

# Fullerton School District

## Board Policy

### Comprehensive Health Education

BP 6142.8

#### Instruction

**Board Adopted: August 24, 2010**

The Board of Trustees believes that health education should foster the knowledge, skills, and attitudes that students need in order to lead healthy lives and avoid high-risk behaviors. The District's health education program shall be part of a coordinated school health system, which supports the well-being of students and is linked to District and community services and resources.

Goals for the District's health education program shall be designed to promote student wellness and shall include, but not be limited to, goals for nutrition education and physical activity.

The District shall provide a planned, sequential, research-based, and developmentally appropriate health education curriculum for students in grades K-8, which is aligned with the State's content standards and curriculum framework. The Superintendent or designee shall determine the grade levels and subject areas in which health-related topics will be addressed, in accordance with law, Board policy, and administrative regulation.

As appropriate, the Superintendent or designee shall involve school administrators, teachers, school nurses, health professionals representing various fields of health care, parents/guardians, community-based organizations, and other community members in the development, implementation, and evaluation of the District's health education program. Health and safety professionals may be invited to provide related instruction in the classroom, school assemblies, and other instructional settings.

The Superintendent or designee shall provide professional development as needed to ensure that health education teachers are knowledgeable about academic content standards and effective instructional methodologies.

The Superintendent or designee shall provide periodic reports to the Board regarding the implementation and effectiveness of the District's health education program which may include, but not be limited to, a description of the District's program and the extent to which it is aligned with the State's content standards and curriculum framework, the amount of time allotted for health instruction at each grade level, and student achievement of District standards for health education.
