FSD FEST

Dr. Robert Pletka
Superintendent

Over 1,100 parents, students, and supporters participated in the Fullerton School District's annual student conference event, FSD FEST, at California State University Fullerton on February 1, 2020. FSD Fest is an avenue to celebrate many of the exciting learning experiences that are happening in our district. This event features favorite student showcases from previous years as well as new experiences.

Returning for the second year in a row, 5th and 6th grade students presented at the Passion Agents Conference featuring conference-style presentations and poster session presentations on their passions that they have been researching. Along with the Passion Agents Conference, student passions will be highlighted through a special "TED-talk style" event featuring 10 pre-selected 6th grade student speakers who will give 10-minute talks on their unique passions. Also returning to FSD FEST this year was the student Film Festival, which includes categories of Public Service Announcement/Documentaries, Biography, Stop Motion/Animation, Live Action Comedy or Drama, and Instructional Film. Another returning favorite was the annual eSports competition, which featured Mario Kart for grades 4-6, and Rocket League for grades 7-8. Innovation Experience showcased interactive display booths from each FSD school site, highlighting their unique innovations or instructional offerings.

Brand new to FSD FEST this year was League of Literacy and Civic Endeavors. League of Literacy, a reading competition for 3rd and 4th grade students, featured individual and team experiences. Civic Endeavors, a 7th grade community service showcase, where students "pitch" their best ideas and business plans to help make positive change in their communities, was added to the FSD Fest lineup for the first time.

State Senate App Design Challenge

Just under 500 Fullerton School District students excitedly submitted their ideas to Senator Ling Ling Chang as part of the California State Senate App Design Challenge. The ideas, ranging from finding lost pets to recycling to helping Alzheimer patients were shared with peers, friends, and families at an awards ceremony held in February at the Richard Nixon Presidential Library.

Participants included students ranging in grades 2nd through 8th represented Golden Hill, Laguna Road, Pacific Drive, Richman, Sunset Lane, and Nicolas Junior High Schools. The packed room listened attentively as Marc Fischer, co-founder and CEO of Dogtown Media, a mobile app development company, gave a keynote speech to inspire the students to continue with their innovative ideas and app design.

Excitement filled the room as the winners were announced and photos were taken. Students categorized in grades 2nd through 5th and 6th through 8th grades were recognized in both Ideation and Design categories. The app 'Remember Me' created by four students from Nicolas Junior High School and designed to help people with Alzheimer's Disease, took home first place overall.

As I am writing this the coronavirus has caused everyone in our communities to practice social distancing and to adjust their way of life. All of the health officials have stressed good hygiene and social precautions. As a Nation we will get through this.

This is a particularly difficult time for students not physically being in school but the District responded and

students have adjusted. Reading is always good and in this issue we have included two of our popular student book reviews to help with reading choices. Of course, in this issue you will find our latest word search. I appreciate your positive comments when you email your answers.

Take care, be well and we'll be back with our next issue October 7, 2020.

2020 California Distinguished School!

In 2020 California recognized outstanding education programs and practices in elementary schools with the prestigious CA Distinguished School recognition. California uses a multiple measures accountability system to identify eligible schools based on their performance and progress on the state indicators as specified

on the California Dashboard. Acacia earned this recognition for demonstrating exemplary achievement and as an awardee, we represent examples of not just excellent teaching, learning, and collaboration, but also highly successful school climate efforts ranging from real-time conflict resolution to positive behavior intervention.

State Superintendent of Public Instruction Tony Thurmond announced, “These outstanding schools don’t just educate students; they also provide the young people of California the tools they need to be successful after graduation. Thanks go to all the staff at these schools—teachers, administrators, classified employees—and parents, who are working together to provide high-quality educational experiences for all of their students.”

Julie Graham
Principal

Community of Readers

Beechwood School strives to create a community of readers! Research is abundantly clear that there is a positive relationship between the amount of time a child spends reading each day and his or her reading achievement. So how does a school get students to love to read? Beechwood students participate in a variety of activities that engage their thinking and their

humanity. In the Fall, classes participate in the Global Read Aloud. In this way, Beechwood students read the same book with other children from around the world and engage in conversations using blogs and Skype. This is a great way for our students to respect the commonalities and differences between themselves and those that live in different states and different countries. (For more information, visit: theglobalreadaloud.com) And this Spring, Beechwood students participated in March Book Madness. All students read 16 culturally diverse books and shared their voice in a schoolwide book bracket voting system that resulted in one schoolwide favorite. Cheers were heard across the school as the outcome was revealed. (For more information, visit: marchbookmadness.weebly.com)

Our parents at Beechwood have been a huge support in developing this community of readers. The Beechwood Foundation recently renovated the school library into a contemporary and fun space that includes grassy domes to sit on and reading nooks in which kids can climb in and enjoy their favorite story. The PTSA transformed our Multi-Purpose Room into a rainforest for the semi-annual Book Fair to increase the number of books in homes, and the students were absolutely enchanted. Beechwood hosts two parent education classes each semester to partner with families and provide helpful information for creating life-long readers. Reading isn’t just a subject in school, it’s an activity that brings joy and connection for our families.

Reading Buddies: Tigers and Cubs!

Nothing is more impactful in the life of a child than the relationships he or she builds, fosters, and maintains with others. This year, 2 upper grade classrooms paired up with 2 primary grade classrooms and created Reading Buddies! Meeting each Friday for about 45 minutes, upper grade students got to know their 1st or 2nd grade Reading Buddies well. They selected stories together and listened to each other read. As time progressed, the time spent with each other integrated learning goals into their reading time. Upper grade students helped their buddies read and gather data from informational text, learn about setting, plot, and characters. They also played games that incorporated Math with songs, chalk, and hopscotch! Our Tigers have developed such strong ties with their buddies that they even send notes of encouragement and congratulations to each other for academic events such as tests and meeting goals. Students have experienced first-hand how rewarding and exciting learning can be together!

Dr. Julie Brandon
Principal

Reggio Emilia Principles

Transitional Kindergarten is a special place where students explore and learn in a hands on, discovery based classroom environment. Here at Fern Drive, our transitional kindergarten classroom is rooted in Reggio Emilia principles. This educational philosophy believes that learning occurs best through an enriching, student-interest based, student led curriculum. Our littlest Falcons are nurtured and guided through the principles of community, responsibility and respect, while learning developmentally appropriate curriculum. Students are encouraged to collaborate when working on projects that range in scope from arts, sketching, drawing and robotics to engineering! Students record success, take pictures and share with their families each and every day! Parents comment on real-time academic achievements and provide feedback throughout the day via the student blogs as well. We are proud of our transitional kindergarten students as they make great strides with their learning and creativity while providing real world hands on experiences for them!

Science Olympiad Students Make State

Fisler students have done very well in all of the Science Olympiad tournaments. At the regionals, every team member took

home at least one medal as a team and we also medaled in nine events and were in the top ten in 21 out of 23 events. Earlier in the year, the team finished 8th out of 30 teams at the Ladera Vista Invitational and finished 11th out of 69 teams at the Jeffrey Trail Invitational. This is our third consecutive year qualifying for the State tournament.

This is a great accomplishment for our students and we are so proud! Go Navigators!

Golden Hill *Elementary*

Annie, Jr.

On February 26, 2020 Golden Hill Elementary School of the Arts presented *Annie, Jr.* to an audience of friends and family members. Talented and passionate fifth and sixth grade students, performed like professionals as they sang,

acted and danced their way into our hearts. This group of students also included the backstage crew that kept sets moving and performers on que. Golden Hill has a rich tradition of large scale productions for the fifth and sixth grade students and has been providing this Performing Art experience for the past fifteen years. Golden Hill is able to produce such amazing theatrical presentations because of the producers and directors who are all Golden Hill teachers.

We are also successful because of the support from our parent community who volunteer to be the chaperones, create and design sets and costumes, apply makeup, and

sell concessions. On Saturday, February 28 our students presented the last performance of *Annie Jr.* to a sold out crowd. We look forward to next year's production as we continue the tradition of excellence at Golden Hill.

Team Kids

Hermosa Drive is partnering with Team Kids to empower our Hawks to change the world! Our students are learning the power of advocacy and giving back to their community! During our first week, we had an art supply donation for the Jessie Rees Foundation, a Pediatric Cancer Non-profit all about giving “CARE” to each child and family. They encourage kids actively fighting

cancer to Never Ever Give Up! Then, we collected gently used towels and blankets for Operation Blankets of Love, a nationally recognized award-winning nonprofit animal welfare & emergency relief organization. Finally, we collected canned foods for Pathways of Hope, a nonprofit organizations that rebuilds the lives of the hungry and homeless. On March 13th, our 5th and 6th grade leadership team hosted a carnival for all students! All proceeds were donated to a nonprofit organization of the student team’s choice!

Educator of the Year State Finalist!

Congratulations to Jill Riley for being celebrated in Sacramento as a state finalist for Educator of the Year for the California League of Middle Schools. Jill Riley is a dance teacher at Ladera Vista Junior High School of the Arts, and was awarded the Region 11 California League of Middle Schools Teacher

of the Year back in January. Ms. Riley was nominated for her devotion and dedication to her six dance classes and particularly her integration of students receiving Special Education Services with her general dance students. Mrs. Riley also provides the choreography for LV’s Broadway musical productions, and even provided instruction to LV teaching staff in their presentation of the “Thriller” Halloween PBIS assembly in October. The California League of Schools Educator of the Year award is given annually to California elementary, middle, and high school educators who exemplify educational excellence.

Principal

Snow Day in Kindergarten

How do you make an abstract concept like the water cycle relatable to kindergarten students? A real-life snow day experience!

At Laguna Road, our annual Snow Day serves as the culminating event to a weather unit packed full of STEAM

activities. Leading up to Snow Day, students learn the science behind solids, liquids, and gases, use their mathematical skills to chart and analyze daily weather observations, transform into meteorologists as they film weather reports using green screen technology, and design snowmen shelters to keep frozen water bottles from melting. These hands-on learning experiences are driven by Next Generation Science Standards (NGSS) and the ISTE standards for digital age learners.

During Snow Day, students come to school all bundled up and ready to play in the snow, sled down the giant hill, and build a giant snowman. This 15-year-old tradition creates memories for a lifetime!

Maple *Elementary*

Celebrating Read Across America Week!

Maple Elementary School's mission is to provide a world-class education through experiential learning, and we strive to create remarkable and fun reading experiences for our students!

This year, for Read Across America Week, Maple organized

a week-long celebration of reading. All grade levels hosted a book competition, in which all students read the same four books and participated in a live quiz show with questions from the books! In addition, the whole school celebrated reading at our afternoon "Book-nic," in which all students went outside to read on the field. Students invited their families, and we all read together!

Throughout the week, students earned tickets for extraordinary reading behaviors, and these tickets were drawn on Friday, every hour on the hour. Each hour, a ticket was drawn from each class, and the lucky winners won a free book gift certificate for the Book Fair!

Students and families read together on the field during Maple's Book-nic!

Principal

New Weight Room

At Nicolas Junior High, Strength Training started as an idea that turned to reality when our top of the line weight room was completed during the summer of 2019. Our students now have the opportunity to exercise in a space that rivals many high school facilities.

At Nicolas, our Strength Training class operates on 5-week training cycles. During weeks 1 through 4, students track their progress in a workout journal. Students circuit train, weight train, and also compete against themselves and classmates during timed workouts. At the end of each training cycle, students get the opportunity to go outside and participate in various individual, dual, and team sport activities.

This year our students are showing amazing progress and having fun while doing so. They are extremely appreciative of the new equipment and space made available for them to improve their fitness. Some students are so dedicated that they show up at 7AM to work out before school starts!

Orangethorpe *Elementary*

1400 S. Brookhurst Rd., Fullerton, CA 92833 • 714/447-7730 • fullertonsd.org

Dr. Ginger Frady
Principal

Design Lab in Action

On February 5th Mrs. Martinez's and Mrs. DeSantiago's class collaboratively hosted a working Grand Opening of our newest Orangethorpe student lab space. Working closely these third and fourth graders used their previously designed blueprints to guide them in their quest to build a working

microphone for use during classroom Writers Workshop presentations. This creative workspace is used by all students Kindergarten through sixth grade. Some of the other projects students have embarked on include: fifth graders solving design problems for consumers (each student was their partner's client) in a challenge involving designing a better backpack. Another project completed by sixth graders focused on building a home to save the endangered pika of North America. Since the installation of this lab all students on our campus have utilized this amazing learning space as an avenue to increase their creative thinking and problem-solving skills. What a time to be an ORCA!

Orangethorpe ORCAs were so pleased to show off our new design lab to parents, FSD board members, school district VIP's and members of our larger Fullerton community.

Pacific Drive *Elementary*

1501 W. Valencia Dr., Fullerton, CA 92833 • 714/447-7735 • fullertonsd.org

Dr. Kelly Castillo
Principal

Family “VIP Day”

This year, Pacific Drive’s annual VIP Day hosted hundreds of family members, friends, and community members, all selected by our students as “Very Important People”. We

were able to bring our community partners, Kid Healthy, to campus to provide a number of wellness opportunities for our families. Students and their VIPs enjoyed participating in sports and activities. Egleth Nuncci, Pacific Drive ELAC President comments, “Este evento nos da la oportunidad de apreciar a nuestros niños, aprender de nuestra escuela, interactuar con nuestras maestras, ver a los salones de nuestros niños. Es un evento tan especial que nos hace sentir en familia y la escuela es nuestra segunda casa.”

Principal, Dr. Kelly Castillo, along with Assistant Principal, Cristina Centeno, thank Kid Healthy Volunteer Coordinator and Pacific Drive Parent, Rose Alcazar and Kid Healthy Representative, Pamela Lares.

Cyrus Norton, Pacific Drive PTA President described the day as “a great time for everyone and a good chance for families to get involved with their children’s school.”

Parks *Junior High School*

Laura Makely
Principal

Great Instrumental Music Program

We are very excited to announce that the Parks Junior High orchestra and advanced band have been invited to play at the Ronald Reagan Presidential Library in Simi Valley, California on April 7th. Both groups are performing a program tailored especially for this venue. The advanced band will play the music of John Phillip Sousa, including the marches, “High School Cadets”, “Fairest

Of The Fair”, “Manhattan Beach March” and our national march, “Stars and Stripes Forever”. Also, in tribute to Henry Mancini’s 1987 invitation to the White House, they will play “Baby Elephant Walk” and the “Pink Panther”. The orchestra will play a set titled “Mostly Mozart” featuring highlights from “The Magic Flute”, “Eine Kleine Nachtmusik”, “The Marriage Of Figaro”, “Symphony No. 40”

and “Symphony no. 25”. On March 3rd, Parks instrumental music students performed in a combined orchestra/ advanced band workshop at Disneyland. The day began with a studio experience in which the students sight read for 90 minutes as a Disney director led them through what it takes to be a professional studio musician. The students were able to score several different scenes within Disney animated films including “The Lion King”, “The Emperor’s New Groove”, and “Atlantis”. Through this exposure to the professional side of musicianship, many students realized that they could turn their musical passion into a rewarding career. The Parks Jr. High instrumental music program, under the direction of Doug Boughter, was acknowledged this year by the United States Congress and The United State Senate for the outstanding contribution in music education. We are so proud of Mr. Boughter and our amazingly talented students.

Raymond *Elementary*

517 N. Raymond Ave., Fullerton, CA 92831 • 714/447-7740 • fullertonsd.org

Yolanda McComb
Principal

The ART in STEAM

Raymond integrates STEAM instruction - Science, Technology Engineering, Arts, and Mathematics. Primary classrooms are thrilled to be able to create their own digital audio moviemaking

project using the FSD Arts Learning Activities School Bus (Arts Lab), which is a mobile digital multimedia studio. Students create a project based on what they are learning in the classroom to make their movies, which take about ten days to complete. Students are guided by skilled artist/educators that travel on the ART LAB School Bus to ensure students have a hands-on experience. Students love writing, producing, and acting in their short digital films, and they cannot wait each day to work on their movie.

Richman *Elementary*

700 S. Richman Ave., Fullerton, CA 92832 • 714/447-7745 • fullertonsd.org

Kristen Holm
Principal

App Challenge

Third graders at Richman Elementary participated in the Senate and Congressional App Challenge. Twenty-six third graders collaborated and developed nine different prototype apps to identify a problem and develop a solution. Homework Help,

Bully Patrol, Lost Pets, School Garden, Save the Sea, and Book Switch are some of the apps the students developed.

This year, Hailey Verduzco and Liza Vega developed the "Book Switch" app. Hailey explained, "This app will let you borrow or donate books with other students. Using this app will help you recycle books and save your money." Hailey and Liza received 2nd place award by Congressman Gil Cisneros at the Congressional App Challenge ceremony at Cal Poly Pomona, and a 1st place award by Senator Ling Ling Chang at the Senate App Challenge ceremony at the Richard Nixon Library.

Richman's Congressional App Team at the Nixon Library with Senator Ling Ling Chang and their teacher, Ms. Cindy Lee

This enriching experience inspires students to learn to code and pursue a career in computer science.

Rolling Hills *Elementary*

Julieen Faur
Principal

Read Across America Week

Read Across America made its yearly stop at Rolling Hills during the week of March 2nd to March 6th. The week was filled activities like our annual poster making sessions, Dr. Seuss day and the book cover contest. For our book cover contest we had parents

and volunteers do a blind voting and our top 3 students from each grade level were honored for their hard work and creativity.

In addition to our school-wide traditions our Roadrunners had a special treat when author D.J. MacHale came to Rolling Hills for three special assemblies on Tuesday, March 3rd. He read “The Monster Princess” to our K/1 students and excerpts from “The Curse of the Boggin” and “Sylo”, two of his newest novels, to our older students.

Mr. MacHale also spent time signing books for students and parents before school and after each assembly. The assembly was a student and staff favorite and highlight of the week!

Sunset Lane *Elementary*

2030 Sunset Ln., Fullerton, CA 92833 • 714/447-7750 • fullertonsd.org

Dr. Tracy Gyurina
Principal

Celebrate our Love for Reading

Sunset Lane Elementary School had a fun filled Read Across America week from March 2nd through March 6th. Not only did we celebrate Dr. Seuss' birthday, but we also celebrated our love for reading. Students and staff alike participated in spirit days throughout the week where we

wore red and blue to align with One Fish, Two Fish, Red Fish, Blue Fish, we wore our favorite hats to show our enjoyment of Cat in the Hat, and we got to be silly by wearing our clothes backwards, inside out, or mismatched to show our appreciation of Wacky Wednesday. Silly socks were also worn to go along with Fox in Socks and college shirts were worn to acknowledge our bright futures as we made connections to Oh the Places You'll Go. From guest readers, reading rotations, and readers' theater to book picnic parties, STEAM activities, and art projects, it was a great week to be a Seahawk!

Staff getting in the spirit of celebrating Read Across America Week.

String Sprouts

At Valencia Park, kindergarteners and 1st grade students are given a unique opportunity to participate in a musical journey called String Sprouts. This pilot program offers free violin lessons, materials and instruments to our mini musicians.

The program is designed to close the learning gap

for underserved children and to equip caregivers of these children with resources to enable successful study habits and promote academic success. Students and their caregivers are committed to attend weekly classes where they explore new repertoire, review past techniques, build rhythmic understanding, and practice their instrument and music literacy. After 7 weeks, these mini

musicians perform in a mid-semester concert showcasing their musical growth. Students play an age-appropriate repertoire that shows off their musical talents to family and friends. Although the program started in January, the weekly classes will prepare these mini musicians for their Finale Concert at Biola University in May.

Students stand with poise and pride as they showcase their violin repertoire.

Blizzard at Woodcrest!

Thanks to our partnership with OC GRIP, some of our Wildcats get the opportunity to be mentored by employees of Blizzard Entertainment, a developer and publisher of entertainment software. One of their most famous

games is World of Warcraft. Over the next three months, our students will develop a concept for a game and turn their creation into a real live board game. The Blizzard employees work with our students on our campus, helping them foster their creative energy into something positive to share with the school. The culminating activity is a trip to their secret facility in Irvine. At the facility, they will work with their

mentors and members of Orange County law enforcement, on different challenges. Lastly, they get to tour the entire facility to see where all the magic that goes into gaming happens. It truly is a once in a lifetime opportunity!

Manhar's Book Review

Manhar M.

Doing Homework

Homework Hassles (Ready, Freddy!—Series 3) by Abby Klein

I was recently introduced to the book series of "Ready, Freddy!" and this is my favorite book so far. This book focuses on what happens when

you don't do your home assignments in a timely fashion. Freddy Thresher, a first grader, goes through a big problem when his teacher wants the class to do reports on nocturnal animals. He couldn't find an animal until the last moment. He went overboard with his research and got himself into trouble. The book includes exciting twists and turns in the story. The conversation of Freddy and his friends reminds me of my own conversations in the class. I couldn't stop reading the book to find out if Freddy completed his assignment on the due date. I also learned the value of friends and family through this book.

Manhar M. is in First Grade. Manhar likes science, math, coding, traveling, hiking, reading about world news and spending time in building robots from Legos.

Yoona's Review

Yoona C.

Dr. Seuss' Life

Title: *Dr. Seuss The Great Doodler*

Author: Kate Klimo

Have you read any

Dr. Seuss books? Dr. Seuss was actually called Ted.

His mother read to him a

lot when he was young.

Ted also liked to doodle.

He doodled pictures of animals. After college, he worked on a humor magazine.

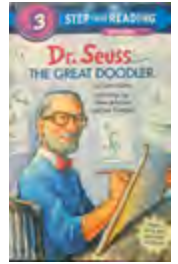

He signed his drawings with just his

middle name: Seuss. He wrote his first book titled *And to Think That I Saw It on Mulberry Street!* When Ted was

having trouble with a story, he wore wacky hats to think better. Ted wanted to write a book using 225 simple words.

Do you know what this book is? It is the *Cat in the Hat!* I like this book because I can find many facts about Dr. Seuss

and learn about how his books were created. This book also includes rarely seen artwork by Dr. Seuss. I recommend this book to kids who are interested in Dr. Seuss and his books.

Yoona is a 2nd grader. She likes playing soccer and the piano. She likes to create stories as well.

Milestones and Firsts—Word Search Contest

Rules! One word in the list is NOT in the word search.

When you have completed the word search, one word will be left and that word you email to: Kay@schoolnewsrollcall.com Please put Fullerton in the subject line.

Entries must be received by May 30, 2020

From the correct entries one name will be drawn to win a \$20 gift card to Barnes & Noble.
