmonious interrelationships among students.

The District's comprehensive health education program shall promote the healthy mental, emotional, and social development of students including, but not limited to, the development of problem-solving skills, coping skills, and self-esteem. Suicide prevention instruction shall be incorporated into the health education curriculum in the secondary grades. Such instruction shall be aligned with State content standards and shall be designed to help students analyze signs of depression and self-destructive behaviors, including potential suicide, and to identify suicide prevention strategies.

The Superintendent or designee may offer parents/guardians education or information which describes the severity of the youth suicide problem, the District's suicide prevention curriculum, risk factors and warning signs of suicide, basic steps for helping suicidal youth, and/or school and community resources that can help youth in crisis.

Staff Development

Suicide prevention training for staff shall be designed to help staff identify and respond to students at risk of suicide. The training shall be offered under the direction of a District counselor/psychologist and/or in cooperation with one or more community mental health agencies and may include information on:

1. Research identifying risk factors, such as previous suicide attempt(s), history of depression or mental illness, substance use problems, family history of suicide or violence, feelings of isolation, interpersonal conflicts, a recent severe stressor or loss, family instability, and other factors
2. Warning signs that may indicate suicidal intentions, including changes in students' appearance, personality, or behavior
3. Research-based instructional strategies for teaching the suicide prevention curriculum and promoting mental and emotional health
4. School and community resources and services

5. District procedures for intervening when a student attempts, threatens, or discloses the desire to commit suicide

Intervention

Whenever a staff member suspects or has knowledge of a student's suicidal intentions, he/she shall promptly notify the principal or school counselor/psychologist. The principal or school counselor/psychologist shall then notify the student's parents/guardians as soon as possible and may refer the student to mental health resources in the school or community.

Students shall be encouraged to notify a teacher, principal, school counselor/psychologist, or other adult when they are experiencing thoughts of suicide or when they suspect or have knowledge of another student's suicidal intentions.

The Superintendent or designee shall establish crisis intervention procedures to ensure student safety and appropriate communications in the event that a suicide occurs or an attempt is made on campus or at a school-sponsored activity.

DISCUSSION/ACTION ITEM

DATE: March 7, 2017

TO: Robert Pletka, Ed.D., District Superintendent

FROM: Susan Hume, Assistant Superintendent, Business Services

SUBJECT: **APPROVE THE DISTRICT'S SECOND INTERIM FINANCIAL REPORT WITH A POSITIVE CERTIFICATION. PER STATE GUIDELINES, A POSITIVE CERTIFICATION INDICATES THAT, BASED UPON CURRENT PROJECTIONS, THE DISTRICT WILL MEET ITS FINANCIAL OBLIGATIONS IN THE CURRENT AND SUBSEQUENT TWO FISCAL YEARS**

Background: The Second Interim Report is one of three financial reports that school districts are required to report to the State and provide to the public annually. The report presents the results of actual financial operations through January 31 and the projected budget for the fiscal year for all District funds. A three-year projection for the General Fund is also included. The complete Second Interim Report in the required State format, along with a descriptive narrative and comparative financial projections, is included for the Board's review.

Rationale: The District is required by Education Code to submit periodic financial reports to its oversight bodies. In order to judge a district's financial stability, these reports also include a three-year projection for the General Fund. The District is required to certify its financial outlook as Positive, Qualified, or Negative.

Funding: The District is projecting a 19.18% General Fund Unrestricted Reserve as of June 30, 2019, which is in excess of the State-required 3%.

Recommendation: Approve the District's Second Interim Financial Report with a Positive Certification. Per State guidelines, a Positive Certification indicates that, based upon current projections, the District will meet its financial obligations in the current and subsequent two fiscal years.

Subject: Second Interim Report

The District's Second Interim Financial Report consisting of current year financial statements and budgets for all funds, as well as the required State reports, is attached. This memo provides a narrative overview of the report.

Background

The District is required to formally report to our community, the Orange County Department of Education (OCDE), and the State of California our actual financial results of operations three times a year. In addition to providing July 1 through year-to-date results, the reports also provide projected results for future periods. The required reports are as follows:

<u>Report</u>	<u>Reports Actual Financial Results through:</u>	<u>Due Date:</u>
First Interim	October 31	December 15
Second Interim	January 31	March 15
J-200 Unaudited Actuals	June 30	September 15

Financial Reports Included—Second Interim Report to Board

The following reports are provided in this document:

- Second Interim Budget Projections (showing the First Interim Budget and the Second Interim Budget)
- Second Interim State Report (SACS format)
- Multi-year Projections
- Cash Flow Projections
- State Criteria and Standards

Year-to-date financial statements reflect actual financial results from the District's accounting system which is maintained through OCDE on the Bi-Tech accounting system. For the First and Second Interim Reports, results are on a cash basis (no accruals are booked). Accruals are recorded for the year-end financial statements.

Current year budgets and multi-year projections are based on information provided by OCDE, the California Department of Education, School Services of California, and other relevant professional sources. A summary of the various factors used is attached at the end of this memo. Additional discussion is provided below.

Current Year Budget

At Second Interim, the District updates its First Interim Budget (approved by the Board of Trustees on December 13, 2016) to reflect current financial projections. In addition to routine budget adjustments and reclassifications, the following non-routine changes were made to the 2016-17 budget from First to Second Interim:

- In the Unrestricted General Fund, the effect of the negotiated settlement with the District's classified bargaining unit (CSEA) and management group (FESMA) were added. The District reached an agreement with the units after the First Interim Report was prepared which provides a

2% ongoing salary increase retroactive to July 1, 2016. The District has not settled with its certificated bargaining unit (FETA) as of Second Interim.

- In the Unrestricted Fund, the District adjusted the budget for its Routine Restricted Maintenance contribution down by \$800,000, thus decreasing the encroachment to the General Fund. RRM is still within the guidelines for the required State contribution.

All other adjustments were routine in nature.

Routine Second Interim Budget Adjustments: The District has reviewed all of its programs, cost centers, and accounts, and has adjusted its Second Interim Budget projection to reflect the following:

- A slight increase in funding level percentages by the State has resulted in a \$105,000 increase to projected 2016-17 LCFF (Local Control Funding Formula) revenue.
- At Second Interim, the District reviews all revenue accounts that are based on Average Data Attendance (ADA). If start-of-school enrollment is materially higher from budget projections, revenues will be recalculated based upon updated ADA projections. Second-month enrollment totaled 13,345—177 less than second-month enrollment for the 2015-16 school year. In the case of declining enrollment, the State “holds harmless” a District for the first year, allowing the District to claim the (higher) prior year ADA for apportionment funding. Therefore, the District is still using the same (2015-16 Second Period) ADA in the Second Interim Budget. The effect of the declining enrollment is reflected in the 2017-18 projection (discussed further below).
- Categorical revenue accounts updated to most recent grant/entitlement letters and other information received from the State and federal governments. Corresponding expenditure accounts are also adjusted accordingly. Indirect costs are updated to reflect changes in total estimated expenditures.
- Other income accounts analyzed and adjusted to reflect year-to-date receipts and estimated year-end amounts.
- Revenues and expenditures of programs that encroach on the General Fund updated to current projections and encroachment accounts adjusted accordingly.
- Salary and benefit accounts adjusted to reflect updated staffing levels and changes to benefit costs, including health insurance costs.
- All expenditure accounts analyzed and adjusted to reflect year-to-date expenditures and estimated expenditures to finish the year.

At the First Interim Budget, the District projected an Unrestricted General Fund net decrease for the 2016-17 fiscal year of (\$2,172,080). After all of the above adjustments, the 2016-17 updated Second Interim Budget reflects a net decrease of (\$858,679). This is a favorable budget increase of \$1,313,401.

The revised ending unrestricted fund balance is projected at \$30,338,308, or 21.67% of the General Fund expenditures. This amount is \$26,138,684 above the State-required 3% reserve.

Multi-Year Projections

The most important element of the Second Interim Report is the three-year projection for the General Fund. In this forecast, the District projects its financial prognosis for the current and subsequent two years. The purpose of the projection is to report to its stakeholders on the continued fiscal viability of the District. The projection provides the rationale for the District’s choice of certification options (Positive, Qualified, or Negative) on its Certification of Financial Condition.

Please refer to the attached summary for details of the significant variables and assumptions used in the preparation of the District’s three-year projection.

The following discusses the most significant items in the three-year projection:

LCFF: The District is utilizing the Department of Finance's estimated COLAs and LCFF Funding Rate percentages.

FSD is currently reporting a 51.01% Unduplicated Percentage of enrollment. The percentage is not projected to be materially different in the subsequent two years.

ADA: Based upon the 2016-17 drop in enrollment, the District is projecting a decrease in apportionment earning ADA of 132 in 2017-18. There is currently no change projected for 2018-19.

Mandated Cost Revenues: In 2017-18 the Governor has proposed another payment to be made to all districts meant to buy down prior year mandated cost claims owed to the districts. This results in a one-time increase to unrestricted State revenues of \$634,000 to be added to the District's 2017-18 budget.

Employee Compensation: The 2017-18 projection is adjusted for the increase of the 2% on-schedule salary for CSEA and management that was effective retroactive to July 1, 2016. The multi-year projection does not have any increase for FETA. As of Second Interim, the bargaining unit was not settled.

Also in 2017-18, the budget projection includes \$1,477,000 for projected increases in STRS and PERS rates to be paid by the District. An additional \$1,340,000 is added in 2018-19.

Routine step and column and benefit increases are reflected in the three-year projection. No other increases to salaries are included.

Other Non-routine Additions to the 2017-18 Budget: Other non-routine, discretionary adds to the budget have not been reflected in the 2017-18 projection. These will be reflected in the June budget as necessary.

Ending Fund Balances

Taking into account all of these changes to the three-year projection, the District projects a net decrease in the current year and an increase in the two subsequent fiscal years in the Unrestricted General Fund. The projected Unrestricted General Fund ending fund balance percents are as follows:

June 30, 2017	21.67%
June 30, 2018	21.54%
June 30, 2019	19.18%

Required Disclosure under Education Code section 42127(a)(2)(b) regarding reasons for Ending Fund Balances above the State-recommended minimum level

Education Code section 42127(a)(2)(b) requires a statement of reason that substantiates the need for assigned and unassigned ending-fund balances in excess of the minimum reserve standard for economic uncertainties for each fiscal year be identified in the budget.

The Board of Trustees of the Fullerton School District currently maintains a prudent reserve which provides for anticipated future expenditures for technology, instructional materials, and other necessary instructional expenditures. The District must also have funds available to mitigate the costs to the District of declining enrollment. Additionally, the reserve is maintained to provide for unplanned or emergency expenditures that might occur in the future. The District must also plan for

future facilities needs. Finally, the District must also plan for future downturns in the State economy which could negatively affect the District's budget.

Projected Unrestricted Ending Fund Balance:

	<u>Assigned</u>	<u>Unassigned</u>	<u>3% Minimum</u>	<u>Amount Above 3% Minimum</u>
June 30, 2017	\$200,000	\$30,338,308	\$4,199,624	\$26,138,684
June 30, 2018	\$0	\$28,664,598	\$3,992,405	\$24,672,193
June 30, 2019	\$0	\$26,244,232	\$4,105,887	\$22,138,345

Certification

Based upon current projections and budget assumptions regarding State funding and the District's financial condition, the District is certifying with a Positive Certification. Per State guidelines, a Positive Certification indicates that, based upon current projections, the school district will meet its financial obligations for the current fiscal year and subsequent two fiscal years.

Conclusion

The Second Interim Report is an important document in the District's ongoing communications to its stakeholders. The report and certification provide accountability and evidence of stewardship to our community.

S8. Status of Labor Agreements

Analyze the status of employee labor agreements. Identify new labor agreements that have been ratified since first interim projections, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues and explain how these commitments will be funded in future fiscal years.

If salary and benefit negotiations are not finalized, upon settlement with certificated or classified staff:

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards and may provide written comments to the president of the district governing board and superintendent.

CONSENT ITEM

DATE: April 25, 2017
TO: Robert Pletka, Ed.D., District Superintendent
FROM: Susan Hume, Assistant Superintendent, Business Services
SUBJECT: **ACCEPT GIFTS AND AUTHORIZE DISTRICT STAFF TO EXPRESS THE BOARD OF TRUSTEES' APPRECIATION TO ALL DONORS**

Background: According to Board Policy 3290(a), the Board of Trustees may accept any bequest, gift of money, or property on behalf of the District. Gifts must be deemed suitable for a purpose by the Board of Trustees and be used in an appropriate manner. However, it is the policy of the Board of Trustees to discourage all gifts which may directly or indirectly impair the Board of Trustees' commitment to providing equal educational opportunities to the students of the District. As indicated in the above-mentioned Board Policy, the District Superintendent approves gifts designated for a specific school for acceptance at that school. Descriptions of gifts presented for acceptance are included on the attachment. Gifts for specific dollar amounts are noted, non-monetary gifts are identified, and the donor is responsible for reporting the value to the Internal Revenue Service.

Rationale: The Board of Trustees of the Fullerton School District gratefully accepts monetary and non-monetary gifts from public and private entities. These gifts help reduce the costs of school materials, curriculum, and extracurricular student activities.

Funding: The funding received from gifts will be deposited in appropriate District funds.

Recommendation: Accept gifts and authorize District staff to express the Board of Trustees' appreciation to all donors.

SUBJECT: APPROVE SERVICE AGREEMENT BETWEEN FULLERTON SCHOOL DISTRICT AND HEARTLAND PAYMENT SYSTEMS, LLC (MYSCHOOLBUCKS AGREEMENT)

Background: Nutrition Services provides meals and snacks on a daily basis to students in the District as part of the School Breakfast Program and the National School Lunch Program. Students use their meal account to pay for food and beverages purchased using the point-of-sale machines operating at each school site.

This agreement was initially approved by the Board on June 28, 2011, under MySchoolBucks. This new agreement shall commence on July 1, 2017, and shall continue unless terminated by either party. The cancellation must be in written notice to the other party of its intention not to renew within ninety days of the end of the current school year.

Rationale: The Heartland Payment System service offers parents the convenience of making payments by credit or debit card via the Internet. This payment system also decreases time spent by students in the service lines during meal periods. The use of this service has increased every year, and many parents use this service as their sole method of making payments into their students' accounts.

Funding: Parents pay all fees associated with this service. There is no cost to the District.

SUBJECT: **EXTEND INDEPENDENT CONTRACTOR AGREEMENT BETWEEN FULLERTON SCHOOL DISTRICT AND TERRY GERNER FOR SERVICES AS THE INTERIM DIRECTOR OF NUTRITION SERVICES, EFFECTIVE APRIL 1, 2017, THROUGH JUNE 30, 2017**

Background: The District is in need of temporary management of the Nutrition Services Department. The time commitment and expertise for these services is beyond the capacity of current District employees. Therefore, it is recommended the District contract with Mrs. Terry Gerner to provide these services.

At the Board meeting of November 15, 2016, the Board approved a contract with Mrs. Gerner through April 1, 2017. As the District is still in the process of hiring a new director, staff recommends extending Mrs. Gerner's contract through June 30, 2017. There is no change to the terms of the contract.

Rationale: When District employees are unable to provide necessary services, the District enters into an independent contractor agreement with individuals who will provide specialized services to the District and who are specially trained, experienced, and competent to perform the required services.

Funding: Services will be on an hourly basis. Hours and/or projects will be approved in advance by the Assistant Superintendent, Business Services. The cost is an hourly rate of \$100 per hour, not to exceed \$60,000, to be paid from the Nutrition Services Fund.

Recommendation: Extend Independent Contractor Agreement between Fullerton School District and Terry Gerner for services as the Interim Director of Nutrition Services, effective April 1, 2017, through June 30, 2017.

SUBJECT: **AWARD CONTRACT FOR NEW COPY MACHINES, MULTIFUNCTION PRINTERS, MANAGE PRINT AND SERVICES TO SEMA, INC., DBA CELL BUSINESS EQUIPMENT (CBE) PURSUANT TO REQUEST FOR PROPOSAL, NO.12212016-01**

Background: The current fleet of copy machines and various printers (located throughout the District) was contracted with ImageSource and approved by the Board in 2013. Due to the District's need to replace copy machines to better support our schools' copy volumes, the Purchasing Department took a Request for Proposal (RFP) to the Board on November 15, 2016. California Public Contracting Code 20118.2 allows school districts to issue an RFP to establish the award of contracts for technology, telecommunications, related equipment, software, and services provided that the Board finds that the procurement qualifies.

On December 21, 2016, the District received responses from five companies: CBE, Konica Minolta, Image Source, Canon Direct, and Ricoh. An evaluation committee was formed of District Office personnel, school site administrators, and support staff to review the proposals and interview companies. The committee picked two companies, CBE and Konica Minolta, for a second interview, which took place at their respective locations. The committee feels that the CBE proposal is the best solution for the District. The District intends to enter into a five-year contract which will provide new service and install new Canon copy machines Districtwide and continue service on the current printers as well as replace printers, free of charge, if required during the agreement term.

Rationale: The District needs reliable, quality, cost effective equipment, supplies, and services to meet daily copy and printing needs.

Funding: The estimated annual cost of \$300,000 will be from the General Fund.

Recommendation: Award contract for new copy machines, multifunction printers, manage print and services to SEMA, Inc., DBA Cell Business Equipment (CBE) pursuant to Request for Proposal, No.12212016-01.

SUBJECT: AWARD CONTRACT FOR PARKS JUNIOR HIGH SCHOOL, INTERIM HOUSING DECOMMISSIONING, FSD 16-17-RD-02, TO DBMC, INC.

Background: In accordance with California Contract Code, advertisement for this project was published in a newspaper of general circulation. Two contractors submitted bids on March 30, 2017.

Pursuant to Public Contract Code section 20111(b), the current bid threshold for public agency construction contracts is \$15,000. The estimated cost of the project, including soft costs and contingency, is in excess of the current bid limit. Therefore, the District went out to bid for the contract. The successful low bidder was DBMC, Inc., with a base bid of \$414,829.

In addition to the scope of work previously defined, the District also accepted bids for Additive Alternate No. 2 to remove and replace existing asphalt paving over re-compacted native base as existing basketball courts. DBMC, Inc., was the successful low bidder with a bid of \$166,691.

Rationale: During the 2016-17 school year, Parks Junior High School was operated out of 30 modular buildings temporarily placed on the school grounds. The interim housing was due to the complete replacement of the school's heating, ventilation, and air conditioning (HVAC) systems, as well as related necessary structural modifications. The decommissioning project is to include, but is not limited to, the disconnecting of utilities to the 30 existing modular buildings which will be removed by others, 2" asphalt overlay on existing basketball and tennis courts, chain link fencing, asphalt seal coat, and re-striping.

Funding: The contract amount is \$581,520 to be paid from the Deferred Maintenance Fund.

Recommendation: Award Contract for Parks Junior High School, Interim Housing Decommissioning, FSD-16-17-RD-02, to DBMC, Inc.

Background: Board of Trustee approval was granted on July 26, 2016 for Dr. Emy Flores to attend the Association of Latino Administrators and Superintendents (ALAS) Leadership Institute. The ALAS Leadership Academy program includes study in the areas of leadership, strategic planning, curriculum alignment, instruction and student assessment, and management systems and structures. SUBJECT: **APPROVE ADOPTION OF McGRAW-HILL'S *STUDY SYNC* FOR SEVENTH AND EIGHTH GRADE TO SUPPORT IMPLEMENTATION OF THE CALIFORNIA STATE STANDARDS (CSS)**

Background: In July 2014, the California Department of Education (CDE) approved the State *Mathematics Framework* and in November 2015, the English Language Arts/English Development instructional materials that support the implementation of California State Standards (CSS). Beginning in August 2016, approximately eight teachers began piloting seventh and eighth grade English Language Arts/English Language Development materials from two different vendors. Teachers met to discuss each program's features such as lesson pacing, alignment to standards, assessment, and online access. Fullerton School District (FSD) will purchase the premium 8-year package that includes both digital and printed copy components for teachers and students.

Rationale: Our current English Language Arts/English Development program is not aligned to California State Standards, and FSD teachers have had to supplement with additional resources. Adopting a new ELA/ELD program that is CSS aligned will provide all teachers with access to all components and will provide consistency within FSD for lesson planning, lesson pacing, and student assessments.

Funding: Cost is not to exceed \$409,032 and is to be paid from the Unrestricted General fund (#812).

Recommendation: Approve adoption of McGraw-Hill's *Study Sync* for seventh and eighth grade to support implementation of the California State Standards (CSS).

DATE: April 25, 2017

TO: Robert Pletka, Ed.D., District Superintendent

FROM: Emy Flores, Ed.D., Assistant Superintendent, Educational Services

PREPARED BY: Trang Lai, Director, Educational Services

SUBJECT: **APPROVE INDEPENDENT CONTRACTOR AGREEMENT BETWEEN FULLERTON SCHOOL DISTRICT AND MOMENTUM IN TEACHING TO PROVIDE TRAINING FOR A RESEARCH-BASED, CALIFORNIA STATE STANDARDS (CSS) READING PROGRAM, READING WORKSHOP, TO TK-6 GRADE TEACHERS AND ADMINISTRATORS FOR THE 2017/2018 SCHOOL YEAR**

Background: Momentum in Teaching is a consulting group that specializes in the professional development of teachers and administrators. They provide teachers the tools they need to get students “thinking and discussing, writing and supporting” ideas. They address the achievement gaps by utilizing California State Standards (CSS) and an individual approach to reading and writing. With several of our schools implementing Writing Workshop, teachers are ready to begin implementing Reading Workshop, a companion program to Writing Workshop.

Rationale: Teachers and Administrators will benefit from this standards-based academic program that utilizes research-based instructional strategies with effective and timely feedback. This California State Standards Reading program will support teachers in the development of effective readers.

Funding: Cost is not to exceed \$12,800 and is to be paid from the Educator Effectiveness Grant (#385).

Recommendation: Approve Independent Contractor Agreement between Fullerton School District and Momentum in Teaching to provide training for a research-based, California State Standards (CSS) reading program, reading workshop, to TK-6 grade teachers and administrators for the 2017/2018 school year.
